Future Supply Chain Solutions Limited

Report on the Audit of the Standalone Ind AS Financial Statements

QUALIFIED OPINION

We have audited the accompanying Standalone Ind AS Financial Statements of **Future Supply Chain Solutions Limited**, ("the Company") which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion paragraph below, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the loss and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

BASIS FOR QUALIFIED OPINION

i. As depicted in Note 9 of the standalone Ind AS financial statements, total trade receivables amounting to ₹ 83,260.29 lakhs includes related party receivables amounting to ₹ 72,547.19 lakhs as at March 31, 2020. During the year, based on internal evaluation, the management has provided for additional loss allowance amounting to ₹ 1,576.24 lakhs. There have been substantial delays in receipt from customers and subsequent receipts have not been significant. In view of the above, we are unable to obtain sufficient and appropriate audit evidence and are unable to comment on the adequacy of loss provision, valuation and recoverability of balance outstanding amounting to ₹ 81,527.38 lakhs (net of provision).

ii. As depicted in Note 16 of the standalone Ind AS financial statements, during the year, the Company has raised term loan from a bank amounting to ₹ 22,500 lakhs which has not been utilized for the purpose for which it was sanctioned and consequently used in the normal course of business. In the absence of any clarity on non-compliance with the terms and conditions of sanction as well as breach of covenants, we are unable to comment on the impact of aforesaid utilization and non-compliances on the standalone Ind AS financial statements.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the standalone Ind AS financial statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our qualified opinion on the standalone Ind AS financial statements.

INDEPENDENT AUDITORS' REPORT (Contd.)

EMPHASIS OF MATTER

We draw attention to note no 47 of the standalone Ind AS financial statements which describes management's assessment of the impact of the COVID 19 pandemic on the operations and standalone Ind AS financial statements of the Company.

Our opinion is not modified in respect of this matter.

KEY AUDIT MATTERS

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matter described in the *Basis for Qualified Opinion* section we have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	Auditor's Response

1. Revenue Recognition:
 	
Accuracy of recognition, measurement, presentation and disclosures of revenue and other related balances in view of adoption of Ind AS 115 " Revenue from Contracts with Customers" (new revenue accounting standard)
	Principal Audit Procedures
	
	We assessed the Company's process to identify the impact of adoption of the new revenue accounting standard.
	
	Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:
	
	- Evaluated the design of internal controls relating to implementation of the new revenue accounting standard.
	- Selected a sample of continuing and new contracts and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price.
	We carried out a combination of procedures involving enquiry and observation, re-performance and inspection of evidence in respect of operation of these controls.
	- Tested the relevant information technology system's access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard.
	- Selected a sample of continuing and new contracts and performed the following procedures:
	  - Read, analysed and identified the distinct performance obligations in these contracts.
	  - Compared these performance obligations with that identified and recorded by the Company.
	  - Performed analytical procedures for reasonableness of revenues.

Key audit matter	Auditor's Response
2. Disclosure of related party transactions: Due to high volume of business transactions with related parties during the year ended March 31, 2020, the matter pertaining to completeness of disclosures of related party transactions at arm's length price is considered as key audit matter.	**Principal Audit Procedures** - Assessed the procedures adopted by the management in order to establish arm's length price. - Obtaining an understanding of the Company's procedures in identification of related parties and process followed for ensuring completeness of accounting and disclosures of related party transactions and balances. - Reading the statutory records and books of records to identify related party transactions and audit committee approvals for related party transactions. - Verification of balance confirmations received from related parties and testing the transaction amounts and closing balances.
3. Accounting for Leases under Ind AS 116: As described in Note 1 (Accounting policies, judgements and estimates), Ind AS 116 'Leases' is effective for the accounting period commencing 1 April 2019. Ind AS 116 had a significant impact on the reported assets, liabilities and the income statement of the Company. The impact of the Ind AS 116 transition is reliant upon a number of key estimates, primarily determining the appropriate discount rates. Additionally, there is a risk that the lease data which is used in the calculation of Ind AS 116 transition calculation is incomplete or inaccurate.	**Principal Audit Procedures** 1) Assessing the design and implementation of the key controls relating to the determination of the Ind AS 116 transition impact disclosure. 2) Our procedures to assess management's key modelling estimates and the completeness/ accuracy of the underlying lease data included: – assessing the discount rates used to calculate the lease obligation, – assessing the accuracy of the lease data by testing the lease data captured by management for a sample of leases through the inspection of lease documentation; and – testing the completeness of the lease data by reconciling the Company's existing lease commitments to the lease data used in the Ind AS 116 model. 3) Evaluating whether the disclosures included in the notes to the financial statements are in conformity with the applicable standard.

OTHER INFORMATION

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE'S RESPONSIBILITY FOR THE STANDALONE IND AS FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income/ (loss), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, Board of directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE IND AS FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITORS' REPORT (Contd.)

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the standalone Ind AS financial statements of the Company to express an opinion on the standalone Ind AS financial statments.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone Ind AS financial statments may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS.

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, based on our audit we report that:
   a. We have sought and except for the matters described in basis of qualified opinion paragraph above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.

b. Except for the matters described in basis of qualified opinion paragraph above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c. The company does not have any branches. Hence, the provisions of section 143(3)(c) is not applicable.

d. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.

e. Except for the matters described in basis of qualified opinion paragraph above, in our opinion, the aforesaid standalone Ind AS financial statements comply with Indian Accounting Standards specified under Section 133 of the Act, read with relevant rule issued there under to the extent applicable to the company.

f. The matters described in basis of qualified opinion paragraph above, in our opinion may have adverse effects on the functioning of the company.

g. On the basis of written representations received from the Directors as on March 31, 2020, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020, from being appointed as a director in terms of Section 164 (2) of the Act.

h. The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the basis for qualified opinion paragraph above.

i. With respect to the adequacy of Internal financial controls over financial reporting of the company and the operating effectiveness of such control, refer to our separate report in "**Annexure B**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial control over financial reporting.

j. With respect to the other matters to be included in the Auditor's Report in accordance with requirement of section 197(16) of the Act, as amended:

   In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

k. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanation given to us:

   i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements.

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   iii. There were no amounts, which were required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in Paragraph 1 under the "Report on Other Legal and Regulatory Requirements" section of our report to the Members of Future Supply Chain Solutions Limited of even date)

i. In respect of Company's Property, plant and Equipment:

a. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, plant and Equipment.

b. The Company has a program of verification to cover all the items of Property, plant and Equipment in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, plant and Equipment were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

c. The Company did not have any immovable property of freehold or leasehold land and building as at March 31, 2020. Therefore paragraph 3(i) (c) of Order is not applicable.

ii. The management has conducted physical verification of inventory at regular intervals during the year. In our opinion and according to the information and explanations given to us, the Company is maintaining proper records of inventory. The discrepancies noticed on verification between physical stocks and the book records were not material having regard to the size of the operations of the Company.

iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to Companies, Firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore, paragraph 3 (iii) of the Order is not applicable.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments, or provided any guarantees or security to the parties covered under section 185 and 186. Therefore, the provisions of clause 3(iv) of the said order are not applicable to the company.

v. The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2020. Therefore, paragraph 3 (v) of the Order is not applicable.

vi. In our opinion and according to the information and explanations given to us, maintenance of cost records has not been specified by the Central Government under section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Therefore, paragraph 3(vi) of the Order is not applicable.

vii. a. According to the information and explanations given to us, in our opinion, the Company is generally regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

b. According to the information and explanations given to us, there were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues in arrears as at March 31, 2020 for a period of more than six months from the date they became payable.

viii. In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings from banks or debenture holders. The Company has not taken any loans from Government or any Financial Institution.

ix. Except for the matters described in basis of qualified opinion paragraph above, in our opinion and according to the information and explanations given to us, the Company has utilized the monies raised by way of term loans for the purposes for which they were raised. The Company has not raised any money by way of initial public offer or further public offer.

x. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT (Contd.)

xi. In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the provisions of section 197 read with Schedule V of the Act.

xii. In our opinion and according to the information given to us, the Company is not a Nidhi Company. Therefore, paragraph 3(xii) of the Order is not applicable.

xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details have been disclosed in the Financial Statements as required by the applicable accounting standard.

xiv. According to the information and explanations given to us and based on our examination of the records, Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Therefore, paragraph 3(xiv) of the Order is not applicable.

xv. According to the information and explanations given to us and based on our examination of the records, Company has not entered into any non-cash transactions with the directors or persons connected with him. Therefore, paragraph 3(xv) of the Order is not applicable.

xvi. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in Paragraph 2(i) under the "Report on Other Legal and Regulatory Requirements" section of our report to the Members of Future Supply Chain Solutions Limited of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of Future Supply Chain Solutions Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT (CONTD.)

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES
TO THE FINANCIAL STATEMENTS

1. COMPANY OVERVIEW

Future Supply Chain Solutions Limited (the "Company") is a public company domiciled in India and incorporated on March 8, 2006. The Equity Shares of the Company are listed on the BSE Limited and the National Stock Exchange of India Limited.

The Company is an integrated and IT enabled end-to-end Supply Chain and Logistics Company with capabilities in handling Modern Warehousing, Express Logistics, Cold Chain Logistics etc. The Company mainly caters to corporates in Food & Beverages, Lifestyle, Consumer Durables & Electronics, Automotive & Engineering, Home & Furniture, Healthcare, General Merchandise, E-Commerce sectors etc. Each category has a distinct supply chain requirement that needs customised solutions. The Company has been a pioneer and leader in modernising logistics and supply chain in India by having implemented cutting-edge technology and contemporary supply chain management practices through implementation of global best practices, indigenised and best adapted for Indian conditions. The Company has its registered office at Mumbai, Maharashtra, India.

2A. REVISED INDIAN ACCOUNTING STANDARD ("IND AS") ISSUED BUT NOT EFFECTIVE

Standards issued but not effective (based on Exposure drafts available as on date) The amendments are proposed to be effective for reporting periods beginning on or after April 1, 2020.

(A) Issue of Ind AS 117 – Insurance Contracts Ind AS 117 supersedes Ind AS 104 Insurance contracts. It establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts within the scope of the standard. Under the Ind AS 117 model, insurance contract liabilities will be calculated as the present value of future insurance cash flows with a provision for risk. Application of this standard is not expected to have any significant impact on the Company's financial statements.

(B) Amendments to existing Standards Ministry of Corporate Affairs has carried out amendments of the following accounting standards:

1. Ind AS 103 – Business Combination
2. Ind AS 1, Presentation of Financial Statements and Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors
3. Ind AS 40 – Investment Property

The Company is in the process of evaluating the impact of the new amendments issued but not yet effective.

2B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1. Statement of Compliance

The Standalone Financial Statements comply in all material aspects with Ind AS notified under Section 133 of the Companies Act, 2013, Companies (Indian Accounting Standards) Rules, 2015 and other applicable laws.

2.2. Basis of Preparation and Presentation

The Standalone Financial Statements have been presented in Indian Rupees (₹), which is the Company's functional currency. All financial information presented in ₹ has been rounded off to the nearest two decimals of Lakhs, unless otherwise stated.

These Financial Statements are prepared in accordance with Ind AS under the historical cost convention on the accrual basis except for certain financial instruments, which are measured at fair values at the end of each reporting period.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purposes in these Financial Statements is determined on such a basis, except for share-based payment

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

transactions that are within the scope of Ind AS 102 'Share-based payment', leasing transactions that are within the scope of Ind AS 116 'Leases', and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 'Inventories' or value in use in Ind AS 36 'Impairment of Assets'.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

2.3. Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the assets to its working condition for the intended use. Subsequent costs are included in the assets carrying amount or recognised as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the Company and cost of the item can be measured reliably.

Costs directly attributable to acquisition are capitalised until the property, plant and equipment are ready for use, as intended by the management.

The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

Company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows:

Assets	Useful Life
Plant and Equipments	15 years
Office Equipments	5 years
Furniture and Fixtures	10 years
Electrical Installations	10 years
Vehicles	6 years
Computers	3 years
Leasehold Improvements	Lease term

The residual values, estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

The cost of assets not put to use before such date are disclosed under 'Capital Work-In-Progress'.

2.4. Intangible Assets

Intangible assets are stated at acquisition cost and other cost incurred, which is attributable to preparing the asset for its intended use, less accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on straight line basis over their estimated useful economic life. The estimated useful lives of intangible assets are as follows:

Assets	Useful Life
Softwares	6 years

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

An item of Intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit and Loss when the asset is derecognised.

The residual values, estimated useful lives and methods of amortisation of Intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.5. Leasing

The Company as lessee

The Company's lease asset primarily consist of leases for building. The Company assesses whether a contract contains a lease, at inception of a contract. The contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control use of an identified asset, the Company assesses whether i) the contract involves use of an identified asset ii) the Company has substantially all of the economic benefits from use of the asset through the period of lease and iii) the Company has right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right- of- use asset ('ROU") at cost and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognises the lease payments as an operating expenses on a straight-line basis over the term of the lease.

Certain lease arrangements includes the option to extend or terminate the lease before the end of lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The right- of- use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct cost less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right- of- use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever event or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease Liabilities are remeasured with a corresponding adjustment to the related right- of- use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU have been separately presented in the Balance sheet and lease payment have been classified as financing cash flows.

The Company as lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of these lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it account for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from head lease.

For operating lease, rental income is recognised on straight line basis over terms of the relevant lease.

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

2.6. Financial Instruments

2.6. (i) Initial recognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.

2.6. (ii) Subsequent measurement

a. Non-derivative financial instruments

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company has made an irrevocable election for its investments, which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognised in other comprehensive income.

(iii) Financial assets at fair value through profit or loss

A financial asset, which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method, except for contingent consideration recognised in a business combination, which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

b. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

c. Compound instruments

The component parts of compound instruments issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recorded as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible instrument, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in Statement of Profit and Loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible instruments are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible instrument using the effective interest method.

2.6. (iii) Derecognition of financial instruments

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset.

A financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.7. Foreign Currency

Functional currency

The functional currency of the Company is the Indian rupee ('' ₹'').

i. Initial recognition

In preparing the Financial Statement of the Company, transactions in currencies other than the Companies' functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

ii. Conversion

a. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

b. Non-monetary items, if any are measured in terms of historical cost denominated in a foreign currency, are reported in Indian Rupee using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii. Exchange differences

The Company accounts for exchange differences arising on translation / settlement of foreign currency monetary items as below:

a. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

b. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

2.8. Borrowing Costs

Borrowing costs, directly attributable to the acquisition, construction or production of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are charged in the period they occur in the Statement of Profit and Loss.

2.9. Revenue Recognition

Revenue is recognised to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Revenue recognition prescribed in five-step model:

Step 1: Identify the contract(s) with a customer – Contracts may be written, oral or implied by customary business practices, but revenue can be recognised only on those contracts that are enforceable and have commercial substance.

Step 2: Identify the separate performance obligations in the contract – Performance obligations are explicitly or implicitly promised goods or services in a contract as well those arising from customary business practices. An entity needs to identify performance obligations which are distinct.

Step 3: Determine the transaction price – The transaction price is the amount of consideration to which an entity expects to be entitled. It includes variable consideration, impact of significant financing components, fair value of non-cash consideration and impact of consideration payable to the customer.

Step 4: Allocate the transaction price to the separate performance obligations – The standard requires allocation of the total contract price to the various performance obligations based on their relative stand-alone selling prices, with limited exceptions.

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation – Revenue recognition can occur either over time or at a point in time. Revenue recognition for a performance obligation occurs over time only if it meets one of the three prescribed criteria.

Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

2.10. Current versus Non-Current Classification

An asset is considered as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle, or
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as current when it is:

- Expected to be settled in normal operating cycle, or
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

2.11. Employee Benefits

Retirement benefit costs and termination benefits

i. Defined Contribution Plan:

Company's contributions paid / payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognised in the Statement of Profit and Loss.

ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

Past service cost is recognised in Statement of Profit and Loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

a. Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);

b. Net interest expense or income; and

c. Re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'.

Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, performance incentives and similar benefits other than compensated absences in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of compensated absences are measured on the basis of actuarial valuation as on the balance sheet date.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.12. Taxation

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

2.13. Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.14. Provisions, Contingent liabilities & Contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

cannot be made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

2.15. Impairment

a. Financial assets

The Company recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through Statement of Profit and Loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in Statement of Profit and Loss.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

b. Non-financial assets

Intangible assets, property, plant and equipment

Intangible assets, property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

2.16. Share-based payment arrangements

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Statement of Profit and Loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

2.17. Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Company, liabilities incurred by the Company to the former owners of the acquiree and the equity interests issued by the Company in exchange for control of the acquiree. Acquisition-related costs are generally recognised in the Statement of Profit and Loss as incurred.

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 'Income Taxes' ("Ind AS 12") and Ind AS 19 'Employee Benefits' ("Ind AS 19") respectively.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

In case of a bargain purchase, before recognising a gain in respect thereof, the Company determines where there exists clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. Thereafter, the Company reassesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and recognises any additional assets or liabilities that are identified in that reassessment. The Company then reviews the procedures used to measure the amounts that Ind AS requires for the purposes of calculating the bargain purchase.

If the gain remains after this reassessment and review, the Company recognises it in other comprehensive income and accumulates the same in equity as capital reserve. If there does not exist clear evidence of the underlying reasons for classifying the business combination as a bargain purchase, the Company recognises the gain, after reassessing and reviewing (as described above), directly in equity as capital reserve.

When a business combination is achieved in stages, the Company's previously held equity interest in the acquiree is remeasured to its acquisition-date fair value and the resulting gain or loss, if any, is recognised in Statement of Profit and Loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to Statement of Profit and Loss where such treatment would be appropriate if that interest were disposed of.

Contingent liabilities acquired in a business combination are initially measured at fair value at the acquisition date. At the end of subsequent reporting periods, such contingent liabilities are measured at the higher of the amount that would be recognised in accordance with Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets' ("Ind AS 37") and the amount initially recognised less cumulative amortisation recognised in accordance with Ind AS 18 'Revenue' ("Ind AS 18").

2.18. Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on weighted average basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

2.19. Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable.

Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

Non-current assets are not depreciated or amortised once classified as held for sale.

Assets and liabilities classified as held for sale are presented separately as current items in Balance sheet.

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

2.20.Key sources of estimation uncertainty and critical accounting judgments

In the course of applying the accounting policies, the Company is required to make judgments, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

a. Useful lives of property, plant and equipment

Management reviews the useful lives of property, plant and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. Accordingly, depreciable lives are reviewed annually using the best information available to the management.

b. Impairment of property, plant and equipment

Determining whether the property, plant and equipment are impaired requires an estimate in the value in use of cash generating units. It requires to estimate the future cash flows expected to arise from the cash generating units and a suitable discount rate in order to calculate present value. When the actual cash flows are less than expected, a material impairment loss may arise.

c. Provisions, liabilities and contingencies

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past events that can reasonably be estimated. The timing of recognition requires application of judgment to existing facts and circumstances which may be subject to change.

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of an outflow of resources embodying economic benefits are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognised.

2.21. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.22.Investment in Subsidiary, Joint Ventures and Associates

Investment in subsidiaries, joint ventures and associates are shown at cost in accordance with Ind AS 27 'Separate Financial Statements'. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is recognised as impairment loss in the Statement of Profit and Loss (refer policy on impairment of non-financial assets). On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

Total other equity	**69,928.09**	**56,026.66**

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

15.1 Description of reserves

Securities Premium

This reserve is created to transfer a sum equal to the aggregate amount of the premium received on shares issued as per the applicable provisions of the Companies Act, 2013.

Debenture Redemption Reserve

The Companies Act, 2013 requires that where a Company issues debentures, it shall create a Debenture Redemption Reserve out of the profits of the Company available for payment of dividend. The Company is required to maintain a Debenture Redemption Reserve of 25% of the value of debentures issued, either by a public issue or on a private placement basis. The amounts credited to the Debenture Redemption Reserve cannot be utilised by the Company except to redeem debentures.

Employee stock option outstanding

This reserve relates to share options granted by the Company to its employees and directors under ESOP. Further information about share-based payments to employees is set out in Note no. 33.

Retained earnings

This represents the surplus / (deficit) of the Statement of Profit and Loss. The amount that can be distributed by the Company as dividend to its equity shareholders is determined based on the separate Financial Statements of the Company and also considering the requirements of the Companies Act, 2013.

	9,940.89	**9,297.82**

28. FINANCIAL RISK MANAGEMENT

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Board of Directors.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including loans and borrowings, foreign currency receivables and payables.

The Company manages market risk through treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures and borrowing strategies.

Capital Management

The Company manages its capital to ensure that Company will be able to continue as going concern while maximising the return to shareholders by striking a balance between debt and equity. The capital structure of the Company consists of net debt (total debt offset by cash and bank balances) and equity of the Company (comprising issued capital, reserves, retained earnings). The Company is not subject to any externally imposed capital requirements except financial covenants agreed with lenders.

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

In order to optimise capital allocation, the review of capital employed is done considering the amount of capital required to fund capacity expansion, increased working capital commensurate with increase in size of business and also fund investments in new ventures which will drive future growth. The Chief Financial Officer ("CFO") reviews the capital structure of the Company at regular interval. As part of this review, the CFO considers the cost of capital and the risks associated with each class of capital. The Company has a target Debt to Equity Ratio of 1:1 determined as the proportion of net debt to equity. The Company had net debt to equity ratio of 0.76x as on March 31, 2020 (March 31, 2019: 0.17x)

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company is not exposed to significant interest rate risk, as at the respective reporting dates.

Foreign Currency Risk

The Company's exposure to exchange fluctuation risk is insignificant for its purchase from overseas suppliers in various foreign currencies.

The following table analyses foreign currency risk from financial instruments as of:

Trade Payable	As at March 31, 2020	As at March 31, 2019
In USD	-	38,079
₹ in Lakh	-	26.40
Conversion date of USD	Not Applicable	March 31, 2019

Foreign exchange risk sensitivity:

The Company analyses a 10% variation (sensitivity) in the rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% change in foreign currency rates.

A positive number below indicates an increase in profit and negative number below indicates a decrease in profit. Following is the analysis of change in profit where the Indian Rupee strengthens and weakens by 10% against the relevant currency:

(₹ in Lakh)

Particulars	Year ended March 31, 2020		Year ended March 31, 2019	
	10% strengthen	10% weakening	10% strengthen	10% weakening
USD	-	-	(2.64)	2.64

In management's opinion, the sensitivity analysis is not representative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Credit Risk

Credit risk refers to the risk of default on its obligation by the counter party resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from gross trade receivables amounting to ₹ 83,260.29 Lakh and ₹ 35,863.91 Lakh as of March 31, 2020 and March 31, 2019 respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Company's historical experience for customers.

The Company has significant credit risk exposure on trade receivable from Future Retail Limited 57% (2018-19: 14%), Future Enterprises Limited 12% (2018-19: 6%) and Future Lifestyle Fashion Limited 7% (2018-19: 12%)

The average credit period on sale of services is 30 to 90 days. No interest is charged on trade receivables.

Credit Risk Exposure

Movement in expected credit loss :

(₹ in Lakh)

Particulars	As at March 31, 2020	As at March 31, 2019
Beginning of the year	881.72	745.24
Movement in expected credit loss (Net)	851.19	136.48
Balances at the end	**1,732.91**	**881.72**

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies.

Liquidity Risk

The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

The Company had a working capital of ₹ 46,452.80 Lakh (2018-19: ₹ 14,593.40 Lakh) including cash and cash equivalent of ₹ 31.10 Lakh (2018-19: ₹ 11,708.55 Lakh) and current investment of ₹ Nil (2018-19: ₹ 0.70 Lakh)

29. CONTINGENT LIABILITIES NOT PROVIDED FOR:

Disputed Service tax demand ₹ Nil (2018-19: ₹ 391.80 Lakh)

30. ESTIMATED AMOUNTS OF CONTRACTS REMAINING TO BE EXECUTED ON CAPITAL ACCOUNT:

₹ 1,084.81 Lakh (net of advances) (2018-19: ₹ 3,755.18 Lakh)

31. THE INFORMATION AS REQUIRED TO BE DISCLOSED UNDER THE MICRO, SMALL AND MEDIUM ENTERPRISES DEVELOPMENT ACT, 2006 HAS BEEN DETERMINED TO THE EXTENT SUCH PARTIES HAVE BEEN IDENTIFIED BASED ON INFORMATION AVAILABLE WITH THE COMPANY.

33. SHARE BASED PAYMENTS

(i) Details of the employee share based plan of the Group:

a) The ESOP titled as Future Supply Chain Solutions Limited Employees Stock Option Plan 2017 ("FSC ESOP 2017") was approved by the Board on August 5, 2017 and by the Shareholders on August 8, 2017. The same was also ratified by the Shareholders in terms of Regulation 12(3) of SEBI (Share Based Employee Benefits) Regulations, 2014 at the annual general meeting held on August 22, 2018. In aggregate, 4,00,000 options were covered under the FSC ESOP 2017 for 4,00,000 equity shares of ₹ 10 each.

During the year 2017-18, the Nomination and Remuneration Committee ("NRC") of the Company granted 2,83,763 options under the FSC ESOP 2017 to certain directors and employees of the Company. The options granted are convertible into equal number of equity shares. The exercise price of each option is ₹ 350/-(including ₹ 340 as share premium).

During the year 2019-20, the NRC granted 50,000 options and 10,000 options under the FSC ESOP 2017 to employees of the Company on May 13, 2019 and July 31, 2019 respectively. The options granted are convertible into equal number of equity shares. The exercise price of each option is ₹ 457/-(including a premium of ₹ 447).

The options granted shall vest over a period of 3 years from the date of the grant in the manner specified in the resolution passed by the NRC while granting the options. Accordingly, such options may be exercised within 3 years from date of vesting.

b) The following share-based payment arrangements were in existence during the year:

Option scheme	Number of Options Granted	Grant date	Expiry date	Exercise price (₹)	Fair value at grant date (₹)
FSC ESOP 2017	2,83,763	November 14, 2017	Note-1 below	350.00	599.00
FSC ESOP 2017	50,000	May 13, 2019	Note-1 below	457.00	606.80
FSC ESOP 2017	10,000	July 31, 2019	Note-1 below	457.00	526.10

Note-1 The options granted shall vest over a period of 3 years from the date of the grant in the manner specified in the resolution passed by the NRC while granting the options. Accordingly, these options may be exercised within 3 years from date of vesting.

(ii) Options were priced using a Black Scholes option pricing model. Expected volatility is based on the historical share price volatility over the past 1 year:

Inputs	FSC ESOP 2017	FSC ESOP 2017	FSC ESOP 2017
Grant date	November 14, 2017	May 13, 2019	July 31, 2019
Expected volatility (%)	25.26%	23.59%	25.09%
Option life (Years)	2.50-4.50	2.50-4.50	2.50-4.50
Dividend yield (%)	-	0.21%	0.24%
Risk-free interest rate (Average)	6.75% - 7.01%	6.82% - 7.09%	6.11% - 6.27%

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

(iii) Movement in share options during the year

The following reconciles the share options outstanding at the beginning and end of the year:

Particulars	As at March 31, 2020		As at March 31, 2019	
	Number of options	Weighted average exercise price (₹)	Number of options	Weighted average exercise price (₹)
Balance at beginning of year	2,39,200	350	2,69,700	**350**
Granted during the year	60,000	457	-	-
Exercised during the year	13,135	350	24,875	350
Cancelled during the year	47,500	372.53	5,625	350
Balance at end of year	**238,565**	**372.43**	**239,200**	**350**

(iv) Share options exercised during the year

The following options were exercised during the year:

Options scheme	Number exercised	Exercise date	Share price at exercise date (₹)
FSC ESOP 2017	5,020	May 13, 2019	606.80
FSC ESOP 2017	1,015	June 18, 2019	589.20
FSC ESOP 2017	800	July 31, 2019	526.10
FSC ESOP 2017	6,300	December 17, 2019	488.80

(v) Share options outstanding at the end of the year

The share options outstanding at the end of the year had a weighted average remaining contractual life of 1,220 days (2018-19: 1,483 days).

Out of the ESOPs outstanding, the number of options exerciseable are as under :

Particulars	As at March 31, 2020	As at March 31, 2019
FSC ESOP 2017	87,838	27,940

(vi) The expenses recognised for employee services received during the year is shown is the following table:

(₹ in Lakh)

Particulars	Year ended March 31, 2020	Year ended March 31, 2019
Expenses arising from equity settled share based payment transactions	113.44	371.80

34. EARNINGS PER SHARE

Earnings per share of ₹ 10/- each from continuing operations		
- Basic (in ₹)	(15.51)	24.06
- Diluted (in ₹)	(15.51)	24.03

35. LEASE

The Company has entered into lease arrangements for its warehouses, office premises etc.

These leasing arrangements which are non-cancellable range between 3 months and 12 years generally or longer and are usually renewable by mutual consent on mutually agreeable terms.

Effective April 1, 2019, the Company has adopted Ind AS 116 “Leases” and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method and has taken the cumulative adjustments to retained earnings, on the date of initial application. Consequently, the Company has recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use asset at its carrying amount as if the standard had been applied since commencement date of the lease, but discounted at the Company’s incremental borrowing rate at the date of intial application. Comparitives as at and for the year ended March 31, 2019 have not been retrospectively adjusted and therefore will contine to be reported under accounting policies included as part of our Annual Report for the year ended March 31, 2019.

On transition, the adoption of the new standard resulted in recognition of ‘Right of use’ asset of ₹ 27,801.99 Lakh and a lease liability of ₹ 31,721.55 Lakh. The cumulative effect of appyling the standard, amounting to ₹ 3,919.54 Lakh was debited to retained earnings, net of taxes. The effect of this adoption is insignificant on profit before tax, profit for the period and earnings per share. Ind AS 116 will result in increase in cash inflows from operating activities and an increase in cash outflows from financing activites on account of lease payments.

The following is the summary of practical expedients elected on initial application:

1. Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
2. Applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application
3. Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

4. Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

The difference between the lease obligation recorded as of March 31,2019 under Ind AS 17 disclosed under note no 35 of annual standalone financial statements forming part of 2019 Annual report and value of lease liability as of April 1,2019 is primarily on account of inclusion of extention and termination options resonably certain to be exercised, in measuring the lease liability in accordance with Ind AS 116 and discounting lease liabilities to the present value under Ind AS 116.

The weighted average incremental borrowing rate applied to lease liabilities as at April 1, 2019 is 10.15%

The following are the changes in the carrying value of right of use assets for the year ended March 31,2020:

(₹ in Lakh)

Particulars	Year ended March 31, 2020
Balance as on April 1,2019	27,801.99
Addition	17,687.63
Deletion	(3,102.51)
Depreciation	(10,164.34)
Balance as on March 31,2020	**32,222.77**

The aggregate depreciation expense on ROU assets is included under depreciation and amortisation in Statement of Profit and Loss.

The following is the break-up of current and non-current lease liabilities as at March 31, 2020:

(₹ in Lakh)

Particulars	Year ended March 31, 2020
Non-current lease liabilities	25,979.59
Current lease liabilities	10,472.98
Total	**36,452.57**

The following is the movement in lease liabilities during the year ended March 31, 2020:

(₹ in Lakh)

Particulars	Year ended March 31, 2020
Balance at the beginning	31,721.54
Addition	17,412.03
Deletion	(3,102.51)
Finance cost accrued during the period	3,178.25
Gain on termination of lease asset	(10.04)
Payment of lease liabilities	(12,746.70)
Total	**36,452.57**

The Company does not face a significant liquidity risk with regards to its lease Liabilities as the current assets are sufficient to meet obligations to lease liabiliites as and when they fall due.

Rental expense recorded for short-term leases was ₹ 1,687.10 Lakh for the year ended March 31, 2020.

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

Reconciliation for the effects of the transition on Statement of Profit and loss for year ended March 31, 2020 as follows:

			(₹ in Lakh)
Particulars	**Year ended March 31, 2020 Comparable basis**	**Changes due to Ind-AS 116 Increase / (decrease)**	**Year ended March 31, 2020 as reported**

36. SECURITY CLAUSE IN RESPECT TO SECURED BORROWINGS

A. Short Term Borrowing

Short term borrowings of ₹ 8,511.06 Lakh (2018-19: ₹ Nil) is secured by (a) first pari-passu charge on current assets of the Company (b) second pari-passu charge on fixed assets (c) secured by personal guarantee of a director.

B. Long Term Borrowing

During the previous year ended March 31,2019, the Company has issued and allotted 19,900 Secured, Rated, Redeemable and Non Convertible Debentures (NCDs) of ₹ 1 Lakh each aggregating to ₹ 19,900 Lakh on private placement basis. The NCDs have been listed on Wholesale Debt Market segment of BSE Limited. The NCDs are secured by maintaining an overall minimum asset cover / security cover of 1.25 times on net block of fixed assets on first pari passu basis on the outstanding amount. The NCDs were issued in Series I and Series II of ₹ 9,900 Lakh and ₹ 10,000 Lakh respectively with tenure of 3 and 4 years from date of allotment respectively. The NCDs carry interest @10.15% payable annnually and on redemption. The redemption date for Series 1 & Series 2 is September 26, 2021 and September 26, 2022 respectively. Amount repayable includes principal sum of ₹ 9,900 Lakh in 2021-22 and ₹ 10,000 Lakh in 2022-23 along with interest payment ₹ 2,020 Lakh in 2019-20, ₹ 2,020 Lakh in 2020-21, ₹ 2,020 Lakh in 2021-22 and ₹ 1,015 Lakh in 2022-23.

During the year ended March 31, 2020, the Company has taken a term loan of ₹ 3,784 lakh from Yes Bank Limited (2018-19: ₹ 1,216 lakh). The same is secured by way of first pari-passu charge on entire fixed assets (excluding land) and second pari-passu charge on current assets and personal undertaking of Kishore Biyani. Amount repayable is ₹ 1,250 Lakh each in 2020-21, 2021-22, 2022-23 and 2023-24. Rate of interest is 0.55% over and above 6 month MCLR and will be reset semi-annually and every half year thereafter. Interest shall be paid monthly.

During the year ended March 31, 2020, the Company has taken a term loan of ₹ 22,500 lakh from IDFC First Bank Limited. The same is secured by way of First pari-passu charge over fixed assets, second pari-passu charge over current assets and personal undertaking of Kishore Biyani. Amount repayable is ₹ 11,199.64 Lakh in 2020-21, ₹ 7,500 Lakh in 2021-22 and ₹ 3,750 Lakh in 2022-23 (Amount repaid is ₹ 50.36 Lakh in FY 19-20). Rate of interest is 12% pa. Interest shall be paid monthly.

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

37. EMPLOYEE BENEFIT PLANS

Defined Contribution Plan

Amount recognised as an expenses and included in Schedule 25 under the "Contribution to Provident and Other Funds" of Statement of Profit and Loss ₹ 441.59 Lakh (2018-19: ₹ 282.02 Lakh).

Defined Benefit Plan – Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employee on retirement or on termination of employment. The gratuity benefit payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefit are met by the Company. In case of death while in service, the gratuity is payable irrespective of vesting. The Company's obligation towards Gratuity is a Defined Benefit plan and is not funded.

The plan typically exposes the Company to actuarial risks such as: interest rate risk, longevity risk and salary risk.

Interest risk

A decrease in the Government bond interest rate will increase the plan liability.

Longevity Risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at March 31, 2020 by M/s. KP Actuaries and Consultants. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

As per Ind AS 19, the disclosures as defined in the Accounting Standard are given below:

(₹ in Lakh)

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

Sensitivity analysis : Gratuity

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible change of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity is given below : (₹ in Lakh)

Particulars	As at March 31, 2020		As at March 31, 2019	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	499.86	374.59	306.61	236.11
Salary Growth rate (- / + 1%)	373.20	500.43	235.79	306.52
Attrition rate (- / + 50% of attrition rates)	426.94	435.20	264.30	271.92
Mortality rate (- / + 10% of mortality rates)	**430.94**	**431.58**	**267.94**	**268.57**

Please note that the sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumption may be correlated.

38. FINANCIAL INSTRUMENTS

All categories of financial assets and financial liabilities are measured at amortised cost.

39. BUSINESS COMBINATION

During the previous year ended March 31,2019, the Board of Directors of the Company had approved a Scheme of Arrangement under section 230-232 read with Section 66 of the Companies Act, 2013 (“Scheme”) between the Company and its wholly owned subsidiary Vulcan Express Private Limited (“Vulcan”) and their respective Shareholders and Creditors. The Scheme received all the requisite approvals and has been given effect to in the books with effect from the appointed date mentioned in the Scheme. The Scheme became effective on December 14, 2018.

The Scheme envisages demerger of “Fulfilment Business Undertaking” and “Last Mile Delivery Business Undertaking” of Vulcan and vest into the Company on October 1, 2016 on a going concern basis. In view of Vulcan being the wholly owned subsidiary of the Company, no consideration was proposed to be paid for the arrangements embodied in the Scheme.

Assets acquired and liabilities recognised on the appointed date under pooling of interest method:

Trade and other payables	5,247.96
Other current liabilities and provisions	713.15
Non-current liabilities	
Other non current liabilities	64.98
Other equity	(2,589.18)

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

40. SALE OF LAST MILE DELIVERY BUSINESS ON SLUMP SALE BASIS

The Board of Directors of the Company at its meeting held on February 7, 2019, approved the sale of Last Mile Delivery Business ("Division") of the Company on a Slump Sale basis to Leanbox Logistics Solutions Private Limited ("Leanbox"), an Associate company. The Company has executed requisite agreement on May 20, 2019 with respect to transfer of business undertaking ("Delivery Business") to Leanbox Logistics Solutions Private Limited ("Leanbox"). The Company has been issued 4,71,235 equity shares @ ₹ 200 per equity share in Leanbox on May 20, 2019. After such allotment to the Company, the shareholding of the Company increased to 77.15% of total paid share capital of the Company on fully diluted basis and hence Leanbox became subsidiary of the Company. However consequent to issue and allotment of new equity share by Leanbox to Future Enterprises Limited (ultimate holding company) on June 28, 2019, shareholding of the Company in leanbox has reduced and accordingly, Leanbox has ceased to be subsidiary of the Company w.e.f June 28, 2019.

41. EXCEPTIONAL ITEMS

During the year ended, the Company divested its entire stake in Vulcan Express Private Limited. The resultant loss of ₹ 5,311.26 Lakh has been shown as an exceptional item in the financial results. Exceptional item for the quarter and year ended March 31, 2020 includes impairment loss of ₹ 1,942.44 Lakh on investment in associate, write off of Loan & advances of ₹ 572.90 Lakh and Expected Credit Loss on trade and other receivables amounting to ₹ 1,253.83 Lakh.

42. The current tax expenses for the year can be reconciled to the accounting profit as follows:

(₹ in Lakh)

Particulars	Year ended March 31, 2020	Year ended March 31, 2019
Profit / (Loss) before tax from continuing operations	(6,388.24)	9,638.08
(Loss) before tax from discontinued operations	-	(3,122.36)
Profit / (Loss) for the year	(6,388.24)	6,515.72
Income tax expenses	-	2,276.85
Effect of allowance to the extent of income tax expenses	-	(2,276.85)
Current tax expenses recognised in Statement of Profit and Loss	**-**	**-**

43. The Board of Directors of the Company at its meeting held on September 17, 2019 had approved issue of 37,89,350 equity share @ ₹ 664/- per equity share (including premium of ₹ 654/- per equity share) aggregating to ₹ 251,61,28,400/- on preferential basis to Nippon Express (South Asia & Oceania) Pte. Ltd., a foreign company incorporated under the laws of Singapore, in accordance with the provisions of Chapter V of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (the "ICDR Regulations"), the Companies act, 2013 including applicable rules made thereunder (the "Act"). There was execution of share subscription agreement and shareholder's agreement and article of association was altered to reflect relative terms and condition of the shareholder's agreement subject to requisite approvals including shareholders of the Company. Subsequently Board of Directors of the Company at its meeting held on December 17, 2019 approved an allotment of 37,89,350 equity share of ₹10 each as full paid on preferential basis at a price of ₹ 664 per equity shares (including premium of ₹ 654 per equity share).

44. During the year, the Company has filed application under SABKA VISHWAS (LEGACY DISPUTE RESOLUTION) SCHEME, 2019 (SVLDRS) under Amnesty scheme for resolution of its disputed service tax liability of ₹391.80 Lakh. The Company has made payment of ₹195.90 Lakh and got discharge certificate under said scheme

45. The Company is engaged only in Logistics services in India and there are no separate reportable business and geographical segments under Ind AS 108 relating to operating segments.

NOTES
TO THE FINANCIAL STATEMENTS (Contd.)

46. As required under Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 the Company has an outstanding loan amount of ₹ Nil (2018-19: ₹ 50.00 Lakh). Maximum Loan amount outstanding is ₹ 572.90 Lakh (2018-19: ₹ 50.00 Lakh).

47. The Outbreak of Coronavirus (COVID-19) pandemic in India and globally followed by a nationwide lockdown announced on March 24, 2020 impacted business. This caused significant disruption and slowdown of economic activities throughout the country, including that of FSC. Although specific relaxations in lockdown was granted by the Government, the level of economic activity in the country continues to remain curtailed.

Since the lockdown has started from last week of March 2020, it had a limited impact on operations of the Company for 2019-20. However, due to repeated extensions of the lockdown and in view of restrictions imposed thereunder, the sales performance of the Company subsequent to March 2020 has been adversely impacted. The Company is also engaged in the supply chain of essential commodities and hence, was permitted to carry on logistics and supply chain activities of essential commodities during the lockdown period with a view to support the availability of the essential commodities to the general public. However, it faced several issues due to severe transport restrictions, unavailability of labour etc., which adversely impacted operations across warehouses, branches and administrative offices.

Further, during the lockdown period, most of the warehouses and branches remained closed for operations, thereby impacting the sales performance post March 2020.

In finalising these financial statements, the Company has considered various internal and external sources of information and indicators of economic forecasts, including the impact of COVID-19 while assessing the carrying amounts of current and non-current assets and its repayment obligations on a timely basis up to the date of approval of these financial statements. However, the impact of the pandemic and other events may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes, due to future economic conditions.

48. CORPORATE SOCIAL RESPONSIBILITY (CSR)

As per section 135 of the Companies Act, 2013, a CSR committee has been formed by Company.The proposed area of CSR activiites are taking measures for reducing inequality faced by socially and economically backward groups. The expenditure incurred duting the year on this activities are specified in Schedule VII on the Companies Act, 2013

(a) Gross amount required to be spent by the Company during the year: ₹ 52.84 Lakh

(b) Amount spent during the year : Nil

Exhibit A to the Statement on Impact of Audit Qualifications (for audit report with modified opinion) on Standalone Audited Financial Results for the year ended March 31, 2020

Sr No.	Audit Qualification	Management response	Auditors remarks/ comment
1	Total trade receivables amounting to ₹ 83,260.29 lakh includes related party receivables amounting to ₹ 72,547.19 lakh as at March 31, 2020. During the year based on internal evaluation, the management has provided for additional loss allowance amounting to ₹ 1,576.24 lakh. There have been substantial delays in receipt from customers and subsequent receipts have not been significant. In view of the above, we are unable to obtain sufficient and appropriate audit evidence and are unable to comment on the adequacy of loss provision, valuation and recoverability of balance outstanding amounting to ₹ 81,527.38 lakh (net of provision).	The spread of COVID-19 disease has severely impacted economies and businesses in India. The spread of COVID-19 and the consequent lock-downs, disruptions in transportation and supply chains, travel bans, quarantines, social distancing and other such emergency measures have caused widespread disruptions in the economy and businesses. Business volumes started to decline since the beginning of the last quarter of the financial year under report. Many of our customers took precautionary measures in terms of payments, which has led to a sharper increase in our trade receivable days. The Company expects the receivables to be realised in full as normal business operations starts post the pandemic. The Company has also additional security of inventories of debtors lying in its warehouse to recover the outstanding.	Impact cannot be ascertained for non-recoverable balances as on the date of signing of this report.
2	During the year, the Company has raised term loan from a bank amounting to ₹ 22,500 lakh which has not been utilised for the purpose for which it was sanctioned and consequently used in the normal course of business. In the absence of any clarity on non-compliance with the terms and conditions of sanction as well as breach of covenants, we are unable to comment on the impact of aforesaid utilisation and non-compliances on the financial statements.	The term loan raised has been initially utilized as per the terms of the arrangement. Subsequently, expansion plans of the Company have been temporarily kept on hold on account of slow-down of economy and outbreak of Coronavirus (COVID-19) pandemic. The orders raised were cancelled and advance refunded were subsequently utilized in the normal course of business because of constraints. The Company plans to repay this loan within this financial year.	Impact cannot be ascertained for non-compliances with terms and conditions of the loan sanctioned by the bank.
