Also, few Gala owners of the mall have filed claim of ₹ 218.53 lakhs against the company to pay the lease rental/claim amount along with @18% interest, for appointment of court receiver, appointment of commissioner to visit suit premises and retained from subletting and/or giving the suit premises on Leave and License basis or parting with possession or inducting any third party.

- (f) Demand due to delay in payment of interest under section 31(4) under Maharashtra Stamp Act for ₹ 90.83 lakhs (2019 : ₹ Nil) with regard to the amalgamation of Future Realtors (India) Private Limited, AIGL Holdings & investments Private Limited and Prudent Vintrade Private Limited with Future Market Networks Limited (formerly known as Agre Developers Limited) affected in January 2012.
- (g) A debt recovery case was filed by Union Bank of India of ₹ 294.67 lakhs before Debt Recovery Tribunal -III Kolkata. The company has filed fresh interim application against the defendant and the matter is postponed to April 17, 2020 against the Learned DIT III.
- (h) An arbitration petition was filed by Mr.LaxmiPat Surana before High Court at Calcutta for occupational charges in respect of the licensed premises situated at Block B Puja Complex, known as Puja the Mega Mart at Jhargram Rd, Kharagpur. Accordingly the court has passed the direction in the favour of the petitioner for ₹ 7,050.61 lakhs. However, the matter could not be taken due to COVID 19 situation.
- (i) An Execution Application was filed by Laxmi Pat Surana (Petitioner) before the High Court at Calcutta to pay ₹ 2,573.99 lakhs. However, there is no further progress under this matter.
- (j) TDS disputed demand - ₹ 5.46 lakhs (2019 : ₹ 5.46 lakhs)

The demand is related to the penalty levied u/s 272A(2)(g) of the Income Tax Act, 1961 pertaining to financial year 2014-15. The Company has filed an appeal against the demand.

**40. Capital Commitments / Asset Purchase Agreement / Put Option Agreement**

- (a) Estimated amount of contract remaining to be executed on capital work in progress and not provide for - ₹ Nil (2019 : ₹ 14.40 lakhs)

- (b) In the previous year, the Company (FMNL) has entered into a put option asset purchase agreement, wherein the FMNL has issued a put option to Axis Bank Ltd in relation to a loan facility of ₹ 7,500 lakhs provided by the Bank to a Borrower for purchase of assets being movable assets. In case of default by the borrower, the Bank can enforce the put option agreement entered with FMNL, whereby FMNL shall be obligated to purchase the assets acquired by the Borrower out of the loan amount, at a price which shall not be less than the outstanding loan obligation of the Borrower towards the Bank.

FMNL had also mortgaged its immovable property with the bank against the facility given by the Bank to the borrower, as a part of the above transaction. (Included in Note 27 - Assets Pledged as Security)

### NOTICE

**NOTICE** is hereby given that the Twelfth Annual General Meeting of the Members of Future Retail Limited will be held at Rangaswar, Fourth Floor, Y. B. Chavan Centre, Gen. Jagannath Bhosale Marg, Mumbai - 400 021 on Tuesday, July 30, 2019 at 11:30 AM to transact the following business:

#### ORDINARY BUSINESS:

**1. To receive, consider and adopt**

- a. the Audited Standalone Financial Statements of the Company for the Financial Year ended March 31, 2019, together with the Report of the Board of Directors and the Statutory Auditors thereon; and
- b. the Audited Consolidated Financial Statements of the Company for the Financial Year ended March 31, 2019, together with the Report of the Statutory Auditors thereon.

**2. To appoint a Director in place of Mr. Kishore Biyani (DIN: 00005740), who retires by rotation and being eligible, offers himself for re-appointment.**

#### SPECIAL BUSINESS:

**3. Approval for payment of remuneration to Mr. Kishore Biyani as Managing Director.**

To consider and if thought fit to pass, with or without modification(s), the following resolution as a **Special Resolution**:

**“RESOLVED THAT** pursuant to provisions of Sections 196, 197, 198, 203 and any other applicable provisions of the Companies Act, 2013 (**“the Act”**) read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and Schedule V to the Act (including any statutory modification(s), amendment(s), clarification(s), re-enactment(s) or substitution(s) thereof for the time being in force), the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including any modification(s) thereof or supplements thereto (**“SEBI Listing Regulations”**) and subject to the Articles of Association of the Company and such other approvals, permissions and sanctions, as may be required and subject to such conditions and modifications, as may be imposed or prescribed by any of the authorities while granting such approvals, permissions and sanctions and as recommended by Nomination and Remuneration Committee and approved by Board of Directors of the Company (hereinafter referred to as **“the Board”** which term shall deem to include the Nomination and Remuneration Committee or any other Committee constituted or to be constituted to exercise the powers including the powers conferred under this resolution), the consent of the Members of the Company be and is hereby accorded for the payment of remuneration on proportionate basis of annual payment of ₹ 5.95 crore (inclusive of commission) to Mr. Kishore Biyani (DIN: 00005740) as Managing Director for the period from April 1, 2019 to May 1, 2019 (remainder term of his previous tenure of appointment) and that Mr. Kishore Biyani be paid remuneration on the same basis as was paid for the financial year 2018-19 and proportionate commission thereto, as applicable.

**RESOLVED FURTHER THAT** pursuant to the Regulation 17(6)(e) of SEBI Listing Regulations, the approval of the Members be and is hereby also accorded to pay annual remuneration to Managing Director exceeding ₹ 5.00 crore or 2.50 percent of the net profits of the Company, whichever is higher on a proportionate basis.

**RESOLVED FURTHER THAT** the Board be and is hereby authorised to vary, amend, modify or revise the terms of remuneration specified above from time to time to the extent the Board may deem appropriate, provided that such variation or increase, as the case may be, is within the overall limits specified above and as permitted under the relevant provisions of the Act and/or as approved by the competent authority.

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised to do all such acts, matters, deeds and things as may be necessary to give effect to the above resolution including filing of necessary forms with the Registrar of Companies, Maharashtra, Mumbai/Ministry of Corporate Affairs in connection with payment of remuneration and to seek approvals and settle any questions, difficulties or doubts that may arise in this regard without further referring to the Members of the Company.”

4. **Approval for re-appointment of Mr. Kishore Biyani as Managing Director of the Company and payment of remuneration thereof.**

To consider and if thought fit to pass, with or without modification(s), the following resolution as a **Special Resolution**:

**“RESOLVED THAT** pursuant to provisions of Sections 196, 197, 198, 203 and any other applicable provisions of the Companies Act, 2013 (**“the Act”**) read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and Schedule V to the Act (including any statutory modification(s), amendment(s), clarification(s), re-enactment(s) or substitution(s) thereof for the time being in force), the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including any modification(s) thereof or supplements thereto (**“SEBI Listing Regulations”**) and subject to the Articles of Association of the Company and such other approvals, permissions and sanctions, as may be required and subject to such conditions and modifications, as may be imposed or prescribed by any of the authorities while granting such approvals, permissions and sanctions and as recommended by Nomination and Remuneration Committee and approved by Board of Directors of the Company (hereinafter referred to as **“the Board”** which term shall deem to include the Nomination and Remuneration Committee or any other Committee constituted or to be constituted to exercise the powers including the powers conferred under this resolution), the consent of the Members of the Company be and is hereby accorded for re-appointment of Mr. Kishore Biyani (DIN: 00005740) as Managing Director of the Company, for a period of 3 (Three) years with effect from May 2, 2019 on such terms and conditions and Remuneration as set out in the statement annexed to this Notice.

**RESOLVED FURTHER THAT** pursuant to the Regulation 17(6)(e) of SEBI Listing Regulations, the approval of the Members be and is hereby also accorded to pay annual remuneration to Managing Director, exceeding the limit of ₹ 5.00 crore or 2.50 percent of the net profits of the Company, whichever is higher, during the currency of the tenure.

**RESOLVED FURTHER THAT** pursuant to the provisions of Section 197 of the Act read with Schedule V of the Act, where in any financial year during the currency of the tenure of Managing Director, the Company has no profits or its profits are inadequate, the Company may pay to Managing Director the above Remuneration, excluding the commission, as the minimum remuneration for the aforesaid period, by way of salary, perquisites and other allowances and benefits and subject to receipt of the requisite approvals, if any.

**RESOLVED FURTHER THAT** the Board be and is hereby authorised to vary, amend, modify or revise the terms of Remuneration payable from time to time to the extent the Board may deem appropriate, provided that such variation or increase, as the case may be, is within the overall limits specified above and as permitted under the relevant provisions of the Act and/or as approved by the competent authority.

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised to do all such acts, matters, deeds and things as may be necessary to give effect to the above resolution including filing of necessary forms with the Registrar of Companies, Maharashtra, Mumbai/Ministry of Corporate Affairs in connection with such appointment and payment of remuneration and to seek approvals and settle any questions, difficulties or doubts that may arise in this regard without further referring to the Members of the Company.”

5. **Approval for payment of remuneration to Mr. Rakesh Biyani as Jt. Managing Director.**

To consider and if thought fit to pass, with or without modification(s), the following resolution as a **Special Resolution**:

**“RESOLVED THAT** pursuant to provisions of Sections 196, 197, 198, 203 and any other applicable provisions of the Companies Act, 2013 (**“the Act”**) read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and Schedule V to the Act (including any statutory modification(s), amendment(s), clarification(s), re-enactment(s) or substitution(s) thereof for the time being in force), the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including any modification(s) thereof or supplements thereto (**“SEBI Listing Regulations”**) and subject to the Articles of Association of the Company and such other approvals, permissions and sanctions, as may be required and subject to such conditions and modifications, as may be imposed or prescribed by any of the authorities while granting such approvals, permissions and sanctions and as recommended by Nomination and Remuneration Committee and approved by Board of Directors of the Company (hereinafter referred to as **“the Board”** which term shall deem to include the Nomination and Remuneration Committee or any other Committee constituted or to be constituted to exercise the powers including the powers conferred under this resolution), the consent of the Members of the Company be and is hereby accorded for the payment of remuneration on proportionate basis of annual payment of ₹ 5.43 crore (inclusive of commission) to Mr. Rakesh Biyani (DIN: 00005806) as Jt. Managing Director for the period from April 1, 2019 to May 1, 2019 (remainder term of his previous tenure of appointment) and that Mr. Rakesh Biyani be paid remuneration on the same basis as was paid for the financial year 2018-19 and proportionate commission thereto, as applicable.

**RESOLVED FURTHER THAT** pursuant to the Regulation 17(6)(e) of SEBI Listing Regulations, the approval of the Members be and is hereby also accorded to pay annual remuneration to Jt. Managing Director exceeding ₹ 5.00 crore or 2.50 percent of the net profits of the Company, whichever is higher on a proportionate basis.

**RESOLVED FURTHER THAT** the Board be and is hereby authorised to vary, amend, modify or revise the terms of remuneration specified above from time to time to the extent the Board may deem appropriate, provided that such variation or increase, as the case may be, is within the overall limits specified above and as permitted under the relevant provisions of the Act and/or as approved by the competent authority.

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised to do all such acts, matters, deeds and things as may be necessary to give effect to the above resolution including filing of necessary forms with the Registrar of Companies, Maharashtra, Mumbai/Ministry of Corporate Affairs in connection with such payment of remuneration and to seek approvals and settle any questions, difficulties or doubts that may arise in this regard without further referring to the Members of the Company.”

**6. Approval for re-appointment of Mr. Rakesh Biyani as Jt. Managing Director of the Company and payment of remuneration thereof.**

To consider and if thought fit to pass, with or without modification(s), the following resolution as a **Special Resolution**:

**“RESOLVED THAT** pursuant to provisions of Sections 196, 197, 198, 203 and any other applicable provisions of the Companies Act, 2013 (**“the Act”**) read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and Schedule V to the Act (including any statutory modification(s), amendment(s), clarification(s), re-enactment(s) or substitution(s) thereof for the time being in force), the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including any modification(s) thereof or supplements thereto (**“SEBI Listing Regulations”**) and subject to the Articles of Association of the Company and such other approvals, permissions and sanctions, as may be required and subject to such conditions and modifications, as may be imposed or prescribed by any of the authorities while granting such approvals, permissions and sanctions and as recommended by Nomination and Remuneration Committee and approved by Board of Directors of the Company (hereinafter referred to as **“the Board”** which term shall deem to include the Nomination and Remuneration Committee or any other Committee constituted or to be constituted to exercise the powers including the powers conferred under this resolution), the consent of the Members of the Company be and is hereby accorded for re-appointment of Mr. Rakesh Biyani (DIN: 00005806) as Jt. Managing Director of the Company, for a period of 3 (Three) years with effect from May 2, 2019 on such terms and conditions and Remuneration as set out in the statement annexed to this Notice.

**RESOLVED FURTHER THAT** pursuant to the Regulation 17(6)(e) of SEBI Listing Regulations, the approval of the Members be and is hereby also accorded to pay annual remuneration to Jt. Managing Director, exceeding the limit of ₹ 5.00 crore or 2.50 percent of the net profits of the Company, whichever is higher, during the currency of the tenure.

**RESOLVED FURTHER THAT** pursuant to the provisions of Section 197 of the Act read with Schedule V of the Act, where in any financial year during the currency of the tenure of Jt. Managing Director, the Company has no profits or its profits are inadequate, the Company may pay to Jt. Managing Director the above Remuneration, excluding the commission, as the minimum remuneration for the aforesaid period, by way of salary, perquisites and other allowances and benefits and subject to receipt of the requisite approvals, if any.

**RESOLVED FURTHER THAT** the Board be and is hereby authorised to vary, amend, modify or revise the terms of Remuneration payable from time to time to the extent the Board may deem appropriate, provided that such variation or increase, as the case may be, is within the overall limits specified above and as permitted under the relevant provisions of the Act and/or as approved by the competent authority.

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised to do all such acts, matters, deeds and things as may be necessary to give effect to the above resolution including filing of necessary forms with the Registrar of Companies, Maharashtra, Mumbai/Ministry of Corporate Affairs in connection with such appointment and payment of remuneration and to seek approvals and settle any questions, difficulties or doubts that may arise in this regard without further referring to the Members of the Company.”

**7. Approval for entering into Material Related Party Transaction(s).**

To consider and if thought fit to pass, with or without modification(s), the following resolution as an **Ordinary Resolution**:

**“RESOLVED THAT** in partial modification of the earlier resolution(s) passed by the Members of the Company and pursuant to the provisions of Section 188 and other applicable provisions of the Companies Act, 2013 (**“the Act”**) read with the Companies (Meetings of Board and its Powers) Rules, 2014 (including any statutory modification(s), amendment(s), clarification(s), re-enactment(s) or substitution(s) thereof for the time being in force), the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including any modification(s) thereof or supplements thereto (**“SEBI Listing Regulations”**), the provisions of the Memorandum and Articles of Association of the Company and the applicable rules, guidelines and circulars issued by the concerned statutory or regulatory authorities, the consent of the Members of the Company be and is hereby accorded to the Board of Directors of the Company (hereinafter referred to as **“the Board”** which term shall include the Audit Committee or any other Committee constituted or to be constituted to exercise the powers including the powers conferred under this resolution), for entering into the Material Related Party Transaction(s) as entered/ to be entered into by the Company during the financial year 2019-20, as set out in the statement annexed to this Notice.

**RESOLVED FURTHER THAT** the Board be and is hereby authorised to do and perform all such acts, deeds, matters and things, as may be required or deemed necessary or incidental thereto and to settle and finalise all issues that may arise in this regard, including without limitation, negotiation, finalising and executing necessary agreements, undertakings, memorandum, deeds, documents and such other papers or writings as may be deemed necessary or expedient in its own discretion and in the best interest of the Company without further referring to the Members of the Company and further authorised to delegate all or any of its powers herein conferred to the Committee and/or any Director(s)/Officer(s) of the Company, to give effect to this resolution.”

## NOTES:

1. **A MEMBER ENTITLED TO ATTEND AND VOTE AT THE MEETING IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE ON A POLL INSTEAD OF HIMSELF/HERSELF AND THE PROXY NEED NOT BE A MEMBER OF THE COMPANY.** A person can act as proxy on behalf of Members not exceeding 50 (Fifty) and holding in aggregate not more than 10% (Ten percent) of the total share capital of the Company. Proxies submitted on behalf of Corporate Members must be supported by an appropriate resolution/authority, as applicable.
2. A Member holding more than 10% (Ten percent) of the total share capital of the Company carrying voting rights may appoint a single person as proxy and such person shall not act as a proxy for any other person or shareholders.
3. Proxy in the prescribed Form No. MGT-11 as enclosed herewith, in order to be effective, should be deposited at the Registered Office of the Company, duly completed, signed and stamped, not less than 48 (Forty Eight) hours before the commencement of the Twelfth Annual General Meeting ("**AGM**").
4. Pursuant to Section 113 of the Companies Act, 2013 ("**the Act**") and rules framed thereunder, the Corporate Members intending to send their authorised representatives to attend the AGM are requested to send to the Company, a certified copy of the board resolution or power of attorney, if any, authorising their representative(s) to attend and vote, on their behalf, at the AGM.
5. The Statement pursuant to Section 102 of the Act, relating to the Special Business to be transacted at the AGM is annexed hereto.
6. The Register of Directors and Key Managerial Personnel(s) and their shareholding maintained under Section 170 of the Act along with other Statutory Registers as required under the provisions of Act, will be available for inspection by the Members at the AGM.
7. All documents referred in the accompanying Notice shall be open for inspection at the Registered Office of the Company during normal business hours (9:00 AM to 5:00 PM) on all working days between Monday to Friday of every week, up to the date of the AGM of the Company.
8. Members can avail themselves, the facility of nomination in respect of shares held by them in physical form pursuant to the provisions of Section 72 of the Act. Members desiring to avail themselves of this facility may send their nominations in the prescribed Form No. SH-13 duly filled into the Company's Registrar & Transfer Agents ("**R&T Agents**"). Members holding shares in electronic form may contact their respective Depository Participant(s) for availing this facility.
9. The Securities and Exchange Board of India ("**SEBI**") has made it mandatory for all companies to use the bank account details furnished by the Depositories for any payment (including dividend) through Electronic Clearing Service ("**ECS**") to investors. In the absence of ECS facility, companies shall mandatorily print the bank account details of the investors on such payment instruments. Members are encouraged to avail ECS facility and requested to update bank account details in the prescribed form to their respective Depository Participant(s) and/or the Company's R&T Agents.
10. Members are requested to intimate changes, if any, pertaining to their name, postal address, e-mail ID, telephone/mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as name of the bank and branch details, bank account number, MICR code, IFSC code etc., to their respective Depository Participant(s) in case the shares are held in electronic form and to the Company's R&T Agents in case the shares are held in physical form.
11. In terms of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("**SEBI Listing Regulations**"), securities of listed companies can only be transferred in dematerialised form with effect from April 1, 2019, except in case of transmission or transposition of securities. In view of the above, Members are advised to dematerialise shares held by them in physical form.
12. Electronic copy of the Annual Report for financial year 2018-19 and the Notice of the AGM *inter-alia* indicating the process and manner of remote e-voting along with Attendance Slip and Proxy Form are being sent to all the Members whose e-mail ID are registered with the Company/Depository Participant(s) for communication purposes unless any Member has requested for hard copies of the same. For Members who have not registered their e-mail ID, physical copies of the aforesaid documents are being sent through permitted mode.
13. Members who have not registered their e-mail ID so far are requested to register the same for receiving all communication including Annual Report, Notices, Circulars, etc. from the Company in electronic form.
14. Members may also note that the Notice of this AGM and the Annual Report for financial year 2018-19, will be available on the Company's website [www.futureretail.co.in](http://www.futureretail.co.in) and also on website of NSDL at <https://www.evoting.nsdl.com/> for their download. Even after registering for e-communication, Members are entitled to receive such communication in physical form, upon making a request for the same, by post, free of cost. For any communication, the Members may also send request to the Company's investor relations e-mail ID: [investorrelations@futureretail.in](mailto:investorrelations@futureretail.in).
15. Members are requested to send their queries with regard to the Accounts at least 7 (Seven) days in advance at the Registered Office of the Company.
16. Members/Proxies are requested to bring the attendance slips duly filled in and copy of the Annual Report to the AGM.

17. Voting through electronic means:

- I. In compliance with the provisions of Section 108 of the Act, Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended by the Companies (Management and Administration) Amendment Rules, 2015, Regulation 44 of the SEBI Listing Regulations and Secretarial Standard on General Meetings (“SS-2”) issued by The Institute of Company Secretaries of India (“ICSI”) as amended from time to time, the Company is pleased to provide its Members facility to exercise their right to vote on resolutions proposed to be considered at the AGM by electronic means and the business may be transacted through e-voting services. The facility of casting the votes by Members using an electronic voting system from a place other than venue of the AGM (“remote e-voting”) will be provided by National Securities Depository Limited (“NSDL”).
- II. The facility for voting through Polling Paper shall be made available at the AGM and the Members attending the AGM who have not cast their vote by remote e-voting shall be able to exercise their right at AGM through Polling Paper.
- III. The Members who have cast their vote through remote e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their vote again.
- IV. The remote e-voting period commences on Friday, July 26, 2019 (9:00 AM) and ends on Monday, July 29, 2019 (5:00 PM). During this period, Members of the Company holding shares either in physical form or in dematerialised form, as on the cut-off date of July 23, 2019, may cast their vote through remote e-voting. The remote e-voting module shall be disabled by NSDL for voting thereafter. Once the vote on a resolution is cast by the Member, the Member shall not be allowed to change it subsequently.
- V. The details of the process and manner for remote e-voting are explained herein below:

Step 1 : Log-in to NSDL e-voting system at <https://www.evoting.nsdl.com/>

Step 2 : Cast your vote electronically on NSDL e-voting system.

**Details on Step 1 is mentioned below:**

How to Log-in to NSDL e-voting website?

- A. Visit the e-voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a Personal Computer or on a mobile phone.
- B. Once the home page of e-voting system is launched, click on the icon ‘Login’ which is available under ‘Shareholders’ section.
- C. A new screen will open. You will have to enter your User ID, your Password and a Verification Code as shown on the screen.

*Alternatively, if you are registered for NSDL e-services i.e. IDEAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDEAS login. Once you log-in to NSDL e-services after using your log-in credentials, click on e-voting and you can proceed to Step 2 i.e. cast your vote electronically.*

- D. Your User ID details are given below:

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your ID is:
For Members who hold shares in demat account with NSDL.	8 Character DP ID followed by 8 Digit Client ID For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.
For Members who hold shares in demat account with CDSL.	16 Digit Beneficiary ID For example if your DP ID is 12***** then your user ID is 12*****.
For Members holding shares in Physical Form.	EVEN Number followed by Folio Number registered with the Company. For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***

- E. Your password details are given below:

- a) If you are already registered for e-voting, then you can use your existing password to login and cast your vote.
- b) If you are using NSDL e-voting system for the first time, you will need to retrieve the ‘initial password’ which was communicated to you. Once you retrieve your ‘initial password’, you need to enter the ‘initial password’ and the system will force you to change your password.
- c) How to retrieve your ‘initial password’?
  - i. If your e-mail ID is registered in your demat account or with the Company, your ‘initial password’ is communicated to you on your e-mail ID. Trace the e-mail sent to you from NSDL from your mailbox. Open the e-mail and open the attachment i.e. .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account or last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your ‘User ID’ and your ‘initial password’.
  - ii. If your e-mail ID is not registered, your ‘initial password’ is communicated to you on your postal address.

- F. If you are unable to retrieve or have not received the 'initial password' or have forgotten your password:
- a) Click on 'Forgot User Details/Password?' (If you are holding shares in your demat account with NSDL or CDSL) option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com).
  - b) Physical 'User Reset Password?' (If you are holding shares in physical mode) option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com).
  - c) If you are still unable to get the password by aforesaid two options, you can send a request at [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in) mentioning your demat account number/folio number, your PAN, your name and your registered address.
  - d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
- G. After entering your password, tick on Agree to 'Terms and Conditions' by selecting on the check box.
- H. Now, you will have to click on 'Login' button.
- I. After you click on the 'Login' button, Home page of e-voting will open.

**Details on Step 2 is given below:**

How to cast your vote electronically on NSDL e-voting system?

- i. After successful login at Step 1, you will be able to see the Home page of e-voting. Click on e-voting. Then, click on Active Voting Cycles.
- ii. After click on Active Voting Cycles, you will be able to see all the companies 'EVEN' in which you are holding shares and whose voting cycle is in active status.
- iii. Select 'EVEN' of the Company.
- iv. Now you are ready for e-voting as the Voting page opens.
- v. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on 'Submit' and also 'Confirm' when prompted.
- vi. Upon confirmation, the message 'Vote cast successfully' will be displayed.
- vii. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
- viii. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

**General Guidelines for Members**

- 1) Institutional Members (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant board resolution/authority letter etc. with attested specimen signature of the duly authorised signatory(ies) who are authorised to vote, to the Scrutiniser by e-mail to [kbindushah@gmail.com](mailto:kbindushah@gmail.com) or with a copy marked to [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in).
  - 2) It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the 'Forgot User Details/Password?' or 'Physical User Reset Password?' option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com) to reset the password.
  - 3) In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Members and remote e-voting user manual for Members available at the download section of [www.evoting.nsdl.com](http://www.evoting.nsdl.com) or call on toll free no.: 1800-222-990 or contact at National Securities Depository Limited, Trade World, 'A' Wing, Fourth Floor, Kamala Mills Compound, Senapati Bapat Marg, Lower Parel, Mumbai - 400 013. The Members may note that the designated e-mail ID for the grievances connected with the remote e-voting is [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in) or Members may also write to the Company Secretary at the e-mail ID: [investorrelations@futuresretail.in](mailto:investorrelations@futuresretail.in).
- VI. The voting rights of Members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date i.e. July 23, 2019.
- VII. Any person, who acquires shares of the Company and become Member of the Company after dispatch of the Notice and holding shares as of the cut-off date i.e. July 23, 2019, may obtain the login ID and password by sending a request at [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in) or the Company/R&T Agents. However, if you are already registered with NSDL for remote e-voting then you can use your existing user ID and password for casting your vote. If you forgot your password, you can reset your password by using 'Forgot User Details/Password' option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com) or contact NSDL at the telephone no. as mentioned above.

- VIII. A person, whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date only shall be entitled to avail the facility of remote e-voting as well as voting at the AGM through Polling Paper.
- IX. Ms. Bindu Darshan Shah (Membership No. A-20066/CP No. 7378), Proprietor M/s. K Bindu & Associates, Practicing Company Secretaries has been appointed as the Scrutiniser to scrutinise the remote e-voting process and voting conducted through Polling Paper at the AGM in a fair and transparent manner.
- X. The Chairperson shall, at the AGM, at the end of discussion on the resolutions on which voting is to be held, allow voting with the assistance of the Scrutiniser, by use of Polling Paper for all those Members who are present at the AGM but have not cast their votes by availing the remote e-voting facility.
- XI. The Scrutiniser shall after the conclusion of voting at the AGM, will first count the votes cast at the AGM and thereafter unblock the votes cast through remote e-voting in the presence of at least 2 (Two) witnesses not in the employment of the Company and shall make, not later than 48 (Forty Eight) hours of the conclusion of the AGM, a consolidated scrutiniser's report of the total votes cast in favour or against, if any, to the Chairperson or a person authorised by him/her in writing, who shall countersign the same and declare the result of the voting forthwith.
- XII. The Results declared along with the report of the Scrutiniser shall be placed on the website of the Company and on the website of NSDL after the declaration of result by the Chairperson or a person authorised by him/her in writing. The Results shall also be forwarded to Stock Exchanges.
18. Members are requested to send all communications to our R&T Agents at the following address:  
Link Intime India Private Limited

## **Additional Information relating to the Ordinary Business**

### **Item No. 2**

Mr. Kishore Biyani, Managing Director of the Company is liable to retire by rotation and being eligible, offers himself for re-appointment.

Mr. Kishore Biyani is a Commerce Graduate and has done PG Diploma in Management. He has over 38 years of experience in the field of manufacturing, marketing of readymade garments and retail. He has also led the creation of a wide portfolio of consumer brands in fashion, food and in home segment that are distributed through Group's retail chains and various other modern retail networks in the Country.

A brief profile of Mr. Kishore Biyani, including nature of his expertise along with related details as required under the provisions of Act, Regulation 36 of SEBI Listing Regulations and Secretarial Standard on General Meetings ("SS-2") is provided in Annexure - I & II to this Notice.

Mr. Kishore Biyani and his relatives shall be deemed to be concerned or interested in the resolution to the extent of his appointment and their shareholdings in the Company. None of the other Directors, Key Managerial Personnel(s) of the Company and their respective relatives are concerned or interested, financially or otherwise, in the passing of the proposed Resolution.

The Board of Directors recommends the resolution at Item No. 2 as Ordinary Resolution for the approval by the Members.

---

## **Statement pursuant to Section 102 of the Companies Act, 2013**

### **Item No. 3 & 4**

Based on the recommendation of the Nomination and Remuneration Committee and approval of the Board of Directors, the Members of the Company at the Annual General Meeting held on August 29, 2016, had appointed Mr. Kishore Biyani as Managing Director for a period of 3 (Three) years with effect from May 2, 2016 to May 1, 2019.

Mr. Kishore Biyani is the founder and Group CEO of Future Group. Widely acknowledged as the pioneer of modern retail industry in India, Mr. Kishore Biyani is a mentor and role model for many Indian entrepreneurs and a thought leader in Indian business. He is also a Managing Director of Future Lifestyle Fashions Limited.

Over the past two decades, he has created and leads some of India's most popular retail chains like Big Bazaar, Central, Brand Factory, Foodhall, fbb, eZone among others. Over the time, various retail chains like Nilgiris, Aadhaar, easyday, Heritage, Hypercity, WHSmith, Foodworld and others have also become part of Future Group. Simultaneously, he has also led the creation of a wide portfolio of consumer brands in fashion, food and home segment that are distributed through Group's retail chains and various other modern retail networks in the Country. He is believer in Group's corporate credo, 'Rewrite Rules, Retain Values'. Mr. Biyani considers Indianness as the core value driving the Group. His autobiography, 'It Happened in India,' has been translated into a number of languages. Mr. Biyani is a Commerce Graduate and has done PG Diploma in Management.

On review of the performance and growth of the Company which was led by Mr. Kishore Biyani in capacity as Managing Director of the Company and considering the enhanced responsibilities due to expansion of business activities and as recommend by Nomination and Remuneration Committee, the Board of Directors has considered and approved (a) payment of remuneration for the period from April 1, 2019 to May 1, 2019 (remainder term of his previous tenure of appointment) as mentioned in resolution no. 3; (b) re-appointment of Mr. Kishore Biyani as Managing Director of the Company for a further term of 3 (Three) years effective from May 2, 2019 till May 1, 2022 and payment of remuneration thereof, both on such terms and conditions as stipulated below subject to the approval of the Members of the Company, as mentioned in resolution no. 4 of Notice.

### **Remuneration:**

Total Remuneration during the tenure of 3 (Three) years from May 2, 2019 to May 1, 2022 should be in the pay scale of ₹ 5.75 crore to ₹ 8.50 crore per annum which includes basic salary, commission, taxable perquisites and other allowance but excluding perquisites to the extent exempted under the Income-tax Act, 1961.

### **Other Terms and Conditions:**

- a. Perquisites: Subject to overall ceiling as aforesaid, Managing Director shall have liberty to opt for such other allowances, perquisites and incentive as he deems fit including house rent allowance, medical reimbursement, leave travel concession for self and family, club fees, use of Company cars and such other allowances, benefits, amenities and facilities etc., as per the Company's Rules or as may be agreed to between the Board and Managing Director.
- b. Commission: The amount of Commission would be determined by the Board based on the net profits of the Company in a particular year and shall be subject to the overall ceiling laid down under the Act.

- c. The Managing Director will also be a member of the Group Medical and Personal Accident Insurance policies of the Company.
- d. Exempted perquisite: In addition to the perquisites referred above, he will also be eligible to the following perquisites, which shall not be included in the computation of the ceiling on remuneration.
- Contribution to provident fund, superannuation fund or annuity fund to the extent these either singly or put together are not taxable under the Income-tax Act, 1961;
  - Gratuity payable at a rate not exceeding half a month's salary for each completed year of service;
  - Encashment of leave at the end of the tenure; and
  - Reimbursement of expenses incurred for the business of the Company.
- e. Subject to the applicable provisions of the Act, perquisites and allowances shall be evaluated as per Income Tax Rules, 1962 wherever applicable and at cost, in the absence of any such Rule.
- f. Subject to the superintendence, control and direction of the Board, the Managing Director shall manage and conduct the business and affairs of the Company.
- g. The appointment can be terminated by giving 6 (Six) calendar months' notice in writing by either party.

Furthermore, any recommendation by the Nomination and Remuneration Committee and consideration by the Board for subsequent revisions in the remuneration shall be within the foregoing pay scale.

A brief profile of Mr. Kishore Biyani, including nature of his expertise, as required under Regulation 36 of SEBI Listing Regulations and SS-2 is provided in the Annexure - I to this Notice. Further, additional information as required under Schedule V to the Act, is provided in the Annexure - II to this Notice and also forms part of the Statement.

Mr. Kishore Biyani and his relatives, shall be deemed to be concerned or interested in the resolution to the extent of his appointment, payment of remuneration and their shareholdings in the Company. None of the other Directors, Key Managerial Personnel(s) of the Company and their respective relatives are concerned or interested, financially or otherwise, in the passing of the proposed Resolution(s).

The Board of Directors recommends the resolution at Item No. 3 & 4 as Special Resolution(s) for the approval by the Members.

#### **Item No. 5 & 6**

Based on the recommendation of the Nomination and Remuneration Committee and the approval of Board of Directors, the Members of the Company at the Annual General Meeting held on August 29, 2016, had appointed Mr. Rakesh Biyani as Jt. Managing Director for a period of 3 (Three) years with effect from May 2, 2016 to May 1, 2019.

Mr. Rakesh Biyani is a Commerce Graduate and has done Advanced Management Program from Harvard Business School. He is associated with Future Group for over two decades and managed the expansion of the Group's flagship formats like fbb, Big Bazaar and Central along with supply chain management. He is also actively involved in the areas of fashion, category management, retail stores operations and supply chain business of the Group.

Mr. Rakesh Biyani is instrumental in forming various technology driven processes of retail operation and formation of various joint ventures at group level for ensuring a better product mix and increasing foothold on overall consumption space of Indian retail sector.

On review of the performance and growth of the Company which was led by Mr. Rakesh Biyani in capacity as Jt. Managing Director of the Company and considering the enhanced responsibilities due to expansion of business activities and as recommended by Nomination and Remuneration Committee, the Board of Directors has considered and approved (a) payment of remuneration for the period from April 1, 2019 to May 1, 2019 (remainder term of his previous tenure of appointment) as mentioned in resolution no. 5; (b) re-appointment of Mr. Rakesh Biyani as Jt. Managing Director of the Company for a further term of 3 (Three) years effective from May 2, 2019 till May 1, 2022 and payment of remuneration thereof, both on such terms and conditions as stipulated below subject to the approval of the Members of the Company, as mentioned in resolution no. 6 of Notice.

#### **Remuneration:**

Total Remuneration during the tenure of 3 (Three) years from May 2, 2019 to May 1, 2022 should be in the pay scale of ₹ 5.25 crore to ₹ 8.50 crore per annum which includes basic salary, commission, taxable perquisites and other allowance but excluding perquisites to the extent exempted under the Income-tax Act, 1961.

#### **Other Terms and Conditions:**

- a. Perquisites: Subject to overall ceiling as aforesaid, Jt. Managing Director shall have liberty to opt for such other allowances, perquisites and incentive as he deems fit including house rent allowance, medical reimbursement, leave travel concession

for self and family, club fees, use of Company cars and such other allowances, benefits, amenities and facilities etc., as per the Company's Rules or as may be agreed to between the Board and Jt. Managing Director.

- b. Commission: The amount of Commission would be determined by the Board based on the net profits of the Company in a particular year and shall be subject to the overall ceiling laid down under the Act.
- c. The Jt. Managing Director will also be a member of the Group Medical and Personal Accident Insurance policies of the Company.
- d. Exempted perquisite: In addition to the perquisites referred above, he will also be eligible to the following perquisites, which shall not be included in the computation of the ceiling on remuneration.
  - Contribution to provident fund, superannuation fund or annuity fund to the extent these either singly or put together are not taxable under the Income-tax Act, 1961;
  - Gratuity payable at a rate not exceeding half a month's salary for each completed year of service;
  - Encashment of leave at the end of the tenure; and
  - Reimbursement of expenses incurred for the business of the Company.
- e. Subject to the applicable provisions of the Act, perquisites and allowances shall be evaluated as per Income Tax Rules, 1962 wherever applicable and at cost, in the absence of any such Rule.
- f. Subject to the superintendence, control and direction of the Board, the Jt. Managing Director shall manage and conduct the business and affairs of the Company.
- g. The appointment can be terminated by giving 6 (Six) calendar months' notice in writing by either party.

Furthermore, any recommendation by the Nomination and Remuneration Committee and consideration by the Board for subsequent revisions in the remuneration shall be within the foregoing pay scale.

A brief profile of Mr. Rakesh Biyani, including nature of his expertise, as required under Regulation 36 of SEBI Listing Regulations and SS-2 is provided in the Annexure - I to this Notice. Further, additional information as required under Schedule V to the Act, is provided in the Annexure - II to this Notice and also forms part of the Statement.

Mr. Rakesh Biyani and his relatives, shall be deemed to be concerned or interested in the resolution to the extent of his appointment, payment of remuneration and their shareholdings in the Company. None of the other Directors, Key Managerial Personnel(s) of the Company and their respective relatives are concerned or interested, financially or otherwise, in the passing of the proposed Resolution(s).

The Board of Directors recommends the resolution at Item No. 5 & 6 as Special Resolution(s) for the approval by the Members.

#### **Item No. 7**

The Company enters into related party transaction(s) with Future Enterprises Limited ("FEL") for purchase/sale of goods and services, lease rental and service charges, purchase and sale of capital goods and other services. FEL has a specialised apparel design and sourcing team, coupled with manufacturing facilities. FEL supports the fast growing fashion businesses of Future Group and third-party companies. Further, FEL has a leasing infrastructure business spread all over India and provide its services to companies in the Group. FEL enhancing its business activities by capturing consumption data accessible to it through various retail consumption centres of the group as well as other associated business partners.

The Company is also entering into related party transaction(s) with Future Consumer Limited ("FCL") for purchase/sale of goods and services, purchase/sale of asset, deposit and other fees/charges. FCL is mainly into manufacturing and distribution of various FMCG products and supplies to various future group and other companies. FCL is operating various manufacturing and processing facilities across the Country and has good distribution network.

The details of related party transaction(s) are given in the table below. All the related party transaction(s) were entered or to be entered into are at arms' length basis and in the ordinary course of business, in line with the Company's Policy on Related Party Transactions as approved by the Audit Committee and the Board of Directors of the Company.

It is envisaged that the maximum value of the above related party transaction(s) to be entered into individually or taken together with previous transactions during the financial year 2019-20 would exceed ten percent of the annual consolidated turnover of the Company, as per the last audited financial statements of the Company.

Further the approval of Members is required, if as per the applicable provisions of Act read with relevant rules framed thereunder, the amount of transaction exceed the threshold limit as provided therein and/or if as per Regulation 23 of Listing Regulations, the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds

ten percent of the annual consolidated turnover of the Company. Accordingly, the approval of Members is sought for following transactions. In terms of provisions of Companies (Meetings of the Board and its Powers) Rules, 2014 as amended, the details in relation to related party transaction(s) are as under:

Name of the Related Party	Nature of Relationship	Name of Director or Key Managerial Personnel who is related, if any	Nature of Transactions as per Section 188 of the Companies Act, 2013	Monetary Value of Transactions (₹ in crore)	Nature, Material Terms and particulars of the contract or arrangement	Any other information relevant or important for the Members to take decision on the proposed resolution
Future Enterprises Limited ("FEL")	Related party	Mr. Kishore Biyani (Promoter and Vice Chairman of FEL)	Lease Rental & Service charges	700	As per the terms of the respective contracts or arrangements entered into or to be entered into from time to time in the ordinary course of business and on an arms' length basis.	The transaction have been reviewed and approved by the Audit Committee / Board and an arms' length price has been established. In case of resale by FEL the same is being sold at cost of procurement plus minimum margin for handling as per applicable Regulations.
			Purchase & Sale of Goods, Products & Services	5,000		
			Providing of services as collection & authorised agent for Fixed Deposit Program	10		
			Purchase and Sale of Capital Goods	10		
Future Consumer Limited ("FCL")	Related party	Mr. Kishore Biyani (Promoter and Vice Chairman of FCL)	Purchase of Goods	3,000	As per the terms of the respective contracts or arrangements entered into or to be entered into from time to time in the ordinary course of business and on an arms' length basis.	The transaction have been reviewed and approved by the Audit Committee / Board and an arms' length price has been established.
			Sale of Goods	20		
			Services (on either sides)	15		
			Purchase/sale of Asset	10		
			Deposits/Other Fees/ Charges	15		

Pursuant to Regulation 23 of SEBI Listing Regulations, all entities falling under the definition of "Related Party" shall abstain from voting in respect of the proposed resolution given in the Notice, irrespective of whether the entity is a party to the particular transaction or not.

Mr. Kishore Biyani and his relatives, shall be deemed to be concerned or interested in the resolution to the extent of their shareholdings in the Company. None of the other Directors, Key Managerial Personnel(s) of the Company and their respective relatives are concerned or interested, financially or otherwise, in the passing of the proposed Resolution.

The Board of Directors recommends the resolution at Item No. 7 as Ordinary Resolution for the approval by the Members.

# Closer to Every Customer

An average customer shops 15-20 times every month across multiple shops - kiranas, modern hypermarkets, fashion shops and online. While Big Bazaar caters to her regular monthly shopping, our small neighborhood chains, easyday and Heritage Fresh caters to her frequent, weekly and daily top-ups. Digital platforms further increase her convenience to shop more frequently. Convenience store chains, 7-Eleven and WH Smith will offer food services and shopping while on transit. Through an optimised store network and a data-driven approach we hope to capture to every shopping frequency of urban households. And in every neighborhood.

**Aim to be within 2 km of every urban household.**

Dear Stakeholders,

We are pleased to share with you the annual report for the financial year 2018-19. For this financial year ended March 2019, your Company has posted income from operations of ₹ 20,165 crores and net profit of ₹ 733 crores, resulting in an earnings per share (EPS) of ₹ 14.58. By the end of the financial year, the Company operated 1,511 stores and attracted 351 million customer visits.

A large part of this annual report will provide you with much more detail on the financial performance of our business and the governance structures we have in place. In addition, in this annual report we show how we are combining proximity retailing with big box retailing to make your Company the first and only choice for every citizen's shopping needs.

Through better technology and data platforms, we are now focusing on every customer's individual needs and aspirations. By collating individual customers' choices, habits and preferences, we are creating better small stores in their own neighbourhoods. easyday in North India

## Chairman's Mail

**In 428 cities** from neighbourhoods to a national retail network

and Heritage Fresh in Southern India is expanding at a rapid pace in large cities and small towns. These small stores combine with the large-store formats like Big Bazaar, fbb and Foodhall to capture the consumption needs of a city across almost every income group.

We are working on optimising this network for every city and town through better understanding of consumption patterns, social trends and community preferences. With our presence in 428 cities and towns, we are now set to replicate this approach at national level.

With 292 large format stores in almost every state of the country, Big Bazaar is the country's prominent national retailer. The brand is counted among the most trusted brands in the services sector. This year, Interbrand India ranked Big Bazaar among the top 40 most valuable brands in the country. The business has matured very well and is well poised to create consistent value for our customers and every stakeholder.

While we will continue to make Big Bazaar bigger and better as a preferred destination for monthly shopping needs of customers, we are focusing a lot on building the small store network that caters to small but more frequent purchases.

The small store network is built on a robust technology platform that makes it more convenient for customers and more scalable for the organisation. During this year, we introduced the easyday Club mobile app for ordering products, scheduling home deliveries and store pick-ups, along with many other features for our member customers. This has been introduced in over 140 stores in Delhi NCR and has resulted in significant increase in spends and frequency of our member customers. During the forthcoming year, we will be extending it in a phased manner across different cities.

Among our member customers at easyday, there is a large segment of customers who are now shopping more than 50 times in a year. This is

# How can we help you today?

Hi Sooraj Prem, welcome to your easyday Club. Ask me anything about your club to create a shopping list and place an order!

+Create New List

Please send me  
Eggs 12  
Cucumber 1kg  
Milk 4ltr  
Amul butter 500gm x 2  
Ragi Flour 1kg

Previously, you had ordered Sambhar masala with Ragi Flour, would you like to add it to your list?

Yes! Thanks for reminding me!

**“While Big Bazaar captures monthly shopping cycles, small stores become extremely important in capturing the frequent, daily and weekly top ups.”**

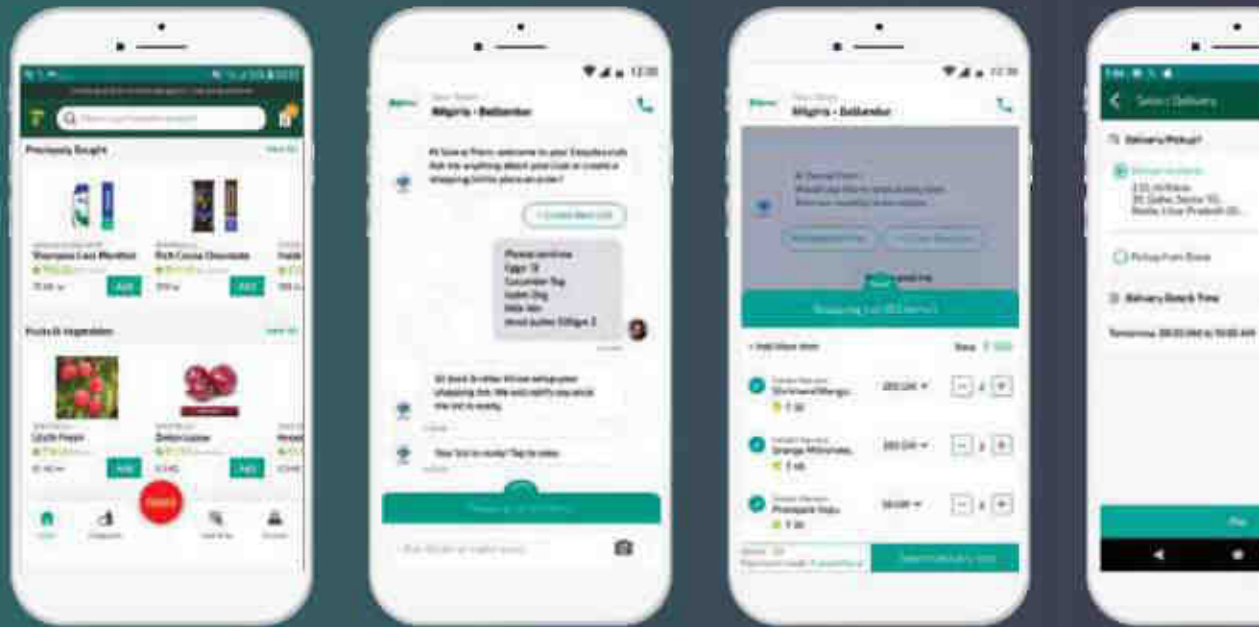

a spend and frequency the Company couldn't have captured through the large store networks. While Big Bazaar captures monthly shopping cycles, small stores become extremely important in capturing the frequent, daily and weekly top ups. The mobile app and ecommerce portal, increase this frequency further.

We realise social messaging is the most comfortable user interface on smart phones for most of our member customers. A key technology goal we are aiming for introducing a conversation commerce platform within the easyday Club

app, wherein customers can place orders, track deliveries, make payments - all through a message-based interface. We eventually hope to offer this feature in eight Indian languages.

In last year's report we had shared extensive details on our mobile wallet, FuturePay. We are happy to share that now more than 10 million of our customers have downloaded the app and using it regularly to shop and engage with our brands. During the forthcoming year, we will be rolling out a series of new features on the app, aimed at making shopping with FuturePay a more engaging and frictionless experience. FuturePay has also been fully integrated with the Company's ecommerce platform, fbonline.in and easyday Club mobile app.

Retailing business is spread across the three stages - customer acquisition, discovery and fulfillment. With a membership driven model in small stores and Big Bazaar's presence in prime locations in urban centers, our customer acquisition cost is minimal and in many cases revenue accretive. Our digital and physical platforms provide the most

engaging experience for discovery of brands, products and categories that spur consumption. And being closest to customer, our fulfilment cost or cost of delivering to customers' homes from within a two-kilometer radius of the store is the lowest amongst any modern retail or ecommerce model.

By integrating big box retailing with proximity retail, we believe we have a model that is well placed to capture consumption and also operate at the lowest possible cost. Our decades of experience and expertise gives us the strength to execute this with both speed and diligence. Technology and data sciences will continue to play the most critical role in making this happen in the most time and resource efficient manner. At the same time, the human touch and imagination to create new and exciting experiences for customers will continue to play a major role in winning the hearts and minds of our customers.

Inclusion is among the fundamental features around which our retail brands and experiences are built. In this report, we also share with you

how the Big Bazaar team put in a huge effort in learning about and empathising with customers with physical challenges. We are proud to state that now more than 140 Big Bazaar stores are a lot more accessible for customers who may be physically challenged or visual or hearing impaired. Many such people, including those with autism or Down's Syndrome are also now our colleagues working shoulder-to-shoulder at our stores and offices.

At our heart, we are a learning organisation, always eager to introspect, adapt and win in the marketplace. We are always keen to find opportunities to pursue new ideas and write new success stories. We thank all our stakeholders for being part of this journey of co-creating the new.

Rewrite Rules, Retain Values.

Kishore Biyani

# The National Retailer

Big Bazaar |

Big Bazaar near me

Big Bazaar smart search

Big Bazaar offers

India's national retailer went a step ahead with operating 292 stores in 144 cities and towns in 28 states across the country. By the end of the financial year, Big Bazaar stores across the country had attracted 244 million footfalls and once again winning the plaudit of the most trusted retail brand in the country. New stores came up in far-flung cities - from Jalpaiguri in West Bengal and Dibrugarh in the Assam to one's within the heart of the country - Ramgarh in Jharkhand or Korba in Chattisgarh. New stores were also added in cities like Pune (seventh store), Bhubaneswar (sixth store) and Nagpur (sixth store).

Innovative customer service initiatives, next generation layouts and store design, and a wider assortment of fresh food and services mark every Big Bazaar GenNxt stores in key urban centers. GenNxt store was launched in Hyderabad. New digital initiatives included a large collection of video recipes on YouTube channel, CookAlong and SmartSearch on Google that provides exclusive offers and prices for products.

PriceMatch feature on FuturePay mobile wallet ensures customers always get the best price for every product.

If a product was available cheaper anywhere close by, customers get a automatic refund.

**BIG BAZAAR**<sup>TM</sup>  
Making India Beautiful

## A Multi-Sensory Experience

By far the largest and most iconic Foodhall store opened in December at Linking Road, Mumbai. The store's design and customer experience can be compared to the best in the world and has earned immense plaudits and patronage of very discerning customers across the city. Spread across 25,000 square feet, the store encapsulates the global trend of transforming food and grocery shopping into a fully sensorial experience that integrates new product discovery, shopping and food services into a seamless experience.

Some of the features at the store include, Cafe by Foodhall, a 60-seater chic space with an eclectic curation of dishes made and artisanal coffees.

The Cheese Cellar features over 100 varieties of cheese from 20 countries while Oliveology, is an exclusive selection of artisanal oils from reputed producers across Italy. The store also features the city's first hydroponic wall at The Fresh Garden at the Farmer's Market. The store also features a tea salon, a coffee lab, 'Sorrentina by Foodhall', the superstore's first ever restaurant and a cookery studio that attracts culinary experts to offer interactive cooking classes and certification courses.

While new stores were added in Mumbai and Delhi, all the 12 Foodhall stores now also have a range of specialty home-grown brands for niche

**81%** footfalls to conversion ratio

*Foodhall*

products - from an ARQA spice station to The House of Tea (THT) and Essentials by Foodhall offering a premium range of pantry staples including pulses, rice, cereals and specialty flours such as Almond Flour, Hazelnut Flour, and Quinoa Flour. For people who love sharing their love for food, Foodhall also offers customized services - Blue Ribbon Gifting by Foodhall and Party Chef Menu.

# India's Fashion Hub

Over the years, fbb has emerged as a popular fashion destination for young consumers and families. Every Big Bazaar store features a large fbb section that offers garments across every category. Almost every garment sold at fbb is a Future Group owned brand like Knighthood, DJ&C, Bare, Buffalo in menswear, shyla and Srishti in womenswear, Pink & Blue in kidswear, or exclusive licensee brands like Lee Cooper Original or Converse.

Popular music icon, Diljit Dosanjh joined Bollywood Katrina Kaif and Varun Dhawan as celebrity endorsees for fbb. The brand's association with fbb Miss India pageant now helps the brand connect with customers in every state and small cities and towns across India. A number of new initiatives were taken to keep the brand fresh and relevant to customers.

From introducing Shikari Shambhu T-shirts and assorted merchandise featuring comics from Tinkle and Amar Chitra Katha to organising the first fashion show at Mumbai's iconic T2 airport terminal. In Kolkata, the brand launched a Glam Tram - an iconic tram transformed into a fashion store on wheels. The tram that went touring the city for 45 days around the Durga Pujo season, featured fbb's festive collection.

fbb enjoys a strong online presence through its own ecommerce portal, [fbbonline.in](http://fbbonline.in) and various social and digital channels. [fbbonline.in](http://fbbonline.in) created new properties like Midnight Sale and Watch Now, Buy Now - a shopping enabled live online fashion show that garnered a very encouraging response from customers.

easyday near me

Pados Ki Dukaan

The Company's neighbourhood-store network increased from 666 stores at the end of March 2018 to 1,007 stores by the end of March 2019. Now spread across 335 cities and towns in 23 states across the country, the small stores network attracted over 94 million customer footfalls. In northern India, easyday is the primary brand while in South India, Heritage Fresh is the primary brand for the country's neighborhood store network. During the year, the Company acquired and integrated the Foodworld chain into this small store network.

The small store network is being developed as a membership platform. Every store is mandated to have around 3,500 member-customers who can avail a range of benefits including home delivery and a flat 10% discount across most products. In February 2019, the Company introduced an improved and updated version of its app-based ordering platform for customers in around 140 easyday stores in the Delhi National Capital Region. The response from customers have been overwhelming and has led to a significant increase in total relationship value and frequency of orders from member customers.

During the forthcoming year, the Company will be extending this platform to select cities and towns across the country. The app-based platform is already integrated with the FuturePay mobile wallet, allowing a frictionless payment experience for customers. Customers can schedule a time and date of home delivery or pick it up from the store at a scheduled time. During the year, the Company hopes to also launch a chat-based ordering platform on its mobile app.

The small store network will be the prime driver for growth and consumer engagement in the years ahead. Built on a strong digital platform and being close to customers, the stores operate with the lowest fulfilment cost and lowest customer acquisition cost, compared to any digital-led food and grocery business.

paid members

## PROXIMITY RETAIL

# Small Stores & The Neighbourhood

### Store Manager

A digital platform and mobile apps allow her to track every store metric, understand members' needs and connect with them. He or she is recruited from the neighbourhood.

### Members

Around 3500 customers from a neighbourhood can become members for an annual fee of Rs.999. Exclusive benefits include home delivery, assured discount and order on app.

### Home Delivery

Home delivery is offered free of cost to members, thus making it a high convenience store. Members being in 2 km radius makes it a low cost operation.

### Data

Data from the neighbourhood and members help customize the store, develop targeted communication and promotions and continuously improve the store.

### App

The mobile app takes orders, FuturePay enables payments, schedule and track deliveries and will soon allow AI-based interactions on a WhatsApp like-interface.

# Big Bazaar and The City

## Vasant Kunj, NCR

**Amarjeet Kumar**  
Store Karta

Over the 7 years as the Store Karta, I have moulded myself to take care of my team in both, professional and personal aspects. One unique practice which I initiated was the 'Refresh at 6pm' ritual. This emphasised on the need to stay ready, re-energised and well prepared in the evening just the way we are ready for customers during the opening hours of the store. This has given our customers a good impression of our culture, it has also translated into better sales.

## Malad, Mumbai

**Dinesh Bodwani**  
Store Karta

The initial weeks following the store launch, the business in the mornings was not encouraging. One of our regular customers suggested that we highlight the fresh fruits and vegetables section. With the help of our store and marketing team we went to nearby societies and shared leaflets amongst residents. This little step helped double our business in the morning hours (10am to 12noon). My biggest learning has been to listen carefully to the feedback that our customers give us.

## LIC Mall, Kolkata

**Arindom Roy**  
Store Karta

In practice, I encourage the habit of constantly introspecting and improving our processes. We have always ensured that our shop floor is kept ready with proper planning. A good example of our floor preparedness and discipline was shown in how we managed sales of Rs. 75 lakhs on a single day, selling almost 25k pieces of apparels, and yet we were absolutely ready for the customers the next morning, with all the replenishment and execution in perfect place.

## Uppal, Hyderabad

**Chandrashekhar Nanduri**  
Store Karta

We constantly look for ways to make our customers feel special. We have initiated a special practice, 'Char Beje Cha' where we invite our elderly customers daily at 4pm for tea and the team interacts with them, gets their feedback on the store and improves on the service levels further. This simple ritual aims at achieving excellence in customer service. My biggest learning is to put every situation into perspective and look at it from the customer's lens before making decisions.

Store Kartas across Big Bazaar stores are empowered to make key decisions and new initiatives that help them connect better with customers and then share their learnings across the network. These help build more customer-connected stores as well as set next practices for the chain. Here are some stories from some of our stores.

### Gokulam, Mysore

**Mamatha L**  
Store Karta

I have been trusted with leading the Big Bazaar Gokulam store in Mysore. We found out that our customer base practices Yoga extensively in the 300 odd Yoga centres around the store. With this insight we organised International Yoga Day at the store to engage with the community. The event got a huge response with over 500 customers celebrating the day with us! After all, modern retail is all about creating a good memory and experience.

### Vasai, Virar

**George Abraham**  
Store Karta

The demographics of Vasai are pretty diverse and so my team and I have made special efforts to ensure that all the festivals are celebrated with equal fervour at the store so we connect with all the communities. In a company that values the 'Indianness' that is present in all of us, festivals make a perfect time for us to take the initiative and become a special part of people's celebrations and preparations. As a Karta, I ensure that we become a part of the community we are in.

### PS Aviator, Kolkata

**Indranil Das**  
Store Karta

It was a busy Sunday evening at my store and a customer came up to me at the cash counter and said 'PLEASE DON'T TURN THIS STORE INTO ANY OTHER RETAIL STORE'. For a second I was taken aback. I asked him if he had faced any issues while shopping. He replied calmly, "There was no problem, I enjoyed my shopping here. I meant to say set this store as a benchmark for other stores and retailers. Take it to the next level." Those words stuck with me and inspire me excel.

### Bengaluru

**Chendrashekhar Nanduri**  
Store Karta

Every year on 14 February, I wish my Housekeeping, Security and Multi-tasking staff with flowers, Cadbury chocolates and an appreciation letter for their contribution to the store. I truly feel that valuing our customers goes a long way in gaining the customer's trust. However, making our staff feel valued is just as important. Future Group has taught me to explore and achieve impossible milestones with an optimistic approach and with a positive attitude.

From  
neighbourhoods  
to a national retail  
network

We believe that the joy of shopping should be accessible to everyone - senior citizens, expectant mothers, temporarily disabled and people with physical challenges. To navigate, explore, talk, discover and shop like any other shoppers. At Big Bazaar, we wish to foster inclusiveness and enable everyone shop irrespective of race, religion, income, age or physical abilities.

# 195

Big Bazaar has full-time employees with physical challenges

# 10

Professionals with autism plan to join an internship program in 2019-20

- February 2018 : Listening session for shoppers with reduced locomotive ability.

- December 2017 : Listening session for hearing and speech impaired shoppers.

- More than 10,000 employees went through sensitisation training in three modules and more than 662 trainers were trained for this.

2018

**TODAY,  
I SHOPPED  
FOR THE  
FIRST TIME.  
AND I CAN'T  
WAIT  
TO SHOP  
AGAIN.**

2017

2018

- We joined hands with experts in the area like National Association of the Blind, Sol's Arc, Forums for Autism, v-shash and Youth4Jobs.

- We identified the pillars for inclusion. Change in infrastructure like accessible trial rooms and washrooms, ramps, wider aisles, wheelchairs on request, lower height customer service desks and more. Change in services like priority counters, home delivery, shopping assistance and shopping guides. And most importantly change in our mindsets involving Avesha training and sensitisation of store colleagues through three distinct stages.

**140**

Big Bazaar stores are now accessible for people with physical challenges

**12**

Big Bazaar, Varanasi has high number of hearing-impaired employees

**01**

A woman employee of Big Bazaar, Visant Kung, with Down's Syndrome is an ambassador of Indian government for 2019 elections

• August 2018 : Listening session for shoppers with blindness.

• December 2018 : Big Bazaar Matunga, Mumbai became the first store to organise a Quiet Hour between 9:30 AM - 11:20 AM. Dimmed lights, lesser trolley movements, minimal announcements and dedicated assistance from trained staff welcomed people with autism at the store.

• March 2019 : 140 Big Bazaar stores now offer wheelchairs, wheelchair-friendly ramps and trial rooms, shopping assistance, free home delivery and priority check out counters for shoppers who need them.

2018

2018

2018

Autism  
**QUIET  
HOUR**

• December 2018 : Fourteen stores across the country celebrated Looking Ahead. More than 400 visually impaired customers participated in special workshops on fashion tips, beauty and grooming and hands-on training on cooking using safe equipment. Some stores organised a fashion show and a tasting session after these sessions.

• April 2019 : 16 stores learn from Big Bazaar Matunga to organise Quiet Hour for customers with autism in 16 cities. And this, is just the beginning.

# JOURNEY TOWARDS INTEGRATED REPORTING

## INTEGRATED REPORTING

Starting this year, we are taking our first step towards integrated reporting. We start with the stakeholder engagement, materiality, strategy, business model, risk assessment and mitigation plan followed by governance.

## Relevant Stakeholders

Modes of engagement

**EMPLOYEES**

01

**Any person directly employed by Future Retail, to work at stores, offices or logistics centres.**

- **Engagement:** SPARK, a meet for store Managers to discuss and cross pollinate ideas and themes to execute the strategy of the Company for the current year.
- ✳ **e-magazine:** Futurebytes, provides updates to employees about activities across the Future Group on operational, social and business information, and deliver monthly drops of inspiring content.
- ✳ **Monday Musings:** The CEO communicate our strategy, outlook and progress regularly through weekly updates, as well as videos and podcasts.
- **Pratibimb:** We use our Company-wide online Enterprise App, to share news, key information, significant events, Company announcements and support for day-to-day working.

**CUSTOMERS**

02

**Any person who purchases any product from any format of Future Retail.**

- ▲ **Consumer Insights:** We undertake extensive qualitative and quantitative research to ensure we continue to inspire and excite them.
- ⇒ **Customer Service:** We provide customer assistance across many mediums, including customer service desk at the stores, phone, email, social media and online chat.
- ⇒ **Customer Analytics:** The Company has engaged Palantir to use consumption data from our own customer and help build a comprehensive understanding of our customer needs and demands, ensuring that our decisions are data-informed and customer-centric.
- ▲ **SMS, Email and Advertisement:** To give offers, promotion, event information.

**FREQUENCY OF ENGAGEMENT:** ● REGULARLY ■ ANNUAL ✳ WEEKLY ▲ PERIODIC ⇒ ONGOING PROCESS  
 ✳ ANNUALLY TO ALL SHAREHOLDERS AND QUARTERLY THROUGH STOCK EXCHANGES

## PARTNERS & SUPPLIERS

03

Companies that are part of Future Retail's supply ecosystem as well as their respective employees.

- ➔ **Sustainability Collaborations:** The Company has tied up with not for profit organisations for imparting necessary skills to improve quality of life for individuals and their families, through vocational training and employment opportunities.
- ▲ **Manufacturers/Wholesalers:** We maintain close working relationships through monthly and weekly updates to understand product performance, merchandising development, evaluate stock levels, review order books and address any questions or concerns.
- ▲ **Vendors and Service Providers:** We hold periodic meetings and reviews with our partners, to discuss business and operational developments in the Company and to address any questions and concerns.

## COMMUNITY

04

All people or entities that are part of the ecosystem in which Future Retail carries out its activity.

- ➔ **Financial Support:** We contribute 2% of average net profits of the Company to charitable causes to comply with CSR Regulations.
- ➔ **Sone Ki Chidiya (SKC) Foundation:** We support the SKC Foundation in creating long-term solution to create community ecosystem and addressing key social issues.
- ➔ **Social Value Creation:** Reducing inequalities, promoting education, better health care facilities.

## SHARE-HOLDERS

05

Any person or entity that owns FRL shares.

- ▲ **Shareholders Ongoing Engagement:** Senior management and Investor Relations team hold meetings with investors.
- ▲ **Board Engagement:** The Board receives quarterly updates on the functioning and the health of the Company.
- **Annual General Meeting (AGM):** Our last AGM was well attended with all resolutions passed.
- ✂ **Reporting to Shareholders:** We endeavour to provide a holistic review of the performance of the business and our strategy through all of our communications.
- ▲ **Sector Conferences:** Another forum for communication with investors are the sector conferences organised by financial institutions, taking place in key events throughout Asia, US & Europe with attendance from large institutional investors.

# Materiality determination process

The material issues are reviewed annually by the Board and management where all relevant internal, industry and macroeconomic factors are evaluated. The needs, expectations and concerns of the stakeholder groups that are most likely to influence the Group's ability to create sustainable value, notably customers, employees, partners & suppliers, community and shareholders are central to determining the material issues. The steps followed in determining the material issues are as follows:

- Understanding and clarifying the impact on stakeholder opinion and decision-making
- Understanding and clarifying the impact on society
- Prioritisation, validation and identification of material issues
- Approval by the Board, management and Committees

## Material issues

01. Diversity and Inclusion
02. Labour practices
03. Attracting and retaining talent
04. Human capital development
05. Responsible purchasing practices
06. Commitment to customers
07. Cyber security and data protection
08. Sustainable products
09. Product quality, health and safety
10. Energy and climate change
11. Investment in the community
12. Relationship with stakeholders
13. Corporate Governance
14. Risk management and control systems
15. Regulatory compliance and responsible practices
16. Socioeconomic impact on society

## Strategic focus areas (SFAs) and plan of implementation under each SFA

- **Revenue Growth** – Achieve double digit growth year on year
- **Customer Reach** – Increase number of stores  
Increase customer footfalls  
Increase overall service space
- **Profitability** – Achieve higher Operating profit

₹ **20,164.90 CR.** > Retail Sales

₹ **1,057.38 CR.** > EBIDTA

**9.13%** > Growth %

**5.24%** > EBIDTA%

**6.8%** > SSG%

₹ **732.81 CR.** > PBT

**351 mn.** > Footfalls

**3.63%** > PBT%

**50** > Large Stores Addition

**25.28%** > EBIDTA Growth %

**440** > Small Stores Addition

**19.12%** > PBT Growth %

**1.6 mn. sq.ft** > Area Addition

₹ **14.58** > EPS

## Medium to Long term strategy

The strategy is to build organizational capabilities in order to garner a high consumption wallet share of our members and customers over a sustainably long period of time. Capabilities would need to be built through rigorous execution, strategic new business initiatives such as proximity retail, data-led predictive sciences, and artificial intelligence to manage various functions. Successful implementation of the strategy could result in higher growth and stronger earnings profile as well as better customer experience.

## Medium to Long term strategy

> Large Customer database

> Strong own brand product portfolio

> Pan India Network of stores

## BRAND CAPITAL

The Company's leading format brand "Big Bazaar" appears in most valuable service brand list. Also other format brands have been recognised at various forums as contributing to retail industry. Further the support of various product brands sold through our various format stores enhances overall brand capital of the Company.

## Risk management and mitigation is integral to our sustainability priorities.

We proactively strive to identify existing and potential risks and take pre-emptive steps to mitigate them. Our robust risk management framework represents the basis of this approach. Our risk-management process is closely linked to our organisational culture.

## Our key risks, considerations and mitigation measures

### EXTERNAL RISKS

Environment	
Raw materials, Processing, Packaging, Distribution and its impact on environment.	Introducing alternate categories, piloting programmes for various alternates, sustainability reviews, restructuring distribution, creating awareness, reviewing packaging, compliances, Health & Safety, etc.
Depleting/extinct categories, alternate categories, alternate energy, alternate processes, alternate materials, distribution channels, alternate packaging, compliance with NGT or other NGOs etc.	Chief Sustainability Officer has been appointed. Strategy with respect to sustainability drafted Policies with respect to Environment, Ethics, Human Rights, Influencing Public and Regulatory, Product Stewardship (Sustainability, Product labelling, Recycling, New Product Development), Health and Safety, Stakeholder Engagement, Wellbeing of Employees & Corporate Social Responsibility are now in place. These are displayed on Websites for reference. Implementation is underway.

**CRUCIAL FACTORS**

**MITIGATION MEASURES**

## Regulatory

Ease of operating business, Cost of compliances and its management.

CRUCIAL FACTORS

Goods and Services Tax (GST), demonetisation initiatives, & amendments to Consumer Protection Act, implemented by the Government of India have had a positive impact on the organised retail sector. Repealing/scrapping of redundant acts, & ongoing update of various regulations (specially Policies with respect to E-Commerce) is promising towards ease of doing business. Emerging Compliances in the area of Data Privacy/Protection, Cyber world, Digital Transformations, Consumer Protection, will further enable Consumer Protection and help us in winning their confidence.

Improving overall culture for compliances by implementation and upgrade of Multiple applications like Anushasan (License Tracking), Abhiyog (Litigation Management), Lekha Prabandhak (IPR management) and introducing further applications for areas such as Insider Trading Management.

Continuous update of Governance Processes/Documents

Re-skilling of workforce, adoption of technology (AR,VR, Cloud, Artificial Intelligence, Mobility, Analytics, Blockchain) & Improved MIS/Reporting.

MITIGATION MEASURES

## Economy

Revenue from operations

CRUCIAL FACTORS

At present, various macroeconomic, Geo- political factors such as stable government, GDP growth rate, inflation are impacting the Company favourably.

Continue to upgrade and open Big Bazaar Gen-next & Foodhall. Deploying dedicated teams to capture trends / moods / aspirations of customers at international/national levels.

Designing suitable promotions (Free Shopping etc. Public Holiday Sale). Driving relevant Customer Loyalty programmes (Future Pay / BB Profit Club / Easyday Savings Club). Media space utilisation needs to improve.

Markdown being tracked through Promotion Workflow Management (PWM).

Initiatives are being taken to improve efficiency / effectiveness of Markdowns i.e. to make it more smarter with the help of technology. Markdowns related to slow moving inventory and other inventory dilutions (shrinkage, damages, defectives, dump etc.) to be reduced by optimising overall inventory levels and improving inventory audits.

## INTERNAL RISKS

### Strategy

Business Model, Online e-commerce, Online- Offline, Offline-Online, Format size, Value/Lifestyle etc.

Deep discounting across channels online and offline continues to disrupt the market

Sustaining a multi-format, multi-channel, approach to help the Company remain in business.

E Commerce channel has been established, Big Bazaar and fbb are live. Emerging risks such as Online Reputation Management, Digital Campaigning Effectiveness, etc. are already being managed in structured way which need to be further strengthened.

CRUCIAL FACTORS

MITIGATION MEASURES

### Governance

Shareholder Value Creation, Vendor Management, People Office Management.

Shareholder Satisfaction, Vendor Performance/Satisfaction/Relationship management, Product quality, Employee Satisfaction.

Received only 10 grievances from shareholders of which 9 have been resolved and balance one complaint since resolved during the current year.

Chatbot model (Genie) an Artificial Intelligence system is in the pipeline for implementation.

A Vendor organisation is being created responsible for on-boarding, scaling-up and mentoring Vendors within the Eco system, and relentlessly driving execution of these strategies. This will lay strong foundation of partnerships with vendors. This will improve areas of store-memberships, financial services to vendors, supply chain and warehousing among numerous other services.

Future 360, a SAS based model, Cloud Based People Office System bringing about digital transformation in the area of HR, Geo-tagging, Geo-fencing, on-the-fly travel requisitions, and other additional facilities are part of this package for the employees.

CRUCIAL FACTORS

MITIGATION MEASURES

## Technology

Customer Service/Experiences, Supply chain, Cyber, Innovation.

CRUCIAL FACTORS

Availability & Demand Forecasting are key performance indicators. Tathaatu (Anything, Anytime, Anywhere). Enhancing customer experience/service for ever changing customer is a challenge. Cyber attacks/protection, Data Governance/Protection. Technology Innovation and implementation is important.

Brand management (with partner brands), is being continuously improved, obtaining and acting upon customer feedback.

Continuous improvements are being made in the area of Supply Chain and related Technology (latest being state of the ART sorting facility established at Nagpur Distribution Centre).

Chief Information Security Officer has been appointed.

Policy with respect to Information and IT Security including Data Governance/Privacy and Disaster Recovery are in place. Programmes with respect to these are being implemented. This is critical as the organisation is being built upon the vast consumer data generated. A data-led digital platform is being built that world can emulate. Future is being created with data sciences, artificial intelligence, and next generation technology (Internet of Things, Augmented Reality, Virtual Reality, etc.).

Strategy in relation to insurance is being regularly revisited in terms of further areas for which insurance is required specially in the Cyber/Data segment.

Net Promoter Score is tracked continuously to improve overall experience. Engage 247 have been implemented to enable better Customer Experience.

The Digital labs continues to work in the area of R&D where required. MS-Customer Relationship Management software has been implemented.

- Entered into Master Franchise Agreement through its subsidiary, SHME Food Brands, with world leader in convenience stores 7-Eleven.
- Entered into shareholders agreement for opening of a joint venture company at Oman for promoting "fbb" brand and running "fbb" stores in Oman and other states of GCC.

## MANAGEMENT DISCUSSION AND ANALYSIS

This year was a year of focused execution and stable expansion of our large format stores and strategic expansion of the small format stores.

### Large Format Stores

We added 21 new large stores during the year and were able to achieve 10.9% same store sales growth in this format. Our focus on efficient store expansion has led to the furtherance of a distribution network that is unparalleled in the country.

In continuation of the previous fiscal year, Big Bazaar remained firmly on the path of operating leverage with improving margins quarter after quarter. We have successfully completed the integration of Hypercity with delivery of committed turnaround in time. Strong value enhancements from synergistic mutual strengths, rationalisation of back-end costs and economies of scale will continue to further improve the performance of integrated Hypercity stores.

### Small Format Stores

On Small format stores this year, we maintained dual strategic focus -(a) making older stores efficient with higher contribution from members' with extensive data & tech development across delivery functions & processes, and (b) expanding aggressively in defined markets. We have opened more than 400 small stores this year, ending the year with more than 1,100 stores (including WHSmith). We added 6 lakh members this year, hence doubling the member base from last year. An easyday club member visits the store 3-4x a month fulfilling about 50-60% of his/her annual grocery consumption from this format.

We believe that the combination of large format and small format stores will enable us to serve better our loyal customers & members and in turn, continue to establish stronger foothold for FRL across all major markets of India. We already have a strong market foothold in several such centers.

Through membership penetration, the Company continues to increase its share in the consumers' wallet, which to our belief, is sustainable advantage, profitable and value accretive in the longer run. Other key initiatives include, increasing the velocity of sales and productivity of stores while continuously deepening the market presence. Through data and technology-led improvements, our objective has been to enhance assortment relevance, improve quality standards, shopping experience and reinvent ourselves for higher customer conversion ratio, better ticket sizes and better same store sales growth.

For our customers, we continue to drive their experiences to better & higher levels. Services like faster checkouts, sit-down lounges, digital shelf talkers and experience zones with multi sensorial food products

giving a world class shopping experience are just some of them. Our stores are designed to be smarter and experiential through use of technology, innovation in services, layouts and filled with digital interfaces. These stores redefine the retailing experience and set new benchmarks for retailing in India.

Customer loyalty remains one of our key pillars of growth and we continue to focus on understanding our customers based on the data collected and analyzed of our frequent shoppers. We continue to develop digital payment wallet 'Future Pay' with the price match feature building firm customer trust, EMI facility for spends above certain limit across stores of the Company (through EMI network card co-branded with Bajaj Finance), #DecideYourPrice initiative through social networking websites, etc. Our membership programs have seen strongest ever growth and high renewal rates from the customers.

### Industry Outlook

As per industry reports, India's retail market size is pegged at ~USD822bn, of which the organized segment (excluding e-commerce) accounts for about 11% of the overall retail market as of FY19. This share is expected to increase to ~16% over the next 5-6 years, with the organized retail market growing at a CAGR of ~20%. Interestingly, over the last five years, the organized retail market grew at ~19%, increasing its penetration from 7% to around 11%.

The target market of the Company, which mainly comprises of low to high level income individuals, continues to expand more significantly. Based on external research, we believe FRL with its wide assortment of products across Food, Fashion and Home through large format stores and its targeted grocery assortment in the small format stores is on the path to capture a higher proportion of the growing modern retail share.

### Overview: Operational, Customer and Marketing

Through the two store formats, large format and small format stores, Company retains its focus on the core categories of Food, Fashion and Home. A common thread across these categories is the advantage of scale to support our quest & delivery of improved quality, better value, higher availability and differentiated products in our stores. Pan-India reach continues to yield strategic edge to the business at large and all incremental space additions make the back-end operations more cost effective.

On marketing, in continuation to previous year's partnerships, the Company was one of the key sponsors to two of India's most coveted events – IPL and the fbb Miss India pageant. Promotional activities like Wednesday Bazaar, Public Holiday Sale, Independence Sale, Sabse Saste 5 Din continued to add value to

customers and business alike. Innovations such as Kitchen Stock Exchange, Live shopping alongside facebook, exchange offers, specific category sales & many more delivered high participation from the customers. Further, the Future Pay wallet, price match challenge, electronics at cost price, #DecideYourPrice campaign kept the customers hooked onto our formats.

fbf continues to connect with the young customers, by promoting various events. Miss India contest, IPL season 12, music and performance events continue to portray fbf as the fashion destination for youth. fbf has a strong presence on social media, such as Facebook and Twitter. The Company considers fbf as an important strategic piece to register its presence in fashion, enhance sales productivity and improve margin profile and profitability.

fbf has become known for 'fashion at affordable price'. Further, celebrity endorsements and its media presence in big events like Miss India and IPL, continued to keep fbf fresh and renewed in minds of fashion conscious youth and other customers.

### Awards and Recognitions

The Company and its formats received awards in categories like:

- ❖ Foodhall at MKT, Chanakyapuri won VM&RD Awards 2019, North in Best Shop Fitting;
- ❖ Foodhall at Two Horizon Centre, Gurugram won VM&RD Awards 2019, North in Food Groceries and General Merchandise.

## Human Resource initiatives

Human Resource is one of the key interfaces the Company has with its customers and hence it is very critical to ensure continuous learning and development of its people resources. FRL employs 45,949 employees located at Head Office, Zonal Offices, Retail Stores, Design houses and Data-Centers across the Country. The Company imparts continuous training to its employees in various fields and at the same time also ensures individual development by imparting training for improvement of skills, knowledge and leadership abilities. The Company has attracted best talents from the industry as well as successful in retaining its core team, which has rich experience of last 20 years leading the Company's core retail business. This year we intend to work on two key pillars to transform our People Office, first by transforming our people processes with the help of technology and second by bringing together the synergies of people organisations across the Group. Further, the Company has implemented ESOP scheme to give better retention benefits to its valued human assets.

## Business Outlook

Future Retail has an unparalleled network of stores under core two formats, spread across pan India and is poised to get the maximum benefit of the surge in the consumption drive. We believe that the network is strategically well placed to capture the growth in organized sector over unorganized as well as give incumbency advantages.

We would continue to strive towards optimization of capital employed in our business with a high focus on interest cost reduction, dependencies within the group or large external partners.

A potential reduction in debt, improvement in net worth, would help the Company to achieve better credit ratings, which could eventually help the Company to obtain funding at much more reasonable terms. The Credit Analysis & Research Limited (CARE), has assigned its rating for Short Term borrowings to [CARE A1+ [CARE A One Plus]] and Long Term borrowings [CARE AA- [CARE Double A Minus] as of March 31, 2019. For further details on credit rating, you can refer corporate governance report forming part of this Annual Report.

FRL has been at the forefront of modern retail industry evolution and shall continue to lead from front. To this extent, our formats are significantly better on customer experience, technological advancements, and experienced and skilled workforce. We believe this could yield better growth than industry for us in the years to come.

## Risks and Threats

External environment factors like interest rates, inflation, liquidity, rationalisation of tax structure, job

creation and consumption sentiments continue to be the biggest threats as well as opportunities for the Company. Any slowdown in the economic activity in the Country, significant job losses or high rates of inflation can severely impact the consumption and therefore growth of the Company.

In the recent times, Indian economy has witnessed acute liquidity challenges and softness in the consumption in select discretionary categories (mainly Auto). Any furtherance of the sentiments into categories of our presence – Food, Fashion or Home, could potentially have an adverse impact on the growth and in turn on profitability. The continued liquidity issues could lead to a negative impact at the end of our vendors or supplier base as well, which might have an adverse impact on our working capital management.

Other external factors, such as increase in borrowing costs, policy changes or adversities could lead to negative surprises impacting growth, profitability and / or cash flows. While FRL does have robust internal controls and systems to manage such adversities, the outcome could still be challenging.

## Internal controls and their adequacy

The Company had identified the key risks and control process to mitigate the same. Further, the Company continues this process of Enterprise Risk Management in order to identify the new risks and to define and establish the control process to mitigate the identified risks. Further, the Internal Control Framework for financial reporting, organization structure, documented authorities and procedures and internal controls are being reviewed by internal audit team on continuous basis and any issues arising out of the said audit are addressed appropriately. The Company is continuously upgrading its internal control systems by measuring state of controls at various locations. Controls in SAP, an ERP system have been strengthened.

The Audit Committee, comprising of Independent Directors is involved in regular review of financial and risk management policies, significant audit findings, the adequacy of internal controls and compliance with the applicable accounting standards.

## Review of Financial Performance of the Company for the year under review

The financial results for the twelve months ended March 31, 2019 are not comparable with corresponding period of previous year, due to effect given to demerger of Home Retail Business undertaking to Praxis Home Retail Limited and demerged Retail Business Undertaking of Hypercity Retail (India) Limited with the Company in the previous year.

- Basic and Diluted (in ₹)	14.58	0.23	14.47

(#)The Company has prepared the consolidated financial results as required under the provisions of the Companies Act, 2013 (hereinafter referred to as "the Act") and the applicable prescribed Accounting Standards under the Act, since this is the first year, when the Company has subsidiary and joint venture companies. There were no subsidiary or joint venture companies in previous year and hence no comparable numbers of previous year are available.

### REVIEW OF PERFORMANCE

During the year under review, your Company recorded an increase of 9.13% in the Standalone Revenue from Operations at ₹ 20,164.90 crore as compared to ₹ 18,477.97 crore in the previous financial year. Consolidated Revenue from Operations was reported at ₹ 20,332.58 crore during the year under review. Your Company also reported an increase of 19.12% in the Profit of ₹ 732.81 crore as compared to ₹ 615.18 crore for the previous financial year, before exceptional item.

The year 2018-19 was a very fulfilling year. We now have a pan India presence with 1,511 stores in 428 cities as of March 31, 2019 and total retail space of approximately 16.14 million sq. ft. for various formats of our Company. As on March 31, 2019, we have 292 Big Bazaar/Hypercity stores, 94 fbb stores, 12 Foodhall stores, 1,106 small format stores (including WHSmith stores) and 7 eZone stores. Our retail format business is supported by various other businesses operated by Future Group companies and through investee companies of Future Group

operating in various ventures including branded fashion, food & FMCG, insurance, warehousing & logistics, media and textiles.

As regard the well-developed formats like Big Bazaar, fbb, Foodhall, easyday etc. which has received good recognition and also acceptance by our stakeholders, we have been able to develop presence across India with good loyal customer base of approximately 50 million members across all formats as of March 31, 2019.

Fiscal 2019 also firmed up the stage for a strong omni-channel business and Online to Offline conversions. The Company has set the foot on a focused small-store membership program, higher paid-loyalty membership enrolments in large format stores and in parallel, several functional enrichment to serve such loyal customers better. To this extent, we have increased the retail technology play across our stores, enriched the Future Pay wallet and introduced many member service aspects.

## **SCHEME OF ARRANGEMENT AND ACQUISITION**

### **a. Scheme of Arrangement between Hypercity Retail (India) Limited and the Company and their respective Shareholders ("Hypercity Scheme")**

## **BUSINESS OUTLOOK**

We believe that your Company with its unparalleled network of stores spread across India is poised to get the maximum benefit of the surge in the consumption drive. We also believe that the network is strategically well placed to capture the growth in organised sector over unorganised as well as yield incumbency advantages.

Our Retail 3.0 organisation of small format stores has come together and we have now focussed strategy on a combined expansion of member platform and member-retail stores. The small stores are overlaid with digital & technology functionalities in many ways which makes the pace of the business management more efficient and allows the Company to expand at a very fast pace. We now have more than 11 lakh active, paid members on our small stores network. Currently, we are rolling out the easyday app for members to order digitally or through inter active commerce from their mobile phones and track delivery at home. The app has unique features like voice search and scheduling in-store or at-home delivery.

Future Group had launched a Future Consumer and Digital (C&D) Lab in Bengaluru that focuses on the consumer and digital space to bring in next-generation innovations using Artificial Intelligence, Big Data Analytics, Blockchains, Internet of Things, Robotics and allied technologies. The C&D Lab brings together multiple teams and companies that are working in these areas, housed in a common, collaborative space and will have ready access to test, experiment, and prototype their technologies across Future Group's brand and retail platforms that serve over a million customers every day.

The Lab is pursuing technology developments that will influence consumer experiences in areas such as payments, unique consumer identification and development of one-on-one consumer conversations, analytics and predictive modeling as well as in back-end functions such as supplier engagements, supply chain automation and infrastructure deployment.

As you are also aware, Future Group is the chosen partner for the launch of 7-Eleven brands of convenience stores in India. With over 67,000 stores across 17 countries, 7-Eleven is an iconic, global retail brand. In India, we will be scripting a unique story for 7-Eleven, combining food services, convenience and superb customer service in every urban neighbourhood. The growth and expansion of 7-Eleven will be a critical part of growing our food and FMCG brands and bringing new services, formats and conveniences for our customers. A dedicated team is being set up to bring together the best practices of 7-Eleven Inc. and our understanding of India, to create the best proposition and offerings for our customers.

As a consumer-driven business it is important for us to build upon new trends, new categories and new ideas that are going to shape consumption in the years ahead. Future Group's own brands represents one of our strongest pillars for the growth and value creation of our business. Our own brands allows us to earn higher end-to-end margins for the organisation. More importantly, it helps us own and deepen the relationship with customers, addresses gaps not fulfilled by our suppliers and also to meet the customers expectations.

As reported during last year performance, the Big Bazaar, the flagship format contributing good return as witnessed from Same Stores Sales Growth at 10.9% in the year 2018-19 and the management is optimistic to see improvement in performance going forward while their expansion plan of opening new stores and renovating existing Big Bazaar stores in place.

The Company is continuing its expansion plan for fbb format and will add more exclusive brand outlets in coming years. Your Company has already taken fbb brand to international markets through its joint venture with Oman based conglomerate Khimji Ramdas LLC and have already opened 2 (Two) stores in Oman in the current financial year. Over the past few years, fbb has undergone a significant transformation and we will continue our journey of improving products assortments, in-store experience and strengthening our supply chain.

## **DIVIDEND & RESERVES**

## ANNEXURE - I

### FORM NO. MR - 3 SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2019

**[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014 read with Regulation 24A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]**

To,  
The Members,  
Future Retail Limited

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Future Retail Limited (hereinafter called "the Company"). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conduct/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2019 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2019 according to the provisions of:

- i. The Companies Act, 2013 and/or the Companies Act, 1956 to the extent applicable ("the Act") and the Rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ("SCRA") and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed and amended thereunder;
- iv. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines (as amended from time to time) prescribed under the Securities and Exchange Board of India Act, 1992 ("SEBI Act"):
  - a. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations");
  - b. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
  - c. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
  - d. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 and/or the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, to the extent applicable;
  - e. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
  - f. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
  - g. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Act and dealing with client;
  - h. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 - (Not applicable to the Company during the Audit Period); and
  - i. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 - (Not applicable to the Company during the Audit Period).

We have also examined compliance with the applicable clauses of the Secretarial Standards with regard to Meeting of Board of Directors ("SS-1") and General Meetings ("SS-2") issued and as amended from time to time by The Institute of Company Secretaries of India.

During the period under review, the Company has complied with the applicable provisions of the Act, Rules, Regulations, Guidelines, Standards etc. as mentioned above.

We further report that:

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors and Independent/Non-Executive Directors. The changes in the composition of the Board of Directors/Committees thereof that took place during the period under review were carried out in compliance with the provisions of the Act, SEBI Listing Regulations and other applicable provisions thereto;
- Based on the representation given by the Management of the Company and as verified by us, it is observed that there are no such laws which are specifically applicable to the industry in which the Company operates;
- Adequate notice was given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least 7 (Seven) days in advance for meetings other than those held at shorter notice with proper consent and a system exists for seeking and obtaining additional information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting;
- Majority decisions of the Board were carried out unanimously as recorded in the minutes of the meetings of the Board of Directors and no dissenting views were carried out;
- We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further Report that during the audit period of the Company:

(a) There were instances of:

1. Allotment of equity shares pursuant to Employee Stock Option Scheme;
2. Preferential Issue of Warrants; and
3. Formation of joint venture company in Sultanate of Oman.

(b) There were no instances of:

1. Demerger/Restructuring/Scheme of Arrangement;
2. Redemption/Buy-Back of Securities;
3. Foreign Technical Collaborations.

This Report is to be read with our letter of even date which is annexed as Annexure - A and forms an integral part of this Report.

---

### **Annexure - A to Secretarial Audit Report**

To,  
The Members,  
Future Retail Limited

Our report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of the Management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that the correct facts are reflected in secretarial records. We believe that the practices and processes, we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.
4. Wherever required, we have obtained management representation about the compliance of laws, rules, regulations, norms and standards and happening of events.
5. The compliance of the provisions of the corporate and other applicable laws, rules, regulations and norms is the responsibility of Management. Our examination was limited to the verification of procedure on test basis.
6. The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the Management has conducted the affairs of the Company.

## **ANNEXURE - II**

### **Dividend Distribution Policy**

#### **Company's philosophy:**

Future Retail strives to ensure and preserve stakeholders' value and work towards enhancing net worth of the Company as well as overall stakeholders' value. While achieving the above objective, the Company also ensures protecting the interest of all stakeholders', including the society at large.

Future Retail looks upon good Corporate Governance Practices as a key driver of sustainable corporate growth and long term stakeholder value creation. Good Corporate Governance Practices enable a Company to attract high quality financial and human capital. In turn, these resources are leveraged to maximize long-term stakeholder value, while preserving the interests of multiple stakeholders', including the society at large. Our Dividend philosophy is in line with the above principles. Our Dividend payout ratio would be ranging from 25% to 60% of the earned profits for the year, after adjusting any carried forward losses. Dividend payout ratio would be reviewed every three year and would be based upon profitability and retained earnings and would be further subject to business requirements and general economic conditions. The Company will attempt to maintain a consistent dividend record to reward Shareholders.

#### **Declaration of Dividend:**

In line with the philosophy described above, the Board reviews the operating performance every quarter and shall strive to distribute optimum and appropriate level of profits in the form of interim/final dividends, from time to time. All dividends are subject to statutory regulations and approvals, as applicable. Overall, the dividend payout in each year will depend upon business performance, investment requirements of the annual operating plan for the year and any other strategic priorities identified by the Company.

#### **Per share basis:**

The dividend will be declared on per share basis only.

#### **Circumstances under which the shareholders of the listed entities may not expect dividend:**

The Board may choose not to recommend a dividend, if there are important strategic priorities which require large investments that would deplete the Company's cash reserves or uncertainties in the business performance in the near to medium term.

#### **Financial parameters considered while declaring dividend:**

The financial parameters that may be considered before declaring dividend are profitability, cash flow, obligations, taxation policy, past dividend rates and future growth and profitability outlook of the Company.

#### **Internal and external factors considered while declaring dividend:**

The Board leads the strategic management of the Company on behalf of the Shareholders, exercise supervision through direction and control and appoints various Committees to handle specific areas of responsibilities. In this endeavor, the Board reviews various types of information provided to it which has a bearing on declaring dividend. Key internal and external factors are listed below (not exhaustive):

##### **Internal:**

- Annual operating plans, budgets, updates;
- Quarterly and Annual results;
- Strategic updates/financial decisions;
- Any other matter/risks.
- Capital budgets;
- Investments including Mergers and Acquisitions (M&A);
- Funding arrangements;

##### **External:**

- Macro-economic environment;
- Legislations impacting business;
- Changes in accounting policies and applicable standards;
- Any other matter/risks apprehended by the Board.
- Competition;
- Statutory restrictions;
- Client related risks;

#### **Usage of retained earnings:**

Retained earnings would be used to further the Company's business priorities. If there are excess reserves beyond the medium to long term business requirements, the retained earnings would be distributed to Shareholders via Dividends or other means as permitted by applicable regulations.

#### **Parameters that are adopted with regard to various classes of shares:**

Currently, the Company has only one class of shares. If the Company has more than one class of shares in future, dividend for each class would be subject to prescribed statutory guidelines as well as terms of offer of each class to the investors of that class of shares. To the extent permitted, the Company would aim for highest level of transparency and equitable treatment of all investors.

## ANNEXURE - III

### Future Retail Limited Employees Stock Option Plan - 2016 ("FRL ESOP - 2016") of the Company as at March 31, 2019.

None					

(§) Options granted were cancelled on November 23, 2018 due to cessation from employment.

**H. Method and Assumptions used to estimate the fair value of options granted during the year**

The fair value has been calculated using the Black Scholes Option Pricing model. The assumptions used in the model are as follows:

Particulars	Option - I*	Option - II^		Option - III#	
				Grant - I	Grant - II
	Grant on December 15, 2016	Grant on December 6, 2016	Grant on December 15, 2016	Grant on July 5, 2018	Grant on February 4, 2019
Risk Free Interest Rate	6.34%	6.30%	6.30%	7.81%	7.20%
Expected Life (in years)	1.5	2.78	2.75	3.65	3.65
Expected Volatility	43.00%	43.00%	43.00%	33.91%	38.07%
Dividend	0	0	0	0	0
Price of underlying shares in the market at the time of Option grant (in ₹)	127.30	125.10	127.30	559.38	440.43
Stock Price	Average price on BSE Limited on the date of grant has been considered.				

Particulars	Option - I*	Option - II^		Option - III#	
				Grant - I	Grant - II
	Grant on December 15, 2016	Grant on December 6, 2016	Grant on December 15, 2016	Grant on July 5, 2018	Grant on February 4, 2019
Volatility	Volatility was calculated using standard deviation of daily change in stock price. The historical period taken into account match the expected life of the option.				
Risk-free rate of return	The risk-free interest rate being considered for the calculation is the interest rate applicable for a maturity equal to the expected life of the options based on the zero coupon yield curve for Government Securities.				
Exercise Price	Exercise Price of each specific grant has been considered				
Time to Maturity	Time to Maturity/Expected Life of options is the period for which the Company expects the options to be live.				
Expected Dividend Yield	Expected dividend yield has been calculated as an average of dividend yields for five financial years preceding the date of the grant.				

- (\*) Option - I referred the employees who were transferred from Future Enterprises Limited ("FEL") to the Company pursuant to the composite scheme of arrangement.
- (^ ) Option - II referred the employees to whom Options were granted in the Company initially on December 6, 2016 & December 15, 2016 and includes additional Options granted on April 30, 2018 pursuant to other composite scheme of arrangement.
- (#) Option - III referred the employees to whom Options were granted in the Company on July 5, 2018 (Grant - I) and on February 4, 2019 (Grant - II).

#### I. Details of Company's Employees' Welfare Trust:

## ANNEXURE - VI

### Details pertaining to remuneration as required under Section 197(12) of the Companies Act, 2013, read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

- I. The ratio of remuneration of each Director to the Median Remuneration of the Employees (MRE) of the Company for the financial year 2018-19 and the percentage (%) increase in remuneration of each Director and Key Managerial Personnel(s) ("KMP's") for the same period are as under:

Name of Directors/KMP's and Designation	Remuneration of Director/KMP for financial year 2018-19 (₹ in crore) (1)	% increase in Remuneration in the financial year 2018-19 (2)	Ratio of Remuneration of each Director/KMP to MRE for financial year 2018-19 (3=(1)/MRE)
<b>Managing Director/Jt. Managing Director:</b>			
Mr. Kishore Biyani*	4.39	29.02	297.89
Mr. Rakesh Biyani*	4.37	29.19	296.50
<b>Non-Executive/Independent Director:</b>			
Ms. Gagan Singh#	0.50	42.86	33.96
Mr. Ravindra Dhariwal#	0.50	42.86	33.96
Mr. Shailendra Bhandari#	0.50	42.86	33.96
Ms. Sridevi Badiga#	0.50	42.86	33.96
Mr. Rahul Garg^ \$	-	-	-
Mr. Rajan Bharti Mittal^	-	-	-
<b>Other KMP's:</b>			
Mr. C. P. Toshniwal - Chief Financial Officer	3.29	8	223.69
Mr. Virendra Samani - Company Secretary##	0.49	18	32.88

**Notes:**

- (\*) Percentage increase in remuneration is shown excluding commission.  
 (#) The remuneration details of Non-Executive/Independent Director includes commission proposed for the year 2018-19. The commission of ₹ 0.35 crore for the financial year 2017-18 was paid during the year under review. There was no change in the sitting fees for attending meetings of the Board and/or Committee thereof to the Non-Executive/Independent Director of the Company. While calculating the above, the sitting fees paid for attending Board/Committee meetings have not been considered. The figure shown above are subject to TDS.  
 (^) During the year under review, Mr. Rajan Bharti Mittal has resigned from the Company with effect from August 9, 2018 and Mr. Rahul Garg was appointed as Additional Director on the same day.  
 (\$) During the year under review, the Company had not paid any amount towards sitting fees / commission to Mr. Rahul Garg, Non-Executive Director of the Company as it was voluntarily waived to receive the sitting fees and commission.  
 (##) Remuneration is shown excluding perquisites on exercise of stock options.

- II. The MRE of the Company during the year was ₹ 1,47,228 and for the previous year it was ₹ 1,40,774.  
 III. The increase in MRE in the financial Year 2018-19, as compare to financial year 2017-18 was 4.58%.  
 IV. There were 45,949 permanent employees on the rolls of the Company as on March 31, 2019.  
 V. Average percentage increase/decrease made in salaries of employees other than the managerial personnel in the financial year 2018-19 was 8% to 10% whereas there was around 29.19% increase in the managerial remuneration for the same financial year. The remuneration of Managing Director/Jt. Managing Director is decided based on the individual performance, inflation, prevailing industrial trends and benchmarks.  
 The commission of Non-Executive/Independent Director is decided based on various factors such as Director's participation in the Board and the Committee Meetings, other responsibilities undertaken, such as Membership or Chairmanship of Committees, time spent in carrying out other duties, role and functions as envisaged in Schedule - IV of the Act and SEBI Listing Regulations.  
 VI. The Company affirms that the remuneration is as per the Remuneration Policy of the Company.

For and on behalf of the Board of Directors

Place : Mumbai  
Date : May 25, 2019

Ms. Sridevi Badiga	6	5	Yes
Mr. Rahul Garg <sup>#</sup>	5	4	Yes
Mr. Rajan Bharti Mittal <sup>#</sup>	2	1	NA

(#) During the year under review, Mr. Rajan Bharti Mittal has resigned from the Company with effect from August 9, 2018 and Mr. Rahul Garg was appointed as Additional Director on the same day.

#### **AUDIT COMMITTEE**

The Audit Committee of the Company comprises of 4 (Four) Directors out of which 3 (Three) are Independent Directors. Ms. Gagan Singh, Chairperson of the Committee is an Independent Director. All the Members of the Committee possess accounting and financial management expertise. The Chairperson of the Committee was present at the 11th Annual General Meeting of the Company held on August 29, 2018.

The Company Secretary functions as Secretary to the Committee.

During the year under review, total 5 (Five) Meetings of the Audit Committee were held on May 21, 2018, August 9, 2018, November 14, 2018, February 4, 2019 and March 25, 2019.

The composition of the Audit Committee and the attendance of the Members at the above meetings is as under:

Name of Directors/Members	Category	Designation	No. of Meetings held during the tenure of respective Members	
			Held	Attended
Ms. Gagan Singh	Independent Director	Chairperson	5	5
Mr. Ravindra Dhariwal	Independent Director	Member	5	5
Ms. Sridevi Badiga	Independent Director	Member	5	5
Mr. Rakesh Biyani	Jt. Managing Director	Member	5	3

The Committee's composition meets with the requirements of Section 177 of the Act and Regulation 18 of SEBI Listing Regulations.

#### Terms of Reference

The Committee has been mandated to comply with the requirements as specified in Part C of Schedule II of SEBI Listing Regulations and the provisions of Section 177 of the Act. The terms of reference are reviewed from time to time by the Board in line with changes introduced by regulatory authorities.

#### Role of the Audit Committee *inter-alia* includes the following

- overseeing of the Company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible;
- recommendation for appointment, remuneration and terms of appointment of auditors of the Company;
- approval of payment to statutory auditors for any other services rendered by the statutory auditors;
- reviewing, with the management, the annual financial statements and auditors' report thereon before submission to the Board for approval, with particular reference to:
  - (a) matters required to be included in the director's responsibility statement to be included in the Board's Report in terms of clause (c) of sub-section (3) of Section 134 of the Act;
  - (b) changes, if any, in accounting policies and practices and reasons for the same;
  - (c) major accounting entries involving estimates based on the exercise of judgment by management;
  - (d) significant adjustments made in the financial statements arising out of audit findings;
  - (e) compliance with listing and other legal requirements relating to financial statements;
  - (f) disclosure of any related party transactions;
  - (g) modified opinion(s) in the draft audit report.
- reviewing, with the management, the quarterly financial statements before submission to the Board for approval;
- reviewing, with the management, the statement of uses/application of funds raised through an issue (public issue, rights issue, preferential issue, etc.), the statement of funds utilised for purposes other than those stated in the offer document/prospectus/notice and the report submitted by the monitoring agency monitoring the utilisation of proceeds of a public or rights issue, and making appropriate recommendations to the Board to take up steps in this matter;
- reviewing and monitoring the auditor's independence and performance, and effectiveness of audit process;
- approval or any subsequent modification of transactions of the Company with related parties; [Provided that the Audit Committee may make omnibus approval for related party transactions proposed to be entered into by the Company subject to such conditions as may be prescribed];
- scrutiny of inter-corporate loans and investments;
- valuation of undertakings or assets of the Company, wherever it is necessary;
- evaluation of internal financial controls and risk management systems;
- reviewing, with the management, performance of statutory and internal auditors, adequacy of the internal control systems;
- reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;
- discussion with internal auditors of any significant findings and follow up there on;

- reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the Board;
- discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern;
- to look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors;
- to review the functioning of the whistle blower mechanism;
- approval of appointment of chief financial officer after assessing the qualifications, experience and background, etc. of the candidate;
- carrying out any other function as is mentioned in the terms of reference of the Audit Committee; and
- reviewing the utilisation of loans and/or advances from/investment by the holding company in the subsidiary exceeding ₹ 100 crore or 10% of the asset size of the subsidiary, whichever is lower including existing loans/advances/investments existing as on the date of coming into force of this provision.

#### Reviewing of the following information

- management discussion and analysis of financial condition and results of operations;
- statement of significant related party transactions (as defined by the Audit Committee), submitted by management;
- management letters/letters of internal control weaknesses issued by the statutory auditors;
- internal audit reports relating to internal control weaknesses;
- the appointment, removal and terms of remuneration of the chief internal auditor shall be subject to review by the Audit Committee; and
- statement of deviations:
  - (a) quarterly statement of deviation(s) including report of monitoring agency, if applicable, submitted to stock exchange(s) in terms of Regulation 32(1);
  - (b) annual statement of funds utilised for purposes other than those stated in the offer document/prospectus/notice in terms of Regulation 32(7).

#### NOMINATION AND REMUNERATION COMMITTEE

The Nomination and Remuneration Committee of the Company comprises of 3 (Three) Non-Executive Directors, out of which 2 (Two) are Independent Directors.

During the year under review, total 5 (Five) Meetings of the Nomination and Remuneration Committee were held on May 21, 2018, July 5, 2018, August 9, 2018, February 4, 2019 and March 25, 2019.

The Composition of Nomination and Remuneration Committee and the attendance details of the Members at the above Committee meetings is as under:

Name of Directors/Members	Category	Designation	No. of Meetings held during the tenure of respective Members	
			Held	Attended
Mr. Ravindra Dhariwal	Independent Director	Chairman	5	5
Mr. Shailendra Bhandari	Independent Director	Member	5	4
Mr. Rahul Garg <sup>#</sup>	Non-Executive Director	Member	2	2
Mr. Rajan Bharti Mittal <sup>#</sup>	Non-Executive Director	Member	3	2

(#) During the year under review, Mr. Rajan Bharti Mittal has resigned from the Company with effect from August 9, 2018 and Mr. Rahul Garg was appointed as Additional Director on the same day. Accordingly, Mr. Rahul Garg was inducted as a Member of the Committee in place of Mr. Rajan Bharti Mittal.

#### Terms of Reference

The terms of reference are reviewed from time to time by the Board and the Committee has been mandated *inter-alia* to comply with the requirements as specified in Part D of the Schedule II of SEBI Listing Regulations including

the amendment made through SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018, the provisions of Section 178 of the Act and Securities and Exchange Board of India (Share Based Employee Benefits) Regulation, 2014, as may be applicable.

**The role of the Nomination and Remuneration Committee *inter-alia* includes the following:**

- to formulate the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees;
- to formulate the criteria for evaluation of performance of Independent Directors and the Board;
- to devise a policy on Board diversity;
- to identify persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down and recommend to the Board their appointment and removal;
- whether to extend or continue the term of appointment of the Independent Director, on the basis of the report of performance evaluation of Independent Directors;
- to establish and from time to time review the policy for ESOP/ESOS as well as issuance of SWEAT equity shares and recommend the grants to be made under ESOP/ESOS;
- to review Company's remuneration and human resources policy; and
- recommend to the Board, all remuneration, in whatever form, payable to senior management.

**Performance evaluation criteria for Independent Directors**

The Company has also devised a process for performance evaluation of Independent Directors, the Board, Committees and other individual Directors. The Independent Directors were evaluated on the criteria such as engagement, leadership, analytical, quality of decision-making, interaction, governance, etc.

**Remuneration Policy**

The Company believes that human resource is the key for the continuous growth and development of the Company. The Company's remuneration policy is designed to attract, retain and motivate employees by offering appropriate remuneration packages and retiral benefits and also rewarding performance of key employees by offering employee stock options to contribute and participate in the overall corporate growth, profitability and financial success of the organisation. The remuneration policy is in consonance with the existing industry practice.

**Remuneration policy for Executive Directors**

The Company pays remuneration by way of salary, benefits, perquisites and allowances (fixed component) and commission or performance bonus (variable component) to the Managing Director/Jt. Managing Director as approved by the Board and the Members of the Company. In determining the remuneration package of the Managing Director/Jt. Managing Director, the Nomination and Remuneration Committee ("**NRC**") *inter-alia* evaluates the remuneration paid by comparable organisations and thereafter makes its recommendation to the Board. Annual increments are decided by the NRC within the scale of remuneration approved by the Members of the Company. NRC also reviews and decides on the quantum of commission or performance bonus payable to the Managing Director/Jt. Managing Director as per terms of appointment and based on the performance of the individual as well as the Company. Performance criteria for Managing Director/Jt. Managing Director, entitled for commission or performance bonus are determined by NRC.

**Criteria of making payments to Non-Executive Directors**

Non-Executive Directors are paid sitting fees for attending Meeting of the Board and Committee(s) of the Board including meeting of Independent Directors, time spent in deliberations with the senior management on operational matters other than at meetings and contribution at the Board/Committee(s) levels as decided from time to time by the Board. The Company also reimburses the out-of-pocket expenses incurred by the Directors for attending the meetings. The Members of Corporate Social Responsibility Committee have voluntarily waived the acceptance of sitting fees for attending the meeting of the CSR Committee.

The eligible Non-Executive Directors may be paid commission upto an aggregate maximum of 1% of the net profits of the Company as specifically computed for this purpose and as may be approved by Board and Members of the Company. The criteria of making payments to Non-Executive Directors *inter-alia*, covers the number of meetings attended, Chairmanship of Committees of the Board, time spent in deliberations with the senior management on strategy and operational matters other than at meetings and contribution at the Board/Committee(s) levels.

## Remuneration to Directors

### (a) Managing Director/Jt. Managing Director

The remuneration paid to the Managing Director/Jt. Managing Director for the year ended March 31, 2019 is as under:

(₹ in crore)

Notes:

- All the above components of remuneration, except performance bonus/commission, are fixed in nature.
- There is no separate provision for payment of severance fees.

### (b) Non-Executive/Independent Directors

The remuneration in form of sitting fees/commission paid to Non-Executive/Independent Directors during the year under review is as under:

(₹ in crore)

Name of Directors <sup>^</sup>	Sitting Fees paid*	Commission	
		Paid for FY 2017-18	Payable for FY 2018-19
Ms. Gagan Singh	0.14	0.35	0.50
Mr. Ravindra Dhariwal	0.15	0.35	0.50
Mr. Shailendra Bhandari	0.10	0.35	0.50
Ms. Sridevi Badiga	0.11	0.35	0.50
Mr. Rajan Bharti Mittal <sup>#</sup>	0.03	0.35	-

(\*) Rounded off to ₹ in crore

(<sup>^</sup>) During the year under review, the Company has not paid any amount towards sitting fees/commission to Mr. Rahul Garg, Non-Executive Director of the Company as it was voluntarily waived to receive the sitting fees and commission.

(<sup>#</sup>) During the year under review, Mr. Rajan Bharti Mittal has resigned from the Company with effect from August 09, 2018.

Apart from reimbursement of expenses incurred in the discharge of their duties, the payment of sitting fees and commission within the limit for identified Non-Executive Directors as entitled under the Act, none of these Directors has any other material pecuniary relationships or transactions with the Company, its Promoters, its Directors and its Senior Management, which in their judgment would affect their independence. None of the Directors of the Company is *inter-se* related to each other.

## STAKEHOLDERS' RELATIONSHIP COMMITTEE

The Committee presently comprised of Mr. Shailendra Bhandari, Independent Director as a Chairperson of the Committee. Ms. Gagan Singh, Independent Director and Mr. Rahul Garg, Non-Executive Director, are other Members of the Committee.

## Compliance Officer

Mr. Virendra Samani - Company Secretary, is the Compliance Officer of the Company.

During the year under review, total 4 (Four) Meetings of Stakeholders' Relationship Committee were held on May 21, 2018, August 9, 2018, November 14, 2018 and February 4, 2019.

The attendance of the Members at the above meetings is as under:

Name of Directors/Members	Designation	No. of meetings held during the tenure of respective Members	
		Held	Attended
Mr. Shailendra Bhandari	Chairman	4	3
Ms. Gagan Singh	Member	4	4
Mr. Rahul Garg <sup>#</sup>	Member	2	2
Mr. Rajan Bharti Mittal <sup>#</sup>	Member	2	1

(#) During the year under review, Mr. Rajan Bharti Mittal has resigned from the Company with effect from August 9, 2018 and Mr. Rahul Garg was appointed as Additional Director on the same day. Accordingly, Mr. Rahul Garg was inducted as a Member of the Committee in place of Mr. Rajan Bharti Mittal.

## Terms of reference

The terms of reference are reviewed from time to time by the Board and the Committee has been mandated *inter-alia* to comply with the requirements as specified in Part D of the Schedule II of SEBI Listing Regulations, as amended and the provisions of Section 178 of the Act.

The role of the Stakeholders' Relationship Committee *inter-alia* includes the following:

- Resolving the grievances of the security holders of the listed entity including complaints related to transfer/transmission of shares, non-receipt of annual report, non-receipt of declared dividends, issue of new/duplicate certificates, general meetings etc.;
- Review of measures taken for effective exercise of voting rights by Shareholders;
- Review of adherence to the service standards adopted by the listed entity in respect of various services being rendered by the Registrar & Share Transfer Agent;
- Review of the various measures and initiatives taken by the listed entity for reducing the quantum of unclaimed dividends and ensuring timely receipt of dividend warrants/annual reports/statutory notices by the shareholders of the Company.

With a view to expedite the process of share transfers, necessary authority has been delegated to the Share Transfer Committee.

## Share Transfer Committee

The Share Transfer Committee comprises of Mr. Shailendra Bhandari, Mr. Kishore Biyani and Mr. Rakesh Biyani as Members of the Committee. The Share Transfer Committee meets as and when required to consider the transfer proposals and attend to Investors' grievances, transmission of shares, split, consolidation, issue of duplicate share certificate, rematerialisation of shares etc.

## Investors' Grievance Redressal

Details of investor complaints received and resolved during the year under review are as follows:

Opening Balance	Received during the year	Resolved during the year	Closing Balance <sup>#</sup>
Nil	10	9	1

(#) Resolved on April 2, 2019 as per information received from Registrar and Share Transfer Agent of the Company.

## CODE OF CONDUCT FOR REGULATING, MONITORING AND REPORTING OF TRADING BY DESIGNATED PERSONS

In terms of the provisions of Securities and Exchange Board of India (Prohibition of Insider Trading Regulations), 2015, the Company had adopted the Code of Conduct for Regulating, Monitoring and Reporting of Trading by Insiders. Pursuant to the requirements prescribed under SEBI notification dated December 31, 2018 and provisions of Securities Exchange Board of India (Prohibition of Insider Trading) (Amendment) Regulations, 2018, the revised Code of Conduct for Regulating, Monitoring and Reporting of Trading by Designated Persons ("Code for Insider Trading") was adopted by the Company. The provisions of the Code for Insider Trading are designed *inter-alia* to regulate, monitor and report trades by Designated Person(s) or their immediate relatives in securities of the Company.

## CODE OF PRACTICES AND PROCEDURES FOR FAIR DISCLOSURE OF UNPUBLISHED PRICE SENSITIVE INFORMATION

In terms of the provisions of Securities and Exchange Board of India (Prohibition of Insider Trading Regulations), 2015, as amended from time to time, the Company had adopted the Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information. Pursuant to the requirements prescribed under Securities and Exchange Board of India (Prohibition of Insider Trading) (Amendment) Regulations, 2018, as amended, the revised Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information ("Code of Fair Disclosure") was adopted by the Company which comes into effect from April 1, 2019. The Code of Fair Disclosure is posted on Company's website at the weblink <https://www.futureretail.in/investors/corporate-governance-standards.html>.

## INDEPENDENT DIRECTORS' MEETING

During the year under review, a separate meeting of Independent Directors was held on May 21, 2018. The said meeting was attended by all the Independent Directors of the Company.

## CORPORATE SOCIAL RESPONSIBILITY COMMITTEE

The Corporate Social Responsibility Committee was constituted in line with the provisions of Section 135 of the Act. Presently, the Committee comprises of Mr. Kishore Biyani Chairman & Managing Director, Ms. Gagan Singh, Independent Director and Mr. Rahul Garg, Non-Executive Director as Members of the Committee. During the year under review, 1 (One) Meeting of Corporate Social Responsibility Committee was held on August 9, 2018.

The attendance of the Members at the above meeting is as under:

Name of Directors/Members	Designation	No. of meetings held during the tenure of respective Members	
		Held	Attended
Mr. Kishore Biyani	Chairman	1	1
Ms. Gagan Singh	Member	1	1
Mr. Rajan Bharti Mittal <sup>#</sup>	Member	1	1
Mr. Rahul Garg <sup>#</sup>	Member	-	-

(#) During the year under review, Mr. Rajan Bharti Mittal has resigned from the Company with effect from August 9, 2018 and Mr. Rahul Garg was appointed as Additional Director on the same day. Accordingly, Mr. Rahul Garg was inducted as a Member of the Committee in place of Mr. Rajan Bharti Mittal.

The Committee functions in accordance with the terms of reference as specified under the Act, and as may be specified by the Board from time to time, which *inter-alia* includes:

- formulate and recommend to the Board, a Corporate Social Responsibility Policy which shall indicate the activities to be undertaken by the Company as specified in Schedule VII of the Act;
- recommend the amount of expenditure to be incurred on the activities referred to in clause (a); and
- monitor the Corporate Social Responsibility Policy of the Company from time to time.

The disclosures as per Companies (Corporate Social Responsibility Policy) Rules, 2014 is made in prescribed form which is appended to the Directors' Report forming part of this Annual Report.

## RISK MANAGEMENT COMMITTEE

During the year under review, the provision relating to the Risk Management Committee under Regulation 21 of SEBI Listing Regulations was not Applicable to our Company. However, for the purpose of better governance, the Company had already constituted aforesaid Committee. Further, provisions relating to the Risk Management Committee shall be applicable to the Company with effect from April 1, 2019.

The Risk Management Committee comprised of Mr. Kishore Biyani, Chairman & Managing Director, Mr. Rakesh Biyani Jt. Managing Director and Mr. C. P. Toshniwal, Chief Financial Officer as Members of the Committee.

The Committee functions in accordance with the terms of reference as specified by the Board from time to time, which *inter-alia* includes implementing and monitoring of risk management plan and policy of the Company. During the year under review, 1 (One) meeting of the Committee was held on March 22, 2019.

## RISK MANAGEMENT

The Company has a well-defined risk management framework in place, which provides an integrated approach for identifying, assessing, mitigating, monitoring and reporting of all risks associated with the business of the Company.

The Audit Committee/Board periodically reviews the risk assessment and minimisation procedures and ensures that executive management controls risk through means of a properly defined framework.

The risk management framework adopted by the Company is discussed in detail in the Management Discussion and Analysis forming part of this Annual Report.

## COMMITTEE OF DIRECTORS

The Committee of Directors comprises of Mr. Kishore Biyani, Chairman & Managing Director and Mr. Rakesh Biyani, Jt. Managing Director as a Members of the Committee. The main functions of Committee is to handle day-to-day operations and activities of the Company and to ensure smooth functioning and for regular operations. The Committee is further authorised to delegate some of its powers to employees/executives of the Company as authorised therein. Total 23 (Twenty Three) Meetings of the Committee were held during the year under review.

## DISCLOSURES

### Related Party Transactions

Related party transactions were reviewed/approved by the Audit Committee and were entered into in the ordinary course of business and on an arm's length basis. Except as disclosed during the year under review, there were no materially significant transactions entered into with the related parties that may have potential conflict with the interests of the Company at large. The details of related party transactions are given in Notes forming part of the financial statements for the year ended March 31, 2019. Policy on dealing with related party transactions is available on the website of the Company at the link <https://www.futureretail.in/investors/Policies.html>

### Disclosure of Accounting Treatment

During the year under review, the Company followed the applicable Accounting Standards as specified under Section 133 of the Act, in the preparation of its financial statements.

### Management

A Management Discussion and Analysis ("MDA") forms part of the Directors' Report.

All Members of the Senior Management have confirmed to the Board that there are no material, financial and/or commercial transactions between them and the Company, which could have any potential conflict of interest with the Company at large.

### CEO/CFO Certification

As required under Regulation 17(8) SEBI Listing Regulations, the Managing Director and the Chief Financial Officer of the Company have certified to the Board regarding the financial statements for the year ended March 31, 2019.

### Subsidiary Companies

The details of subsidiary companies of the Company has been disclosed in the Directors' Report forming part of this Annual Report. The Company does not have any material subsidiary company as on March 31, 2019. However, the Company has a policy for determining material subsidiaries of the Company, which is available on the website of the Company at the link <https://www.futureretail.in/investors/Policies.html>

### Details of non-compliance

The Company has complied with the requirements of regulatory authorities. During the last 3 (Three) years under review, there were no instances of non-compliance by the Company and no penalty or strictures were imposed on the Company by the Stock Exchange(s) or Securities and Exchange Board of India or any statutory authority, on any matter related to the capital markets.

### Certificate from Practicing Company Secretary

A certificate has been received from K Bindu & Associates, Practicing Company Secretaries, that none of the Directors on the Board of the Company has been debarred or disqualified from being appointed or continuing as director in companies by the Securities and Exchange Board of India, Ministry of Corporate Affairs or any such statutory authority. The said Certificate is appended to this Report.

### Recommendations of Committees of the Board

During the year under review, there were no instances, where the Board did not accepted any recommendations of any Committees of the Board which were mandatorily required.

### Establishment of Whistle Blower Policy/Vigil Mechanism

The Company has established a whistle blower policy/vigil mechanism. This policy aims to provide an avenue for Stakeholders to raise genuine concerns of any violations of legal or regulatory requirements, actual or suspected fraud or violation of the Company's code of conduct and ethical business practices. This Policy *inter-alia* provides a direct access to a Whistle Blower to the Chairperson of the Audit Committee. The establishment of Vigil Mechanism is available on the website of the Company at the link <https://www.futureretail.in/investors/Policies.html>

## Fees to Statutory Auditors

Significant events are also posted on the Company's website under the Investors section. Hence, no half yearly results and significant events were sent to each of household of Shareholders.

**Modified opinion(s) in audit report:** During the year under review, the Company has unmodified audit opinion on the Company's financial statements. The Company continues to adopt best practices and has ensured a track record of financial statements with unmodified audit opinion on financial statements.

**Separate posts of Chairperson and CEO:** The positions of Chairman & Managing Director are not separately held.

**Reporting of Internal Auditor:** Internal Auditors are regularly invited to the meetings of Audit Committee to make presentation to the Committee on their observations and suggestions during the course of their Internal Audit.

## AUDITORS' CERTIFICATE ON CORPORATE GOVERNANCE

To,  
The Members of  
Future Retail Limited

We have examined the compliance of conditions of Corporate Governance by Future Retail Limited ("the Company") for the financial year ended on March 31, 2019 as stipulated in Regulations 17 to 27 and clauses (b) to (i) of sub-regulation (2) of regulation 46 and Para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the provisions relating to Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied in all material aspects with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations as applicable.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

# BUSINESS RESPONSIBILITY REPORT

## Overview

Future Retail Limited (“FRL”/“Company”), is India’s pioneer in homegrown modern organised retail and meets the aspirational needs of urban and rural consumers across the country through its various formats viz. large formats (Big Bazaar, fbb (Fashion @ Big Bazaar), Hypercity, Foodhall) and Small Store formats (easyday, Heritage, Nilgiris). During the year under review, the Company has expanded its small store formats at various locations. The expansion and increase of access points in under served areas has fueled creation of grass root employment and contributed significantly to social inclusion.

The business through its fashion, food, and home segments works with value chain members who have a large role to play in the success of the business as well as the ecosystems it operates in.

FRL embraces the Group’s sustainability vision “Striving to grow responsibly and achieve our dual goal of a happy

environment and society, both of which are necessary ingredients for business continuity and growth.”

Consequently, the Company’s principles are focused on creating sustained environmental, social and economic value.

Pursuant to Regulation 34(2)(f) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”), the Directors of FRL hereby present the Business Responsibility Report (“BRR”) of the Company for the financial year ended March 31, 2019.

This BRR delineates FRL’s endeavours to conduct business with responsibility and accountability towards all its stakeholders keeping in view the nine principles of the ‘National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business’ released by Ministry of Corporate Affairs. This BRR is in line with the format proposed by Securities and Exchange Board of India (“SEBI”).

## Part A: General Information about the Company

## Part E: Principle-wise Performance

### Principle 1: Ethics, Transparency & Accountability

#### Business should conduct and govern themselves with ethics, transparency and accountability

FRL diligently follows good corporate governance practices, policies and procedures that ensures ethical conduct at all levels. The Company's employees are committed to the highest standards of personal and professional ethical behaviour. Employees at all levels are expected to comply with the Future Group's policies and code of conduct.

FRL's Directors and Senior Management are required to abide by a separate Code of Conduct ("CoC"). Their affirmation to the CoC is communicated to all stakeholders by Managing Director through a declaration in the Annual Report.

#### Governance

FRL has established robust governance structure, which consists of various committees such as Audit Committee, Nomination and Remuneration Committee, Stakeholders' Relationship Committee, Corporate Social Responsibility Committee and Risk Management Committee. These committees *inter-alia* help to address concerns with respect to policies and procedures enforced across the Company's business and operations.

The Company discloses all necessary legal and financial disclosures to stakeholders through Stock Exchanges, Company's website, Annual Report, including Newspapers and other media as required.

#### Vigilance Policy

The Company's Vigil mechanism empowers employees and other stakeholders who have concerns about suspected misconduct, unethical behaviour, actual or suspected

fraud or violation of the code of conduct or ethics policy to come forward and express their concerns without fear of punishment or unfair treatment. The mechanism promotes responsible and secure whistle blowing and provides adequate safeguards to the whistle blower.

There were no complaints received by FRL under the Whistle Blower Policy as on March 31, 2019.

#### Grievance Redressal Mechanism

Stakeholder complaints, concerns and queries are addressed vide grievance mechanisms and processes to ensure that the Company resolves such cases satisfactorily, thus improving its relationship with its stakeholders and adding value to business through transparency and disclosure.

#### • Employees

Grievance boxes are made available at all stores and store employees are made aware of the same. At the outset, efforts are made that grievances are resolved at the store level itself.

In case such grievances are not resolved, the Company's Internal Complaints Committee ("ICC") receives the complaints, investigates the issue and resolves the grievance.

The POSH policy is accessible to employees vide the intranet. Employees are entitled to report potential cases of sexual harassment by writing at - [posh@futuregroup.in](mailto:posh@futuregroup.in) and seek redressal of their grievances.

During the year under review, 5 (five) complaints with allegation of sexual harassment were filed with the Company and the same have been resolved.

- **Investors**

The Company has a good system in place for servicing investor related queries and grievances through its Registrar and Share Transfer Agents (R&T Agent) and the Compliance Officer is responsible for the same.

The Stakeholders' Relationship Committee regularly meets to resolve queries, grievances, if any, and provides guidance for any Company related matter. The Company has a designated e-mail ID – investorrelations@future Retail.in for addressing the investor complaints.

During the reporting period, the Company has received a total of 10 (Ten) investor complaints. Out of which a total of 9 (Nine) complaints were resolved during the year and the balance 1 (One) complaint was since resolved on April 2, 2019. In summary, complaints received are satisfactorily resolved by the Company and its R&T Agent.

- **Customers**

The Company is constantly working on ways to improve its customer grievance redressal mechanism. Any service or product deficiencies through offline and online interfaces are mapped on database in CRM systems and taken up for necessary action by concerned team members. Customers are updated about the actions taken and the customer service team ensures that necessary actions are being taken.

Details of consumer complaints: Opening balance – 159, received during the year – 141; resolved during the year – 48; and pending at the end of the year - 252 (due to legal cases / matters in the reporting period).

### **Principle 2: Product Stewardship / Products contributing to Sustainability**

#### **Business should provide goods and services that are safe and contribute to sustainability throughout their lifecycle.**

Customers trust FRL to provide affordable, safe and healthier products for them and their families. The Company understands that trust is earned by advocating these values among value chain members and encouraging innovation and transparency on product development and production.

The Company has begun engaging with its large suppliers to reduce environmental and social impacts of products and services in its value chain.

#### **Affordable, Healthy and Safe Products**

As on year end, FRL operates 1,511 retail stores across 428 cities. Freshness of healthy product varieties is a challenge due to Indian tropical conditions and the infrastructure conditions. The Company ensures quality of the sourced rice, sugar, wheat, oil seeds, pulses, dry fruits and spices and freshness of fruits and vegetables

through the support of more than 85 distribution centers well equipped with packing infrastructure, cold storages and quality equipment.

Nutrition is considered as one of the critical parameters for addressing health and well-being and hence the Company promotes healthy eating habits, organic food products and healthy drinks. The stores also provide access to various products like rice, wheat, milk, salt and essential oil fortified with the basic micronutrients and vitamins required to serve its customers a nutritious meal.

The Company also retails a wide product range of healthy snacks and breakfast meals like cornflakes, rolled oats, dry fruits which addresses health concerns in the society like diabetes and cardiovascular diseases.

#### **Environment Friendly Products**

The Company does not manufacture any products, but demonstrates responsible procurement in sourcing of products that meet the aspirational needs and addresses customer requirements.

With the increasing notifications on the ban of single use plastic across the country and changing perception of Indian consumers, the Company witnessed an exponential increase in sale of cotton bags and consumption of bags of roll made of paper and cornstarch. The Company ensures that any plastics retailed and used at stores comply with the provisions of Plastic Waste Management (Amendment) Rules, 2018.

The Company is conscious about customer welfare and environment health and accordingly retails products that are free of harmful chemicals like parabens, sulphates, silicon, formaldehyde releasing preservatives and microbeads. Essential goods like milk, oil, rice, wheat and salt fortified with vitamins and iron, biodegradable products, environment friendly paper products and a range of organic products certified by USDA are also available at stores.

The Company retails electronics under the brand name 'KORYO', wherein various product ranges include solar lanterns, air purifiers, air fryers, LED based products including :

- (a) Water efficient inverter washing machines of high capacity ranging from 5 kg to 10 kg;
- (b) Inverter air conditioners and refrigerators having BEE certification ranging between 3 star and 5 star and utilizing eco-friendly refrigerants.

#### **Product Labelling**

Products retailed at stores comply with the applicable regulations such as the Drugs and Cosmetics Act, Legal Metrology Act, Bureau of Indian Standards Specifications, Food Safety and Standards Act, Food Safety and Standards (Packaging and Labelling) Regulations, 2011 in addition to local applicable laws. The Company also

ensures compliance of labelling requirements as required to comply E-Waste Management Rules and Plastic Waste Management (Amendment) Rules, 2018.

FRL's private brand Koryo provides clear information on the safe and responsible usage of its products including guidelines for product handling, storage and disposal and makes sure that the same is explicitly visible. Procurement teams at Koryo, sources from large vendors who demonstrate compliance to local/national statutory requirements.

The Company is committed to build trust by disclosing information truthfully and factually including cautionary statements and through transparent communication.

### Sustainable Sourcing

FRL endeavours to create minimum environmental impact from logistics and transportation and promotes local entrepreneurship. The Company provides market linkages for products produced by women small co-operatives and women entrepreneurs in Ahmedabad, Bengaluru and Delhi.

FRL sources fruits and vegetables directly from over 6,000 farmers and makes available to customers the seasonal produce found at specific geographies at affordable price like strawberries from Mahabaleshwar, oranges from Farmer Producer Companies in Warud and Paratwada in Nagpur, Kinnow orange directly from Abohar in Punjab, apples from Himachal Pradesh, green peas from Solan in Himachal Pradesh.

FRL retails a range of organic products under the "Mother Earth" brand and also sources incense sticks, agarbattis and dhoop under the "Pratha" brand. These are made by women entrepreneurs and small co-operatives both of which contribute to livelihood generation activities.

In the year under review, the Company sourced Forest Stewardship Council (FSC)<sup>1</sup> certified paper bags for its Big Bazaar stores, from a local convertor that helped in minimizing the environmental footprint by reducing paper consumption per bag by approximately 40%. The Company intends to increase procurement from certified sources in the coming years.

In the upcoming financial years, the Company plans to procure carry bags and fabrics made from natural cotton made by women entrepreneurs from small cities / town.

The Company is in the process of creating awareness and will assess its suppliers on specific parameters which

inter-alia includes quality, compliances, human rights, health & safety and environment in the coming reporting period. The Company intends to ensure our suppliers adhere to our broad based sustainability targets for responsible supply chain in coming years. (Please refer to Principle 4 for more details).

### Principle 3: Employee Welfare

#### Business should promote the well-being of all employees

The Company's retail processes create opportunities for a large number of value chain members and those employed at the Company's stores and offices. The Company remains committed to inclusion and hires those from diverse backgrounds and provides them the opportunity to experience and grow in the retail industry.

FRL's human resource policies are guided by the inherent values of the Group and are aligned with labour and human rights regulations that is applicable from time to time. FRL's HR policies ensure that there is no child labour, forced labour or any form of involuntary labour, paid or unpaid at any of its premises.

#### Non-Discrimination in Recruitment and Employment

With the presence of stores across the country, diversity and richness of culture the Company constantly seeks to maintain a diverse workforce through employments of Customer Service Associates (CSA) and identification of supply chain members, both of which are critical to the Company.

The Company's recruitment process evaluates candidates from entry through their journey on a values based assessment process. The Company uses gender neutral job descriptions and removes potential biases in screening, shortlisting and sourcing of candidate which is also consistent with employment related legislation.

At a pan India level, zonal offices have tied up with multiple not-for-profits organisations in villages and towns for sourcing of CSAs, thus providing entry level employees an opportunity to learn, grow and advance their careers.

The permanent manpower at FRL as on March 31, 2019 was as follows:

Total Employee Strength	No. of female employees	No. of differently abled
45,949	10,752	189

Levels (Band wise)	Home Office		Stores		Zone		Total
	Female	Male	Female	Male	Female	Male	
1	4	25	9,601	25,988	70	220	35,908
2	61	168	602	5,425	106	641	7,003
3	120	241	41	1,168	76	708	2,354
4	39	131		109	20	277	576
5	11	71			1	25	108
<b>Total</b>	<b>235</b>	<b>636</b>	<b>10,244</b>	<b>32,690</b>	<b>273</b>	<b>1,871</b>	<b>45,949</b>

1) FSC prohibits illegal logging, forest degradation and deforestation in certified areas and is the forest certification scheme backed by environmental NGOs like Greenpeace and the World Wide Fund for Nature.

## Diversity and Women's Empowerment

The Company is keen to improve diversity, right from entry level bands to its senior leadership, with a focus on women's representation. FRL currently employs around 23.3% women in their workforce at Company level, an increase of upto 3% over financial year 2017-18.

### Strengthening the Leadership pipeline:

- **Leadership Academy:** The Group looks at identifying its leadership team across various businesses through the institution of its Leadership Academy, an intricately curated 10 months intervention for leaders which has been developed to identify employees with leadership potential and strengthen their capacities through adequate training and project exposure.
- **Assessor Certification:** A 16 hour training programme for all senior management is conducted annually.

### Young Leader induction programs:

- **Future Business Innovator Program (FBI)**

The Company through its Campus Connect program hires management graduates from Welinkar

Name of Training Programme	Training Description	No. of Participants	No. of Training Hours
<b>Large Format Stores</b>

Avatar	Assistant manager, assistant stores manager and team leaders undergo training to enable them to achieve their career objectives. Some of the trainings include : <ul style="list-style-type: none"> <li>• Effective communication;</li> <li>• Team management;</li> <li>• Customer service;</li> <li>• Conflict Management;</li> <li>• Planning and prioritizing;</li> <li>• Inventory Management;</li> <li>• Sales Analytics;</li> <li>• Cashiering;</li> <li>• Leadership;</li> <li>• Constructive conversation;</li> <li>• Decision making;</li> <li>• Beyond price tags;</li> <li>• Style Genie;</li> <li>• Personal impact;</li> <li>• Environmental Management</li> </ul>	5,060	45,416

Institute of Management & Research, IRMA at Anand and School of Communications at Manipal. These graduates are placed in a program that ensures learning in a fast paced environment for up-to a year in a General Management role. In the reporting year, total 25 FBIs were hired.

- **Future Summer Samurai**

The program provided summer internship to 38 management graduates in the month of April-May 2018 for a period of 2 months, wherein they are mentored by Business Heads and get hands on experience.

### Employee growth, training and development and overall well-being

The Company believes that a skilled and confident workforce will create greater value and in turn stronger communities. The Company ensures continuous skill and competence upgradation of all employees including customer service associates and new employees at stores by providing access to necessary learning opportunities, on an equal and non-discriminatory basis. Training assessments are conducted on an annual basis for all employees. Some of the training programs by our large format and small format stores in the reporting period are:

### Sensitisation of store employees towards Persons with Disabilities (PWDs)

As a part of Avesha, training programs were organized for store managers and employees of PWD friendly Big Bazaar stores on pan India basis with the objective of sensitising them to important aspects of dealing with People with Disabilities (PWDs).

A plan to create awareness at store level was also executed successfully in the reporting period, the sensitisation training also introduced participants to sign languages.

### Khushali program (Employee wellbeing)

Employees are benefitted through a host of corporate partnerships under the Group's Khushali program focusing on home, education and health.

- Housing Benefits

The Company has partnered with reputed real estate developers such as Dosti Realty, Shapoorji Pallonji, Piramal, Arkade Group, Kanakia Group, Wadhwa Group and JP Corp. Employees are provided discounts and other benefits such as buy back offerings, and flexi-payment plan for houses at their desired location.

- Education Support

The Company partnered with various organisations such as Jaro Education and NIIT on PAN India basis to provide employees management and technical courses, and technology programs from reputed institutes, universities and colleges for pursuing courses online.

- Health Benefits

The Company has forged a partnership with health care institution Fortis and diagnostic centres like Dr. Lal Path Labs and Welcome Cure. Employees and their family members can avail priority treatment, free ambulance services, discounts on consultations, radiological diagnostic services, check-ups and alternative health care packages.

Insurance policies such as Mediclaim, EDLI and Life security plans continue at Group level for eligible employees as per their grade.

### Employee incentives

The Company provides benefits to its employees and dependents upto a maximum of five who can avail employee discount benefits at any of Future Group stores including Big Bazaar, Hypercity, fbb, Central, Brand Factory, Foodhall, Home Town, easyday and Nilgiris. This helps meet the daily and aspirational needs of the employees and its dependents in various categories like food, bakery, fashion, homeware, electronics and personal care product categories.

### Other benefits

Employees are provided the liberty of a flexi time window to enable employees to achieve a work life balance on need basis.

The Company provides its employees an assistance plan to help address personal and professional challenges and situations that might be hindering growth and well-being of employee(s).

The Company's small format stores like Heritage engages with its employees to explore ways to address store specific local challenges:

- Local conveyance and rental accommodation benefits are being provided to employees who are deployed at premium store locations;
- Organizing free health check-up and other wellness programs;
- Providing transfer options for our Customer Service Associates (CSAs) to other stores at selected locations or relocation to home stores locations.

### Employee Health and Safety

The Company embraces the Group's policy of health and safety to ensure employee welfare through accident free operations.

The concerned team at Group level works on a regular basis to strengthen its checks and processes and the asset health and functioning of safety equipment at stores and offices. The Company is in process of setting up separate teams at office and identification of specific personnel at every store in addition to regular and periodical audit and mock drills as per requirement of local laws and authorities.

### POSH Training

The Company believes in providing equal opportunity and has a policy on Prevention of Sexual Harassment to ensure a harassment-free workspace for the employees. Awareness on the code of conduct and the sexual harassment policy is provided to all new employees during induction.

The Company organized 5 POSH trainings that was attended by 163 employees from Future Group who were sensitized about the definition, scope, investigation skills, identifying sexual harassment, how to avoid/protect oneself from being a victim of sexual harassment and the reporting procedure of sexual harassment complaints.

### Principle 4: Stakeholder Engagement

**Business should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized.**

FRL believes that meaningful engagement and collaboration with stakeholders helps the Company

envision, address various opportunities and challenges proactively.

This common dialogue allows learning, understanding of the operating environment, pooling of resources to positively impact and resolve problems that makes the organization perform better.

The Company has identified its stakeholders and established periodic and effective communication with them.

### **Investor Engagement**

The Company regularly interacts with its shareholders and investors through results announcements, annual report, media releases, Company's website and subject-specific communications. The Annual General Meeting gives the shareholders an opportunity to engage directly with the Board of Directors and the Management. During this meeting, the Board engages with shareholders and answers their queries on varied subjects.

The Investor Relations team also interacts regularly with investors and analysts, through quarterly results calls, one-on-one and group meetings, participation at investor conferences and the investors meet.

### **Employee Engagement**

FRL engages with employees irrespective of their function and position within the organization and organizes various programs and activities to boost their morale, provide equal opportunities to nurture talent and develop their creativity. The employees in return are committed and passionate towards their individual, organizational goals and self-development.

Certain identified activities were undertaken during the year, which are summarized below:

- Encourages participation of store employees in various competitions on fruit carving, games, dance and painting, bowling, basketball and many more;
- Organizes employee welfare programmes by setting up free health checkups and dental checkups on a periodic basis;
- Undertakes reward and recognition activities on a periodical basis at store and office level and appreciates efforts towards customer service every day and specially on Retail Employees' Day;
- Undertakes quarterly outdoor activities at Foodhall format for store employees to create a spirit of team building and employee satisfaction. Activities include watching movies, team lunch, team outings, inter store sports, and competitions.
- Celebration of Birthdays and Anniversaries at Store and Office level;

- Celebrating festivals and traditional days along with employee's children and families. Activities include organising fun activities, distributing sweets and goodies;
- Organised desk yoga on the occasion of World Yoga Day;
- Celebrated world environment day through street plays, quiz and distribution of cloth bags to spread awareness on environment friendly practise, safe use and disposal of plastic;
- Celebrated Women's Day and engaged women with fun, educational and grooming sessions for all women employees.

### **Customer**

FRL works towards addressing the requirements of the immediate community through active involvement of employees and customers, and collaborating with institutions and not-for-profits to carry out various activities:

#### *Help us Help Kerala*

Big Bazaar partnered with Goonj and encouraged customers on pan India basis to stand in solidarity with the people of Kerala by creating a platform for donating kits (comprising of water, dry foods, essential oil, health and hygiene products) that were distributed to the affected community through offline channels at stores and vide online platform. The Company also created modalities for donations towards Kerala CMs' distress relief fund within the given platform. (Please refer Principle 8, for more details)

#### *Bano Kisi Ka Santa*

Big Bazaar with the help of NGO partners - Magic Bus Foundation and Child Rights and You took a step to celebrate and be a cause of joy to children during Christmas 2018.

The Company created opportunities for customers to play Santa by gifting to children from weaker sections vide Big Bazaar stores and online portal. This generated delight to the lives of children participated.

### **Store outreach efforts**

The stores celebrate days of national/international importance, promotes local festivals, cultures and tradition with its community including employees and also makes available essential products and service that bring joy amongst our members of the community.

# Yoga day: Encouraging community to participate in Yoga with help of local trainer.

## Supplier / Vendor Engagement

FRL is committed for promoting, increasing and improving the participation of the suppliers within its value chain.

As a leading retailer in India, the diversity within the value chain not only allows the Company to broaden the range of products and services provided to the communities served, but also develop product in line with the changing habits and local tastes of a given store or region. The Company is able to source from both large and small players including its Group's private brands in food category.

FRL also partners with its suppliers on new product development initiatives. In the reporting period, the Company collaborated with a major paper producer and identified converters to develop paper bags that are sourced from sustainable sources, which helped the organization reduce its environmental footprint.

In the upcoming reporting years, the Company shall endeavour to incorporate key aspects (quality, compliance to applicable regulations, human rights, health and safety and environment) of the Group's sustainability guidelines during vendor registration and assess suppliers through a self-assessment questionnaire to ensure compliance to local regulations, adherence to social and environmental standards and monitor key aspects in an endeavour towards supply chain improvement.

## Media

The Company engages with media to update about the developments in the Company. Regular interactions with print, television and online media take place through press releases, media events and quarterly results announcements. The Company also ensures timely and appropriate responses to media for any information requests within the stipulated disclosure norms.

## Communities

The Company, through its stores and employees have identified and created multiple platforms to undertake community service. The coming years will see scaling up of these efforts, and ensuring that the community including the employees and customers are an integral part of this.

(Please refer to Store outreach efforts in this section and Principle 8 for more details)

## Principle 5: Human Rights

### Business should respect and promote human rights

The Company seeks to uphold and promote human rights in its operations, in relationships with business and partners through its human rights policy.

The Company's human rights policy recognizes the following priority issues: compliance with applicable labour laws, zero tolerance to child, forced or compulsory labour in operations and supply chains, equal opportunity, provide opportunities for all employees to express

concerns and seek redressal, health and safety of our employees, respect and support of social and cultural norms of local communities.

In order to ensure no child labour in its operations, the Company documents age proofs and PAN cards or identical proof of all candidates hired or contracted. FRL ensures non-discrimination while communicating the job description through recruitment channels to give equal opportunity to all candidates irrespective of their caste, race, religion or gender.

The upcoming reporting period will see the Company sensitise value chain members and include key sustainability criteria in contracts of suppliers, contractors and vendors such as compliances to applicable labour laws, salary / wage payments within prescribed time limits, medical facilities, and also ensuring compliance of applicable deductions including PF, ESIC, contributions to various funds like Gratuity and other retirement benefits as applicable from time to time.

Employees at FRL are provided with ample opportunities to voice their needs. With an open door policy within the Company, it helps employees to express their grievances, feedback or suggestion to senior management for sound resolution. In view of this, the need of employees to participate in collective bargaining activities was not required. No complaints were received during the year under review.

The Chairman & Managing Director regularly interacts with all employees through e-mails and regular briefings, and all employees are encouraged to directly write to him on his email address. The Company ensures that stakeholders including consumers and communities impacted by the business have access to grievance mechanism.

## Principle 6: Environment

### Business should respect, protect and make efforts to restore the environment

Resource efficiency is an important pillar of the sustainability framework of the organisation. The Company embraces the Group's policies with respect to the Environment including its Energy and Carbon, Water Stewardship, Waste to Wealth and Health & Safety policies in an endeavour to use resources efficiently and comply with applicable environmental norms within the local and national boundaries.

### Energy Efficiency and Climate Stewardship

The Company has taken an internal target to reduce its energy consumption by 20% across all stores by 2022 and is committed towards low carbon transformation by sourcing energy from renewable sources, utilizing IOT platforms and improving efficiency of its energy intensive equipment.

The Company has reduced its' carbon footprint through various actions, some of these are mentioned herein:

- Installed aircosavers in Big Bazaar, fbb and Hypercity stores across Karnataka, Andhra Pradesh, Telangana and Kerala which is expected to bring in 10% savings in HVAC load as per pilot study carried out by the Company;
- Small format stores of appx. 2,000 sq.ft., have installed end to end IOT platform at more than 20 store locations in Pune and MMRDA that support monitoring of asset health, energy monitoring, power quality monitoring, air quality control and optimizing operations of HVAC viz. based on footfalls, thermal comfort and scheduled on and off control coupled with manual overrides to increase or decrease set temperatures. The initiative has resulted in savings up to 10% of total energy consumption at identified stores;
- Installed timer based controls for lighting and HVAC to schedule on and off of the equipment in identified Big Bazaar stores in Delhi resulting in 10% savings on overall consumption of stores;
- Replacement of 2X28W LED lighting fixtures with 1x28W LED lighting fixtures across which has resulted in approx. 6% saving in energy from lighting purpose at the stores;
- Converting open door chillers to closed door chillers resulting in energy has resulted in savings of upto 15% savings in refrigeration operations at identified stores.

Various sensitization activities including switching off unessential lighting at stores and offices was undertaken on Earth Day. The Company empowers employees at offices to make a choice and improve their energy consumption by providing manual overhead controls for lighting fixtures.

In the upcoming years, the Company endeavours to:

- Implement mechanisms to measure and monitor energy consumption including diesel at all stores, track refill rates of refrigerant gases in HVAC and refrigerators, deploy key performance indicators, undertake carbon foot-printing studies and develop a climate strategy to showcase the commitment of the Company as a climate steward;
- Scale up activities undertaken in the current reporting period;
- Installation of energy efficient chiller, which is expected to generate energy savings of 6% in overall consumption;
- Identification and installation of rooftop solar and accessing renewable energy at feasible locations;
- Retrofit IOT based solutions in more than 150 Big Bazaar stores, which will provide 10% savings in overall energy consumption through timer based controls for chillers, weather based controls and occupancy sensor based controls;

- Retrofit existing HVAC systems with inverter based HVAC systems, using eco-friendly refrigerants which will ensure up to 15% energy savings in cooling operations, the Company has undertaken pilots in the year under review.

FRL audits its emissions and conducts checks in order to comply with emission norms from DG sets as defined by CPCB at periodic intervals.

### **Material consumption**

With Responsible Consumption as the objective, the Company took a pledge to reduce paper consumption by 50% in offices and at stores by 2021 over 2018 baseline. The Company sensitized employees on the environmental impacts of paper waste and promoted the concept, ways and means to reduce – reuse – recycle.

The Company undertook the following initiatives:-

- Reduced its POS roll consumption/bill by 18% at various stores by optimizing the bill structure and through lever realignment of printers;
- Paper consumption audits were undertaken, tech based interventions to control and reduce paper consumption by 15% was undertaken in the reporting period.

During the period under review, several pilots were undertaken by the Company to reduce paper consumption which shall be undertaken in the upcoming financial year at FRL. Digital invoicing was rolled out by another Group company and the Company will begin implementing the same in the coming financial year.

Detailed below are a couple of customer connect platforms that was piloted at selected Big Bazaar stores with the objective of creating awareness amongst both employees and customers, delivering economic, environmental and social value:

### *Holi Clothes Recycling*

Holi, a festival of colours and happiness is celebrated across different parts of the country. Whilst participating in Holi celebrations, the clothes that are worn often get stained rendering it unwearable and then these clothes are often thrown away and end up in landfills.

During this year during Holi, Big Bazaar partnered with “Goonj” to launch a recycling campaign for Holi stained clothes across 93 stores in Mumbai, Chennai, Delhi NCR, Lucknow, Meerut and Kolkata. During the campaign, customers were incentivized to bring back and drop in their stained garments. The campaign saw an overwhelming response and more than 50,000 clothes were collected from around 27,000 Big Bazaar customers.

The clothes were collected, re-processed and upcycled at Goonj Processing Centres and converted into sitting mats and quilts that have benefitted over 5,000 children in over 50 schools located in extreme climatic regions, thereby creating a better learning environment, providing comfort and also promoting good hygiene practices.

## *Recycling Plastic Bottles Campaign: Plastic Lao Paise Kamao*

In adherence to the Plastic Waste Management (Amendment) Rules 2018, Big Bazaar is supporting brand owners by creating a collection mechanism for the brand's packaging at Point of Sale in stores.

This Extended Producer Responsibility (EPR) mechanism is available at BB stores in Mumbai, Navi Mumbai, Thane, Solapur, Kolhapur, Latur, Tarapore, Nashik and Ahmednagar, while creating awareness amongst customers of Big Bazaar.

### *Waste management*

FRL's compliance to waste management is limited to disposal of e-wastes generated through electronic product brand 'KORYO' and have partnered with authorised e-waste handlers across India.

Further, there were no show cause and legal notices received by the Company which are pending from the CPCB or SPCB at any of the Company's operations.

### **Principle 7: Public Advocacy**

#### **Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner**

FRL focuses on building excellence in retail, while interacting with key stakeholders. The senior leadership team continue to share invaluable experience to provide incisive insights at various conferences involving industry leaders as knowledge sharing practice.

FRL is committed to public good, however the Company has not actively advocated or lobbied directly with government officials or institutions. FRL actively participates in industry events and is a member of the Retailers Association of India (RAI). The operational team continue to learn from the best practices of others. Management and the senior leadership team interacts with various professional bodies and organizations to anticipate and understand the government regulations, economic scenario, industrial environment and advancement of public goods and services.

### **Principle 8: Inclusive Growth**

#### **Business should support inclusive growth and equitable development**

Inclusive growth and sustainability are key components of strategy and business practices at FRL in creating 'Happy Communities'. The Company listens to the voice of the disadvantaged stakeholder and strives to reach out and support these in partnership with its customers and third sector partners.

#### **Engagement with People with disabilities**

The Company believes that shopping should be accessible to everyone. The joy of shopping is a feeling which everyone i.e. senior citizen, pregnant women, temporarily disabled & people with disabilities should experience to

navigate, bargain, talk, discover and shop like any other shopper. Big Bazaar wants to foster inclusiveness and is on a mission to make everyone shop irrespective of race, religion, income, age or disability.

Big Bazaar 'Sabke Liye' initiative has resulted in 140 Big Bazaar stores having disability friendly trial rooms, accessible washrooms, wheelchair friendly ramps, shopping assistance, sit down billing, free home delivery and priority checkouts for shoppers with special needs. Families with babies can enjoy shopping at Big Bazaar which is now also having diaper changing stations.

During the reporting period, Big Bazaar launched a Braille Shopping Guide on World Braille Day making shopping independent and enjoyable. Reserved parking for shoppers with special needs, wider aisles and obstacle free navigation are some of the value added services that have benefitted the disadvantaged society.

Big Bazaar encourages people with special needs through various campaign to experience shopping independently and make them feel special. In December, 2018 the Company organized a Looking Ahead workshop for people with blindness at 13 Big Bazaar stores across India.

More than 400 people with visual impairment participated in the three phased workshop promoting:

- **Eye for Fashion** - A workshop on fashion tips and styling for women with blindness conducted by experts;
- **You Look Beautiful** - A workshop on beauty and personal grooming for women with blindness;
- **Cooking Without Looking** - Hands on training on cooking food and beverages using safe cooking equipments.

Further in SPARK 2019, the annual business meet of Future Group, the idea was promoted by two models having locomotive and visual disability, as show stoppers in an inclusive fashion show.

### *The Quiet Hour*

Shopping can be very stressful and painful experience for people with neuro development disorders such as Autism. The bright lights, loud music and crowds of people can trigger anxiety. The sheer demographic magnitudes in Indian cities makes shopping a crowded experience for all persons with sensorial processing difficulties, including autism, preventing them from experiencing shopping in a pleasant and fulfilling way.

On December 3, 2018, Big Bazaar, Matunga organized quiet hour, a unique concept, first of its kind to make shopping environment conducive to people with autism. The concept will be a weekly feature for one hour on Tuesdays for shoppers at 9 (nine) Big Bazaar stores located at Hebbal, Bengaluru, Matunga, Mumbai, City Square, Guwahati, Vasal Mall, Jalandhar, Vasant Kunj, New Delhi, Elante Mall, Chandigarh, City Square, Jaipur, Hiland Park, Kolkata and Amanara Town Centre, Pune

FRL also partners with various not-for-profits organisations like Youth4Jobs Foundation, Sarthak Educational Trust and Trust for Retailers & Retail Associates of India (TRRAIN Foundation) to train and create livelihood opportunities for Persons with Disability (PwD) in the retail industry. In the reporting period, FRL has hired PwDs who are employed as cashiers and at back end operations. The Company sensitizes employees on inclusion and becoming more receptive to PwD customers through AVESHA (For more details refer to Principle 3)

Further disclosures with reference to non-discrimination at the work place including persons with disabilities and minorities, respecting employee dignity and human rights may be referred to under Principles 3, and 5 of this report.

### Social Responsibility Programs

Pursuant to the requirements detailed in Section 135 of the Companies Act, 2013 and the Companies (Corporate Social Responsibility Policy) Rules, 2014 issued by the Ministry of Corporate Affairs (“MCA”) the Company has in place its Corporate Social Responsibility (“CSR”) policy.

The Company implements its CSR programs through the Group’s “Sone Ki Chidiya” Foundation (“SKC Foundation”).

SKC Foundation has been set up *inter-alia* with objectives of undertaking projects that support community welfare thus creating social value, economic empowerment and environmental value. It seeks to inspire our employees and value chain members to volunteer and participate on key issues that affects communities in areas where stores, offices and warehouses are located.

During the reporting period, the Company was mandated to spend ₹ 6.76 crore on CSR projects as per an agreed plan, which was transferred to the SKC Foundation to be disbursed on various projects and activities as per provisions of Schedule VII of the Companies Act. An amount of ₹ 5.74 crore was spent in the reporting period.

#### Humanitarian Relief

Disasters create devastating human suffering that demands coordinated, swift relief efforts. Big Bazaar provides basic goods like food supplies and garments, as required by the community in a safe and timely manner with the support of on-ground partners.

#### Kerala Flood Relief

Big Bazaar in partnership with customers and Goonj provided relief kits, which equipped communities in Kerala State to sustain the damages caused due to floods.

Further, the Company aggregated cash worth ₹ 0.07 crore as donations by customers vide offline and online platform which was donated to Kerala CM’s Distress Relief Fund (KCMDRF). The Company also matched the cash contributions of its customers and submitted the same to the KCMDRF.

#### Nathapur Fire Hazard

The Company through the SKC Foundation extended support and help for needy and affected people of various families during Nathapur Fire Hazard which took place in March 2019.

#### Creating Social Value

Some of the activities undertaken in relation to social value are mentioned below:

##### Promoting Education

The Company donated ₹ 0.25 crore towards Maheshwari Vidya Pracharak Mandal for construction of a girls hostel at Airoli, Mumbai which will benefit over 75 young women pursuing their higher education.

The Company donated ₹ 0.10 crore towards Friends of Tribal Society in Wada district in Palghar. These 50 Ekalvidyalayas helps to promote the culture of continuous learning through education amongst more than 1,500 tribal children.

##### Creating Access to Better Healthcare Facilities

FRL partnered with Parmath Seva Samiti to provide a better recuperative and living environment for the caretakers of cancer survivors and patients seeking palliative care in Mumbai by donating ₹ 0.46 crore for the construction of residential facilities in Mumbai.

##### Reducing Inequalities through access to nutritious food

The Company donated oats worth ₹ 0.05 crore to a large network of children’s homes, shelter homes for the homeless and non-formal education centers across Mumbai, Delhi NCR, Bengaluru under the midday meal programmes run by Responsenet Development Services. Through such food assistance, over 16,200 food insecure children were provided nutrition rich meals including breakfast and snacks.

##### Reducing Inequalities faced by socially and economically backward groups by providing basic goods:

The Company provided goods worth ₹ 4.87 crore to affected communities and has so far provided to over a lakh members of the community in 21 states and 2 union territories.

(For more details, please refer to CSR Report annexed to Directors' Report for the year ended March 31, 2019)

### Projects scheduled for deployment in the course of FY 2019-20

The Company has finalised partnerships with not-for-profits organisations in various cities on pan India basis aimed at vocational training and employment opportunities for persons with disabilities

#### Principle 9: Value to customers and consumers

##### Business should engage with and provide value to their customers and consumers in a responsible manner

FRL adheres to key customer values that matters and constantly works towards increasing customer loyalty by adhering to highest standards of quality and compliance requirements.

To lend credence to its motto "Sab Ke Liye", the Company consistently provides customer connect platforms at its stores and through its outreach efforts with underserved communities.

As in past years, the Learning and Development Team and the Operations SPOC are continually involved in training of employees from Customer Service Team on pan India basis for better customer service, improving knowledge of technology, especially the CRM at the Customer interface to cater to customer grievances and feedback.

FRL has integrated Microsoft CRM with Field Partner CRM for complete transparency and visibility of field service.

The customer based survey, internally branded as Voice of Customer (VOC) runs on the Net Promoter Score (NPS) platform. During the reporting period, the Company saw a marked improvement in the NPS score and it has set out internal target going forward.

The Company proactively interacts with customers for higher customer centricity and better response (Please refer to Principle 4 for more details related to customers) and have set in place a strong grievance mechanism, conducted through CRM software to address complaints (Please refer to Principle 1 for more details on grievance mechanism).

FRL ensures that its marketing and advertising campaign and communications do not confuse or mislead the consumers or violate any of the principles in these Guidelines. (Please refer to Principle 2 for more details with regards to Product Labeling).

There are no cases filed by any stakeholder against the Company regarding irresponsible advertising and/or anti-competitive behaving during the last five years and pending as on end of this financial year.

Note: \* The Company's Retail business was realigned in FY 2015-16 pursuant to the scheme of arrangement between Future Retail Limited and Future Enterprises Limited (FEL) and vesting of Retail business of FEL with the Company and transfer of Retail Infrastructure business to FEL.

# In the previous financial year, the Company has a non-cash exceptional item of ₹ 603.87 crore resulting in reduction of profit by the same amount.

## The financial results for the year ended March 31, 2019 are not comparable with previous years, due to effect given to demerger of Home Retail Business undertaking to Praxis Home Retail Limited and vesting of demerged Retail Undertaking of Heritage Foods Retail Limited and demerged Retail Business Undertaking of Hypercity Retail (India) Limited with the Company at different period of times during the previous years and in the financial year under review.

## INDEPENDENT AUDITORS' REPORT

To the Members of  
FUTURE RETAIL LIMITED

### Report on the Audit of the Standalone Financial Statements

#### Opinion

We have audited the accompanying Standalone Financial Statements of Future Retail Limited, ("the Company") which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

#### Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have

determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<u>Revenue Recognition</u> Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers".	<u>Principal Audit Procedures</u> We assessed the appropriateness of the revenue recognition accounting policies, including those relating to discounts by comparing with new revenue accounting standard. Tested the relevant information technology system's access and change management controls which govern revenue recognition interfaces between different systems and key management controls over revenue recognition to assess the completeness of the revenue entries being recorded in the accounting system. We performed substantive testing by selecting samples of discount transactions recorded during the year and comparing the parameters used in the calculation of the discounts with the relevant source documents (including schemes) to assess whether the methodology adopted in the calculation of the discounts was in accordance with the terms and conditions defined in the corresponding schemes. Performed analytical procedures for reasonableness of revenues.
2	<u>Valuation of Inventory</u> We identified this matter as key in our audit due to the materiality of the value of inventories, and the numerous SKUs and high volume of movement in the inventory.	<u>Principal Audit Procedures</u> Assessment of the design, implementation and operational effectiveness of the relevant controls in place in the inventory management and measurement process. Evaluation of the inventory costing methodology and valuation policy established by management, including compliance with the applicable accounting standard. Assessment of the inventory costing methodology and valuation policy maintained and applied in the IT system. Assessing the analysis and assessment made by the management with respect to slow moving and obsolete inventory. Verification of the determination of net realizable value on a representative sample basis

## Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements.**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income,

the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;

- d. In our opinion, the aforesaid Standalone Financial Statements comply with Ind AS specified under Section 133 of the Act, read with relevant rule issued there under.
- e. On the basis of written representations received from the Directors as on March 31, 2019, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019, from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of Internal financial controls over financial reporting of the company and the operating effectiveness of such control, refer to our separate report in "Annexure B" our report express an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial control over financial reporting.
- g. With respect to the other matters to be included in the Auditor's in the Auditor's Report in accordance with requirement of section 197(16) of the Act, as amended:
  - i. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
  - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanation given to us:
    - i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements.
    - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
    - iii. There were no amounts, which were required to be transferred, to the Investor Education and Protection Fund by the Company.

## Annexure A to the Independent Auditor's Report

(Referred to in Paragraph 1 under the "Report on Other Legal and Regulatory Requirements" section of our report to the Members of Future Retail Limited of even date)

- i. a. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- b. The Company has a program of verification to cover all the items of fixed assets in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- c. According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed, transfer deed, conveyance deed provided to us, we report that, the title deeds, comprising the immovable properties of land, are held in the name of the Company as at the Balance Sheet date.
- ii. The management has conducted physical verification of inventory at regular intervals during the year. In our opinion and according to the information and explanations given to us, the Company is maintaining proper records of inventory. The discrepancies noticed on verification between physical stocks and the book records were not material having regard to the size of the operations of the company.
- iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to Companies, Firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore, paragraph 3 (iii) of the order is not applicable.
- iv. In our opinion and according to the information and explanations given to us and based on our examination of the records, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to guarantee given.
- v. The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2019. Therefore, paragraph 3 (v) of the order is not applicable.
- vi. In our opinion and according to the information and explanations given to us, maintenance of cost records has not been specified by the Central

Government under section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Therefore, paragraph 3(vi) of the order is not applicable.

- vii. a. According to the information and explanations given to us, in our opinion, the Company is generally regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.
- b. According to the information and explanations given to us, there were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues in arrears as at March 31, 2019 for a period of more than six months from the date they became payable.
- c. Details of dues of Sales Tax, Value Added Tax and Stamp Duty which have not been deposited as at March 31, 2019 on account of dispute are given below:

Name of the Statute	Nature of the dues	Amount (₹ In Crore)	Period to which the amount relates	Forum where dispute is pending
The Indian Stamp Act, 1899	Stamp Duty	9.53*	FY: 2008-09; FY: 2015-16	District Collector of Stamp, Gautambudhnagar, U.P.; Collector of Lucknow; ADM (F & R); The Collector of Stamps Preet Vihar, Delhi
Central Sales Tax Act and Local Sales Tax Act	Central Sales Tax and Local Sales Tax (including Value Added Tax)	17.22*	FY: 2011-12; FY: 2013-14; FY: 2014-15; FY: 2015-16; FY: 2016-17; FY: 2017-18.	Dy. Commissioner of Sales Tax; Joint Commissioner of commercial Taxes, Appeal-3; Comm. Tax Circle-P, Jammu ; Tribunal

\*Net of amount paid under protest

- viii. In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings from banks. The Company has not taken any loans from Government or any Financial Institution and debenture holders.
- ix. Based on our audit procedure and on the basis information and explanation given by the management, we are of the opinion that money raised by company by way of term loan have been applied for the purpose for which they were raised. The company did not raise any money by way of Initial Public offer or further public offer.
- x. To the best of our knowledge and belief and according to the information and explanations given to us, no fraud by the Company was noticed or reported during the year, although there were some instances of fraud on the Company noticed by the Management, the amounts whereof were not material in the context of the size of the Company and the nature of its business and the amounts were adequately provided for.
- xi. In our opinion and according to the information and explanations given to us, the Company has paid/ provided managerial remuneration in accordance in accordance with the provisions of section 197 of the Act.
- xii. In our opinion and according to the information given to us, the Company is not a Nidhi Company. Therefore, paragraph 3(xii) of the order is not applicable.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details have been disclosed in the Financial Statements as required by the applicable accounting standard.
- xiv. According to the information and explanations given to us and based on our examination of the records, Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Therefore, paragraph 3(xiv) of the order is not applicable.
- xv. According to the information and explanations given to us and based on our examination of the records, Company has not entered into any non-cash transactions with the directors or persons connected with him. Therefore, paragraph 3(xv) of the order is not applicable.
- xvi. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

## Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Future Retail Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial

controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

### Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may

become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company

considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

### 1. Company Overview and Significant Accounting Policies

#### 1.1 Company Overview

Future Retail Limited ('The Company') is a public Company domiciled in India and incorporated on February 7, 2007. The Company is engaged in the business of retailing of fashion, household and consumer products through departmental and neighbourhood stores under various formats across the country.

The Company has its registered office at Mumbai, Maharashtra, India. The Company has its primary listing on BSE Limited and National Stock Exchange of India Limited.

The financial statements were authorised for issue in accordance with a resolution of the Board of Directors on May 25, 2019.

#### 1.2 Basis of Preparation of Financial Statements

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. The Ind AS are prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

#### 1.3 Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

#### 1.4 Revenue Recognition

Revenue is recognised to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative-catchup transition method, applied to contracts that were not completed as of April 1, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant.

##### Sale of Products

Revenue from sale of products is recognised, when significant risks and rewards of ownership have been transferred to the buyer and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of products. It also includes excise duty and excludes value added tax/sales tax and GST (Goods and Service Tax). It is measured at fair value of consideration received or receivable, net of returns and allowances.

##### Rendering of Services

Revenue from services are recognised as they are rendered based on arrangements with the customers.

##### Interest Income

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

##### Dividend Income

Dividend income is recognised when the Company's right to receive such dividend is established.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

### 1.5 Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The cost of property, plant and equipment acquired in a business combination is recorded at fair value on the date of acquisition.

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit and Loss when the asset is derecognized.

The Company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows:

Building	:	30 years
Plant and Equipment	:	15 years
Office Equipment*	:	3 to 6 years
Furniture and Fixture	:	10 years
Leasehold Improvement*	:	Lease term or 15 years, whichever is lower
Vehicle	:	8 years

\*Based on technical evaluation, the management believes that the useful lives as given above best represent the period over which management expects to use these assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Leasehold lands are amortized over the period of lease. Buildings constructed on leasehold land are depreciated based on the useful life specified in Schedule II to the Companies Act, 2013, where the lease period of land is beyond the life of the building.

In other cases, buildings constructed on leasehold lands are amortized over the primary lease period of the lands.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

### 1.6 Intangible Assets

Intangible assets are stated at acquisition cost and other cost incurred, which is attributable to preparing the asset for its intended use, less accumulated amortization and accumulated impairment losses, if any. The cost of intangible assets acquired in a business combination is recorded at fair value on the date of acquisition. The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortized over the useful economic life not exceeding ten years and assessed for impairment whenever there is an indication that the Intangible assets may be impaired. Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level.

An item of Intangible Asset is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit or Loss when the asset is derecognized.

The residual values, useful lives and methods of amortization of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

### 1.7 Business Combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

which control is transferred to the Company. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired, liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Business combinations between entities under common control is accounted for at carrying value. Transaction costs that the Company incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

### 1.8 Leases

Leases where significant portion of risk and reward of ownership are retained by the lessor, are classified as operating leases and lease payments are recognised as an expense on a straight line basis in Statement of Profit and Loss over the lease term.

Finance leases that transfer substantially all of the risks and benefits incidental to ownership of the leased item, are capitalized at commencement of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and a reduction in the lease liability so as to achieve a constant rate of interest on the remaining balance of liability. Finance charges are recognised in finance cost in the statement of profit and loss.

### 1.9 Current versus Non-Current Classification

An asset is considered as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

### 1.10 Measurement of Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 —Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 —Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 —Input for the asset or liability that are not based on observable market data (unobservable inputs).

### 1.11 Financial Instruments

#### (i) Initial Recognition and Measurement

The Company recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are recognised on the trade date.

#### (ii) Subsequent Measurement

##### A Non-Derivative Financial Instruments

###### a Financial Assets Carried at Amortized Cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

###### b Financial Assets at Fair Value Through Other Comprehensive Income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

###### c Financial Assets at Fair Value Through Profit or Loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

###### d Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

##### B Derivative Financial Instruments

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

Financial Assets or Liabilities, at Fair Value Through Profit or Loss:

This category has derivative financial assets or liabilities which are not designated as hedges.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Although The Company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/Liabilities in this category are presented as Current Assets/Liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

### (iii) Derecognition of Financial Instruments

The Company derecognizes a financial asset when the contractual right to receive the cash flows from the financial asset expire or it transfers the financial asset.

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or expires.

### 1.12 Inventories

Inventories are valued at lower of cost or net realizable value. Inventories of traded goods are valued at lower of cost or net realizable value. Finished Goods and Work-in-Progress include cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Costs of inventories are computed on weighted average basis.

### 1.13 Foreign Currency

#### (i) Functional Currency

Financial statements of the Company's are presented in Indian Rupees (₹), which is also the functional currency.

#### (ii) Transactions and Translations

Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the balance sheet date. The gains or losses resulting from such translations are included in net profit in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction. Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gain and losses are presented in the statement of profit and loss on net basis within other gains/(losses).

### 1.14 Borrowing Costs

Borrowing costs, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use, are capitalized as part of the cost of the respective asset. All other borrowing costs are charged in the year in which they occur in the statement of profit and loss.

### 1.15 Employee Benefits

Short term employee benefits

All employee benefits payable wholly within twelve months from reporting date are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives and the expected cost of bonus etc. are recognised as an expense at the undiscounted amount in statement of profit and loss for the period in which the related service is rendered.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

### Post-employment defined contribution benefits

Payment to defined contribution plans such as provident fund, employee state insurance etc. are recognised as expense when employees have rendered services entitling them to such contributions. Company has no further payment obligations once the contributions have been paid.

### Post-employment defined benefit benefits

Cost of post-employment benefit plans such as gratuity are recognised as an expense in the statement of profit and loss for the period in which the employee has rendered services. The expense is recognised at the present value of the amounts payable determined using projected unit credit method, with actuarial valuation techniques at the end of each annual reporting period. Service cost (including current service cost, past service cost) and interest expense are recognised in the statement of profit and loss. Gains and losses through re-measurements of the net defined benefit liability are recognised in other comprehensive income. The effect of any plan amendments are recognised in statement of profit and loss.

### 1.16 Share-Based Payment

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments/option at the grant date.

The fair value determined at the grant date of the equity settled share-based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in statement of profit and loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share options outstanding reserve.

### 1.17 Income Tax

Income tax comprises current and deferred income tax. It is recognized in profit or loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent there is reasonable certainty that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

### 1.18 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders of The Company by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the period, are adjusted for the effects of all dilutive potential equity shares.

### 1.19 Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Provisions for warranty-related costs are recognised when the product is sold or service provided to the customer. Initial recognition is based on historical experience. The initial estimate of warranty-related costs is revised annually.

### 1.20 Impairment

#### (i) Financial Assets

The Company recognizes loss allowances using the expected credit losses (ECL) model for the financial assets which are not fair valued through statement of profit and loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in statement of profit and loss.

#### (ii) Non-Financial Assets

##### Intangible Assets and Property, Plant and Equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognised for the asset in prior years.

### 1.21 Share Capital

#### Ordinary Shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

### 1.24 Application of new and revised standards

#### Ind AS 116- Leases:

On 30th March 2019, the Ministry of Corporate Affairs (MCA) has notified Ind AS 116 Leases, under Companies (Indian Accounting Standards) Amendment Rules, 2019 which is applicable with effect from 1st April, 2019.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lease accounting model for lessee and requires the lessee to recognize right of use assets and lease liabilities for all leases with a term of more than twelve months, unless the underlying asset is low value in nature. Currently, operating lease expenses are charged to the statement of profit and loss. Ind AS 116 substantially carries forward the lessor accounting requirements in IND AS 17.

As per Ind AS 116, the lessee needs to recognise depreciation on rights of use assets and finance costs on lease liabilities in the statement of profit and loss. The lease payments made by the lessee under the lease arrangement will be adjusted against the lease liabilities.

The Company is currently evaluating the impact on account of implementation of Ind AS 116 which might have significant impact on key profit & loss and balance sheet ratio i.e. Earnings before interest, tax, depreciation and amortisation (EBITDA), Asset coverage, debt equity, interest coverage, etc.

#### (ii) Terms/Rights Attached to Equity Shares

The Company has only one class of Equity Shares having a par value of ₹ 2/- each at the Balance Sheet Date. Each holder is entitled to one vote per share in case of voting by show of hands and one vote per share held in case of voting by poll/ballot. Each holder of Equity Share is also entitled to normal dividend (including interim dividend, if any) as may declared by the Company. The Company declares and pays dividends in Indian Rupees. The dividend proposed by the Board of Directors is subject to approval of the shareholders in the Annual General Meeting.

In the event of liquidation of Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distributions will be in proportion to the number of equity shares held by shareholder.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

### 32. Financial Risk Management

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the managing board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including loans and borrowings, foreign currency receivables and payables.

The Company manages market risk through treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures and borrowing strategies.

#### i Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the interest cost, treasury performs a comprehensive corporate interest rate risk management by balancing the borrowings from commercial paper, short term loan, working capital loan and non fund facilities from banks.

The Company is not exposed to significant interest rate risk as at the respective reporting dates.

#### ii Foreign Currency Risk

The Company is exposed to exchange fluctuation risk for its purchase from overseas suppliers in various foreign currencies.

The Company follows established risk management policies including the use of derivatives like foreign exchange forward contracts to hedge exposures to foreign currency risk.

The following table analyzes foreign currency risk from financial instruments as of:

	(₹ in crore)	
	<b>2018-19</b>	<b>2017-18</b>
Trade Payables	<b>13.87</b>	134.06
Trade Receivables	<b>4.42</b>	-

#### iii Credit Risk

Credit risk refers to the risk of default on its obligation by the counter party resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹ 316.46 crore and ₹ 238.35 crore as of March 31, 2019 and March 31, 2018 respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has always been managed by The Company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Company's historical experience for customers.

#### Credit Risk Exposure

Change in the loss allowance measured using life-time expected credit loss model:

	(₹ in crore)	
	<b>2018-19</b>	<b>2017-18</b>
Opening Balance	<b>2.75</b>	1.36
Provided During The Year	<b>4.89</b>	1.39
Amounts Written off	<b>2.09</b>	-
<b>Closing Balance</b>	<b>5.55</b>	<b>2.75</b>

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

The ageing analysis of the receivables (gross of provision) has been considered from the date the invoice falls due:

	(₹ in crore)	
	2018-19	2017-18
Up to 3 Months	281.29	212.70
3 to 6 Months	22.67	16.76
More Than Six Months	12.50	8.89

Credit risk on cash and cash equivalents is limited as we generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies.

#### iv Liquidity Risk

The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. Typically the Company ensures that it has sufficient cash on demand to meet expected operational expenses and servicing of financial obligations.

	(₹ in crore)	
	2018-19	2017-18
Short Term Borrowings	2,178.67	1,001.41
Trade Payables	2,937.32	3,424.23
Other Financial Liabilities	121.40	83.27

#### (v) Financial Instruments Valuation

All financial instruments are initially recognized and subsequently re-measured at fair value as described below:

- The fair value of quoted investment is measured at quoted price or NAV.
- The fair value of the remaining financial instruments is determined using discounted cash flow analysis.
- All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

Fair value measurement hierarchy:

Particulars	As At March 31, 2019			As At March 31, 2018		
	Carrying Amount	Level of Input used in		Carrying Amount	Level of Input used in	
		Level 1	Level 2		Level 1	Level 2
<b>Financial Assets</b>						
<b>At Amortized Cost</b>						
Trade Receivables	316.46	-	-	238.35	-	-
Cash and Bank Balances	252.81	-	-	214.98	-	-
Deposits	1,935.44	-	-	1,579.99	-	-
Other Financial Assets	99.97	-	-	83.21	-	-
<b>At FVTOCI</b>						
Investments	0.01	0.01	-	0.01	0.01	-
<b>Financial Liabilities</b>						
<b>At Amortized Cost</b>						
Borrowings	2,553.98	-	-	1,224.74	-	-
Trade Payables	2,937.32	-	-	3,424.23	-	-
Other Financial Liabilities	121.40	-	-	83.27	-	-

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

The financial instruments are categorized into two levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities; and

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

### 33. Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximize the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents.

(₹ in crore)		
Particular	March 31, 2019	March 31, 2018
Gross Debt	2,657.04	1,286.41
Trade Payables	2,937.32	3,424.23
Other Payables	1,015.90	331.34
Less: Cash and Cash Equivalents	204.91	175.34
<b>Net Debt</b>	<b>6,405.35</b>	<b>4,866.64</b>
Equity	100.52	100.40
Other Equity	3,751.43	2,995.87
<b>Total Capital</b>	<b>3,851.95</b>	<b>3,096.26</b>
<b>Capital and Net Debt</b>	<b>10,257.30</b>	<b>7,962.90</b>
<b>Gearing Ratio</b>	<b>62.45%</b>	<b>61.12%</b>

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowings in the current period.

No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2019 and March 31, 2018.

### 34. Employee Benefits - Gratuity

As per Ind AS 19 the disclosures as defined in the Accounting Standard are given below:

(₹ in crore)		
i Change in Present Value of Defined Benefit Obligation	2018-19	2017-18

The amount of interest paid by the buyer in terms of section 16 of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006.	0.44	0.82
The amount of interest accrued and remaining unpaid at the end of each accounting year	0.66	0.85
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under Section 23 of the MSMED Act, 2006.	2.86	2.42

### 42. Contingent Liabilities

Claims Against the Company Not Acknowledged as Debts, In respect of Value Added Tax ₹ 18.86 crore (2018: ₹ 11.91 crore), Letter of Credit ₹ 445.3 crore (2018 : ₹ 458.65 crore), Others ₹ 45.46 crore (2018: ₹ 88.43 crore) and Other money for which the Company is Contingently Liable, Bank Guarantee Given ₹ 90.88 crore and Corporate Guarantees Given ₹ 3602.63 crore (2018 : ₹ 4467.48 crore)

There are various labour, legal metrology, food adulteration and cases under other miscellaneous acts pending against the Company, the liability of which cannot be ascertained. However, management does not expect significant or material liabilities devolving on the Company.

43. Pursuant to the levy of service tax on renting of immovable properties given for commercial use, retrospectively with effect from June 1, 2007 by the Finance Act, 2010, the Company based on legal advice, challenged the levy through Retailers Association of India and its retrospective application. The Hon'ble Supreme Court had passed an interim order dated October 14, 2011. In compliance of this order Company has made an aggregate deposit of ₹ 39.71 crore in respect of the liability for such service tax for the period from June 1, 2007 up to September 30, 2011. From October 1, 2011, the Company is accounting and paying for such service tax regularly as per directives of the Supreme Court. Accordingly the Company has not made provision of ₹ 79.42 crore for the period June 1, 2007 to September 30, 2011 which would be appropriately recognised on final determination.

44. The Hon'ble Supreme Court of India ("SC") by their order dated February 28, 2019, in the case of M/s. Surya Roshani Limited & others v/s EPFO, set out the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purposes of computation of Provident Fund contribution. There are interpretative issues related to the judgement which require clarification. Further Surya Roshni has filed a review petition with Hon'ble Supreme Court which is pending for disposal Pending decision on the subject review petition and clarificatory directions from the EPFO, the impact, if any, is not ascertainable and consequently no effect has been given in the accounts.

### 45. Capital and Other commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances) ₹ 42.74 crore (2018 : ₹ Nil)

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

### 46. Payment to the Auditor

(₹ in crore)

	2018-19	2017-18

# INDEPENDENT AUDITORS' REPORT

To the Members of  
**FUTURE RETAIL LIMITED**

## Report on the Consolidated Ind AS Financial Statements

### Opinion

We have audited the accompanying consolidated financial statements of FUTURE RETAIL LIMITED ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and jointly controlled entity, which comprise the Consolidated Balance Sheet as at March 31, 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2019, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements Section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit

of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<u>Revenue Recognition</u> Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers"	<u>Principal Audit Procedures</u> Assessed the appropriateness of the revenue recognition accounting policies, including those relating to discounts by comparing with new revenue accounting standard. Tested the relevant information technology system's access and change management controls which govern revenue recognition interfaces between different systems and key management controls over revenue recognition to assess the completeness of the revenue entries being recorded in the accounting system. Performed substantive testing by selecting samples of discount transactions recorded during the year and comparing the parameters used in the calculation and discounts with the relevant source documents (including schemes) to assess whether the methodology adopted in the calculation of discounts was in accordance with the terms and conditions defined in the corresponding schemes. Performed analytical procedures for reasonableness of revenues.
2	<u>Valuation of Inventory</u> Identified this matter as key due to the materiality of the value of inventories, and the numerous SKUs and high volume of movement in the inventory	<u>Principal Audit Procedures</u> Assessment of the design, implementation and operational effectiveness of the relevant controls in place in the inventory management and measurement process. Evaluation of the inventory costing methodology and valuation policy established by management, including compliance with the applicable accounting standard. Assessment of the inventory costing methodology and valuation policy maintained and applied in the IT system. Assessing the analysis and assessment made by the management with respect to slow moving and obsolete inventory. Verification of the determination of net realizable value on a representative sample basis

## Information Other than the Consolidated Financial Statements and Auditors' Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going

concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ♦ Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ♦ Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its subsidiary companies and jointly controlled entity which are companies, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- ♦ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ♦ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial

statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- ♦ Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ♦ Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matters**

We did not audit the financial statements of its subsidiaries whose financial statements reflect total assets (net) of Rs. 14.19 crore as at March 31, 2019, total revenues of Rs. 222.24 crore and net cash inflows amounting to Rs. 1.67

crore for the year ended on that date as considered in the consolidated financial statements. These financial statements and the other financial information have been audited by other auditor whose report has been furnished to us by the Management, and our opinion on the consolidated results to the extent they have been derived from such financial statements is based solely on the other auditor's report. The consolidated financial statements also include the Group's share of loss after tax of Rs. 0.24 crore for the period ended December 31, 2018, as considered in the consolidated financial statements, in respect of jointly controlled entity, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditors.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
  - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
  - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
  - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2019 taken on record

by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India none of the directors of the Group companies is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditor's reports of the Holding Company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The consolidated financial statements disclose impact of pending litigations on the consolidated financial position of the Group.
- ii. The Group, its associates and joint venture did not have any material foreseeable losses on long-term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.

## Annexure – A to the Auditors’ Report

### Report on the Internal Financial Controls under Clause (1) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Art”)

In conjunction with our audit of the Consolidated Ind AS financial statement of the Company as of and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of FUTURE RETAIL LIMITED (“the Holding Company”) and its subsidiary companies which are companies, incorporated in India , as of that date.

### Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of

the Holding Company, its subsidiary companies which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note required that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risk of material misstatement of the Ind As financial statement, whether due to fraud or error.

We believe that the audit evidence obtained by the other auditors of the subsidiary companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company, its subsidiary companies, which are companies incorporated in India.

### Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statement for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles, and that receipts and expenditure of the Company are being made only in accordance with authorization of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

### Inherent Limitation of Internal Financial Controls Over Financial Reporting

Because of the inherent limitation of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur

and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedure may deteriorate.

### **Opinion**

In our opinion and to the best of our information and according to explanation given and based on the consideration of report of other auditors, as referred to in other matters paragraph, the Holding Company, its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components

of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

### **Other Matters**

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to subsidiary companies which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies which are companies incorporated in India,.

# NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

## 1.0 Company Overview and Significant Accounting Policies

### 1.1 Overview

Future Retail Limited ('The Company or Parent') is a public company domiciled in India and incorporated under the provisions of Companies Act, 1956 on February 7, 2007. The Company, its Subsidiaries and Joint Venture collectively refer to as a Group.

The Group is engaged in the business of retailing of fashion, household and consumer products through departmental and neighbourhood stores under various formats.

The Group has its registered office at Mumbai, Maharashtra, India. The Group has its primary listings on the BSE Limited National Stock Exchange of India Limited .

The consolidated financial statements were authorised for issue in accordance with a resolution of the Board of Directors on May 25, 2019.

### 1.2 Basis of Preparation of consolidated financial statements

These consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention method on accrual basis except for certain financial instruments which are measured at fair values. The Ind AS are prescribed under Section 133 of the Companies Act, 2013 (Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

### 1.3 Basis of Consolidation

The Group consolidate entities which it owns or controls. The consolidated financial statements comprise the financial statements of the Group, it controlled its subsidiaries and joint venture.

Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The financial statements of the Group companies are consolidated on a line-by-line basis and intra-Group balances and transactions including unrealised gain/loss from such transactions are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the Group, are excluded.

Investments in joint ventures are accounted for using the equity method of accounting. The investment is initially recognised at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the acquisition date.

### 1.4 Use of Estimates

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements.

### 1.5 Revenue Recognition

Revenue is recognised to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Effective April 1, 2018, the Company adopted Ind AS 115 “Revenue from Contracts with Customers” using the cumulative-catchup transition method, applied to contracts that were not completed as of April 1, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 was insignificant.

### **Sale of Products**

Revenue from sale of products is recognised, when significant risks and rewards of ownership have been transferred to the buyer and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of products. It also includes excise duty and excludes value added tax/sales tax and GST (Goods and Service Tax). It is measured at fair value of consideration received or receivable, net of returns and allowances.

### **Rendering of Services**

Revenue from services are recognised as they are rendered based on arrangements with the customers.

### **Interest Income**

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

### **Dividend Income**

Dividend income is recognised when the Group’s right to receive such dividend is established.

## **1.6 Property, Plant and Equipment**

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalised until the property, plant and equipment are ready for use, as intended by management. The cost of property, plant and equipment acquired in a business combination is recorded at fair value on the date of acquisition.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit or Loss when the asset is derecognised.

The Group depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows:

Building	: 30 years
Plant and Equipment	: 15 years
Office Equipment*	: 3 to 6 years
Furniture and Fixture	: 10 years
Leasehold Improvement*	: Lease term or 15 years, whichever is lower
Vehicle	: 8 years

\*Based on technical evaluation, the management believes that the useful lives as given above best represent the period over which management expects to use these assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Leasehold lands are amortized over the period of lease. Buildings constructed on leasehold land are depreciated based on the useful life specified in Schedule II to the Companies Act, 2013, where the lease period of land is beyond the life of the building.

In other cases, buildings constructed on leasehold lands are amortized over the primary lease period of the lands.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under ‘Capital work-in-progress’.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

### 1.7 Intangible Assets

Intangible assets are stated at acquisition cost and other cost incurred, which is attributable to preparing the asset for its intended use, less accumulated amortization and accumulated impairment losses, if any. The cost of intangible assets acquired in a business combination is recorded at fair value on the date of acquisition. The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortized over the useful economic life not exceeding ten years and assessed for impairment whenever there is an indication that the Intangible assets may be impaired. Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level.

An item of Intangible Asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit or Loss when the asset is derecognised.

The residual values, useful lives and methods of amortization of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

### 1.8 Goodwill

Goodwill on acquisition of Subsidiaries and Joint Ventures is included in intangible assets. Goodwill is not amortized but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

### 1.9 Business Combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Group. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired, liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Business combinations between entities under common control is accounted for at carrying value. Transaction costs that the Group incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

### 1.10 Leases

Leases where significant portion of risk and reward of ownership are retained by the lessor, are classified as operating leases and lease payments are recognised as an expense on a straight line basis in Statement of Profit and Loss over the lease term.

Finance leases that transfer substantially all of the risks and benefits incidental to ownership of the leased item, are capitalised at commencement of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and a reduction in the lease liability so as to achieve a constant rate of interest on the remaining balance of liability. Finance charges are recognised in finance cost in the statement of profit and loss.

### 1.11 Current versus Non-Current Classification

An asset is considered as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

### 1.12 Measurement of Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 —Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 —Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 —Input for the asset or liability that are not based on observable market data (unobservable inputs).

### 1.13 Financial Instruments

#### (i) Initial Recognition and Measurement

The Group recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are recognised on the trade date.

#### (ii) Subsequent Measurement

##### a) Non-Derivative Financial Instruments

##### (i) Financial Assets Carried at Amortized Cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### (ii) Financial Assets at Fair Value Through Other Comprehensive Income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Group has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Group has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognised in other comprehensive income.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

### (iii) Investments in Joint Venture

Investments in Joint Venture are carried at cost.

### (iv) Financial Assets at Fair Value Through Profit or Loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

### (v) Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

### b) Derivative Financial Instruments

The Group holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

#### (i) Financial Assets or Liabilities, at Fair Value Through Profit or Loss:

This category has derivative financial assets or liabilities which are not designated as hedges.

Although the Group believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/liabilities in this category are presented as current assets/liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

#### (ii) Derecognition of Financial Instruments

The Group derecognizes a financial asset when the contractual right to receive the cash flows from the financial asset expire or it transfers the financial asset.

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or expires.

### 1.14 Inventories

Inventories are valued at lower of cost or net realizable value. Inventories of traded goods are valued at lower of cost or net realizable value. Finished Goods and Work-in-Progress include cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Costs of inventories are computed on weighted average basis.

### 1.15 Foreign Currency

#### (i) Functional Currency

Consolidated financial statements of the Group's are presented in Indian Rupees (₹), which is also the functional currency.

#### (ii) Transactions and Translations

Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the balance sheet date. The gains or losses resulting from such translations are included in net profit in the Statement of Profit and Loss. Non-monetary assets and non-

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction. Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gain and losses are presented in the statement of profit and loss on net basis within other gains/(losses).

### 1.16 Borrowing Costs

Borrowing costs, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use, are capitalized as part of the cost of the respective asset. All other borrowing costs are charged in the year in which they occur in the statement of profit and loss.

### 1.17 Employee Benefits

Short term employee benefits

All employee benefits payable wholly within twelve months from reporting date are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives and the expected cost of bonus etc. are recognised as an expense at the undiscounted amount in statement of profit and loss for the period in which the related service is rendered.

Post-employment defined contribution benefits

Payment to defined contribution plans such as provident fund, employee state insurance etc. are recognised as expense when employees have rendered services entitling them to such contributions. Company has no further payment obligations once the contributions have been paid.

Post-employment defined benefit benefits

Cost of post-employment benefit plans such as gratuity are recognised as an expense in the statement of profit and loss for the period in which the employee has rendered services. The expense is recognised at the present value of the amounts payable determined using projected unit credit method, with actuarial valuation techniques at the end of each annual reporting period. Service cost (including current service cost, past service cost) and interest expense are recognised in the statement of profit and loss. Gains and losses through re-measurements of the net defined benefit liability are recognised in other comprehensive income. The effect of any plan amendments are recognised in statement of profit and loss.

### 1.18 Share-Based Payment

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments/option at the grant date.

The fair value determined at the grant date of the equity settled share-based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in statement of profit and loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share options outstanding reserve.

### 1.19 Taxation

Income tax comprises current and deferred income tax. It is recognized in profit or loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent there is reasonable certainty that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

### 1.20 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders of the Group by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Group and the weighted average number of shares outstanding during the period, are adjusted for the effects of all dilutive potential equity shares.

### 1.21 Provisions

A provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Provisions for warranty-related costs are recognised when the product is sold or service provided to the customer. Initial recognition is based on historical experience. The initial estimate of warranty-related costs is revised annually.

### 1.22 Impairment

#### (i) Financial Assets

The Group recognizes loss allowances using the expected credit losses (ECL) model for the financial assets which are not fair valued through statement of profit and loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in statement of profit and loss.

#### (ii) Non-Financial Assets

##### Intangible Assets and Property, Plant and Equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognised for the asset in prior years.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

### 1.23 Share Capital

#### Ordinary Shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

### 1.24 Application of new and revised standards

#### Ind AS 116- Leases:

On 30th March 2019, the Ministry of Corporate Affairs (MCA) has notified Ind AS 116 Leases, under Companies (Indian Accounting Standards) Amendment Rules, 2019 which is applicable with effect from 1st April, 2019.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lease accounting model for lessee and requires the lessee to recognize right of use assets and lease liabilities for all leases with a term of more than twelve months, unless the underlying asset is low value in nature. Currently, operating lease expenses are charged to the statement of profit and loss. Ind AS 116 substantially carries forward the lessor accounting requirements in IND AS 17.

As per Ind AS 116, the lessee needs to recognise depreciation on rights of use assets and finance costs on lease liabilities in the statement of profit and loss. The lease payments made by the lessee under the lease arrangement will be adjusted against the lease liabilities.

The Company is currently evaluating the impact on account of implementation of Ind AS 116 which might have significant impact on key profit & loss and balance sheet ratio i.e. Earnings before interest, tax, depreciation and amortisation (EBITDA), Asset coverage, debt equity, interest coverage, etc.

	50,25,98,439	100.52

\* Pursuant to the provisions of the Companies Act, 2013, the issue of 104,371 Equity Shares are kept in abeyance corresponding to their status in Future Enterprises Limited

(i) Reconciliation of Number of Equity Shares		
Particulars		As at March 31, 2019
		Number of Shares
Opening Balance Equity Shares of ₹ 2/- each		50,19,75,154
Add : Shares Issued Under Employee Stock Option Scheme		6,23,285
Closing Balance (Equity Shares of ₹ 2/- each)		50,25,98,439

#### (ii) Terms/Rights Attached to Equity Shares

The Company has only one class of Equity Shares having a par value of ₹ 2/- each at the Balance Sheet Date. Each holder is entitled to one vote per share in case of voting by show of hands and one vote per share held in case of voting by poll/ballot. Each holder of Equity Share is also entitled to normal dividend (including interim dividend, if any) as may declared by the company. The Company declares and pays dividends in Indian Rupees. The dividend proposed by the Board of Directors is subject to approval of the shareholders in the Annual General Meeting.

In the event of liquidation of Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distributions will be in proportion to the number of equity shares held by shareholder.

#### (iii) Shares in the Company held by each shareholder holding more than 5 percent shares and number of Shares held are as under:

Name of Shareholder	As at March 31, 2019	
	No. of Shares held	% of Holding
<b>Equity Shares</b>		
Future Corporate Resources Private Limited (Formerly known as Suhani Trading and Investment Consultants Private Limited )	23,62,18,516	47.00

#### Nature and Purpose of Reserves:

##### a) Securities Premium Reserve

Securities Premium Reserve is created when shares are issued at premium. The Company may issue fully paid-up bonus shares to its members out of the security premium reserve account, and Company can use this reserve for buy-back of shares.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

### 31. Financial Risk Management

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's financial risk management policy is set by the managing board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including loans and borrowings, foreign currency receivables and payables.

The Group manage market risk through treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures and borrowing strategies.

#### (i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the interest cost, treasury performs a comprehensive corporate interest rate risk management by balancing the borrowings from commercial paper, short term loan, working capital loan and non fund facilities from banks.

The Group is not exposed to significant interest rate risk as at the respective reporting dates.

#### (ii) Foreign Currency Risk

The Group are exposed to exchange fluctuation risk for its purchase from overseas suppliers in various foreign currencies.

The Group follows established risk management policies including the use of derivatives like foreign exchange forward contracts to hedge exposures to foreign currency risk.

The following table analysis foreign currency risk from financial instruments as of:

	( ₹ in crore )
	<b>2018-19</b>
Trade Payables	<b>20.23</b>
Trade Receivable	<b>4.42</b>

#### (iii) Credit Risk

Credit risk refers to the risk of default on its obligation by the counter party resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹322.47 crore as of March 31, 2019. Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grant credit terms in the normal course of business. On account of adoption of Ind AS 109, the Group uses expected credit loss model to assess the impairment loss or gain. The Group uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Group's historical experience for customers.

#### Credit Risk Exposure

Change in the loss allowance measured using life-time expected credit loss model: (₹ in crore)

	2018-19
Opening Balance	2.90
Provided During The Year	4.98
Amounts Written off	2.20
<b>Closing Balance</b>	<b>5.68</b>

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

The ageing analysis of the receivables (gross of provision) has been considered from the date the invoice falls due:

	(₹ in crore)
	<b>2018-19</b>
Up to 3 Months	<b>284.37</b>
3 to 6 Months	<b>24.92</b>
More Than Six Months	<b>13.18</b>

Credit risk on cash and cash equivalents is limited as we generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies.

### (iv) Liquidity Risk

The Group's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at a reasonable price. Typically the Group ensure that it has sufficient cash on demand to meet expected operational expenses and servicing of financial obligations.

	(₹ in crore)
	<b>2018-19</b>
Short-Term Borrowings	<b>2,178.67</b>
Trade Payables	<b>2,978.83</b>
Other Financial Liabilities	<b>127.36</b>

### (v) Financial Instruments Valuation

All financial instruments are initially recognized and subsequently re-measured at fair value as described below:

- The fair value of quoted investment is measured at quoted price or NAV.
- The fair value of the remaining financial instruments is determined using discounted cash flow analysis.
- All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

Fair value measurement hierarchy:

Particulars	(₹ in crore)		
	As At March 31, 2019		
	Carrying Amount	Level of Input used in	
		Level 1	Level 2
<b>Financial Assets</b>			
<b>At Amortized Cost</b>			
Trade Receivables	<b>322.47</b>	-	-
Cash and Bank Balances	<b>255.82</b>	-	-
Deposits	<b>1,956.89</b>	-	-
Other Financial Assets	<b>108.52</b>	-	-
<b>At FVTOCI</b>			
Investments	<b>0.01</b>	<b>0.01</b>	-
<b>Financial Liabilities</b>			
<b>At Amortized Cost</b>			
Borrowings	<b>2,553.98</b>	-	-
Trade Payables	<b>2,978.83</b>	-	-
Other Financial Liabilities	<b>136.70</b>	-	-

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

The financial instruments are categorized into two levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities; and

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

### 32. Capital Management

For the purpose of the Group capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group capital management is to maximize the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents.

( ₹ in crore )	
Particular	March 31, 2019
Gross Debt	2,657.04
Trade Payables	2,978.83
Other Payables	1,028.36
Less: Cash and Cash Equivalents	207.89
<b>Net Debt</b>	<b>6,456.34</b>
Equity	100.52
Other Equity	3,746.13
<b>Total Capital</b>	<b>3,846.65</b>
<b>Capital and Net Debt</b>	<b>10,302.99</b>
<b>Gearing Ratio</b>	<b>62.66%</b>

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

### 33. Income Tax Expense

( ₹ in crore)	
(i) Income Tax Expense charged to Profit and Loss:	
March 31, 2019	
Profit Before Tax	727.20
Tax Expense	
Current Tax	0.01
Deferred Tax	-
Tax Expense charged to Profit and Loss Account	0.01
Profit After Tax	727.19

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

(ii) Amount for Which Deferred Tax Asset is Not Recognised

( ₹ in crore )

	<b>March 31, 2019</b>
Unused Tax Losses	<b>265.60</b>
Accelerated Depreciation for Tax Purpose	<b>74.98</b>
Other items giving rise to temporary differences	<b>(128.53)</b>
Deferred tax asset	<b>212.05</b>

### 34. Segment Reporting

The Group is primarily engaged in the business of “Retail”, which in terms of Ind AS 108 on “Segment Reporting” constitutes a single reporting segment.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

### 39. Contingent Liabilities

Claims Against the Group Not Acknowledged as Debts, In respect of Value Added Tax ₹ 18.86 crore, Letter of Credit ₹ 445.3 crore, Others ₹ 49.49 crore and Other money for which the Group is Contingently Liable, Bank Guarantee Given ₹ 104.3 and Corporate Guarantees Given ₹ 3,589.97 crore).

There are various labour, legal metrology, food adulteration and cases under other miscellaneous acts pending against the Group, the liability of which cannot be ascertained. However, management does not expect significant or material liability devolving on the Group.

40. Pursuant to the levy of service tax on renting of immovable properties given for commercial use, retrospectively with effect from June 1, 2007 by the Finance Act, 2010, the Group based on legal advice, challenged the levy through Retailers Association of India and its retrospective application. The Hon'ble Supreme Court had passed an interim order dated October 14, 2011. In compliance of this order Group has made an aggregate deposit of ₹ 39.71 crore in respect of the liability for such service tax for the period from June 1, 2007 up to September 30, 2011. From October 1, 2011, the Group is accounting and paying for such service tax regularly as per directives of the Supreme Court. Accordingly the Group has not made provision of ₹79.42 crore for the period June 1, 2007 to September 30, 2011 which would be appropriately recognised on final determination.
41. The Hon'ble Supreme Court of India ("SC") by their order dated February 28, 2019, in the case of M/s. Surya Roshani Limited & others v/s EPFO, set out the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purposes of computation of Provident Fund contribution. There are interpretative issues related to the judgement which require clarification. Further Surya Roshni has filed a review petition with hon'ble Supreme Court which is pending for disposal Pending decision on the subject review petition and clarificatory directions from the EPFO, the impact, if any, is not ascertainable and consequently no effect has been given in the accounts.

### 42. Capital and Other Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances) ₹ 42.74 crore.

### 43. Payment to the Auditor

(₹ in crore)

	2018-19
Statutory Audit Fees	0.95
Certification & Consultation Fees	0.05
<b>Total</b>	<b>1.00</b>

44. Pursuant to the Composite Scheme of Arrangement between the Future Retail Limited (now known as Future Enterprises Limited (FEL)) and Bharti Retail Limited (now known as Future Retail Limited (the Company/FRL)) and their respective Shareholders and Creditors under Sections 391 to 394 read with Sections 100 to 104 of the Companies Act, 2013 (the Scheme), the Shareholders and OCD holders of Bharti Group have agreed to share with the respective companies (i.e. The company and FEL) an upside on the realization out of the shares of the two companies, subject to certain broad terms and conditions. Further, the said transaction has been partially completed and amount received under this arrangement is shown a part of other Current liabilities.

### 45. Leases

#### Operating Lease

The Company has entered into operating lease arrangements for fixed assets and premises. The future minimum lease rental obligation under non-cancellable operating leases payable not later than one year is ₹ 1,140.36 crore payable later than one year but not later than five year is ₹ 2,819.91 crore and payable later than five years is ₹ 1,433.90 crore.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

**Notes:**

1. A statement pursuant to Section 102 of the Companies Act, 2013 setting out material facts concerning the business under item No. 4 & 5 of the Notice is annexed herewith.
2. A member entitled to attend and vote at the meeting is also entitled to appoint a proxy to attend and vote instead of himself/herself. The proxy need not be a member of the Company. A person can act as a proxy on behalf of members not exceeding fifty (50) and holding in aggregate not more than 10% (ten percent) of the total share capital of the Company carrying voting rights. In case a proxy is proposed to be appointed by a member holding more than 10% (ten percent) of the total share capital of the Company carrying voting rights, then such proxy shall not act as a proxy for any other person or shareholder.
3. Proxy in the prescribed Form No. MGT – 11 is enclosed with this Notice. The form of Proxy, in order to be effective, should be deposited at the Registered Office of the Company, duly completed, signed and stamped, not less than 48 (Forty-Eight) hours before the commencement of the Meeting. Proxies submitted on behalf of bodies corporate, societies, etc. must be supported by resolution of appropriate authority, as applicable.
4. Institutional shareholders intending to be present through their authorised representatives to attend the AGM are requested to send a certified copy of the resolution of appropriate authority to the Scrutiniser by email to kbindudshah@gmail.com with a copy to be marked to evoting@nsdl.co.in, authorising them to attend and vote on their behalf at the AGM.
5. Members can avail themselves of the facility of nomination in respect of shares held by them in physical form pursuant to the provisions of Section 72 of the Companies Act, 2013. Members desiring to avail themselves of this facility may send their nominations duly filled in the prescribed Form No. SH-13 to the Company's RTA. Members holding shares in electronic form may contact their respective Depository Participants for availing this facility.
6. All resolution would be voted, by electronic voting or voting by ballot form at meeting for the members who have

not exercised electronic voting. Each Equity shareholder shall be entitled to one vote for every equity share held.

7. The Register of Directors, Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013 will be available for inspection by the members at the AGM.
8. All documents referred to in the accompanying Notice dated May 13, 2019 including MOA & AOA are kept open for inspection at the Registered Office of the Company between 10:00 am and 5:00 pm on all working days except Saturdays, Sundays and National holidays till the date of AGM.
9. The Company has fixed July 26, 2019 as the record date for determining entitlement of members to final dividend for the financial year 2018-19.
10. The Board of Directors has recommended a dividend of ₹ 1.25 i.e. 12.50% per Equity share for the year ended March 31, 2019 subject to the approval of the shareholders at the AGM. The dividend, if approved, will be paid within a period of 30 days from the date of declaration, to those shareholders whose names appear on the Company's Register of Members and to the beneficial owners as per the particulars to be furnished by the Depositories as on July 26, 2019.
11. Members holding shares in electronic form are hereby informed that bank particulars registered against their respective depository accounts will be used by the Company for payment of dividend. The Company or its Registrar cannot act on any request received directly from the members holding shares in electronic form for any change of bank particulars or bank mandates. Such changes are to be advised only to the Depository Participant. Members holding shares in physical form and desirous of either registering bank particulars or changing bank particulars already registered against their respective folios are requested to write to the Registrar/Company.
12. Members are requested to send all communications relating to shares to the Registrar & Share Transfer Agent at the following address:  
**LINK INTIME INDIA PRIVATE LIMITED**  
C-101, 247 Park, LBS Marg, Vikhroli (West), Mumbai 400083  
Phone No. (022) 49186000; Fax No. (022) 49186060; E-mail: [rnt.helpdesk@linkintime.co.in](mailto:rnt.helpdesk@linkintime.co.in)
13. Members seeking any information regarding the Financial Statements are requested to write to the Company at its Registered Office at least 7 (Seven) days in advance from the date of the meeting.
14. The Company has provided a facility to the members for payment of dividend through Electronic Clearing System (ECS). The ECS facility is available at locations identified by Reserve Bank of India from time to time and covers most of the cities and towns. Members holding shares in physical form and desirous of availing this facility are requested to contact the Company's Registrar and Share Transfer Agent.
15. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in physical form can submit the PAN details to the Registrar and Share Transfer Agents/Company.
16. Details under Regulation 26(4) and 36 (3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 in respect of Directors seeking appointment/re-appointment at the AGM are given as an Annexure and forms integral part of this notice. The Directors have furnished the requisite declarations for their appointment/ re-appointment.
17. Electronic copy of the Annual Report for the financial year 2018-19, Notice of AGM indicating the process and manner of e-voting along with the form of proxy, are being sent to all the members, who's e-mail addresses are registered with the Company/Depository Participant(s) for communication purposes unless any member has requested for a physical copy of the same. For members who have not registered their e-mail address, physical copies of the said documents are being sent in the permitted mode. Further, copies of the Annual Report will not be distributed at the AGM and hence, members are requested to bring their copies to the meeting. Members/Proxies are also requested to bring duly filled attendance slips at the meeting.

18. Notice of the AGM and the Annual Report for the financial year 2018-19 will also be available on the Company's website [www.futuresupplychains.com](http://www.futuresupplychains.com). The physical copies of the aforesaid documents will also be available at the Company's Registered Office for inspection during business hours between 11.00 a.m. to 1.00 p.m. on all working days up to and including the date of the AGM. A member is also entitled to receive such communication in physical form free of any cost, upon making a request for the same. For any communication, the members may also send requests to the Company's investor relations e-mail id: [investorrelations@futuresupplychains.com](mailto:investorrelations@futuresupplychains.com).

**19. Voting through electronic means:**

- i. In compliance with the provisions of Section 108 of the Companies Act, 2013 Rule 20 of the Companies (Management and Administration) Rules, 2014 as substituted by the Companies (Management and Administration) Amendment Rules, 2015, Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings (SS-2) issued by the ICSI, the Company is pleased to provide its members facility to exercise their right to vote on resolutions proposed to be considered at the AGM by electronic means and the business may be transacted through e-Voting Services. The facility of casting the votes by the members using an electronic voting system from a place other than venue of the AGM ("remote e-voting") will be provided by National Securities Depository Limited (NSDL).
- ii. The facility for voting through ballot paper shall be made available at the AGM and the members attending the meeting who have not cast their vote by remote e-voting shall be entitled to exercise their right at the AGM through ballot paper.
- iii. The members who have cast their vote by remote e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their vote again. In case a member vote by both the modes then votes cast through remote e-voting shall prevail and the vote cast at the AGM shall be considered invalid.
- iv. The remote e-voting period commences on July 28, 2019 at 9:00 a.m. and ends on July 30, 2019 at 5:00 p.m. During this period members of the Company, holding shares either in physical form or in dematerialised form, as on the cut-off date of July 26, 2019, may cast their vote electronically. The e-voting module shall be disabled by NSDL for voting thereafter. Once any vote on a resolution is cast by a member, he/ she shall not be allowed to change it subsequently.
- v. The details of the process and manner for remote e-voting are explained herein below:  
Step 1: Log-in to NSDL e-Voting system at <https://www.evoting.nsdl.com/>  
Step 2: Cast your vote electronically on NSDL e-Voting system.

**Details on Step 1 is mentioned below:**

How to Log-in to NSDL e-Voting website?

- A. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: [www.evoting.nsdl.com](http://www.evoting.nsdl.com) either on a personal computer or on a mobile phone.
- B. Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholders' section.
- C. A new screen will open. You will have to enter your User ID, your Password and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at [www.eservices.nsdl.com](http://www.eservices.nsdl.com) with your existing IDEAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.

D. Your User ID details are given below:

<b>Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical</b>	<b>Your User ID is:</b>
a) For Members who hold shares in demat account with NSDL.	8 Character DP ID followed by 8 Digit Client ID
b) For Members who hold shares in demat account with CDSL.	16 Digit Beneficiary ID
c) For Members holding shares in Physical Form.	EVEN Number followed by Folio Number registered with the Company

E. Your password details are given below:

- a. If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.
- b. If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
- c. How to retrieve your 'initial password'?
  - i. If your email ID is registered in your demat account or with the Company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
  - ii. If your email ID is not registered, your 'initial password' is communicated to you on your postal address
- F. If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:
  - a. Click on "Forgot User Details/Password?" (If you are holding shares in your demat account with NSDL or CDSL) option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com)
  - b. Physical User Reset Password?" (If you are holding shares in physical mode) option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com)
  - c. If you are still unable to get the password by aforesaid two options, you can send a request at [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in) mentioning your demat account number/folio number, your PAN, your name and your registered address.
  - d. Members can also use the OTP (One Time Password) based login for casting the votes on the e-voting system of NSDL.
- G. After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.
- H. Now, you will have to click on "Login" button.
- I. After you click on the "Login" button, Home page of e-Voting will open.

**Details on Step 2 is given below:**

How to cast your vote electronically on NSDL e-voting system?

- A. After successful login at Step 1, you will be able to see the Home page of e-Voting. Click on e-Voting. Then, click on Active Voting Cycles.
- B. After click on Active Voting Cycles, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting cycle is in active status.
- C. Select "EVEN" of the Company.
- D. Now you are ready for e-Voting as the Voting page opens.
- E. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on "Submit" and also "Confirm" when prompted.

- F. Upon confirmation, the message “Vote cast successfully” will be displayed
- G. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
- H. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

#### **General Guidelines to Shareholders**

- A. Institutional shareholders (i.e. other than individuals, HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of the relevant Board Resolution/Authority letter etc. with attested specimen signature of the duly authorised signatory(ies) who are authorised to vote, to the Scrutiniser by email to kbindudshah@gmail.com with a copy marked to evoting@nsdl.co.in
  - B. You are advised not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the “Forgot User Details/ Password?” or “Physical User Reset Password?” option available on www.evoting.nsdl.com to reset the password.
  - C. In case of any queries, you may refer to the Frequently Asked Questions (FAQs) for Shareholders and e-voting user manual for Shareholders available at the download section of www.evoting.nsdl.com or call on toll free no.: 1800-222-990 or contact Ms. Pallavi Mhatre, Assistant Manager, National Securities Depository Ltd., Trade World, ‘A’ Wing, 4th Floor, Kamala Mills Compound, Senapati Bapat Marg, Lower Parel, Mumbai – 400 013, at the designated email address: (pallavid@nsdl.co.in/evoting@nsdl.co.in) or at telephone no. +91 22 2499 4545 who will also address the grievances connected with the voting by electronic means. Members may also write to the Company Secretary at the email address: investorrelations@futuresupplychains.com
  - D. The voting rights of Members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date i.e July 26, 2019.
20. Any person, who acquires shares of the Company and become member of the Company after dispatch of the Notice and holding shares as of the cut-off date i.e. July 26, 2019, may obtain the login ID and password by sending a request at evoting@nsdl.co.in or Issuer/ R & T Agent. However, if you are already registered with NSDL for e-voting, then you can use your existing user ID and password/PIN for casting your vote. If you forgot your password, you can reset your password by using “Forgot User Details / Password” option available on www.evoting.nsdl.com or contact NSDL at the toll-free number: 1800-222-990.
21. A person, whose name is recorded in the Register of Members or in the register of beneficial owners maintained by the Depositories as on the cut-off date only shall be entitled to avail the facility of remote e-voting, as well as voting at the AGM through ballot paper.
22. Bindu D. Shah, Company Secretary in Wholetime Practice (Membership No. 20066, Certificate of Practice No. 7378) has been appointed as the Scrutiniser to scrutinise the remote e-voting process and votes cast through ballot paper at the AGM in a fair and transparent manner.
23. The Chairperson shall, at the AGM, at the end of discussion on the resolutions on which voting is to be held, allow voting with the assistance of Scrutiniser, by use of ballot paper for all those members who are present at the AGM but have not cast their votes by availing the remote e-voting facility.
24. The Scrutiniser shall after conclusion of voting at the AGM will first count the votes cast at the meeting and thereafter unlock the votes cast through remote e-voting in the presence at least 2 (Two) witnesses who are not in the employment of the Company and shall make, not later than 2 (Two) working days from the conclusion of the AGM, a consolidated Scrutiniser’s Report of the votes cast in favour or against, if any, forthwith to the Chairman/ Director of the Company, who had been authorised by him in writing, who shall countersign the same and declare the result of the voting forthwith.
25. The results declared along with the report of the Scrutiniser shall be placed on the website of the Company www.futuresupplychains.com and on the website of NSDL www.evoting.nsdl.com immediately after the declaration of result by the Chairman/Director of the meeting. The result shall also be submitted to the BSE Limited and National Stock Exchange of India Limited.

## Statement Pursuant To Section 102(1) Of The Companies Act, 2013

### ITEM NO.4

The Company is engaged in the business of providing logistics, warehousing, distribution and supply chain services mainly to the corporate clients. The Company is a part of Future Group having its core competencies in organised retail through various formats located across the country. The Company derives its substantial portion of the revenues from Future Retail Limited in ordinary course of its business. The Audit Committee, wholly comprising of Independent Directors, has also approved to enter into transactions with the said entity. However, it is expected that the value of transaction(s) entered / to be entered into with Future Retail Limited, whether considered individually and/or taken together with previous transactions during the current financial year, would exceed the stipulated threshold of ten percent of the consolidated turnover of the Company as per the latest audited financial statements i.e. F.Y. 2018-19 ("Material Transactions"). Pursuant to the Regulation 23 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), Material Transactions require approval of the shareholders through a resolution. Further, as required under regulation 23(4) of the Listing Regulations, no related party shall vote to approve the proposed resolution.

The transactions covered under the proposed resolution are repetitive in nature and being conducted on arms' length basis. Accordingly, provisions of section 188(1) of the Companies Act, 2013 do not apply. However, as required under Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014, members are requested to take note of the below information:

-  **Nature of Transactions:** Providing logistics, warehousing and distribution services including sale/ purchase of fixed assets therefor;
-  **Name of the entity:** Future Retail Limited;
-  **Name of the Director or Key Management Personnel who is related, if any:** None
-  **Nature of Relationship:** Material entity/ Related Party;
-  **Nature, Material Terms, Monetary value and particulars of the contract or arrangement:** Providing logistics and warehousing services and other supply chain management services including sale/purchase of the assets up to ₹ 800 crore on such terms and conditions as may be agreed between the Company and said Related Party subject to the provisions of the applicable laws;
-  **Any other relevant or important Information:** Future Retail Limited is the single largest customer of the Company contributing the significant amount of revenues of the Company. The transactions covered under the resolution have been reviewed and approved by the Audit Committee wholly comprising of the Independent Directors.

Your Directors commend the resolution set out at Sr. No. 4 in the accompanying Notice of the AGM for your approval as an ordinary resolution.

None of the Directors, Key Management Personnel of the Company and their respective relatives shall be considered to be interested in the proposed resolution except, if so, as a member of any of the entities covered in the proposed resolution.

### ITEM NO.5

The Board of Directors of the Company at its meeting held on February 7, 2019 appointed Malini Chopra as an Additional Director (termed as an Independent Director) pursuant to the provisions of section 149, 161 read with Schedule IV to the Companies Act, 2013 and the Companies (Appointment and Qualification of Directors) Rules, 2014 (the "Act") and provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") (including any statutory modification(s) thereto from time to time or any re-enactment thereof for the time being in force).

In the opinion of the Board, Malini Chopra fulfil the conditions specified in the Act and the Listing Regulations for the appointment as an Independent Director. In view of the qualification, vast experience and recognition she holds, her appointment is justified in view of the Board. Further, the Company has received necessary declarations and/ or certificates from Malini Chopra confirming the provisions and requirements in order to be appointed as an Independent Director.

Pursuant to the provisions of section 150 of the Act, the said appointment is required to be approved by the members in general meeting. The Company has received a notice in writing from a member under section 160 of the Act proposing the candidature of Malini Chopra for the appointment as a Director. A brief profile of Malini Chopra and other requisite details are given in Annexure.

Your Directors commend the resolution set out at Sr. No. 5 in the accompanying Notice of the AGM for your approval as an Ordinary resolution.

None of the Directors, Key Management Personnel of the Company and the holding company including their respective relatives shall be considered to be interested in the proposed resolution. The appointee director shall be deemed to be concerned or interested to the extent of remuneration and fees, if any, payable to her as permitted under the applicable law and approved by the Board.

By order of the Board of Directors of  
**Future Supply Chain Solutions Limited**

**Vimal K Dhruve**  
Company Secretary

Mumbai, May 13, 2019

FSC is amongst the fastest growing supply chain companies in India. Its purpose is to add velocity to the customers' aspirations by leading the change in the dynamic and fast paced logistics industry through its customer centric approach and focus on technology. FSC remains at the forefront in adopting cutting edge technologies at the warehouses, thereby enabling faster time to market and increased reliability of the supply chain for its customers. Driven by three core values of agility, authenticity and customer centricity, FSC today has come a long way in the third-party logistics (3PL) sector. Be it smart and integrated warehouses, an efficient and wide transportation and distribution network or temperature-controlled logistics, FSC has been successfully catering to the supply chain needs of its customers, primarily in the consumption-focussed sectors.

KPIs: Key performance indicators

1\* Includes one distribution centre of customer operated by FSC with area of 0.29 mn.sq. feet of warehouse space

2\* For Contract Logistics and Express Logistics as of March 2019

# OUR VALUE CREATION MODEL

Each day and each year, we set out to create value, guided by our strategy and business model. This year, at FSC, we have explored our business model further around the six value creation capital that drive our business. The representation further reflects our deep commitment to our stakeholders by depicting the output and outcomes led by competitiveness and process excellence.

## Input Capital

### FINANCIAL CAPITAL

Refers to the financial input in the form of equity and debt. FSC has capital employed of ₹ 70,047 Lakh as of March 31, 2019.

### KNOWLEDGE CAPITAL

Refers to the domain expertise and FSC's past experience in consumption-driven sectors that has helped the Company build supply chain capabilities and technological prowess in managing complex supply chain operations.

### HUMAN CAPITAL

Refers to the human resources that are engaged across business processes for seamless execution. FSC has 1,905 employees & over 11,400 contract workers as of March 31, 2019.

### MANUFACTURING CAPITAL

Refers to the state-of-the-art, multi-user warehouses and other supply chain infrastructure.

### SOCIAL AND RELATIONSHIP CAPITAL

Refers to FSC's relationship with the key stakeholders that ensure smooth business operations with the external environment.

### NATURAL CAPITAL

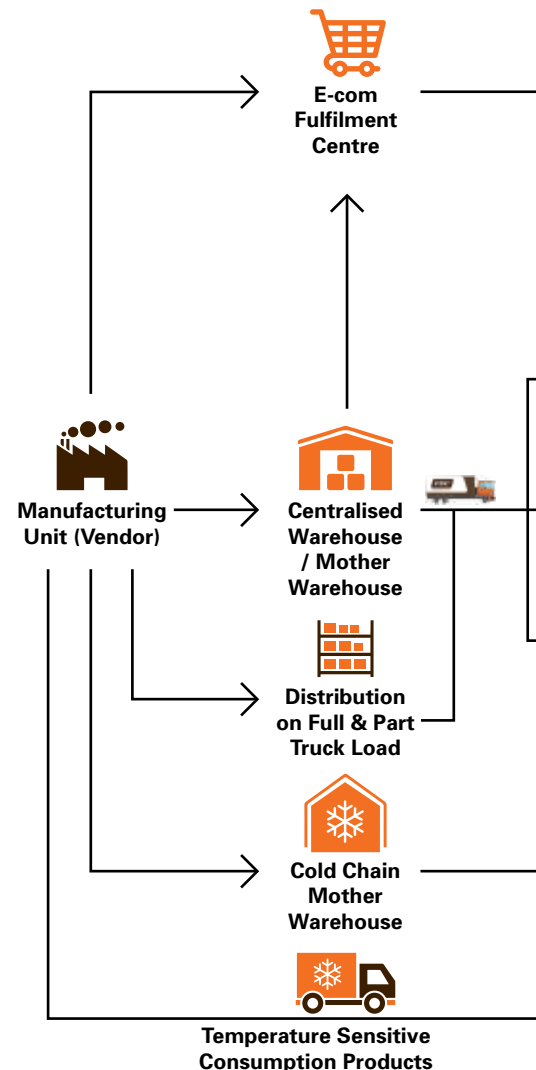

Refers to FSC's initiatives towards health, safety and environment compliances and conserving resources through stronger throughput across operations. For example, FSC has begun to replace cardboard boxes with reusable crates.

## Process

FSC customises supply chain solutions for its customers through an integrated network that covers the entire gamut of supply chain capabilities.

Outcomes

INTERNAL

- Icon: Truck with checkmark. Sustainable growth in profitability
- Icon: Truck with checkmark. Ability to scale up/down quickly, smooth transition management provides agility to customer's business
- Icon: Truck with checkmark. Building the Company as an 'employment brand' to recruit, develop and retain appropriately skilled and experienced talent; rewarding meritocracy
- Icon: Truck with checkmark. Good corporate citizenship through regulatory compliance and effective corporate governance

EXTERNAL

- Icon: Truck with checkmark. Customer satisfaction and retention through use of cutting-edge technology and supply chain optimisation solutions, providing time and cost savings
- Icon: Truck with checkmark. Preferred supply chain partner for companies across fashion and apparel, retail, home furnishing, electronics, food & FMCG, e-commerce consumer durables and many more
- Icon: Truck with checkmark. Growing brand equity and brand recall

TEMPERATURE CONTROLLED LOGISTICS

LAST MILE SOLUTIONS

# CHAIRMAN'S MESSAGE

**During the year, we re-defined our vision to become ₹ 10,000 crore company by partnering with consumer-facing businesses offering them agile, reliable and integrated supply chain solutions through our world-class, technology-enabled infrastructure.**”

## Dear Stakeholders,

It is an honour to present to you our Annual Report for 2018-19. During the year, we undertook several strategic initiatives to maintain a sustainable growth and create further value for our shareholders. In doing so, we have continued to add velocity to our customers' aspirations. This led us to re-define our vision of becoming a ₹10,000 crore company by partnering with consumer-facing businesses offering them agile, reliable and integrated supply chain solutions through our world-class, technology-enabled infrastructure.

The Indian Logistics Industry was valued at around US\$ 160 billion in 2016-17. The sector is witnessing a turnaround after having historically fraught with inefficiencies, suboptimal modal mix, inadequate supply chain networks and the dominance of unorganised players. With the implementation of strong reforms like Goods and Service Taxes (GST) coupled with the Government's infrastructure push by way of several initiatives and projects, a level playing field has been set

for the organised players. Consumer product companies are also beginning to consolidate smaller warehouses across multiple states, after India became a single tax economy.

Logistics is gaining strategic importance for the manufacturers as well. The supply chain requirements have been evolving from a plain-vanilla transportation and warehousing of cargo to technology-led value-added services, thus facilitating the emergence of new-age business models. This has built up a strong doorway of opportunity for integrated logistics companies, such as FSC, that offers value-addition in the form of modern warehousing, technology enabled solutions resulting in greater efficiencies.

Our revolutionary 'India Food Grid' project has given us an opportunity to connect the entire nation through a seamless network. It can manage distribution right from the manufacturing hubs up till the final point of consumption. FMCG and Food brands can enter the grid from anywhere in the country and benefit from improved supply chain efficiencies, reduced wastages, better inventory management and increased availability of consumer products at locations where the demand is.

We are known for breaking barriers in our industry. We have driven women empowerment in the rural and semi-urban areas through our expanding warehouse footprint and distribution centres. During the year, we established an all-women run distribution centre 'Shakti' in Nimji, Nagpur. I am pleased to share that we have been positively surprised by their high productivity, low absenteeism and low attrition ratio. While it was a well-thought move to run Shakti, the success wouldn't have been possible without the passion of the women in the facility. We look forward to inducting more women in our warehousing facilities and be the flag bearer of this change.

With round-the-clock operations slowly becoming a norm, implementing sustainability initiatives is now a must in warehouse management. Warehouses typically have large areas of unutilised rooftop space and feature extensive lighting and refrigeration installations. We will be implementing rooftop solar panels across our 15 warehouses in the coming year, as our endeavour towards reducing carbon footprint.

We look at the year ahead with confidence and anticipation. We are set on our journey to achieve our objectives through dedication, hard work, capabilities and organisational strengths. We will continue to maintain high standards in good governance practices, uphold integrity and trust, and create sustainable value for our stakeholders going ahead.

With warm regards,

**Rakesh Biyani**

# FROM THE MD'S DESK

**We believe the India Food Grid Project will redefine the Food & FMCG Supply Chain in India and are excited about the growth opportunities that it will create for FSC in the near to medium term.”**

## Dear Shareholders,

We are a relatively young company and are building one that we believe is both, unique and distinct. We have consistently evolved to become a transparent, consistent, tech-driven and reliable supply chain solution partner for our customers. The business of logistics is changing fast and speed is of utmost importance for any company to be successful. With strong aspirations for the dynamic future, FSC is now adopting three new values – agility, authenticity and customer centricity.

We have achieved another year of strong results, putting our business in a better position for the future. Our standalone operational revenues increased 33.8%, from ₹ 83,192 Lakh in 2017-18 to ₹ 1,11,277 Lakh in 2018-19. We also posted a 113.0% growth in net profit, from ₹ 3,059 Lakh in 2017-18 to ₹ 6,516 Lakh in 2018-19.

India's Food & FMCG supply chain is highly inefficient and complex. It faces formidable challenges in terms of inventory management, availability issues, freshness of the product, distribution cost and time to market. As

a supply chain specialist, we understood this gap and embarked on a journey to set up the India Food Grid (IFG). It is a network of 38 distribution centres, which will provide a pan-India distribution coverage for Food and FMCG products. The manufacturers will get a clear visibility in terms of stock availability and consumers will get quicker delivery of the products. We believe this will redefine the food & FMCG Supply Chain in India and are excited about the growth opportunities that it will create for FSC in the near to medium term.

During the year we added around 3.08 mn square feet of warehousing capacity on a base of 4.58 mn square feet, taking the total capacity to over 7.66 mn square feet. The expansion was supported by strong revenue visibility through addition of several prestigious clients, such as Benetton India Private Limited, Universal Sportsbiz Private Limited (Wrogn), Voltbek Home Appliances Private Limited (a Voltas JV), JK Helene Curtis Limited, Tilda Limited, among others. We also continued to serve our existing clients, such as PepCart Logistics Private Limited (Pepperfry), TTK Prestige Limited, Reckitt Benckiser (India) Private Limited, Jasper Infotech Private Limited (Snapdeal), Kellogg India Private Limited, Mondelez India Foods Private Limited, Wildcraft India Private Limited, Pepe Jeans India Limited and many more.

Technology continued to remain at the forefront of our operations. During 2018-19, we implemented several new technologies in the form of voice pick and inbound automation that would lead to notable productivity improvements. For the coming year, we are also evaluating robotic arms and additional automation that will enhance our productivity levels. We are in the process of launching an integrated real-time logistics platform that would bring all stakeholders in the value chain on to a common platform, a move that will provide us with a strong competitive advantage in future.

Looking ahead, while having the right vision and strategy are important, I believe what will make an impact is the right culture. In the coming year, we will focus on embedding our strategic vision and operating culture into the organisation across levels. We are building on a strong foundation and are fully focused on successfully delivering sustainable long-term value. Just as important, our Leadership Team is supported by having the right people in place throughout the organisation. I would like to end by thanking all our talented and committed colleagues for their unstinting hard work and dedication round the year. I would also like to thank the Board members for their continuous guidance. Finally, I would like to thank you for your support and continued belief.

Best wishes,

**Mayur Toshniwal**

# INTEGRATED LOGISTICS SERVICE OFFERING

## WIDE GAMUT OF LOGISTICS SERVICES

### Value-Creation Journey

#### What we offer:

-  Integrated built-to-suit and state-of-the-art automated warehouses
-  Transportation & Distribution

- 🚚 Cash on delivery handling capability at customer's door
- 🚚 Reverse Logistics

₹ **11,271** Lakh  
Revenues in 2018-19

₹ **346** Lakh  
Gross Profit in 2018-19

# FULFILLING INDIAN CONSUMER'S ASPIRATIONS

**CAPITALISING ON THE ROBUST GROWTH OPPORTUNITIES OFFERED BY CONSUMER-FOCUSED BUSINESSES.**

India is a fast growing economy and the growth is mainly led by consumption. We believe that once the GDP per capita crosses US\$2,000, the consumption patterns undergo material changes. For example, the consumption of packaged foods increases.

Consumer-oriented businesses have a distinct set of supply chain needs, characterised by a greater importance attached to efficient outbound delivery to various stores, handling of a large number of Stock Keeping Units (SKUs), high replenishment cycles, and the need for pilferage management. With over a decade's experience in managing the distribution and warehousing requirements for such businesses, FSC has the requisite skills for managing complex consumer-oriented B2C supply chains.

## Through our scale

**85-90%** of the business is driven by the consumption-driven sectors

**Fashion (Apparels & Footwear)**

**Food & FMCG**

**Consumer Durables & Electronics**

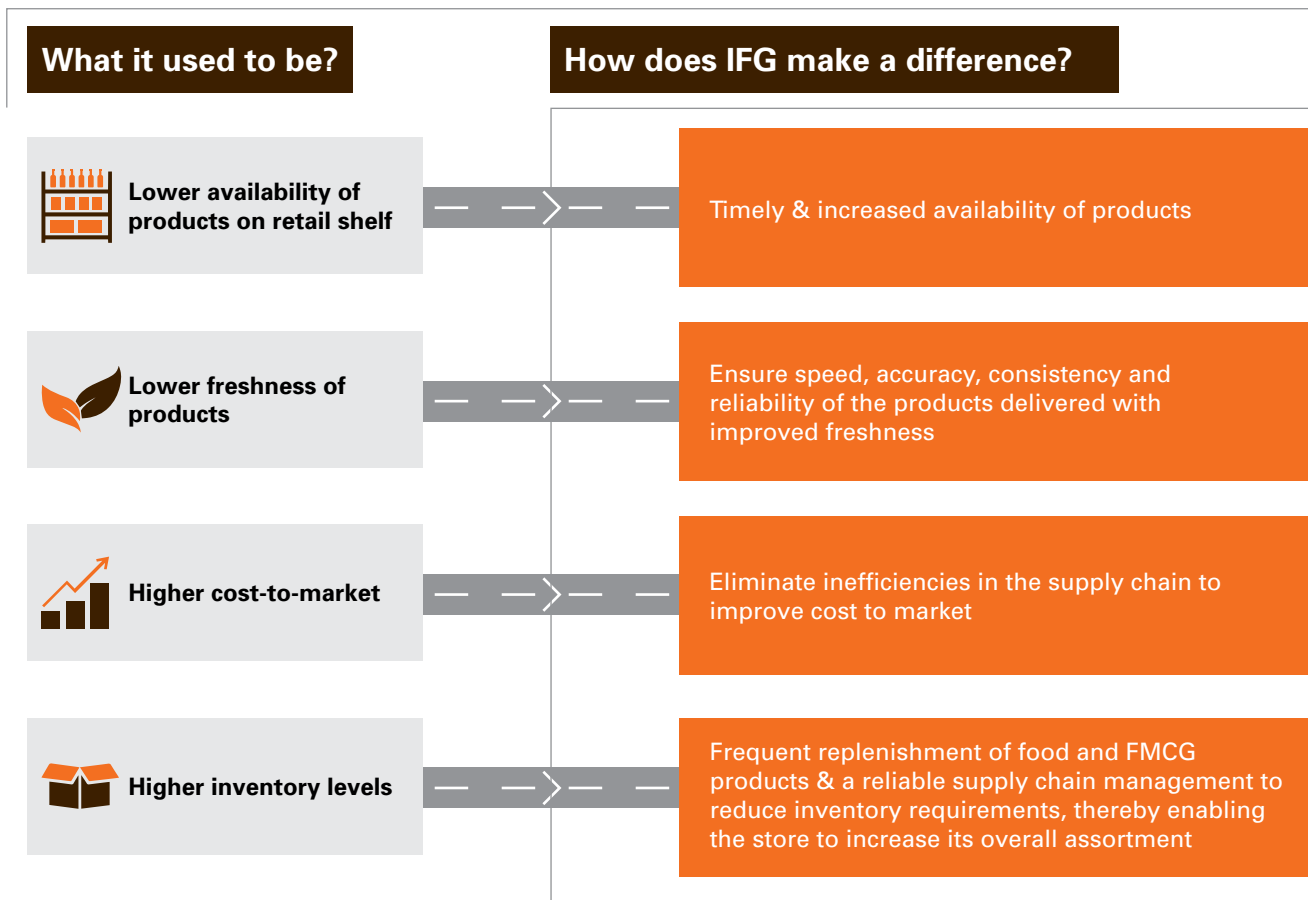

**Home & Furniture**

# RE-DEFINING FOOD & FMCG SUPPLY CHAIN IN INDIA

## IFG: A NETWORK OF INTEGRATED FOOD & FMCG DISTRIBUTION CENTRES (IFDC)

FSC has embarked on a journey to set up the IFG, a network of 38 IFDCs, which will provide pan-India distribution coverage of Food & FMCG products, right from the manufacturing hubs till the point of consumption. Brands can enter the grid from anywhere in the country for consumption anywhere, anytime. It will help improve overall supply chain efficiencies, eliminate wastages, lead to better inventory management and help increase availability of consumer products at locations where the demand is. We believe this will redefine the Food & FMCG supply chain in India and are excited about the growth opportunities that it will create for FSC in the near to medium term.

# ONE NATION. ONE GRID. INDIA FOOD GRID.

\*Locations planned as on March 31, 2019

#### Disclaimer

The representation of political boundaries and the names of geographical features / states do not necessarily reflect the actual position. The Company or any of its directors, officers or employees cannot be held responsible for any misuse or misinterpretation of any information or design thereof. The Company does not warrant or represent any kind in connection to its accuracy or completeness.

# TECHNOLOGY & AUTOMATION: A KEY DIFFERENTIATOR

## AT THE FOREFRONT IN INTRODUCING NEW TECHNOLOGY AND AUTOMATION.

FSC uses technology and automation processes throughout its logistics operations to enable efficient and cost-effective operational management with an aim to build an efficient and an effortless supply chain.

The Company's high-speed cross-belt sorter at its distribution centre in MIHAN, Nagpur is the first of its kind in India, and offers sorting capacity in the distribution centre of approximately 2,000 cases per hour. This gives FSC the ability to handle higher volumes for its customers without the need for setting up additional distribution centres.

### TECHNOLOGY IN THE DAY-TO-DAY BUSINESS

The Company has adopted several technologies and automation in its day-to-day business operations, including a 'Dynamic Put-to-Light' sortation system (a light-directed sortation system), which is an effective sorting technology and provides almost 40% higher speed as compared to manual sortation methods, increases processing capacity of distribution centres and enables higher accuracy of packing and labelling. It enables category-specific segregated packaging prior to shipment in order for inventory to be properly packaged and shelf-ready at its end destination, with no further sortation needed at the retail store level.

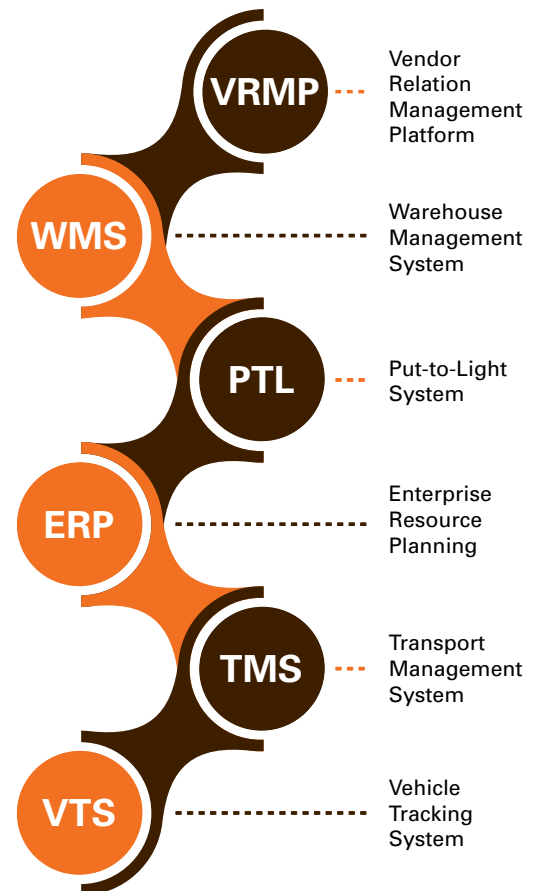

### WAREHOUSE MANAGEMENT SYSTEM

Our warehouse management system facilitates seamless operations across receiving, put away, pick, pack and dispatch processes in the distribution centre. It provides customers with an inventory management tool that can be integrated directly with a customer's enterprise resource planning system, providing visibility of inventory in the distribution centre.

### TRANSPORT MANAGEMENT SYSTEM

The Transport Management System (TMS) provides shipment-level visibility from pick-up, to delivery, to billing as well as routing solutions and is linked to the enterprise resource planning system. The Company also integrates its customers' technologies with its own systems so as to provide the customers with proper visibility into their supply chain and enable real-time tracking.

### Inbound Automation

- ☛ Boom Conveyors
- ☛ Laser Scanners
- ☛ Incline & Decline Conveyors covering 1km in length
- ☛ Dimensioning & Weighing Machine

# A DAY AT MIHAN DC

### Storage

- ☛ 3.8 Lakh Bins connected by conveyors
- ☛ 5,870 Pallet Positions in SPRS

### Picking

- ☛ Batch Pick
- ☛ Order Pick
- ☛ Voice Picking
- ☛ Radio Frequency Terminals

### Sorting

- ☛ High Speed Cross Belt Sorter
- ☛ Put-to-light Sorter
- ☛ 12m high Spiral Conveyor Belt
- ☛ Conveyors covering 4 km in length

### Outbound

- ☛ Telescopic Boom Conveyors
- ☛ Laser Scanning

# Management Discussion and Analysis

The purpose of this discussion is to provide an understanding of the Financial Statements and a composite summary of performance of our business and the eco-system in which these are operating.

Management Discussion and Analysis is structured to comprise:

-  Economy Overview
-  Industry Overview
-  Competitive Landscape
-  Business and Performance Overview
-  Risks and Internal Adequacy
-  Review of Standalone Financial Performance
-  Human Resources

Some statements in discussion may be forward looking. Future performance may, however, differ from those stated in the Management Discussion and Analysis on account of various factors such as changes in the Government regulations, tax regimes, impact of competition, demand-supply constraints, geo-political developments etc.

## ECONOMY OVERVIEW

In February 2019, the Central Statistics Organisation (CSO), Ministry of Statistics and Programme Implementation pegged India's GDP growth at an estimated 7.0% for 2018-19 as opposed to their earlier forecast of 7.2%. At an estimated 7.0% GDP growth for 2018-19, India will still be the fastest growing economy in the world. The CSO expects GDP growth to come in at 7.2% in 2019-20, with higher GDP growth expectations for H2 2019-20 at 7.3-7.4% as compared to H1 2019-20 at 6.8-7.1%.

## INDUSTRY OVERVIEW

India's logistics sector was valued at around US\$ 160 billion in 2016-17 and is expected to grow to US\$ 215 billion by 2019-2020 registering a CAGR of 10.5%, partly driven by GST implementation as per the Economic Survey 2017-18. The Indian logistics industry is highly fragmented and around 85% of the overall industry is dominated by unorganised players.

India ranked 44th in World Banks' Logistics Performance

Index in 2018. The key challenges that the logistics industry faces in India include high cost of logistics at 13-14% of GDP, fragmented warehousing operations, unfavourable modal mix with road contributing to around 60% of the freight volumes, absence of an efficient intermodal transport system, inefficient fleet mix, under-developed material handling infrastructure and lack of sufficient IT infrastructure and technology.

The Government aims to bring down logistics cost to under 10% of GDP by 2022 and has taken many positive steps in that direction. In February 2019, the Logistics Division under the Ministry of Commerce issued a Draft National Logistics Policy with an aim to increase transparency, increase efficiencies and enable an integrated development of the logistics sector in India. It also plans to improve availability of skilled manpower in the country and increase jobs in the logistics sector to 40 million by 2022. The Government is also launching a National Logistics Portal, an integrated IT Platform that will act as a logistics marketplace. This portal will have linkages with the IT systems of Railways, Road Transport & Highways, Shipping, Civil Aviation, CBEC, State Transport Departments etc.

The logistics sector in India has witnessed a series of developments, which are gradually driving formalisation and improving efficiencies in the entire logistics ecosystem. The development of logistics-related infrastructure, such as dedicated freight corridors, logistics parks, free trade warehousing zones and container freight stations are likely to improve overall functioning of this sector.

India's 3PL industry is at a nascent stage but growing rapidly. The implementation of GST in the past couple of years has brought tax uniformity across states in India and triggered consolidation of fragmented warehousing operations into fewer and larger warehouses. As a result, the Indian warehousing segment is witnessing a favourable structural shift with a rise in demand for modern warehousing. The cumulative supply of Grade A and Grade B warehousing space in the top 8 cities has increased from 104 mn sq. ft. in 2015 to 169 mn sq. ft. in 2018, registering a CAGR of 17.6%, as per a study by JLL India Industrial Services. JLL India expects the cumulative supply of Grade A and Grade B warehousing

## Management Discussion and Analysis (Contd.)

to increase at a CAGR of 19.4% to 344 mn sq. ft. by 2022. Apart from the developments in the warehousing infrastructure, there has been a tremendous improvement in the road connectivity network of India. The year 2018-19 was declared as 'the year of construction' by the Ministry of Road Transport & Highways. It constructed around 10,800 kms of national highways in 2018-19 as against 9,829 kms achieved during 2017-18.

### GROWTH DRIVERS

- 🚚 Consumption patterns of the burgeoning population driven by higher disposable income and awareness levels
- 🚚 Increasing demand from manufacturers for value-added and integrated logistics services
- 🚚 Higher need for speed and agility in supply chain operations
- 🚚 Increasing role of automation and technology in supply chain
- 🚚 Favourable Government reforms and actions towards the development of the economy, such as GST implementation

### CHALLENGES

- 🚚 Presence of high percentage of unorganised players
- 🚚 Inadequate and ill-equipped material handling infrastructures
- 🚚 Poor integration of technology in handling large volumes
- 🚚 Unfavourable modal mix and lack of an efficient inter-modal system
- 🚚 Inefficient fleet mix

### COMPETITIVE LANDSCAPE

The Indian logistics industry is highly fragmented in nature with the unorganised participants servicing nearly 85% of the demand. Competitiveness of various industry players is determined by several key factors such as reliability, service quality, price competitiveness and the ability to comprehensively address sector specific needs of the customers. Organised logistics services providers use technology to differentiate

and improve cost competitiveness as compared to unorganised counterparts.

The Company faces competition from various players catering to different business verticals in different geographic locations as well as several regional and unorganised service providers. At present, there are only a few organised players in India who have a nationwide presence. A few industry participants have also focused on specific sectors.

### BUSINESS & PERFORMANCE OVERVIEW

FSC is a leading organised third-party supply chain and logistics service provider, offering warehousing, distribution and other logistics solutions to a wide range of customers. Its integrated service offering, best-in-class warehousing infrastructure, pan-India distribution network, a hub-and-spoke transportation model and automated technology systems give it a competitive advantage. Its customers largely operate in consumption-driven sectors in India, including retail, fashion & apparel, food & beverage, FMCG, e-commerce, consumer durables & electronics and home & furniture. The Company offers services in following key areas:

**Contract Logistics:** The core of contract logistics business involves offering state-of-the-art, technology-enabled distribution centres across India. FSC's distribution centres are generally multi-user, built-to-suit and scalable based on customers' supply chain requirement. The Company has been ahead of the curve by adopting cutting edge technologies and advanced automation systems, especially in its warehousing operations.

**Express Logistics:** FSC's express logistics business offers time-definite, part truck load and full truck load distribution services using hub-and-spoke distribution network and containerised fleet of technology-enabled trucks.

**Temperature-Controlled Logistics:** FSC's temperature-controlled logistics offering provides well-organised product-handling solutions for temperature-sensitive perishable products through its temperature-controlled warehousing as well as transportation in refrigerated trucks.

## Management Discussion and Analysis (Contd.)

**Last Mile Delivery & Agility Solutions:** FSC provides last mile delivery solutions to online retail companies with specific focus on the e-commerce industry in India. It

offers last mile delivery services in the form of end-to-end delivery of shipment to the distributor, retail outlets or customers.

<b>Consolidated Revenue Split (₹ in Lakh)</b>	<b>2018-19</b>	<b>2017-18</b>
Contract Logistics	88,848	63,919
Express Logistics	17,908	15,160
Temperature-Controlled Logistics	3,282	3,084
Last Mile Delivery and Agility Solutions	11,271	9,801

Note: The Contract Logistics business under Vulcan Express (mainly the First Mile Business) has been clubbed under Contract Logistics revenue.

<b>Key Operating Metrics</b>	<b>2018-19</b>	<b>2017-18</b>
<b>Contract Logistics</b>		
Warehouse area (million sq. ft.)	7.66	4.58
Average revenue per sq. ft. (₹ per month)	113	113
<b>Express Logistics</b>		
Total weight handled ('000 tonnes)	195	164
<b>Temperature-Controlled Logistics</b>		
Number of pallets (x)	8,439	9,650

During the year 2018-19, FSC continued to increase its warehousing infrastructure to cater to the strong demand driven by GST implementation and increased outsourcing of supply chain activities by product companies. During the year, FSC added 3.08 million square feet of warehousing space and ended the year at 7.66 million square feet.

During the year, FSC launched IFG, which is a network of 38 IFDCs across the length and breadth of the country that will provide pan-India reach. The IFG will manage distribution right from the manufacturing hubs up till the final point of consumption. Brands can enter the grid from anywhere in the country for consumption anywhere, anytime. It will help improve overall supply chain efficiencies, eliminate wastages, lead to better inventory management and increase availability of consumer products at locations where the demand is. Currently FSC has operationalised five IFDCs, which cater to multiple clients and sub-categories for the Food and FMCG industry enabling higher throughputs, lower inventory, faster refills and cost optimisation for its clients. Each IFDC will be capable of handling both ambient and temperature controlled products.

### BUSINESS OUTLOOK

The business outlook for third party logistics sectors continues to be strong driven by the following factors:

- 1) Product companies increasingly focus on their core competencies and outsource the non-core activities, such as supply chain management.
- 2) Evolving needs of the end consumer, compelling the product companies to focus on enhancing supply chain efficiencies and bring in more sophistication so as to improve freshness of the product, increase reliability of supply chain, ensure product availability at all times, attain faster speed and time to market, etc. This requires specific supply chain domain expertise.
- 3) Product companies re-thinking their supply chain strategy to consolidate their warehousing operations, a change triggered post GST. This will create a need for managing large scale and technology driven warehouses. Hence, the role of 3PL is likely to increase in future.

FSC believes that with its pan Indian warehousing and distribution network, GST ready business

## Management Discussion and Analysis (Contd.)

model, automated technology systems and integrated service offerings, it is well poised to cater to the growth ahead.

### OPPORTUNITIES & THREATS

The trend of outsourcing of supply chain management and other logistics services is expected to rise in future. Third-party logistics service providers, such as FSC, are generally able to conduct supply chain management more efficiently than comparable in-house operations run by customers primarily as a result of domain expertise, higher implementation and adoption of technology, efficient management of operations and lower and flexible employee cost structures. Further, GST is expected to favour growth in outsourced logistics, and in particular, large-scale logistics operations that will be capable of handling multi-industry customers.

FSC has consciously developed supply chain domain expertise in several consumption driven sectors, including fashion, food, FMCG, furniture, consumer durables and electronics. These sectors are less cyclical in nature and continue to witness strong secular growth, unlike many other sectors such as manufacturing or industrials. For example, the organised Food & Grocery market is expected to grow at a CAGR of 32% over 2016-17 to 2024-25. This can be partly attributed to higher share of modern retail, creation of new categories, entry of new players in the market and the launch of premium products.

FSC's business outlook is affected by prevailing economic conditions in India and indirectly affected by changes in consumer spending capacity in the sectors they serve in India. While India is a consumption-driven economy and the probability of a major slowdown scenario could be very low, any moderation in consumer demand could affect the logistics spending and may affect the Company's financial performance and business operations.

While the logistics industry in India is generally fragmented, the Company could face competition from a number of international and domestic third-party logistics service providers, especially as the trend toward larger-scale logistics service providers in India continues.

FSC's operations are dependent on technology and automation and any disruptions in or failure to update such technology or automation could have an adverse effect on the Company's operations.

### STANDALONE PERFORMANCE OVERVIEW

As of March 31, 2019, FSC operations are run through 96 distribution centres across India, covering approximately 7.66 million square feet of warehouse space. The Company also utilises a "hub-and-spoke" distribution model comprising 14 hubs and 134 branches across India, covering 12,345 pin codes across the country. FSC operated four temperature controlled warehouses with total pallet capacity of 8,439. During March 2019, FSC operated approximately 768 containerised vehicles and 101 company-owned refrigerated trucks.

The Company recorded revenue of ₹ 1,11,277 Lakh and EBITDA ₹ 14,855 Lakh during 2018-19 as against revenue of ₹ 83,192 Lakh and EBITDA of ₹ 13,321 Lakh in 2017-18. Profit after Tax was recorded at ₹ 6,516 Lakh in 2018-19 as against ₹ 3,059 Lakh in 2017-18.

### RISKS AND INTERNAL ADEQUACY

The business in which your Company operates has some inherent risks. This requires identifying, monitoring and mitigating risks predominantly in the areas of business, operations, finance and compliance. The Company addresses such risks through mitigating actions on a continuous basis through a system-based approach of risk management. The Internal Control systems of the Company are commensurate with the nature of its business and the size and complexity of its operations. These risks are regularly tested and are certified by the Statutory and Internal Auditors.

The Audit Committee reviews adequacy and effectiveness of the internal control process and systems and monitors the implementation of audit recommendations, with the perspective of strengthening the risk management systems of the Company.

A management assurance team additionally carries out quarterly reviews to assess the internal control environment and their adequacy concerning the business environment and make recommendations.

## Management Discussion and Analysis (Contd.)

A broader system of internal controls and external audits has been defined and deployed in various businesses to effect continuous improvements and protect our businesses and Shareholders from potential risks.

### REVIEW OF STANDALONE FINANCIAL PERFORMANCE

#### Revenue

Total Income comprises (i) revenue from operations and (ii) other income.

#### (i) Revenue from Operations

Revenue from Operations increased 33.8% from ₹ 83,192 Lakh in 2017-18 to ₹ 1,11,277 Lakh in 2018-19.

#### (ii) Other income

Other income decreased from ₹ 1,142 Lakh in 2017-18 to ₹ 561 Lakh in 2018-19.

#### Expenses

Our Expenses consist of

- (i) Cost of Logistics Services,
- (ii) Employee Benefit Expenses,
- (iii) Finance Costs,
- (iv) Depreciation and Amortisation Expenses and
- (v) Other Expenses.

#### Cost of Logistics Services

Cost of Logistics Services comprises warehouse operating charges such as warehouse rent and labour costs, transportation expenses and freight forwarding expenses. Cost of logistics services as percentage of revenue from operations increased from 64.5% in 2017-18 to 69.5% in 2018-19 due to warehousing capacity expansion and change in revenue mix.

#### Employee Benefit Expenses

Employee Benefit Expenses comprise salary and wages to the employees, cost of employee welfare programs, expenses incurred in providing training exercises and other speciality skill building activities and performance bonus and reward programs. Employee benefit expenses as percentage of revenue from operations declined from 10.0% in 2017-18 to 8.8% in 2018-19.

#### Other Expenses

Other Expenses primarily include power and fuel, repairs and maintenance, traveling and conveyance expenses, security expenses, levies & duties and statutory payments etc. Other expenses as percentage of Revenue from Operations declined from 9.5% in 2017-18 to 8.4% in 2018-19.

#### Depreciation and Amortisation Expenses

Depreciation and Amortisation Expenses declined from ₹ 4,563 Lakh in 2017-18 to ₹ 4,170 Lakh in 2018-19.

#### Finance Costs

Finance Costs increased from ₹ 870 Lakh in 2017-18 to ₹ 1,608 Lakh in 2018-19 due to increase in Gross Debt from ₹ 3,296 Lakh in 2017-18 to ₹ 21,781 Lakh in 2018-19. During the year 2018-19, the Company raised Secured, Listed, Rated, Redeemable and Non-Convertible Debentures (NCDs) aggregating to ₹ 19,900 Lakh on a private placement basis.

#### Profit before Tax

As a result of the foregoing factors, profit before tax increased 113.0% from ₹ 3,059 Lakh in 2017-18 to ₹ 6,516 Lakh in 2018-19.

#### Income Tax Expense

Income tax expense was nil for 2017-18 and 2018-19.

#### Profit for the Year

As a result of the foregoing factors, profit after tax increased 113.0% from ₹ 3,059 Lakh in 2017-18 to ₹ 6,516 Lakh in 2018-19. Net Profit Margin increased from 3.7% in 2017-18 to 5.9% in 2018-19.

#### Earnings Per Share (EPS)

Basic EPS was ₹ 7.75 for 2017-18 and ₹ 16.27 for 2018-19. Diluted EPS was ₹ 7.75 for 2017-18 and ₹ 16.24 for 2018-19.

#### Net Profit Margin

Net Profit Margin increased from 3.7% in 2017-18 to 5.9% in 2018-19, mainly due decline in loss from discontinued operations (LMD).

#### Return on Net Worth

Return on Net Worth increased from 8.1% in 2017-18 to 11.5% in 2018-19, primarily due to expansion in net profit margin from 3.7% in 2017-18 to 5.9% in 2018-19.

## Management Discussion and Analysis (Contd.)

### Interest Coverage Ratio

The Interest Coverage Ratio declined from 15.4x in 2017-18 to 6.5x in 2018-19. During the year, finance costs increased from ₹ 870 Lakh in 2017-18 to ₹ 1,608 Lakh in 2018-19 due to increase in Gross Debt from ₹ 3,296 Lakh in 2017-18 to ₹ 21,781 Lakh in 2018-19. The Company raised NCDs aggregating to ₹ 19,900 Lakh on a private placement basis during 2018-19.

### Debt Equity Ratio

The debt equity ratio increased from 0.06x in 2017-18 to 0.36x in 2018-19 due to increase in gross debt from ₹ 3,296 Lakh in 2017-18 to ₹ 21,781 Lakh in 2018-19. The Company raised NCDs aggregating to ₹ 19,900 Lakh on a private placement basis during 2018-19.

### HUMAN RESOURCES

Being a progressive organisation, FSC firmly believes in its vital assets – The People. The Human Resource (HR) team of the Company plays a vital role to attract and retain leading talents in the logistics industry. The HR team conducts both technical as well as soft skill trainings for employees to sharpen their skill sets. Key training programs include functional training programs,

IT training programs such as WMS, SAP, TMS etc. and various behavioural training programs. These programs are essential to achieve better performance, improve productivity, self-development of employees and better team work and bonding across various teams. FSC has built its leadership team from within the organization and most of their senior management team has been long associated with the Company. FSC gears its training efforts towards developing their personnel to allow for advancement and success within the organisation. The training programs are aimed at holistic development of the employees to facilitate their career progression within the Company. FSC takes pride in building a culture of rewarding the merits within the organisation. FSC also places a strong emphasis on building a healthy and rewarding work environment. The Company also undertakes number of initiatives to ensure a healthy balance between business needs and individual aspirations. FSC has in place a variety of measures to improve employee engagement and enable their career progression in right direction.

FSC's employee strength at the end of 2018-19 stood at 1,905.

# Directors' report

To,  
The Members  
Future Supply Chain Solutions Limited

The Directors of your Company are pleased to present the 14th Annual Report of the Company for the financial year ended March 31, 2019.

## STANDALONE FINANCIALS HIGHLIGHTS

	(₹ in Lakh)	
	For the year ended March 31, 2019	For the year ended March 31, 2018
Total Income	1,11,838.44	84,334.62
Profit before tax	6,515.72	3,059.48
Profit after tax	6,515.72	3,059.48
Earnings Per Share-Basic (₹)	16.27	7.75
Earnings Per Share-Diluted (₹)	16.24	7.75

## OPERATIONAL PERFORMANCE

During the financial year under review, your Company's revenue increased 33.8% as compared to previous year, primarily on account of higher volumes supported by warehouse expansion, increase in throughput led by existing clients and addition of new clientele. Net profit of the Company increased 113% as compared to previous year, led by increased revenues, operational efficiencies, reduction in losses from last mile delivery operations and several initiatives taken by the management to improve the overall service delivery and internal consistency.

During the year 2018-19, the Company continued to increase its warehousing infrastructure to cater to the strong demand driven by GST implementation and increased outsourcing of supply chain activities by product companies. During the year, the Company added 3.08 million square feet of warehousing space. As of March 31, 2019, FSC operations are run through 96 distribution centres across India, covering approximately 7.66 million square feet of warehouse space. The Company also utilises a "hub-and-spoke" distribution model comprising 14 hubs and 134 operational branches across India, covering 12,345 pin codes across the country. The Company operated four temperature controlled warehouses with total pallet capacity of 8,439. During March 2019, the Company operated approximately 768 containerised vehicles, and 101 company-owned refrigerated trucks.

## FUTURE OUTLOOK

The business outlook for third party logistics companies continues to be strong driven by product companies

increasing focus on their core competencies leading to outsourcing of the non-core activities, such as supply chain management. The needs of the end consumer are evolving, thus requiring the product companies to focus on enhancing supply chain efficiencies, increase reliability of supply chain, ensure product availability at all times, attain faster speed and time to market, all of which requires specific supply chain domain expertise. Product companies are re-thinking their supply chain strategy and are likely to consolidate their warehousing operations, which all together triggered post implementation of GST. This will create a need for managing large scale and technology driven warehouses to optimise the cost of overall supply chains. Your directors are very confident to achieve higher growth in future - both in terms of revenues and margins, due to your Company's proven abilities to manage supply chain in cost effective and most efficient manner supported by automation, gradual inclination of product companies towards cost effective supply chain activities for their products and further simplification of GST structure.

## SCHEME OF ARRANGEMENT

During the year under review, a Scheme of Arrangement with wholly owned subsidiary of the Company, Vulcan Express Private Limited ("Vulcan"), was completed and given effect on December 14, 2018 pursuant to the provisions of the Companies Act, 2013. Pursuant to the said Scheme, the Fulfilment Business and Last Mile Delivery Business Undertakings of Vulcan vested into the Company.

## Directors' report (Contd.)

### DIVIDEND & RESERVES

Your Directors are pleased to recommend a dividend of ₹ 1.25 per equity share (12.50% of face value of ₹ 10/-) out of the profits of the financial year ended March 31, 2019, subject to approval by the shareholders in the ensuing Annual General Meeting. The total dividend outflow would be ₹ 603.01 Lakh inclusive of applicable taxes. No amount is proposed to be transferred to the General Reserves. As required under the provisions of Section 71(4) of the Companies Act, 2013 read with Rule 18(7) of Companies (Share Capital and Debentures) Rules, 2014, the Company has created requisite Debenture Redemption Reserves out of the Profits for the financial year ended March 31, 2019.

### SHARE CAPITAL

During the year under review, the Company allotted 24,875 equity shares of ₹ 10/- at a premium of ₹ 340/- per equity share upon exercise of stock options granted to the employees of the Company. After such allotment, the paid-up share capital increased to ₹ 40,08,11,130/- as at March 31, 2019.

### DEBENTURES

During the year under review, the Company issued and allotted 19,900 secured, rated, redeemable and non convertible debentures of ₹ 1 Lakh each on private placement basis aggregating to ₹ 19,900 Lakh (NCDs). The said NCDs are listed on Wholesale Debt Market segment of BSE Limited.

### HOLDING, SUBSIDIARY, JOINT VENTURE AND ASSOCIATE COMPANY

During the year under review, Future Enterprises Limited – the ultimate holding company ("FEL"), transferred majority of its holding to Ritvika Trading Private Limited ("Ritvika") – a wholly owned subsidiary of FEL. Subsequent to such transfer, Ritvika became the holding company of your Company.

Vulcan Express Private Limited ("Vulcan") is a wholly owned subsidiary of the Company. In accordance with the provisions of Section 129(3) of the Companies Act, 2013, read with the Companies (Accounts) Rules, 2014, a statement in Form AOC-1 containing the salient features of the financial statements of the subsidiary company is appended hereto as Annexure 1. After close of the financial year under review, the Board has approved and authorised to divest the entire stake held by the Company in the said subsidiary. The sale of investment is expected to be completed in the current financial year.

Leanbox Logistics Solutions Private Limited ("Leanbox") is an associate of the Company, which uses technology to improve delivery capabilities for general trade and small retail stores. During the financial year under review, the Board approved the transfer of last mile delivery (LMD) business to Leanbox with a view to consolidate the LMD business to increase focus and simplify structure along with higher operational efficiencies. Pursuant to such transfer, the Company shall be issued new equity shares in Leanbox, thereby making it a subsidiary of the Company. The transfer of said business is expected to be completed in the current financial year.

### PARTICULARS OF LOAN, GUARANTEE AND INVESTMENT

The particulars of investments, loans, and guarantees covered under the provisions of Section 186 of the Companies Act, 2013 read with rules made thereunder are given in the Notes to the Standalone Financial Statements of the Company.

The Investment and loans made by the Company were to be utilised by the investee/ loanee to meet their fund requirements in their respective business.

### PARTICULARS OF CONTRACTS OR ARRANGMENTS WITH RELATED PARTIES

Transactions entered into with related parties (as defined under Section 188 (1) of the Companies Act, 2013) during the financial year under review were in the ordinary course of business and on arm's length basis. The Audit Committee also reviews and authenticates / approves, wherever applicable, transactions with the related parties. Further, requisite information in Form AOC-2 are given in Annexure 2 as required under the provisions of Section 188 (2) read with Section 188(1) of the Companies Act, 2013.

### DISCLOSURES OF TRANSACTIONS WITH ANY PERSON OR ENTITY BELONGING TO THE PROMOTER/ PROMOTER GROUP WHICH HOLD(S) 10% OR MORE SHAREHOLDING IN THE COMPANY

During the year under review, Future Enterprises Limited – holding company and Promoter of the Company, held more than 10% of paid up share capital of the Company. Requisite details of transactions with the said related party is given under Note 32 to the Financial Statements for the financial year ended March 31, 2019. There were no other transactions with any entity forming part of Promoter Group and holding more than 10% of the shareholding in the Company.

## Directors' report (Contd.)

### DIRECTORS & KEY MANAGEMENT PERSONNEL

In terms of Section 152 of the Companies Act, 2013, Rakesh Biyani - Director of the Company, would retire at the ensuing Annual General Meeting and being eligible, has offered himself for re-appointment.

#### Changes amongst Directors & KMPs during the year under review

Pursuant to Section 149 of the Companies Act, 2013, the Board appointed Malini Chopra as an Additional Director (termed as an Independent Director) with effect from February 7, 2019 subject to the approval of the shareholders. A resolution proposing her for the appointment as an Independent Director is embodied in the Notice convening the ensuing Annual General Meeting.

Additional information on appointment / re-appointment of Directors as required under Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is given in the Notice convening the Annual General Meeting.

The Company has received requisite declarations from all the Independent Directors under Section 149(7) of the Companies Act, 2013 confirming the criteria of independence met by them as laid down in Section 149(6) of the Act and Regulation 25 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the year under review, Shyam Maheshwari – Non-Executive Director and Rahul Garg – Independent Director of the Company, resigned on November 2, 2018 and February 7, 2019 respectively. The Board places on record its sincere appreciation for the contribution made by them during their tenure.

During the year under review, P V Sheshadri was appointed as a Chief Executive Officer of the Company w.e.f. April 25, 2018.

### MEETINGS OF THE BOARD

The Board meets at regular intervals to discuss and decide on Company's business policies and strategies. The Board met five times during the year, details of which are given in the report on Corporate Governance forming part of this Annual Report.

### COMMITTEES OF THE BOARD

The following Committees have been constituted by the Board:

1. Audit Committee
2. Nomination and Remuneration Committee (NRC)
3. Stakeholders Relationship Committee (SRC)
4. Corporate Social Responsibility Committee (CSR)
5. Risk Management Committee <sup>1</sup>
6. Committee of Directors

The details of the Committees along with the composition, number of meetings and attendance at the meetings are provided in the report on the Corporate Governance, which forms part of this Annual Report.

### PERFORMANCE EVALUATION OF DIRECTORS

Pursuant to Section 134(3)(p) of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, evaluation of performance of individual Directors, Board and Committees thereof were carried out in following manner:

Performer(s)	Evaluator
Non-Executive Directors	NRC except a Director being evaluated; Independent Directors
Executive Director	Members of NRC; All Independent Directors
Independent Directors	All Directors except a Director being evaluated; NRC
Board as a whole	Independent Directors
Committees of the Board	All Directors
Chairman of the Board	Independent Directors

<sup>1</sup> Constituted after close of the financial year under review.

## Directors' report (Contd.)

The NRC has laid down various criteria for evaluating the performance of Executive, Non-Executive, Independent Directors, Committees and the Board as a whole and approved specific evaluation templates. These templates were circulated to each Director to provide feedback and further submission to the Chairman of the Board and meeting of Independent Directors.

Apart from various parameters such as composition, profile, meetings details, participation/ attendance etc., the said templates also contained, inter alia, pre-defined questionnaire with respect to role and functioning of the Director/ Committee under evaluation, various dynamics for each of the Directors evaluating the performance and the evaluator was required to provide feedback and suggestions on the overall functioning of the Board, its Committees and various Board members. The evaluator was also requested to provide any suggestion on areas of improvement, if any, required for the Board and any member or Committee thereof.

At the respective meetings of Independent Directors and NRC held on May 13, 2019, performance was reviewed and evaluated on various parameters such as level of engagement during the discussions, analysis of any matters and any consensus thereon, interactions, integrity, responsibility towards stakeholders, attendance, quality and effectiveness of any suggestions/ recommendations etc.

Further, the Independent Directors also assessed the quality, independence, relevance and timeliness of the flow of the information to the Board of Directors and were satisfied with the overall functioning of the Board, its Chairman, members and Committees.

All the Directors expressed their satisfaction with the evaluation process. Suggestions of Independent Directors were also received and considered for their implementation, wherever feasible.

### CORPORATE GOVERNANCE

A report on Corporate Governance as required under Regulation 34(3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, together with a certificate from Statutory Auditors of the Company regarding the compliance with the

conditions of Corporate Governance, are enclosed herewith and forms part of this Annual Report.

### MANAGEMENT DISCUSSION AND ANALYSIS

In terms of the provisions of Regulation 34 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, a report on the Management's Discussion and Analysis is appended hereto and forms part of this Annual Report.

### BUSINESS RESPONSIBILITY REPORT

In terms of Regulation 34(f) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, a Business Responsibility Report is appended hereto and forms part of this Annual Report.

### DEPOSITS

During the year under review, your Company has not accepted any deposit within the meaning of section 73 of the Companies Act, 2013.

### RISK MANAGEMENT & ADEQUACY OF INTERNAL FINANCIAL CONTROLS

The Company has in place a mechanism to identify, assess, monitor and mitigate various risks to key business objectives. Internal control systems are commensurate with the nature of the business, size and complexity of the business operations. These controls are routinely tested by the auditors and are discussed at regular intervals. All locations are subject to regular audit on risk-based methodology and are in sync with the business verticals, operational design, financial model, systems & process and other relevant subjects. Risks, if any, are systematically addressed through mitigating actions. The audit reports detailing the efficacy of the internal controls are brought to the notice of the members of the Audit Committee and the Board of Directors for their review. Suggestions and recommendations, if any, are also implemented as may be recommended by the Audit Committee. In the opinion of the Board, there is no element of risk, which threatens the existence of the Company.

## Directors' report (Contd.)

### AUDIT COMMITTEE

The Audit Committee of the Company comprises Independent Directors only. Bala Despande is the Chairperson, Malini Chopra and Janat Shah are the other members of the Audit Committee. There were no instances where the Board did not accept the recommendations and suggestions, if any, of the Audit Committee. The terms of reference, powers and roles of the Audit Committee are disclosed in the report of Corporate Governance forming part of this Annual Report.

### VIGIL MECHANISM

The Company has established a vigil mechanism to provide a framework to promote whistle blowing and to provide a channel to the employee(s) and Directors to report to the management, concerns about unethical behaviour, actual or suspected fraud or violation of the code of conduct or policies of the Company, as adopted / framed from time to time. The mechanism provides for adequate safeguards against victimisation of employees and Directors to avail of the mechanism and also provide for direct access to the Chairperson of the Audit Committee in exceptional cases.

### AUDITORS & AUDITORS' REPORT

GMJ & Co., Statutory Auditors of the Company, are eligible to hold office as such for the financial year 2019-20 and have issued a certificate to that effect.

### SEXUAL HARASSMENT POLICY

The Company is committed to foster a healthy working environment that enables the employees to work without fear of prejudice, gender bias and sexual harassment. The Company seeks to ensure that every gender should have equal opportunity and no preferential or discriminatory treatment is meted out to anyone on grounds of sex alone. The Company has in place a strong policy on prevention of sexual harassment at workplace,

## Directors' report (Contd.)

which aims at prevention of harassment of employees and lays down the guidelines for identification, reporting and prevention of sexual harassment. The Company conducts programs to spread awareness to prevent gender related harassment or discrimination, and in the event of such an occurrence, provides recourse to the concerned individual. This policy extends to all employees and is incorporated in the service conditions code of conduct of all employees. This policy is consistent and designed to comply with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

The Company has formed Internal Complaints Committee (ICC) across all zones in India, which is responsible for redressal of complaints related to sexual harassment and follows the guidelines provided in the policy. The ICC is chaired by Nupur Singh and has representation from Sheetal Niwalkar who is empanelled with other renowned corporates and is a subject matter expert. The Committee works towards creating an atmosphere that promotes equality, non-discrimination and gender justice. It facilitates measures to ensure there is no hostile environment towards employees at the workplace. It also monitors and reviews the implementation and effectiveness of sexual harassment policy acting as highest point of escalation in case of complaint in the Company.

### ACKNOWLEDGEMENT

Your Directors desire to place on record, their appreciation to all employees at all levels, who during the year under review, with sustained dedicated effort, enabled the Company to deliver a remarkable performance.

Your Directors also wish to place on record their appreciation and acknowledge with gratitude for the support and co-operation extended by the Government, clients, bankers, investors and other government agencies and look forward to their continued patronage in future.

### FORM NO. MR-3 SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2019

[Pursuant to section 204(1) of the Companies Act, 2013 read with Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014 and read with Regulation 24A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

To,  
The Members  
Future Supply Chain Solutions Limited

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Future Supply Chain Solutions Limited (hereinafter called "the Company"). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conduct / statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the Financial Year ended on March 31, 2019 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2019 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the

extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings  
The following Regulations and Guidelines prescribed under Securities and Exchange Board of India Act, 1992 (SEBI Act): -

- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulation 2015;
- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 or The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as applicable;
- (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
- (e) The Securities and Exchange Board of India (Issue and listing of Debt securities) Regulations, 2008;
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **Not applicable**
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; **Not applicable.**
- (v) Based on the representation given by the Management of the Company and as verified by me, it is stated that there are no such laws which are specifically applicable to the industry in which the Company operates.

## Annexure 3 (Contd.)

We have also examined compliance with the applicable clauses of the following:

-  Secretarial Standards with regard to Meeting of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India;
-  SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that:

-  The Board of Directors of the Company was duly constituted with proper balance of Executive Directors and Independent Directors. The changes, if any, in the composition of the Board of Directors / Committees thereof that took place during the year under review were carried out in compliance with the provisions of the Act;
-  Based on the representation given by the management of the Company and as verified by us, it is observed that there are no such laws which are specifically applicable to the industry in which the Company operates;
-  Adequate notices were given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting;
-  Decisions of the Board were carried out unanimously/ requisite majority as recorded in the minutes of the meetings of the Board of Directors and no dissenting views were carried out.
-  We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

**We further Report that** during the audit period of the Company there was an instance of

1. Scheme of Arrangement with the wholly owned subsidiary of the Company;
2. There were no instances of:
  - a. Demerger/ Restructuring
  - b. Redemption/ Buy-Back of Securities
  - c. Foreign Technical Collaborations

This Report is to be read with my letter of date which is annexed as Annexure-I and forms an integral part of this Report.

# Annexure I to Secretarial Audit Report

To,  
The Members  
Future Supply Chain Solutions Limited

Our report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on audit.
2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis, wherever considered necessary, to ensure that the correct facts are reflected in secretarial records. We believe that the practices and processes we followed, provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial records and Books of Account of the Company.
4. Wherever required, we have obtained management representation about the compliance of laws, rules, regulations, norms and standards and occurrence of events.
5. The compliance of the provisions of the corporate and other applicable laws, rules, regulations and norms is the responsibility of management. Our examination was limited to the verification of procedure on test basis.
6. The secretarial audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

## Annexure 4

### CONSERVATION OF ENERGY, RESEARCH & DEVELOPMENT, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

#### A. CONSERVATION OF ENERGY:

(I) **The steps taken or impact on conservation of energy:**

Adequate measures have been taken to reduce energy consumption. The Company, to the extent possible, uses the energy saver electronic equipment to conserve the energy.

(II) **The steps taken by the Company for utilising alternate source of energy:**

All efforts are made to use more natural lights at office/ warehouse locations to optimise the consumption of energy.

(III) **The capital investment on energy conservation equipment:**

Nil

#### B. TECHNOLOGY ABSORPTION:

The Company has installed high speed cross belt sorter system at MIHAN distribution centre in Nagpur, which is the first of its kind in India, with a sorting capacity of approximately 2,000 cases per hour. The cross-belt sorter was developed by Germany-headquartered Beumer Group, Germany and became operational in July 2017. The said sorter system has continued to result in higher efficiency, reduced costs and minimal operational shortcomings. No further expenses were incurred on research and development on sorter system.

#### C. FOREIGN EXCHANGE EARNINGS & OUTGO:

There is no expenditure on R&D, Technology Absorption, adoption & innovation during the financial year under report. The Company being catering to retail sector & being in service industry, does not have any specific exports initiatives to report to members.

	(₹ in Lakh)

# Annexure 5

## DIVIDEND POLICY

### COMPANY'S PHILOSOPHY:

Future Supply Chain Solutions Limited ('FSC') strives to ensure and preserve stakeholders' value and work towards enhancing net worth of the Company as well as overall stakeholders' value. While achieving the above objective, the Company also ensures protecting the interest of all stakeholders, including the society at large. FSC looks upon good Corporate Governance practices as a key driver of sustainable corporate growth and long term stakeholder value creation. Good Corporate Governance Practices enable a Company to attract high quality financial and human capital. In turn, these resources are leveraged to maximise long-term stakeholder value, while preserving the interests of multiple stakeholders, including the society at large. Our Dividend philosophy is in line with the above principles. Our Dividend payout ratio would be ranging from 25% to 60% of the earned profits for the year, after adjusting any carried forward losses. Dividend Payout ratio would be reviewed every three year and would be based upon profitability and retained earnings and would be further subject to business requirements and general economic conditions. The Company will attempt to maintain a consistent dividend record to reward shareholders.

### DECLARATION OF DIVIDEND:

In line with the philosophy described above, the Board reviews the operating performance every quarter and shall strive to distribute optimum and appropriate level of profits in the form of interim / final dividends, from time to time. All dividends are subject to statutory regulations and approvals, as applicable. Overall, the dividend payout in each year will depend upon business performance, investment requirements of the annual operating plan for the year and any other strategic priorities identified by the Company.

### PER SHARE BASIS:

The dividend will be declared on per share basis only.

### CIRCUMSTANCES UNDER WHICH THE SHAREHOLDERS OF THE LISTED ENTITIES MAY NOT EXPECT DIVIDEND:

The Board may choose not to recommend a dividend, if there are important strategic priorities which require large investments that would deplete the company's cash reserves or uncertainties in the business performance in the near to medium term.

### FINANCIAL PARAMETERS CONSIDERED WHILE DECLARING DIVIDEND:

The financial parameters that may be considered before declaring dividend are profitability, cash flow, obligations, taxation policy, past dividend rates and future growth and profitability outlook of the Company.

### INTERNAL AND EXTERNAL FACTORS CONSIDERED WHILE DECLARING DIVIDEND:

The Board leads the strategic management of the Company on behalf of the Shareholders, exercise supervision through direction and control and appoints various committees to handle specific areas of responsibilities. In this endeavor, the Board reviews various types of information provided to it which has a bearing on declaring dividend. Key internal and external factors are listed below (not exhaustive):

#### Internal:

-  Annual operating plans, budgets, updates
-  Capital budgets
-  Quarterly and Annual results
-  Investments including Mergers and Acquisitions (M&A)
-  Strategic updates/ financial decisions
-  Funding arrangements
-  Any other matter / risks

#### External

-  Macro-economic environment
-  Competition

## Annexure 5 (Contd.)

-  Legislations impacting business
-  Statutory restrictions
-  Changes in accounting policies and applicable standards
-  Client related risks
-  Any other matter / risks apprehended by the Board

### USAGE OF RETAINED EARNINGS:

Retained earnings would be used to further the company's business priorities. If there are excess reserves beyond the medium to long term business requirements, the retained earnings would be distributed to shareholders

via Dividends or other means as permitted by applicable regulations.

### PARAMETERS THAT ARE ADOPTED WITH REGARD TO VARIOUS CLASSES OF SHARES:

Currently, the Company has only one class of shares. If the Company has more than one class of shares in future, dividend for each class would be subject to prescribed statutory guidelines as well as terms of offer of each class to the investors of that class of shares. To the extent permitted, the Company would aim for highest level of transparency and equitable treatment of all investors.

## Annexure 6

### Statement on Corporate Social Responsibility

Pursuant to section 134(O) of the Act and Rule 9 of the Corporate Social Responsibility Rules, 2014

#### I. A Brief outline on Company's CSR Policy:

We believe that our business is built around strong social relevance of inclusive growth by supporting the common people in meeting their social needs. We equally believe that creation of large societal capital is as important as wealth creation for our stakeholders. As a responsible organisation, we are committed towards the above objective and are keen on developing a sustainable business model to ensure and activate our future growth drivers. In line with the regulatory expectations, the CSR Committee is working towards identification of CSR projects, which may be undertaken by the Company.

#### II. The composition of the CSR Committee as at March 31, 2019 is as under:

- C P Toshniwal (Chairman & Non-Executive Director)
- Amar Sapra (Independent Director)
- Rakesh Biyani (Non-Executive Director)

#### III. Average net profit of the Company for last three financial years: ₹ 6,353.03 Lakh

#### IV. Prescribed CSR expenditure (two per cent of the amount as in item III above): ₹ 127.06 Lakh

#### V. Details of CSR spent during the financial year:

- Total amount to be spent for the financial year: ₹ 127.06 Lakh
- Amount unspent, if any: NIL
- Manner in which the amount spent during the financial year is detailed below:

Mumbai, May 13, 2019

<sup>5</sup> From April 25, 2018.

<sup>6</sup> Granted during the F.Y.2017-18.

# Business Responsibility Report

## OVERVIEW

Future Supply Chain Solutions Limited (“FSC” or the “Company”) provides smart warehousing, an efficient transportation and distribution system, temperature controlled logistics and last mile delivery logistics. The solution architecture is orchestrated through sophisticated and highly automated state-of-the-art technology systems, pan-India distribution network, integrated warehouse management systems and hub and spoke transportation model enabling innovative service offerings to the customers in an optimised and cost efficient manner.

FSC caters to corporates in Fashion & Apparels, Food & Beverages, Consumer Electronics & High Tech, Automotive & Engineering, Home & Furniture,

Healthcare, General Merchandise and E-Commerce sectors.

Pursuant to Regulation 34(2)(f) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”), the Directors of FSC hereby present the Business Responsibility Report (“BRR”) of the Company for the financial year ended March 31, 2019.

This BRR defines FSC’s endeavours to conduct business with responsibility and accountability towards all its stakeholders keeping in view the nine principles of the ‘National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business’ released by Ministry of Corporate Affairs. This BRR is in line with the format proposed by Securities and Exchange Board of India (“SEBI”).

## PART A: GENERAL INFORMATION ABOUT THE COMPANY

The National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business (NVGs) released by the Ministry of Corporate Affairs has adopted nine areas of Business Responsibility. These briefly are as under:

<b>Principle 1 (P1)</b>	Businesses should conduct and govern themselves with Ethics, Transparency and Accountability.
<b>Principle 2 (P2)</b>	Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle.
<b>Principle 3 (P3)</b>	Businesses should promote the well-being of all employees.
<b>Principle 4 (P4)</b>	Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalised.
<b>Principle 5 (P5)</b>	Businesses should respect and promote human rights.
<b>Principle 6 (P6)</b>	Businesses should respect, protect, and make efforts to restore the environment.
<b>Principle 7 (P7)</b>	Businesses when engaged in influencing public and regulatory policy, should do so in a responsible manner.
<b>Principle 8 (P8)</b>	Businesses should support inclusive growth and equitable development.
<b>Principle 9 (P9)</b>	Businesses should engage with and provide value to their customers and consumers in a responsible manner.

**BR Policies and coverage of NVG Nine principles:**

**(a) Details of compliance (Reply in Y/N)**

Sr. No.	Questions	Business Ethics	Product Responsibility	Well-being of Employees	Stakeholders	Human Rights	Environment	Public Policy	CSR	Customer Relations
		P1	P2	P3	P4	P5	P6	P7	P8	P9
1	Do you have a policy / policies for	Y	Y	Y	Y	Y	Y	Y	Y	Y
2	Has the policy being formulated in consultation with the relevant stakeholders?	Y	Y	Y	Y	Y	Y	Y	Y	Y

## Business Responsibility Report (Contd.)

Sr. No.	Questions	Business Ethics	Product Responsibility	Well-being of Employees	Stakeholders	Human Rights	Environment	Public Policy	CSR	Customer Relations
		P1	P2	P3	P4	P5	P6	P7	P8	P9
3	Does the policy conform to any national / international standards? If yes, specify? (50 words)	Yes. The policies are based on voluntary sustainability guidelines such as the Global Reporting Initiative (GRI) and also based on the 'National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business' released by the Ministry of Corporate Affairs

In the reporting period, Future Group has instituted a Sustainability Cell, which has developed the Future Group's sustainability vision, framework and policies. Evaluation and deployment of these policies and processes will be in line with the international guidelines. On achieving sufficient robustness, your Company will internally audit or invite a third party to verify performance.								
(b)	If answer to the question at serial number 1 against any principle, is 'No', please explain why	Not Applicable								

## Business Responsibility Report (Contd.)

### 3. Governance related to BR:

Indicate the frequency with which the Board of Directors, Committee of the Board or CEO assess the BR performance of the Company. Within 3 months, 3-6 months, Annually, More than 1 year.	The Board of Directors of the Company and its Committees shall continue to assess various business responsibility initiatives undertaken by the Company annually.
Does the Company publish a BR or a Sustainability Report? What is the hyperlink for viewing this report? How frequently it is published?	BRR for the year 2018-19 forms part of the Annual Report, which is published and is also available on the website of the Company: <a href="http://www.futuresupplychains.com/annual-reports.html">http://www.futuresupplychains.com/annual-reports.html</a>

### PART E: PRINCIPLE-WISE PERFORMANCE

#### Principle 1: Ethics, Transparency & Accountability

#### Business should conduct and govern themselves with ethics, transparency and accountability

##### Governance

The Company conducts its business legally, ethically, with integrity and transparency with all stakeholders. FSC's employees at all levels are expected to comply with the Future Group's internal policy and Code of Conduct. All employees are provided and made conversant with details of policies to be complied with during induction training program.

FSC's Directors and senior management are required to abide by a separate Code of Conduct ('CoC'). Their affirmation to the CoC is communicated to all stakeholders by Managing Director, through a declaration in the Annual Report .

Mitigating key business risks through high level of transparency and accountability, the Audit Committee, Nomination & Remuneration Committee, Stakeholders' Relationship Committee, CSR Committee and Risk Management Committees ensures that business adopts these guidelines and discharge their responsibility on relevant disclosures while catering to the growing needs of the stakeholders.

The reporting period witnessed further strengthening of governance in areas of social, environmental and economic performance within the Future Group by establishing a Group level sustainability cell, developing guidelines and policies (including anti-corruption and stakeholder engagement) in this direction, thus laying down the foundation stones towards improved

transparency and disclosure within business.

'Happiness Matters' is the cornerstone of the Group's sustainability framework. Future Group is committed towards creating a happy ecosystem. The Group's sustainability vision is "Striving to grow responsibly and achieve our dual goal of a happy environment and society, both of which are necessary ingredients for business continuity and growth." The four pillars of the sustainability framework are "Responsible Services", "Resource Efficiency", "Responsible Supply Chain" and "Happy Communities". The coming reporting period will see engagements with different members of the value chain, deployment of these policies on the basis of these four pillars through strengthening of processes, creation of roadmaps, target setting and performance management. The Company will extend the same to its value chain stakeholders and promote adoption of the same.

On achieving sufficient robustness, your Company will internally audit or invite a third party to verify performance.

##### Vigil Mechanism

FSC treats any act of fraud, bribery and corruption very seriously and expects its business partners to adopt the same approach.

FSC's vigil mechanism enables stakeholders having concerns about suspected misconduct, unethical behavior, actual or suspected fraud, or any action that violates the Code of Conduct or any business responsibility policy to express their concerns with confidence to the Anti Bribery and Anti-Corruption (ABAC) officer empowered to enquire into the matter.

## Business Responsibility Report (Contd.)

FSC has deployed the whistle blower protection policy to safeguard the identity of person(s) who has reported the violation.

There were no complaints received by FSC under the Whistle Blower Policy as on March 31, 2019.

### Grievance Redressal Mechanism

FSC has put in place grievance mechanisms that addresses and resolves stakeholder complaints. This enables the Company to mitigate any negative business impacts, address grievances transparently and provide satisfactory feedback to concerned stakeholders.

#### Employees

The Company redresses complaints received on grounds of harassment or any act that is found to be abusive or discriminatory on basis of caste, religion and gender. During the reporting period, there were no complaints received by the Company.

The committee on Prevention of Sexual Harassment (POSH) comprising 25 members addresses all sexual harassment complaints. A POSH policy of the Company is also available on the intranet for easy access to all employees.

Any complaints with regard to sexual harassment can be reported at [poshcommittee@futuresupplychains.com](mailto:poshcommittee@futuresupplychains.com) in order to resolve grievance. The Company has not received any complaint on sexual harassment during the reporting year.

#### Investors

FSC has a mechanism for servicing Investor related queries and grievances, through its Registrar and Transfer Agent, and the Compliance Officer is responsible for the same. On periodic and need basis, the Stakeholders' Relationship Committee addresses, reviews and takes appropriate actions on complaints and grievances received through the investor grievance redressal mechanism.

The Company has a designated e-mail ID – [investorrelations@futuresupplychains.com](mailto:investorrelations@futuresupplychains.com) – for addressing investor complaints.

During the year under review, the Company

received total 6 investor complaints, which have been satisfactorily resolved by the Company and its Registrar and Transfer Agents.

#### Customers

Customers of FSC can raise their concerns regarding service deficiencies vide an escalation matrix mutually understood by both FSC and the Customer through both offline and online interfaces, which includes voice or email and all these concerns are taken up for necessary action by concerned team members. The customer is updated about actions being taken and to ensure the redressal was satisfactory, a confirmation call is made on random basis to resolve the complaint via maker-checker mechanism.

### Principle 2: Stewardship

**Business should provide goods and services that are safe and contribute to sustainability throughout their lifecycle.**

FSC offers automated and IT enabled warehousing, distribution and other logistics solutions to a wide range of customers. The Company's service offerings, warehousing structure, pan-India distribution network, "hub-and spoke" transportation model and automated technology systems including amongst others a "Dynamic Put-to-Light (PTL) sortation system and a high-speed cross-belt sorter at its distribution centre at Nagpur to support its competitive market position.

#### Service Proficiency

The Company's business model enables it to act as a green service provider that can comprehensively cover customers' supply chain needs, which improves performance, reduces wastage, optimises cost, increases efficiencies, shortens lead-time to market, and positively impacts product life cycles.

 **Warehouse Management System (WMS)** - Provides customers with an inventory management tool that can be integrated directly with a customer's enterprise resource planning system, providing visibility of inventory in the distribution centre.

## Business Responsibility Report (Contd.)

 **Transport Management System (TMS)** - Provides shipment level visibility from pick-up to delivery to billing as well as routing solutions, and is linked to the enterprise resource planning system. The Company also integrates its customers' technologies with its own systems so as to provide the customers with proper visibility into their supply chain and enable real-time tracking.

 **Vehicle Tracking System (VTS)**- Provides real-time updates on location of the vehicle.

FSC strives to reduce food waste in supply chain operations through control mechanisms that monitor the threshold limit of the inbound product's remaining shelf life.

### Sustainable sourcing

The Company is in the process of integrating sustainability criteria as per the supply chain CoC. The Company expects that its critical suppliers comply with key parameters, which inter alia includes quality, compliance to applicable regulations, human rights, health & safety and environment. The Company intends to monitor progress periodically and ensure our suppliers adhere to our broad based sustainability targets for responsible supply chain in coming years.

There were no known incidents of non-compliance with regulations or voluntary codes resulting in fine, penalty or notices received concerning emissions, health and safety impacts of the Company's services.

### Truck Driver Safety

Ergonomic risks due to difficult and fixed seating postures, working and sleeping in congested spaces, long term exposure to air pollution, lack of hygiene and nutritious food, alcoholism and narcotics result in health issues.

Understanding the difficulties faced by the Indian truck driver community, FSC organised for a week's training programme and interactive sessions across all operations on the importance of safety, health, physical fitness and hygiene for them, while upholding their dignity and acknowledging their role.

### Local Logistics

FSC has a network of around 700 logistics service providers including small scale transport agencies and fleet owners. This ensures cost optimisation and promotes local entrepreneurship.

The Company in association with the Logistics Skill Council (LSC) intends to induct nearly 1,500 apprentices in the logistics stream across India at operator and supervisory roles through the SHREYAS program and is committed to increase the female participation at workplace. The Company actively participates in the National Apprenticeship Promotion Scheme (NAPS) to create support in skill development and creating local employment opportunities for people living outside metros.

In cases where local procurement is not a viable option due to lack of vendors or lack of alternatives that meet quality requirements, the Company procures services from registered vendors who are geographically more diverse.

### Principle 3: Employee Welfare

#### Business should promote the well-being of all employees

FSC's HR processes are guided by the inherent values of Future Group and are aligned with labour and human rights regulations that is applicable from time to time. It aspires to be an employer of choice in Indian logistics and warehousing solutions – offering new possibilities and encouraging people to rise up to new challenges every day.

FSC's HR policies ensure that there is no child labour, forced labour or any form of involuntary labour, paid or unpaid, at any of its premises.

#### Non-Discrimination in recruitment and employment

FSC follows a streamlined process, to conduct a fair and effective recruitment and career development process free of caste, creed, age, colour or gender bias, which is consistent with employment related legislation. To be an inclusive employer, FSC provides equal opportunities to people with disabilities. In order to build a pro-inclusion mind-set and create a positive environment amongst stakeholders, FSC has designed appropriate communication and training programs.

## Business Responsibility Report (Contd.)

The manpower strength at FSC as on March 31, 2019 was as follows:

Total Employee Strength	
Contractual	Permanent
11,402	1,905

Break-up of manpower at FSC as on March 31, 2019 was as follows:

Level	Offices		Warehouses		Total	
	Female	Male	Female	Male	Female	Male
1	11	27	16	595	27	623
2	21	75	22	697	43	772
3	25	115	5	212	30	327
4	6	37	0	20	6	57
5	0	21	0	0	0	21
	63	275	43	1525	105	1800

### Gender Diversity and Women Empowerment

FSC currently employs around 6% women in their workforce at Company level.

### Recruitment Programmes

#### Parichay

“FSC Parichay” is a comprehensive program due to its unique and inclusive features of robust assessments, regular feedback mechanism, mentoring / buddy program and on-going development through virtual learning platform. Every year FSC hires Engineering Trainees and Management Trainees who undergo a year-long induction program designed to equip them with technical / functional expertise, management techniques, and the corporate way of working. The three important elements of the program include:

-  Class Room Training (CRT) designed to give orientation and insight of organisation, supply chain industry, concepts and functional specifics.
-  Field Induction to acclimatise trainees with their work environment across our various establishments.
-  On-the-Job Training in their respective functions as per their Job Description.

#### FSC Summer Samurai:

FSC engaged with 19 students from premier Business Schools for two months of their Summer Internship. During their internship, they were mentored by various Business Heads and got hands on experience.

#### Promotion and Recognition:

The Company through an internal evaluation process has advanced a number of its employees, providing them with both a higher rate of pay and financial incentives.

### Employee Promotion for 2018-19

Gender	Inter Band Promotions	Intra Band Promotions	Total Promotions
Male	73	52	125
Female	8	4	12

## Business Responsibility Report (Contd.)

### Facilities for employee well-being ('Khushali')

Policies, such as Maternity leave as well as Paternity leave, continue to be in place as required by governing laws. Insurance policies, such as Medclaim, EDLI and Life security plans have been continued at Group level for eligible employees as per their grade. Employees are provided the liberty of a flexi time window that enable employees to achieve a work life balance.

Under FSCs' Khushali Programme, the Company has also partnered with various corporates to provide benefits for various employees such as:

#### Housing Benefits

FSC has partnered with reputed real estate developers to provide discount to employees while buying a house and other benefits such as buy back offerings and flexi-payment plan for houses at their desired location.

#### Healthcare Benefits

The Company provides health insurance to employees and their dependents, free ambulance and health check-up service at leading hospitals / medical check-up centres, and further discounts for other services. Through the Company's initiative, employees of the Company are benefitted with medical test and nutritionist support.

#### Cash discounts to the Employees:

The employees of the Company are provided benefits in the form of cash discount that can be availed on purchase of any merchandise, food products or any other products available at

various stores operated within Future Group. Cash discounts offered to the employees are over and above their remuneration/ salary.

#### Facilities for employees with special needs

The Company makes its facilities accessible to persons with disability (PWD) through ramps and wheelchairs, thereby creating opportunities for the disadvantaged community for employment and economic development.

#### Employee Retention

Overall development of the employee at Group level, including customised growth plans, is integrated to make employees journey at FSC fruitful. Along with this, an employee assistance plan is intended to help employees deal with personal and professional problems that might adversely impact work performance, health and overall well-being. The Company encourages employees to apply for Internal Job Postings so as to explore other formats and verticals.

### Employee growth, training and development and overall well-being

The Company ensures continuous skill and competence up-gradation of all employees by providing access to necessary learning opportunities, on an equal and non-discriminatory basis. At FSC, an assessment of training needs is conducted at the warehouse, Head offices, branches and satellite offices for all employees. The training needs are mapped and such trainings are imparted accordingly.

Some of the training programs conducted this reporting year are as follows:

Training Name	Training Description	Employees Trained	Training hrs per employee	Training Man-Hrs	Training Man Days
SOP Training	Training on various operational SOPs in the Warehouse & Branches	951	5	4,755	594
Induction	Training for organisational orientation delivered for all new joinees	775	24	18,600	2,325

### POSH Training

Awareness on the CoC and the sexual harassment policy is provided to all new employees during induction. POSH Committee training workshop for new employees covers topics related to investigation skills, basic counselling skills like listening, paraphrasing and dealing with biases through various kind of case studies and role plays activities based on real life examples. Workshop training also focused on the role of the Committee members, critical attitudes of a member, investigation process and report writing.

The Company also organises POSH trainings for its existing employees at various offices and warehouses to sensitise them about the definition of sexual harassment, identifying sexual harassment, protecting oneself from becoming a victim of sexual harassment and the reporting procedure of sexual harassment complaints.

Particulars	Nos.
POSH Committee Meetings conducted	12
Committee Members	25
Awareness Sessions for Employees	5
Employees Participated	95

FSC has scheduled other training sessions for raising awareness on sexual harassment of women at workplace for employees yet to attend the training program.

## Business Responsibility Report (Contd.)

### Creating an environment that is healthy and safe:

FSC embraces the Group’s policy of health and safety to ensure welfare of employees including contractors, sub-contractors and vendors through accident free operations.

FSC through project contractors has a dedicated person at warehouse level who is responsible for implementing the health and safety policy. Its safety systems are certified by the United Kingdom Accreditation Service (UKAS) for implementation of OHSAS 18001. The vendors (and their employees working at the site, wherever applicable) are formally inducted into the health and safety system and an undertaking is taken with respect to adherence of the code of practice with remedial measures by FSC in case of violations. The functions of the project contractor includes:

- 🚚 Ensure training of contract / permanent employees during induction or via tool box talks;
- 🚚 Ensuring that their direct and indirect employee(s) perform and commit themselves to the Occupational Safety Plan;
- 🚚 Ensure employees including contractual employees wear the mandated personal protective equipment (as per the International Safety standards and in good working conditions) at all times within the premises on basis of their function at the site;
- 🚚 On site fire fighting system checks, testing and demonstrations, conducting mock drill;
- 🚚 Ensure safe access and egress to the site by ensuring traffic rules are followed by vehicles / movement of goods at the premises, displaying necessary safety signages and barricades at areas having risk at workplace and undertake root cause analysis for all accidents / fatalities if any;

- 🚚 Ensure that hazardous material are collected, stored, disposed of or recycled in proper and sound manner without causing any harm to any property, person and environment;
- 🚚 Organising awareness campaigns around National Safety Week;
- 🚚 Organise safety meets with high representation of the contract employees;
- 🚚 Monitoring and evaluating safety performance effectively and take all appropriate actions to rectify and improve overall Safety performance;
- 🚚 Implementation of No Alcohol/Narcotics policy;
- 🚚 Ensure that all vehicles used for transportation & material handling equipment are fit for use and have valid certifications.

Standard operation procedures including wearing of personal protective equipment (including safety helmet, safety shoes, hi-visibility vest) and maintaining personal hygiene.

Additional safety precautions as per the procedures in place are as follows based on type of risk identified:-

- 🚚 **Fall Protection**– Full body harness should be used by all its employees working at the sites at all times when working at a height (more than 1.5 meters from the ground). Additional fall protection equipment’s like safety nets may be made available and used at the sites.
- 🚚 **Cutting/Grinding/Welding**– The Project Contractors employees carrying out the activity shall wear safety goggles and masks in order to prevent eye injury.
- 🚚 **Handling sharp objects** – Project Contractors employees should handle such objects only after wearing anti-cut gloves.

During the year under review, the Company undertook training programs to sensitise employees about the EHS policy

Training Name	Employees Trained		Contractual Employees		Permanent Employees	
	Male	Female	Male	Female	Male	Female
Occupational Health and Safety Training	36	8	30	7	6	1
Workplace Safety Training	479	127	403	108	76	19

## Business Responsibility Report (Contd.)

Training Name	Employees Trained	Training Duration (hrs)	Training Man-Hrs	Training Man Days
Occupational Health and Safety Training	44	4	176	22
Workplace Safety Training	636	4	2,544	318

FSC ensures compliance to fire safety as per the local authority requirements as mandated. Audit is also conducted on annual basis through an insurance company. Functioning of all equipment such as sprinklers and fire hydrants are checked at all operating sites for loss prevention during a fire, emergency exits remain unblocked and can be easily identified through appropriate signage.

### Health and Safety

Key matters	2018-19	2017-18
Lost time accident	1	4
Minor cases	30	36
Near miss cases	54	51
<b>Total cases</b>	<b>85</b>	<b>91</b>

### Food Safety

The Mehsana Units are in the process of implementing ISO 22000 (Food Safety Standards), the accreditation is expected in the coming financial year.

### National Safety Week

The theme to the National Safety week held during March 4, 2019 to March 10, 2019 was "Cultivate and Sustain a Safety Culture for building Nation". "Safety

Culture" is the baseline for the success of Safety efforts in any organisation and it is an attitude that every member at a workplace requires to own, to prevent harm to its peers. Safety pledge within the organisation recites as "Safety starts with "S" but begins with "U".

The Company engaged with employees through various activities including drawing, essay writing, poster making and slogan competitions on warehouse safety

## Business Responsibility Report (Contd.)

themes, quiz competitions and crosswords to highlight the importance of Safety, Health and Environment at workplace and to instill responsibility amongst

employees to make their working environment safer. The organisation organised a safety march and mock drill to further deepen the understanding.

### Training Performance Summary

### Principle 4: Stakeholder Engagement

**Business should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalised.**

FSC's manifesto encourages its stakeholders to explore the unexplored areas and write new rules to create new opportunities and success as we continue believing in our mantra "Rewrite Rules, Retain Values".

FSC's stakeholders include its shareholders / investors, employees, community, suppliers, government, and customers. FSC through its stakeholder engagement policy encourages transparency in dealings, effective communication and effective grievance mechanisms for responding to stakeholder concerns.

The company is in the process of strengthening its stakeholder engagement process, understanding material issues, impacts and expectations. The progress of the same will be presented during the coming financial year.

The Company proactively engages with stakeholders through formal and informal channels and create a common dialogue that allows learning, understanding

of the operating environment, pooling of resources to positively impact and resolve problems that makes the organisation perform better.

### Statutory bodies

FSC maintains all its records as statutorily required and ensures internal and external compliances. FSC whilst ensuring compliances also interacts with various authorities and statutory bodies, as and when required.

### Investor Engagement / Shareholders

The Company has an Investor Relations department, which proactively reaches out to institutional investors through participation in investor conferences that target institutional investors and high net worth individuals.

During the reporting period, some of the major conferences attended by the Company include:

1. Edelweiss GWAM Emerging Ideas Conference on November 27, 2018, Mumbai;
2. Antique India Conference on February 12, 2019, Mumbai;

4. Philip Capital Conference on March 14, 2019, Mumbai.

## Business Responsibility Report (Contd.)

FSC has also engaged with an external PR agency, with the objective to create awareness on FSC in Financial Media, so that investors have wide access to information. Any information that is shared with media is also filed on the stock exchanges and is available to all relevant stakeholders. The Company issues a press release when it wants to share any new business development.

FSC values investor concerns and at every investor meet the Company presents initiatives taken by the Company to improve key performance indicators and projections in business growth.

### Employee Engagement

The Company engages with its employees at all levels in order to boost their morale, provide equal opportunities, nurture talent and develop their creativity, help in increasing their commitment and passion towards their individual goals and self-development. Various programs and activities were conducted during the year under review.

The Company engaged with its employees including contractual employees on various events during the year, by:

-  Celebrating dates of national importance such as Republic Day and Independence Day by flag hoisting, remembering the brave martyrs of our land through songs, dance and drama;
-  Organising sports tournaments like cricket, badminton and carom;
-  Celebrating World Yoga Day by promoting good health and fitness;
-  Celebrating birthdays of employees;
-  Celebrating Women's Day by organising a cultural event of song, dance and fun events;
-  Organising frequent FSC Knowledge Café at Head Office to induce a culture of knowledge sharing and inspiration that strengthens team spirit and expands thought process;
-  Camping and trekking;
-  Recreating on regional festivals such as Durga Puja and Diwali.

### Customer Engagement

FSC has defined Service Level Agreements (SLAs) for each of its customers, which focus on timely delivery to stores, safety of stocks, no damaged or defective products and no pilferage. The Company engages with customers to design solutions for new business opportunities.

Review meetings are conducted on monthly / quarterly basis with the customers to discuss the business plans ahead, issues if any and suggest solutions for the same.

### Supplier / Vendor Engagement

FSC engages actively with its suppliers vide meetings, business meets and workshops.

Recently, the company hosted Reimagine, a special two-day meet at Nagpur to connect with its vendor partners to felicitate them and discuss both long term vision and opportunities of growth.

FSC's suppliers are also provided with managerial and technical assistance at regular intervals and on need basis to train them on practices and procedures that will ensure improvements in Productivity, Safety and Moral.

### Communities

FSC involves communities surrounding its operations to bring about a positive change in their lives through holistic, sustainable and integrated development.

The Company engages with its community through various initiatives including:-

-  **Blood Donation Drive:** Organised blood donation camps across 17 cities and contributed 708 units of blood;
-  **National Road Safety Week:** Created awareness on road safety, health & hygiene in the truck driver community through training and practical demonstrations
-  **Health Check-up camps**
-  **Tree plantation drives**
-  **Joy of Giving:** Celebrated Diwali with the theme "Joy of Giving"; FSC team visited students who are visually impaired and intellectually disabled at schools and donated books, clothes, food and water filters.

## Business Responsibility Report (Contd.)

During the reporting period FSC deployed funds set aside for its community social responsibility activities through the Sone Ki Chidiya Foundation to support the vulnerable and the marginalised through actions that addressed basic needs, including nutrition and livelihood interventions. (Please refer to Principle 8 for more details)

### Principle 5: Human Rights

#### Business should respect and promote human rights

Future Group's human rights policy extends to all entities in the Group, including FSC. The Company is committed to upholding human rights, and recognises and respects human rights of all stakeholders within and beyond the workplace. The intent of this is being conveyed to all stakeholders.

The contracts with suppliers, contractors and vendors states various compliances to be made by them under applicable labour laws, salary / wage payments within prescribed time limits, medical facilities to be provided, and also ensuring applicable deductions including PF, ESIC, contributions to various funds like Gratuity and other retirement benefits.

The Company ensures collection of age and identity proofs and PAN cards wherever applicable of all candidates hired and contracted with to ensure compliance to a 'no child labour policy'. FSC ensures non-discrimination by giving equal opportunity to all candidates irrespective of their caste, race, religion or gender.

The Company ensures that all concerned individuals impacted by the business have access to grievance mechanisms. No complaints were received during the period under review.

#### Karta se Charcha

FSC provides its employees ample opportunities to voice their needs. Senior management team follows an open door policy approach to hear any grievances, feedback or suggestion from concerned employees. Karta se Charcha is one of the initiatives taken to establish a senior management connect with employees across the country.

Once a quarter, the CEO along with other senior management representatives addresses the employees

across zones via webinar. The session usually lasts for 2-3 hours where the CEO communicates recent achievements and developments along with initiatives for the next quarter.

FSC's employees express challenges and grievances via an online platform to senior management representatives. Adequate feedback and response mechanisms encourage openness and quick resolutions, hence FSC's employees do not feel the need to participate in collective bargaining activities.

The Company ensures that stakeholders impacted by the business have access to grievance mechanisms. No such complaints in this regards were received during the period under review.

### Principle 6: Environment

#### Business should respect, protect and make efforts to restore the environment

Resource efficiency is an important pillar of the sustainability framework of any organisation. FSC recognises the environmental challenges that the society faces and is committed to work throughout their value chain to help solve them. Environmental issues that are material include energy, water, emissions, fuel supply and waste.

FSC strives to comply with all applicable environmental norms, within the local and national boundaries.

#### Energy Efficiency and Climate Stewardship:

During the reporting period FSC proactively initiated actions to improve its energy performance across distribution centres, in keeping with the Group's Energy and Carbon Policy that outlines low carbon transformation through reduced energy consumption and procuring energy from renewable sources.

FSC deploys the hub and spoke model and milk runs for the transport of goods to multiple locations vide its distribution centres, which optimises consumption of fuel and emissions to the atmosphere.

The Company has undertaken feasibility studies for installation of solar panels at 15 warehouse locations and endeavours to switch from conventional to renewable sources of energy to reduce its carbon footprint.

## Business Responsibility Report (Contd.)

### Air Emissions:

FSC audits its emissions and conducts checks in order to comply with emission norms from DG sets, as defined by concerned Pollution Control Boards (PCBs) at periodic intervals. All vehicles on duty at FSC undergo vehicle emission tests and comply with emission norms as defined by the concerned PCBs.

### Water Conservation:

The Company has instituted its water stewardship policy, which encourages its operations to initiate water conservation measures.

The Company consciously explores ways to reduce water consumed in its operations, one such example is the implementation of the crate washing system. The water consumed is recycled through a closed loop system of automated processes including pre-washing, hot water wash, detergent wash, sensing and drying. The crate moves forward on a conveyer belt assembly at a specified speed as per level of dirt and cleaning required, thus optimising water consumed.

Going forward the Company will plan and initiate water conservation programs wherever feasible across its pan India operations.

### Waste management:

Waste generated at its offices / distribution centres is managed as per applicable norms, segregated at source and handed over to waste handlers.

There were no incidents of non-compliance with regulations resulting in penalty or notice or fine was received by the Company. Further, during the reporting year, there were no show cause and legal notices received by the Company which are pending from the CPCB or SPCB at any of the Company's operations.

### Principle 7: Public Advocacy

#### Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

FSC is committed to public good. However, the Company has not advocated or lobbied with Government officials or institutions. FSC actively participates in industry events and is a member of the Confederation of Indian Industries (CII)-National Committee on Logistics and Shipping.

Management and the senior leadership team interact with various professional bodies and organisations to anticipate and understand the Government regulations, economic scenario, industrial environment and advancement of public goods and services.

### Principle 8: Inclusive Growth

#### Business should support inclusive growth and equitable development

FSC works with various communities, employs young Indians in rural and urban areas, engages with regional logistics and service providers, works closely with suppliers and distribution systems across the country and interacts with various stakeholders who are closely linked to its business.

In the global business arena, diversity and inclusion are no longer about workplace compliance. Rather, they are core drivers of business growth and central to a Company's identity. Workplace diversity in an inclusive atmosphere fosters greater creativity, innovation, and effectiveness. Diversity of experience, knowledge and ideas strengthen an organisation. To accomplish this experience at FSC, the Company works tirelessly to eliminate the barriers that stand between minorities and women in their attempts to succeed and lead.

#### All Women Distribution Centre- Nimji, Nagpur

##### A positive step towards women empowerment

The Company believes, "She who has immense power and determination in her is a woman. She does everything, plays so many roles wearing a smile on her face." The women who run the distribution centre (DC) at Nimji, handle everything from inventory management to dispatch efficiently.

The Company has established an all-women run DC 'Shakti' in Nimji, Nagpur. The DC is fully equipped with Transportation Management System and Warehouse Management Systems softwares.

Logistics sector has historically been male-dominated and perceived to be labour intensive and the Company takes pride through this initiative not only to promote diversity and inclusion in workplace but also due to the increasing productivity of its workforce.

## Business Responsibility Report (Contd.)

### Humanitarian Support

Disasters create devastating human suffering that demands coordinated, swift relief efforts. Humanitarian crises can disrupt businesses operations, destroy infrastructure, and bring most forms of productive commerce to a halt. FSC organised and delivered essential goods such as drinking water, biscuits, in a timely manner during various disasters such as Kerala flood relief, and Nathupur fire, Gurgaon that took place in the reporting period.

During the reporting period, the Company spent ₹ 1.27 crore on CSR projects and activities as per Schedule VII of the Companies Act, 2013.

The 'Sone Ki Chidiya Foundation' - the implementing agency, has carried out the following CSR projects:

-  Reducing inequalities faced by socially and economically backward groups through access to basic goods worth ₹ 91.72 Lakh through Goonj which has benefited 17,000 households across Kerala
-  Creating livelihood opportunities for 55 women between the ages of 18 to 40 years who are widowed/single mothers from below poverty line (BPL) households having minimum 5th standard pass by setting up a tailoring unit at Nagpur through Aastha Lok Sanchalit Sandhan Kendra vide donations in cash worth ₹ 22.67 Lakh.
-  Reducing hunger, poverty and malnutrition by improving the nutritional status of children between the ages of 0 to 6 years in 200 households while imparting scientific knowledge to the community with respect to nutrition, clean drinking water, sanitation and hygiene(WASH), and enable behavior change through community based mechanisms in partnership with the All India Institute of Local Self Government through cash donations of ₹ 12.66 Lakh.

(For further details on CSR, please refer to CSR Report annexed to Directors' Report for the year ended March 31, 2019).

### Principle 9: Value to customers

#### Business should engage with and provide value to their customers and consumers in a responsible manner

FSC values its customers and works towards increasing customer loyalty by adhering to highest standards of quality and compliance requirements, while addressing social and environmental concerns of the community. The Company places the highest priority to add velocity to its customers' aspirations.

The Company's activities are governed by its knowledge of the requirements of customers and the market. The Company includes and prioritises customer focus in all its business processes, projects and dealings. Knowing that the Company will be measured by its ethical, social and environmental performance as much as by the quality of its service, FSC strives for best practice in all these areas to secure customer trust and goodwill and thus enhance its reputation.

The Company's Service Level Agreements delineate the following value proposition to its customers:-

-  Vertical storage thus reducing area cost;
-  Advanced material handling systems to retrieve material from racks;
-  Advanced WMS for managing inventory storage and retrievability;
-  Best in class TMS and VTS for better in-transit visibility;
-  Dedicated Customer Account Manager (CAM);
-  High focus on Quality (ISO 9001) and Safety (OHSAS).

The Company proactively interacts with customers for better and higher customer centricity (Please refer to Principle 4 for more details related to customers) and have set in place a robust grievance mechanism, to

## Business Responsibility Report (Contd.)

address complaints (Please refer to Principle 1 for more details on grievance mechanism).

The Company is not in the business of manufacturing products, hence product labelling is not a primary concern to the Company. However the service level agreement with customers provide information on the health and safety aspects during loading/unloading

of material and standard operating procedures with respect to billing, acceptance and return of product and in case of losses a defined redressal process.

There are no cases filed by any stakeholder against the Company regarding irresponsible advertising and/or anti-competitive behaving during the last five years and pending as on end of the current financial year.

# Corporate Governance Report

## I. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Your Company places strong emphasis on best governance practices and considers it as an integral part of the business. The Company's philosophy on corporate governance is to demonstrate good corporate citizenship through sound governance practices, environmental awareness and ethical behaviour not only to attain corporate objectives but also to align them with economic and social goals for the betterment of all stakeholders and community at large.

The framework of corporate governance provides for conducting the business according to the system, practices and processes, which are further strengthened with adoption and implementation of various codes and policies in compliance with the applicable regulatory provisions and ensures transparency and accountability at various organisation levels including the Board and its various Committees. Various codes and policies are available on Company's website [www.futuresupplychains.com](http://www.futuresupplychains.com). These codes and policies ensure the best standards of Corporate Governance by maintaining strong business fundamentals through persistent focus on the core values and principles such as commitment to bring efficiencies in business operations, best services to its customers, assuring adequate health and safety measures for its people, equal opportunities in employment, meeting corporate social responsibilities, fair and timely disclosures, compliance with the relevant rules and regulations and maximising overall stakeholders' value.

The Company has in place a code of conduct for the Board of Directors and senior management personnel ("Code of Conduct") laying down the corporate ethics to be practised by entire management cadre. Your Company ensures compliance with the regulations 17 to 27 read with Chapter V and clause (b) to (i) of Regulation 46 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "**Listing Regulations**") and also the applicable provisions of the Companies Act, 2013 including amendments thereto (the "**Act**").

## II. GOVERNANCE STRUCTURE

### A. Board Of Directors

The composition of the Board of Directors is in conformity with the requirements of the Act and Listing Regulations with an optimum combination of Executive, Non-Executive and Independent Directors. The Board approves corporate strategies, which are intended to allocate corporate resources for long term growth and build sustainable long-term value for the stakeholders. In addition to the information and documents pertaining to any specific agenda items, the Board of Directors is regularly provided the information as prescribed under Part A of Schedule II to the Listing Regulations for its review/ suggestions/ approvals. As on March 31, 2019, the Board comprises seven Directors including two women. None of the Directors on the Board is serving as an Independent Director in more than the limits as specified in Regulation 25 of the Listing Regulations.

#### 1. Matrix setting out skills/ expertise/ competence as identified by the Board

The Board skills matrix provides a guide as to the skills, knowledge, experience and other criteria appropriate for the functioning of the Board. The Board has identified this matrix as a tool to assist with professional development initiatives for Directors. The Company believes in skills-based composition of the Board comprising of Directors who collectively have the skills, knowledge and experience to effectively govern and direct the organisation. These are broadly categorised under following aspects:

##### **Governance**

This category includes skills relevant to performing the Board's key functions such as strategic planning, policy development, financial performance, risk & compliance oversight, overall experience, age and business understanding.

##### **Industry specific**

This category includes skills relevant to the industry or section in which the Company operates such as business development, vendor management, technology, marketing & communication and operational efficacy.

## Corporate Governance Report (Contd.)

### Personal attributes & qualities

This category includes criteria which are generally considered desirable to be an effective Director possessing specific qualities like leadership, effective communication, honesty, independence, commitment, professionalism etc.

#### 2. Relevant information on composition of the Board during financial year ended March 31, 2019

## Corporate Governance Report (Contd.)

### 3. Meetings and attendance

During the year under review, total five meetings of Board of Directors were held on April 25, 2018, August 7, 2018, September 25, 2018, November 2, 2018, February 7, 2019. The gap between two meetings did not exceed number of days as prescribed in the Listing Regulations and the Act. Details of meetings and attendance by the Directors of the Company are as under:

Name of Director	No. of Board Meetings		Attended AGM held on August 22, 2018
	Entitled to attend	Attended	
Rakesh Biyani	5	5	Yes
Bala Despande	5	5	Yes
C P Toshniwal	5	5	Yes
Janat Shah	5	2	No
Mayur Toshniwal	5	5	Yes
Amar Sapra	5	4	No
Malini Chopra	1	1	N.A.
Rahul Garg	5	4	No
Shyam Maheshwari	4	4	No

### 4. Resignation of Independent Director

During the year under review, Rahul Garg – Independent Director of the Company, resigned before the expiry of his tenure. Rahul Garg tendered his resignation with a view to avoid any conflict of interest possibly arising on investment in other group company(ies) by the investment fund where he is part of the management. A written representation has also been received by the Company from Rahul Garg stating that there was no other material reason of his tendering the resignation. The said representation was also submitted to the Stock Exchanges pursuant to the Listing Regulations.

### 5. Code of Conduct

The Board has laid down Code of Conduct for all Directors and Senior Management of the Company to conduct their activities in the best interest of the Company and exercising due care and diligence while performing their duties. The said Code of Conduct is hosted on website of the Company at <http://www.futuresupplychains.com/code-policies.html>

All Directors and Senior Management Personnel have affirmed compliance with the said Code of Conduct for the financial year ended March 31, 2019. A declaration to this effect signed by the Managing Director forms part of this Corporate Governance Report.

### 6. Confirmation

The Board of Directors confirms that in its opinion, the Independent Directors of the Company fulfil the conditions specified in the Listing Regulations and are independent from the management of the Company.

### B. Audit Committee

The Audit Committee of the Company comprises three Directors. All the members of the Committee are Independent Directors. Bala Despande is the Chairperson of the Audit Committee. All the members of the Committee possess adequate accounting and financial knowledge. The Company Secretary functions as a Secretary to the Committee. During the year, four meetings of the Audit Committee were held on April 25, 2018, August 7, 2018, November 2, 2018 and February 7, 2019.

## Corporate Governance Report (Contd.)

### 1. Relevant information on composition of the Audit Committee during the financial year ended March 31, 2019

Name of Director	Category	Designation	No. of Meetings	
			Entitled to attend	Attended
Bala Despande	Independent Director	Chairperson	4	4
Janat Shah	Independent Director	Member	4	1
Malini Chopra <sup>6</sup>	Independent Director	Member	None	Nil
Rahul Garg <sup>7</sup>	Independent Director	Member	4	4

The composition of Audit Committee meets the requirements of Section 177 of the Act and Regulation 18 of the Listing Regulations.

### 2. Terms of Reference

The Committee has been mandated to comply with the requirements as specified in Part C of Schedule II of the Listing Regulations and the provisions of section 177 of the Act. The terms of reference are reviewed from time to time by the Board.

Role of the Audit Committee, inter-alia, includes the following:

-  oversight of the Company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible;
-  recommendation for appointment, remuneration and terms of appointment of auditors of the Company;
-  approval of payment to statutory auditors for any other services rendered by the statutory auditors;
-  reviewing, with the management, the annual financial statements and auditor's report thereon before submission to the board for approval, with particular reference to:
  - (a) matters required to be included in the director's responsibility statement to be included in the board's report in terms of clause (c) of sub-section (3) of Section 134 of the Companies Act, 2013;
  - (b) changes, if any, in accounting policies and practices and reasons for the same;
  - (c) major accounting entries involving estimates based on the exercise of judgment by management;
  - (d) significant adjustments made in the financial statements arising out of audit findings;
  - (e) compliance with listing and other legal requirements relating to financial statements;
  - (f) disclosure of any related party transactions;
  - (g) modified opinion(s) in the draft audit report;
-  reviewing, with the management, the quarterly financial statements before submission to the board for approval;
-  reviewing, with the management, the statement of uses / application of funds raised through an issue (public issue, rights issue, preferential issue, etc.), the statement of funds utilised for purposes other than those stated in the offer document / prospectus / notice and the report submitted by the monitoring agency monitoring the utilisation of proceeds of a public or rights issue, and making appropriate recommendations to the board to take up steps in this matter;
-  reviewing and monitoring the auditor's independence and performance, and effectiveness of audit process;

<sup>6</sup> Inducted on February 7, 2019

<sup>7</sup> Ceased to be member of the Audit Committee on February 7, 2019

## Corporate Governance Report (Contd.)

-  approval or any subsequent modification of transactions of the company with related parties; [Provided that the Audit Committee may make omnibus approval for related party transactions proposed to be entered into by the company subject to such conditions as may be prescribed];
-  scrutiny of inter-corporate loans and investments;
-  valuation of undertakings or assets of the Company, wherever it is necessary;
-  evaluation of internal financial controls and risk management systems;
-  reviewing, with the management, performance of statutory and internal auditors, adequacy of the internal control systems;
-  reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;
-  discussion with internal auditors of any significant findings and follow up there on;
-  reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the board;
-  discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern;
-  to look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors;
-  to review the functioning of the whistle blower mechanism;
-  approval of appointment of chief financial officer after assessing the qualifications, experience and background, etc. of the candidate;
-  Carrying out any other function as is mentioned in the terms of reference of the audit committee.
-  Effective from April 1, 2019, role of the Audit Committee also includes reviewing the utilisation of loans and/ or advances from/investment by the holding company in the subsidiary exceeding rupees 100 crore or 10% of the asset size of the subsidiary, whichever is lower including existing loans / advances / investments.

### 3. Review of information

-  management discussion and analysis of financial condition and results of operations;
-  statement of significant related party transactions (as defined by the audit committee), submitted by management;
-  management letters / letters of internal control weaknesses issued by the statutory auditors;
-  internal audit reports relating to internal control weaknesses;
-  the appointment, removal and terms of remuneration of the chief internal auditor shall be subject to review by the audit committee; and
-  statement of deviations:
  - (a) Quarterly statement of deviation(s) including report of monitoring agency, if applicable, submitted to stock exchange(s) in terms of Regulation 32(1).
  - (b) Annual statement of funds utilised for purposes other than those stated in the offer document/ prospectus/notice in terms of Regulation 32(7).

## Corporate Governance Report (Contd.)

### 4. Related Party Transactions

Transactions with related parties were reviewed / approved by the Audit Committee and were entered into in the ordinary course of business and at arm's length basis. During the year under review, there were no materially significant transactions entered into with any related party that may have potential conflict with the interests of the Company at large. The details of related party transactions are given in notes forming part of the Financial Statements for the year ended March 31, 2019. Policy on dealing with related party transactions is available on the website of the Company at <http://www.futuresupplychains.com/code-policies.html>

### 5. Whistle Blower Policy/Vigil Mechanism

The Company has established a whistle blower policy/vigil mechanism. This policy aims to provide an avenue for stakeholders to raise genuine concerns of any violations of legal or regulatory requirements, actual or suspected fraud or violation of the Company's code of conduct and ethical business practices. The whistle blower policy, inter-alia, provides a direct access to the Chairperson of the Audit Committee. No person has been denied access to the Audit Committee. The establishment of vigil mechanism is available on the website of the Company at <http://www.futuresupplychains.com/code-policies.html>. A policy on whistle blower is available on Company's website at <http://www.futuresupplychains.com/code-policies.html>.

## C. Nomination And Remuneration Committee

The Nomination and Remuneration Committee of the Company ("NRC") plays a leadership role in shaping the corporate governance of the Company, strives to build an engaged and diverse Board whose composition is appropriate in light of the Company's requirements and strategies. The NRC develops an executive compensation philosophy, adopts and oversees the implementation of compensation policies that designs compensation packages for the Directors and Senior Management Personnel to incentivise for the creation of long-term value, and develops meaningful goals for performance-based compensation that support the Company's long-term value creation strategy. The NRC comprises three Non – Executive Directors, out of whom majority are Independent Directors. During the year under review, total two meetings of the NRC were held on April 25, 2018 and February 7, 2019.

### 1. Relevant information on composition of the NRC during the financial year ended March 31, 2019

Name of Director	Category	Designation	No. of Meetings	
			Entitled to attend	Attended
Bala Despande	Independent Director	Chairperson	2	2
Rakesh Biyani	Non -Executive Director	Member	2	2
Rahul Garg <sup>8</sup>	Independent Director	Member	2	2
Malini Chopra <sup>9</sup>	Independent Director	Member	None	NA

### 2. Terms of reference:

The terms of reference are reviewed from time to time by the Board. The NRC has been mandated to comply with the requirements as specified in Part D of the Schedule II to the Listing Regulations,

<sup>8</sup> Resigned on February 7, 2019

<sup>9</sup> Inducted on February 7, 2019

## Corporate Governance Report (Contd.)

provisions of Section 178 of the Act and Securities and Exchange Board of India (Share Based Employee Benefits) Regulation, 2014, as may be applicable. The role of the NRC, inter-alia, includes the following:

-  To formulate the criteria for determining qualifications, positive attributes and independence of a Director and recommend to the Board a policy, relating to the remuneration for the Directors, key managerial personnel and other employees;
-  To formulate criteria for evaluation of Independent Directors and the Board;
-  To devise a policy on Board diversity;
-  To Identify persons who are qualified to become Directors and who may be appointed in Senior Management in accordance with the criteria laid down, and recommend to the Board their appointment and removal;
-  Whether to extend or continue the term of appointment of the Independent Director, on the basis of the report of performance evaluation of Independent Directors.
-  To establish and from time to time review the policy for ESOP and ESOS as well as issuance of SWEAT equity shares and recommend the grants of grants to be made under ESOP / ESOS; and
-  To review Company's remuneration and human resources policy.
-  Effective from April 1, 2019, role of NRC also includes to recommend to the Board, all remuneration, in whatever form, payable to Senior Management cadre of the Company.

### 3. Performance evaluation criteria for Independent Directors

The Board works with the NRC to lay down the evaluation criteria for the performance of the Chairman, the Board, Committees, Executive Directors, Non-Executive Directors and Independent Directors through a peer evaluation, excluding the Director being evaluated. The Independent Directors were evaluated on the criteria such as engagement, leadership, analytical, quality of decision-making, interaction, governance, etc.

### 4. Remuneration Policy

The Company believes that human resource is the key for the continuous growth and development of the Company. The Company's remuneration policy is designed to attract, retain and motivate employees by offering appropriate remuneration and other benefits and also rewarding performance of key employees by granting stock options to contribute and participate in the overall corporate growth and financial success. The remuneration policy is in line with the industry standards and also aligned with the practices prevailing within the Group.

### 5. Remuneration policy for Executive Directors

The Company pays remuneration by way of salary, benefits, perquisites and allowances and variable bonus to the Managing Director, as approved by the Board and the shareholders of the Company. In determining the remuneration package of the Executive Directors, the NRC evaluates various criteria like competency, experience and ability of the candidate, remuneration prevailing in industry, specific skills required for the business operations etc. and thereafter makes its recommendation to the Board. Annual increments are decided/ recommended by the NRC within the scale of remuneration as may be permissible under the statutory provisions. Performance criteria for Executive Director entitled to variable bonus are determined by NRC in accordance with the remuneration policy.

## Corporate Governance Report (Contd.)

### 6. Criteria of making payments to Non-Executive Directors

Non-Executive Directors are paid sitting fees for attending meetings of the Board and Committee (except CSR Committee) of the Board including meeting of Independent Directors, as decided from time to time by the Board. The Company reimburses other out of pocket expenses incurred by the Non Executive Directors for attending the meetings. The Company does not pay any other remuneration to any Non Executive Director.

### 7. Details of payment of remuneration to Managing Director / Executive Director / CEO

The remuneration paid to the Managing Director / Executive Director / CEO for the year ended March 31, 2019 is as under:

Name	Salary including bonus (₹ in Lakh)	Perquisites (₹ in Lakh)	Total (₹ in Lakh)	Total Contract Period	Notice period in months	Stock Options granted (Nos.)
Mayur Toshniwal (Managing Director)	225.94	22.93	248.87	3 years	1	Nil
P V Sheshadri (CEO)	134.52	0.37	134.89	N.A.	1	Nil

### 8. Details of payment of remuneration to Non-Executive Directors

Sitting fees paid to Non-Executive Directors during the year under review is as under:

(₹ in Lakh)			
Name of Director	Sitting fees paid	Name of the Director	Sitting fees paid
Rakesh Biyani	1.80	C P Toshniwal	1.80
Bala Despande	3.15	Rahul Garg	2.85
Amar Sapra	1.50	Janat Shah	0.90
Shyam Maheshwari	Nil	Malini Chopra	0.30

Apart from reimbursement of expenses incurred in the discharge of their duties and the payment of sitting fees as entitled under the Act, none of these Directors has any other material pecuniary relationships or transactions with the Company, its Promoters, its Directors, its Senior Management, which in their judgment would affect their independence. None of the Directors of the Company is related to one another.

### D. Stakeholders' Relationship Committee

The Stakeholder Relationship Committee ("SRC") meets as and when required to consider the transfer proposals and attend various aspects of interest of the security holders. During the year under review, total two meetings of SRC were held on April 25, 2018, and August 7, 2018.

#### 1. Relevant information on composition of the SRC during the financial year ended March 31, 2019

Name of Director	Designation	No. of meetings	
		Entitled to attend	Attended
C P Toshniwal	Chairman	2	2
Amar Sapra	Member	2	2
Mayur Toshniwal	Member	2	2

Vimal Dhruve - Company Secretary, is the Compliance Officer of the Company.

## Corporate Governance Report (Contd.)

### 2. Role of SRC <sup>10</sup>

-  Resolving the grievances of the security holders of the listed entity including complaints related to transfer/transmission of shares, non-receipt of annual report, non-receipt of declared dividends, issue of new/duplicate certificates, general meetings etc;
-  Review of measures taken for effective exercise of voting rights by shareholders;
-  Review of adherence to the service standards adopted by the listed entity in respect of various services being rendered by the Registrar & Share Transfer Agent;
-  Review of the various measures and initiatives taken by the listed entity for reducing the quantum of unclaimed dividends and ensuring timely receipt of dividend warrants/annual reports/statutory notices by the shareholders of the company.

With a view to expedite the process of share transfers, necessary authority has been delegated to the Registrar & Transfer Agent of the Company – Link Intime India Private Limited.

### 3. Investors' Grievance Redressal

Details of investor complaints received and resolved during the year under review are as follows:

Complaints at the start of the year	Received during the year	Resolved during the year	Complaints pending at the end of the year
0	6	6	0

### 4. Unclaimed Dividend of earlier year(s)

During the year no unclaimed dividend is due for transfer to Investor Education & Protection Fund. The details of unclaimed dividend of earlier year(s) are available on the website of the Company [www.futuresupplychains.com](http://www.futuresupplychains.com).

A shareholder / any other person claiming to be entitled to any amount transferred to unpaid dividend account, is advised to write to the Company/ RTA and provide requisite details i.e. name of the shareholder entitled to the dividend, amount of unclaimed dividend, DP ID- Client ID or Folio No., year for which amount has remained unclaimed, bank account details for electronic transfer and any other information as may be sought by the Company/ RTA to enable them to process the payment of unclaimed dividend.

### 5. Unclaimed Shares

There are no shares lying in the unclaimed suspense account as on March 31, 2019.

### 6. Share Transfer System

Trading in equity shares of the Company through recognised Stock Exchanges is permitted only in dematerialised form. Shares sent for transfer in physical form, if any, are registered and returned within a period of 15 days from the date of receipt of the documents, provided the documents are valid and complete in all respects. Investors are requested to take note that pursuant to the respective notification by the Ministry of Corporate Affairs, BSE Limited and the National Stock Exchange of India Limited, transfer of shares held in physical mode is not permissible from April 1, 2019. No transfer of securities held in physical mode is permitted from the said date. In view of this, investors are advised and recommended to dematerialise the security of the Company held by them at earliest to avoid any delay for transfer. A detailed process for dematerialising the securities is available on the website of the Company [www.futuresupplychains.com](http://www.futuresupplychains.com)

<sup>10</sup> Revised w.e.f. April 1, 2019 in view of statutory amendments

## Corporate Governance Report (Contd.)

### 7. Voting by shareholders

The Committee strongly emphasises and recommends to the shareholders to cast their valuable votes on any resolution proposed to them. To enable the shareholders to exercise their voting rights, the Company provides dual facility of voting most convenient and suitable to them.

**E-Voting:** In compliance with the provisions of the Companies Act, 2013 and Listing Regulations, the Company provides to its shareholders a facility to exercise their votes on any resolution proposed to them through electronic mode (“e-voting”). The shareholders who are not able to attend any general meeting of the Company may use this facility of casting their votes by using an electronic voting system of a Depository to be engaged by the Company for the purpose. Since electronic system does not allow change of vote once exercised, shareholders are advised to make sure of his voting pattern before casting of vote through e-voting. A notice of any general meeting/ postal ballot generally contains the detailed procedure for the benefit of the shareholders to enable them to exercise their voting rights through e-voting.

**Voting at general meeting:** Shareholders may cast their votes at any general meeting of the Company through a ballot paper to be provided by the Company at such general meeting if they have not exercised their voting rights through e-voting.

Voting on any resolution more than once is not permitted. In case shareholders vote by both the means i.e. e-voting as well as through ballot paper at the general meeting, then votes cast through remote e-voting is considered. Further, any shareholder who has exercised his vote through e-voting is also entitled to attend the relevant general meeting but shall not be entitled to vote thereat.

### E. Corporate Social Responsibility Committee

Your Company is committed to empower the society and improve the quality of life of the communities through its various corporate social responsibility (“CSR”) initiatives. The CSR Committee is constituted in line with the provisions of Section 135 of the Act. C P Toshniwal - Non-Executive Director, is the Chairman of the CSR Committee. Other members of the CSR Committee are Rakesh Biyani - Non-Executive Director and Amar Sapra - Independent Director. One meeting of CSR committee was held during the year on August 7, 2018. The meeting was attended by all the members. The Committee had identified the program(s) and recommended to the Board for spending CSR amount thereon. The disclosures as per Companies (Corporate Social Responsibility Policy) Rules, 2014 is made in prescribed form, which is appended to the Board’s Report. The Company carries out its CSR activities through ‘Sone Ki Chidiya’ foundation. The Policy adopted by the Company can be viewed at <http://www.futuresupplychains.com/code-policies.html>. The terms of CSR Committee include the matters specified in the Section 135 of the Companies Act, 2013, Schedule VII to the Act and applicable rules made thereunder. The minutes of the meetings of CSR Committee are taken note of by the Board of Directors.

### F. Committee of Directors

The Board of Directors have constituted a Committee of Directors comprising C P Toshniwal, Rakesh Biyani and Mayur Toshniwal to ensure support routine operations and activities of the Company in addition to the specific powers delegated by the Board. The committee meets as and when required.

### G. Risk Management

The Company has a well-defined risk management framework in place commensurate with the size and nature of the operations, which provides an integrated approach for identifying, assessing, mitigating, monitoring and reporting of all risks associated with the business of the Company. The Audit Committee / Board of Directors periodically reviews the risk assessment and minimisation procedures and ensures that executive management controls risk through means of a properly defined framework. The risk management framework adopted by the Company is discussed in detail in the Management Discussion and Analysis forming part of

## Corporate Governance Report (Contd.)

the Annual Report. Provision relating to the Risk Management Committee under Regulation 21 of the Listing Regulations were not applicable to the Company during the year under review. However, after the close of the year under review, the Company has constituted a Risk Management Committee for monitoring and evaluating the effectiveness of the risk management framework and overseeing the implementation of plans to mitigate such risks. The Risk Management Committee presently comprises Mayur Toshniwal - Managing Director, C P Toshniwal - Non-Executive Director and Samir Kedia - Chief Financial Officer.

### H. Independent Directors

As per Regulation 17 of the Listing Regulations as well as pursuant to Section 149 of the Act read with Schedule IV thereto, the Board comprises not less than fifty per cent of Independent Directors. A separate meeting of Independent Directors was held on April 25, 2018, inter alia, to review the performance of non-independent directors and the Board as a whole, performance of the Chairman and assessed the quality, quantity and timelines of flow of information between the Company Management and the Board.

### I. Code of Fair Disclosure Of Unpublished Price Sensitive Information

The Company has formulated a Code of Conduct for prevention of insider trading in the securities of the Company pursuant to the SEBI (Prohibition of Insider Trading) Regulations, 2015 applicable to the Designated Persons ('Code of Conduct'). The Board has also laid down Code of Practices and Procedure for Fair Disclosure of Unpublished Price Sensitive Information ('Fair Disclosure Code') in accordance with provisions of SEBI (Prohibition of Insider Trading) Regulations, 2015, as amended, with a view to regulate any communication of any unpublished price sensitive information for any purpose other than the legitimate purpose as defined under the said Fair Disclosure Code. The Code of Conduct and Fair Disclosure Code together regulate trading in securities by the Designated Persons of the Company. The Code of Conduct requires pre-clearance for certain dealing in the Company's securities by the Designated Persons and also prohibits dealing with Company's securities by Designated Persons while in possession of unpublished price sensitive information. The Fair Disclosure Code is posted on Company's website at <http://www.futuresupplychains.com/code-policies.html>.

### J. Communication with Stakeholders

Communication to the shareholders is primarily made through disclosure to the Stock Exchanges. Quarterly, half yearly and annual financial results are published in leading English and Marathi dailies, viz. "The Free Press Journal" (English Daily) and "Nav Shakti" (Marathi Newspaper) pursuant to Regulation 47 of the Listing Regulations. Annual Reports, financial results, shareholding pattern and other required disclosures are also hosted on the Company's website [www.futuresupplychains.com](http://www.futuresupplychains.com) as required under Regulation 46 of the Listing Regulations and also by the Stock Exchanges on their respective websites. All filings, disclosures and communications to Stock Exchanges are made electronically through their specific web portals to make such information generally available. The Company also informs the Stock Exchanges in advance about any schedule of meetings with any investors/ analysts. The presentation, if any, made to them are furnished to the Stock Exchanges and the same are also hosted on the website of the Company [www.futuresupplychains.com](http://www.futuresupplychains.com)

## Independent Auditors' Certificate on Corporate Governance

To  
The Members of  
Future Supply Chain Solutions Limited

1. We, GMJ & Co, Chartered Accountants, the Statutory Auditors of Future Supply Chain Solutions Limited ("the Company") have examined the compliance of conditions of Corporate Governance by the Company, for the year ended on 31st March, 2019, as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended ("SEBI Listing Regulations").

### Managements' Responsibility

2. The compliance of conditions of Corporate Governance is the responsibility of the Management. The responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in the SEBI Listing Regulations.

### Auditor's Responsibility

3. Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
4. We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.
5. We have carried out and examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of Chartered Accountants of India (the ICAI), the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
6. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

### Opinion

7. Based on our examination of the relevant records and according to the information and explanations provided to us and the representation provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the SEBI Listing Regulations during the year ended 31st March, 2019.
8. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

# Independent Auditors' Report

To the Members of **Future Supply Chain Solutions Limited**

**Report on the Audit of the Standalone Financial Statements**

## OPINION

We have audited the accompanying Standalone Financial Statements of **Future Supply Chain Solutions Limited**, ("the Company") which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

## BASIS FOR OPINION

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

## KEY AUDIT MATTERS

Key audit matters ('KAM') are those matters that, in our professional judgement, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	Auditor's Response
1. Revenue Recognition: Accuracy of recognition, measurement, presentation and disclosures of revenue and other related balances in view of adoption of IND AS 115 " Revenue from Contracts with Customers" (new revenue accounting standard)	Principal Audit Procedures We assessed the Company's process to identify the impact of adoption of the new revenue accounting standard. Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:   Evaluated the design of internal controls relating to implementation of the new revenue accounting standard.

## Independent Auditors' Report (Contd.)

Key audit matter	Auditor's Response
	<ul style="list-style-type: none"> <li> Selected a sample of continuing and new contracts and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation, reperformance and inspection of evidence in respect of operation of these controls.</li> <li> Tested the relevant information technology systems access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard.</li> <li> Selected a sample of continuing and new contracts and performed the following procedures:               <ul style="list-style-type: none"> <li> Read, analysed and identified the distinct performance obligations in these contracts.</li> <li> Compared these performance obligations with that identified and recorded by the Company.</li> <li> Performed analytical procedures for reasonableness of revenues.</li> </ul> </li> </ul>
<p>2. Disclosure of related party transactions: Due to high volume of business transactions with related parties during the year ended March 31, 2019, the matter pertaining to completeness of disclosures of related party transactions at arm's length price is considered as key audit matter.</p>	<p>Principal Audit Procedures</p> <ul style="list-style-type: none"> <li> Assessed the procedures adopted by the management in order to establish arm's length price.</li> <li> Obtaining an understanding of the Company's procedures in identification of related parties and process followed for ensuring completeness of accounting and disclosures of related party transactions and balances.</li> <li> Reading the statutory records and books of records to identify related party transactions and audit committee approvals for related party transactions.</li> <li> Verification of balance confirmations received from related parties and testing the transaction amounts and closing balances.</li> </ul>

### INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual report, but does not include the Standalone Ind AS Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Independent Auditors' Report (Contd.)

### MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a

material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

-  Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
-  Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
-  Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
-  Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions

## Independent Auditors' Report (Contd.)

are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

 Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS.

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
  - d. In our opinion, the aforesaid Standalone Financial Statements comply with Ind AS specified under Section 133 of the Act, read with relevant rule issued there under.
  - e. On the basis of written representations received from the Directors as on March 31, 2019, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019, from being appointed as a director in terms of Section 164 (2) of the Act.
  - f. With respect to the adequacy of Internal financial controls over financial reporting of the company and the operating effectiveness of such control, refer to our separate report in "**Annexure B**" our report express an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial control over financial reporting.

## Independent Auditors' Report (Contd.)

- g. With respect to the other matters to be included in the Auditor's Report in accordance with requirement of section 197(16) of the Act, as amended:
  - i. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanation given to us:
  - i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There were no amounts, which were required to be transferred, to the Investor Education and Protection Fund by the Company.

## Annexure - A to the Independent Auditor's Report

**(Referred to in Paragraph 1 under the "Report on Other Legal and Regulatory Requirements" section of our report to the Members of Future Supply Chain Solutions Limited of even date)**

- i. a. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- b. The Company has a program of verification to cover all the items of fixed assets in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- c. The Company did not have any immovable property of freehold or leasehold land and building as at March 31, 2019. Therefore paragraph 3(i) (c) of Order is not applicable.
- ii. The management has conducted physical verification of inventory at regular intervals during the year. In our opinion and according to the information and explanations given to us, the Company is maintaining proper records of inventory. The discrepancies noticed on verification between physical stocks and the book records were not material having regard to the size of the operations of the Company.
- iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to Companies, Firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore, paragraph 3 (iii) of the Order is not applicable.
- iv. In our opinion and according to the information and explanations given to us, there are no loans, investments and guarantees made to or on behalf of the Directors or to any other persons in whom the Directors are interested during the year. Therefore, paragraph 3 (iv) of the Order is not applicable.
- v. The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2019. Therefore, paragraph 3 (v) of the Order is not applicable.
- vi. In our opinion and according to the information and explanations given to us, maintenance of cost records has not been specified by the Central Government under section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Therefore, paragraph 3(vi) of the Order is not applicable.
- vii. a. According to the information and explanations given to us, in our opinion, the Company is generally regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.
- b. According to the information and explanations given to us, there were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues in arrears as at March 31, 2019 for a period of more than six months from the date they became payable.
- c. Details of dues of Service Tax which have not been deposited as at March 31, 2019 on account of dispute are given below:

Name of the Statute	Nature of the dues	Amount (₹ In Lakh)	Period to which the amount relates	Forum where dispute is pending
Finance Act, 1994	Service Tax	391.80	FY 2012-13 to FY 2016-17	Additional Director General

## Annexure - A to the Independent Auditor's Report (Contd.)

- viii. In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings from banks or debenture holders. The Company has not taken any loans from Government or any Financial Institution.
- ix. In our opinion and according to the information and explanations given to us, the Company has utilised the monies raised by way of term loans for the purposes for which they were raised. The Company has not raised any money by way of initial public offer or further public offer.
- x. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- xi. In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the provisions of section 197 of the Act.
- xii. In our opinion and according to the information given to us, the Company is not a Nidhi Company. Therefore, paragraph 3(xii) of the Order is not applicable.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details have been disclosed in the Financial Statements as required by the applicable accounting standard.
- xiv. According to the information and explanations given to us and based on our examination of the records, Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Therefore, paragraph 3(xiv) of the Order is not applicable.
- xv. According to the information and explanations given to us and based on our examination of the records, Company has not entered into any non-cash transactions with the directors or persons connected with him. Therefore, paragraph 3(xv) of the Order is not applicable.
- xvi. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

## Annexure - B to the Auditors' Report

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Future Supply Chain Solutions Limited** ("the Company") as of March 31, 2019 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

#### MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan

and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable

## Annexure - B to the Auditors' Report (Contd.)

assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

### LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# Notes to the Financial Statements

## 1. COMPANY OVERVIEW

Future Supply Chain Solutions Limited (the "Company") is a public company domiciled in India and incorporated on March 8, 2006. The Equity Shares of the Company are listed on the BSE Limited and the National Stock Exchange of India Limited.

The Company is an integrated and IT enabled end-to-end Supply Chain and Logistics Company with capabilities in handling Modern Warehousing, Express Logistics, Cold Chain Logistics etc. The Company mainly caters to corporates in Food & Beverages, Lifestyle, Consumer Durables & Electronics, Automotive & Engineering, Home & Furniture, Healthcare, General Merchandise, E-Commerce sectors etc. Each category has a distinct supply chain requirement that needs customised solutions. The Company has been a pioneer and leader in modernising logistics and supply chain in India by having implemented cutting-edge technology and contemporary supply chain management practices through implementation of global best practices, indigenised and best adapted for Indian conditions. The Company has its registered office at Mumbai, Maharashtra, India.

## 2. REVISED INDIAN ACCOUNTING STANDARD ("IND AS") ISSUED BUT NOT EFFECTIVE

On March 30, 2019, the Ministry of Corporate Affairs (MCA) notified Ind AS 116, 'Leases' as part of the Companies (Indian Accounting Standards) Amendment Rules, 2019. Ind AS 116 replaces existing standard on leases i.e. Ind AS 17, Leases with effect from accounting periods beginning on or after April 1, 2019. It eliminates the classification of leases as either finance leases or operating leases for a lessee as required by Ind AS 17. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its

obligation to make lease payments. The standard also requires enhanced disclosures requirements for lessees. Requirements with regard to lessor accounting are substantially similar to accounting requirements contained in Ind AS 17.

The Company's operating leases mainly relate to Warehouses and Office Premises, which are on lease terms of up to 20 years. The Company is currently in the process of evaluating the impact, this standard will have on its Financial Statements.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### 3.1. Statement of Compliance

The Standalone Financial Statements comply in all material aspects with Ind AS notified under Section 133 of the Companies Act, 2013, Companies (Indian Accounting Standards) Rules, 2015 and other applicable laws.

### 3.2. Basis of Preparation and Presentation

These Financial Statements are prepared in accordance with Ind AS under the historical cost convention on the accrual basis except for certain financial instruments, which are measured at fair values at the end of each reporting period.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purposes in these Financial Statements is

## Notes to the Financial Statements (Contd.)

determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 'Share-based payment', leasing transactions that are within the scope of Ind AS 17 'Leases', and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 'Inventories' or value in use in Ind AS 36 'Impairment of Assets'.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

-  Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
-  Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
-  Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

### 3.3. Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the assets to its working condition for the intended use. Subsequent costs are included in the assets carrying amount or recognised as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the Company and cost of the item can be measured reliably.

Costs directly attributable to acquisition are capitalised until the property, plant and

equipment are ready for use, as intended by the management.

The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

Company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows:

Assets	Useful Life
Plant and Equipments	15 years
Office Equipments	5 years
Furniture and Fixtures	10 years
Electrical Installations	10 years
Vehicles	6 years
Computers	3 years
Leasehold Improvements	Lease term

The residual values, estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital Work-In-Progress'.

### 3.4. Intangible Assets

Intangible assets are stated at acquisition cost and other cost incurred, which is attributable

## Notes to the Financial Statements (Contd.)

to preparing the asset for its intended use, less accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on straight line basis over their estimated useful economic life. The estimated useful lives of intangible assets are as follows:

Assets	Useful Life
Softwares	6 years
Exclusive Business Rights	10 years

An item of Intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit and Loss when the asset is derecognised.

The residual values, estimated useful lives and methods of amortisation of Intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

### 3.5. Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

#### The Company as lessor

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct

costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

#### The Company as lessee

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

### 3.6. Financial Instruments

#### 3.6.(i) Initial recognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.

#### 3.6.(ii) Subsequent measurement

- a. **Non-derivative financial instruments**
  - (i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost

## Notes to the Financial Statements (Contd.)

if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

### Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

### (ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal

amount outstanding.

The Company has made an irrevocable election for its investments, which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognised in other comprehensive income.

### (iii) Financial assets at fair value through profit or loss

A financial asset, which is not classified in any of the above categories are subsequently fair valued through profit or loss.

### (iv) Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method, except for contingent consideration recognised in a business combination, which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

## b. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting

## Notes to the Financial Statements (Contd.)

all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

### c. **Compound Instruments**

The component parts of compound instruments issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recorded as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity

date of the convertible instrument, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in Statement of Profit and Loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible instruments are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible instrument using the effective interest method.

### 3.6.(iii) **Derecognition of financial instruments**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset.

A financial liability (or a part of a financial liability) is derecognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

## 3.7. **Foreign Currency**

### **Functional currency**

The functional currency of the Company is the Indian Rupee ("₹").

#### **i. Initial recognition**

In preparing the Financial Statement of the Company, transactions in currencies other than the Companies' functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

## Notes to the Financial Statements (Contd.)

### ii. Conversion

- a. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.
- b. Non-monetary items, if any are measured in terms of historical cost denominated in a foreign currency, are reported in Indian Rupee using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

### iii. Exchange differences

The Company accounts for exchange differences arising on translation/settlement of foreign currency monetary items as below:

- a. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.
- b. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

### 3.8. Borrowing Costs

Borrowing costs, directly attributable to the acquisition, construction or production of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are charged in the period they occur in the

Statement of Profit and Loss.

### 3.9. Revenue Recognition

Revenue is recognised to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Revenue recognition prescribed in five-step model:

Step 1: Identify the contract(s) with a customer – Contracts may be written, oral or implied by customary business practices, but revenue can be recognised only on those contracts that are enforceable and have commercial substance.

Step 2: Identify the separate performance obligations in the contract – Performance obligations are explicitly or implicitly promised goods or services in a contract as well those arising from customary business practices. An entity needs to identify performance obligations which are distinct.

Step 3: Determine the transaction price – The transaction price is the amount of consideration to which an entity expects to be entitled. It includes variable consideration, impact of significant financing components, fair value of non-cash consideration and impact of consideration payable to the customer.

Step 4: Allocate the transaction price to the separate performance obligations – The standard requires allocation of the total contract price to the various performance obligations based on their relative stand-alone selling prices, with limited exceptions.

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation – Revenue recognition can occur either over time or at a point in time. Revenue recognition for a performance obligation occurs over time only if it meets one of the three prescribed criteria.

#### Interest Income

For all financial instruments measured at amortised cost, interest income is recorded

## Notes to the Financial Statements (Contd.)

using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

### 3.10. Current versus Non-Current Classification

An asset is considered as current when it is:

-  Expected to be realised or intended to be sold or consumed in normal operating cycle, or
-  Expected to be realised within twelve months after the reporting period, or
-  Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as current when it is:

-  Expected to be settled in normal operating cycle, or
-  Due to be settled within twelve months after the reporting period, or
-  There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

### 3.11. Employee Benefits

Retirement benefit costs and termination benefits

#### i. **Defined Contribution Plan:**

Company's contributions paid/payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognised in the Statement of Profit and Loss.

#### ii. **Defined Benefits Plan:**

For defined retirement benefit plans, the cost of providing benefits is determined

using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance Sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

Past service cost is recognised in Statement of Profit and Loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- a. Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- b. Net interest expense or income; and
- c. Re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'.

Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

## Notes to the Financial Statements (Contd.)

### Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, performance incentives and similar benefits other than compensated absences in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of compensated absences are measured on the basis of actuarial valuation as on the balance sheet date.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

### 3.12. Taxation

#### Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

#### Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised utilised. Such

deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

#### Current and deferred tax for the year

Current and deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

### 3.13. Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for

## Notes to the Financial Statements (Contd.)

the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### 3.14. Provisions, Contingent liabilities & Contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

#### Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-

occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

### 3.15. Impairment

#### a. Financial assets

The Company recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through Statement of Profit and Loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in Statement of Profit and Loss.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

#### b. Non-financial assets

##### Intangible assets and property, plant and equipment

Intangible assets and property, plant and

## Notes to the Financial Statements (Contd.)

equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

### 3.16. Share-based payment arrangements

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period,

the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Statement of Profit and Loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

### 3.17. Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Company, liabilities incurred by the Company to the former owners of the acquiree and the equity interests issued by the Company in exchange for control of the acquiree. Acquisition-related costs are generally recognised in the Statement of Profit and Loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 'Income Taxes' ("Ind AS 12") and Ind AS 19 'Employee Benefits' ("Ind AS 19") respectively.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

In case of a bargain purchase, before recognising a gain in respect thereof, the Company determines where there exists clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. Thereafter, the Company

## Notes to the Financial Statements (Contd.)

reassesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and recognises any additional assets or liabilities that are identified in that reassessment. The Company then reviews the procedures used to measure the amounts that Ind AS requires for the purposes of calculating the bargain purchase.

If the gain remains after this reassessment and review, the Company recognises it in other comprehensive income and accumulates the same in equity as capital reserve. If there does not exist clear evidence of the underlying reasons for classifying the business combination as a bargain purchase, the Company recognises the gain, after reassessing and reviewing (as described above), directly in equity as capital reserve.

When a business combination is achieved in stages, the Company's previously held equity interest in the acquiree is remeasured to its acquisition-date fair value and the resulting gain or loss, if any, is recognised in statement of profit and loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to Statement of Profit and Loss where such treatment would be appropriate if that interest were disposed off.

Contingent liabilities acquired in a business combination are initially measured at fair value at the acquisition date. At the end of subsequent reporting periods, such contingent liabilities are measured at the higher of the amount that would be recognised in accordance with Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets' ("Ind AS 37") and the amount initially recognised less cumulative amortisation recognised in accordance with Ind AS 18 'Revenue' ("Ind AS 18").

### 3.18. Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories

are determined on weighted average basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

### 3.19. Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable.

Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

Non-current assets are not depreciated or amortised once classified as held for sale.

Assets and liabilities classified as held for sale are presented separately as current items in Balance sheet.

### 3.20. Key sources of estimation uncertainty and critical accounting judgments

In the course of applying the accounting policies, the Company is required to make judgments, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the

## Notes to the Financial Statements (Contd.)

period of the revision and future period, if the revision affects current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

**a. Useful lives of property, plant and equipment**

Management reviews the useful lives of property, plant and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. Accordingly, depreciable lives are reviewed annually using the best information available to the management.

**b. Impairment of property, plant and equipment**

Determining whether the property, plant and equipment are impaired requires an estimate in the value in use of cash generating units. It requires to estimate the future cash flows expected to arise from the cash generating units and a suitable discount rate in order to calculate present value. When the actual cash flows are less than expected, a material impairment loss may arise.

**c. Provisions, liabilities and contingencies**

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past events that can reasonably be estimated. The timing of recognition requires application of judgment to existing facts and circumstances which may be subject to change.

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of an outflow of resources embodying economic benefits are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognised.

### 3.21. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

### 3.22. Investment in Subsidiary, Joint Ventures and Associates

Investment in subsidiaries, joint ventures and associates are shown at cost in accordance with Ind AS 27 'Separate Financial Statements'. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is recognised as impairment loss in the Statement of Profit and Loss (refer policy on impairment of non-financial assets). On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

<b>Total Other Equity</b>	<b>56,026.66</b>	<b>49,475.42</b>

### 16.1 Description of Reserves

#### Securities Premium

This reserve is created to transfer a sum equal to the aggregate amount of the premium received on shares issued as per the applicable provisions of the Companies Act, 2013.

## Notes to the Financial Statements (Contd.)

### Debenture Redemption Reserve

The Companies Act, 2013 requires that where a Company issues debentures, it shall create a debenture redemption reserve out of the profits of the Company available for payment of dividend. The Company is required to maintain a Debenture Redemption Reserve of 25% of the value of debentures issued, either by a public issue or on a private placement basis. The amounts credited to the Debenture Redemption Reserve cannot be utilised by the Company except to redeem debentures.

### Employee Stock Option Outstanding

This reserve relates to share options granted by the Company to its employees and directors under ESOP. Further information about share-based payments to employees is set out in Note no. 33.

### Retained Earnings

This represents the surplus/ (deficit) of the Statement of Profit and Loss. The amount that can be distributed by the Company as dividend to its equity shareholders is determined based on the separate Financial Statements of the Company and also considering the requirements of the Companies Act, 2013.

## Notes to the Financial Statements (Contd.)

### 28. FINANCIAL RISK MANAGEMENT

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Board of Directors.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including loans and borrowings, foreign currency receivables and payables.

The Company manages market risk through treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures and borrowing strategies.

#### Capital Management

The Company manages its capital to ensure that Company will be able to continue as going concern while maximising the return to shareholders by striking a balance between debt and equity. The capital structure of the Company consists of net debt (total debt offset by cash and bank balances) and equity of the Company (comprising issued capital, reserves, retained earnings). The Company is not subject to any externally imposed capital requirements except financial covenants agreed with lenders.

In order to optimise capital allocation, the review of capital employed is done considering the amount of capital required to fund capacity expansion, increased working capital commensurate with increase in size of business and also fund investments in new ventures which will drive future growth. The Chief Financial Officer ("CFO") reviews the capital structure of the Company at regular interval. As part of this review, the CFO considers the cost of capital and the risks associated with each class of capital. The Company has a target Debt to Equity ratio of 1:1 determined as the proportion of net debt to equity. The Company had net debt to equity ratio of 0.17x as on March 31, 2019 (March 31, 2018: Nil)

#### Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company is not exposed to significant interest rate risk, as at the respective reporting dates.

#### Foreign Currency Risk

The Company's exposure to exchange fluctuation risk is insignificant for its purchase from overseas suppliers in various foreign currencies.

The following table analyses foreign currency risk from financial instruments as of:

	(₹ in Lakh)	
<b>Trade Payable</b>	<b>As at March 31, 2019</b>	<b>As at March 2018</b>
In USD	38,079	12,993
₹ in Lakh	26.40	8.46
Conversion date of USD	March 31, 2019	March 31, 2018

## Notes to the Financial Statements (Contd.)

### Foreign exchange risk sensitivity:

The Company analyses a 10% variation (sensitivity) in the rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% change in foreign currency rates.

A positive number below indicates an increase in profit and negative number below indicates a decrease in profit. Following is the analysis of change in profit where the Indian Rupee strengthens and weakens by 10% against the relevant currency:

Particulars	(₹ in Lakh)			
	Year ended March 31, 2019		Year ended March 31, 2018	
	10% strengthen	10% weakening	10% strengthen	10% weakening
USD	(2.64)	2.64	(0.85)	0.85

In management's opinion, the sensitivity analysis is not representative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

### Credit Risk

Credit risk refers to the risk of default on its obligation by the counter party resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹ 34,875.00 Lakh and ₹ 25,908.85 Lakh as of March 31, 2019 and March 31, 2018 respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Company's historical experience for customers.

Apart from Future Retail Limited, Future Lifestyle Fashion Limited and Praxis Home Retail Limited, the Company does not have significant credit risk exposure to any single counterparty. Concentration of credit risk did not exceed 14% of gross trade receivable as at the end of reporting period (2017-18: 25%) for Future Retail Limited, did not exceed 13% of gross trade receivable as at the end of reporting period (2017-18 : 8%) for Future Lifestyle Fashion Limited and did not exceed 12% of gross trade receivable as at the end of reporting period (2017-18 : 7%) for Praxis Home Retail Limited. No other single customer accounted for more than 10% of total trade receivable.

The average credit period on sale of services is 30 to 90 days. No interest is charged on trade receivables.

### Credit Risk Exposure

Movement in expected credit loss:

Particulars	(₹ in Lakh)	
	As at March 31, 2019	As at March 31, 2018
Opening balance	745.24	419.33
Movement in expected credit loss	136.48	325.91
<b>Closing balance</b>	<b>881.72</b>	<b>745.24</b>

## Notes to the Financial Statements (Contd.)

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies.

### Liquidity Risk

The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

As of March 31, 2019, the Company had a working capital of ₹ 15,522.70 Lakh including cash and cash equivalent of ₹ 11,708.55 Lakh and current investment of ₹ 0.70 Lakh.

As of March 31, 2018, the Company had a working capital of ₹ 10,611.47 Lakh including cash and cash equivalent of ₹ 7,861.47 Lakh and current investment of ₹ 0.70 Lakh.

### 29. CONTINGENT LIABILITIES NOT PROVIDED FOR:

Disputed Service tax demand ₹ 391.80 Lakh (2017-18: ₹ 391.80 Lakh)

30. **Estimated amounts of contracts remaining to be expected on capital account:** ₹ 3,755.18 Lakh (net of advances) (2017-18: ₹ 1,927.95 Lakh)

31. **The information as required to be disclosed under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified based on information available with the Company.**

Particulars	(₹ in Lakh)	
	As at March 31, 2019	As at March 31, 2018
Principal amount due to suppliers registered under the MSMED Act and remaining unpaid as at period end	166.83	-
Interest due to suppliers registered under the MSMED Act and remaining unpaid as at period end	2.86	-
Interest paid by the buyer in terms of Section 16 of the Micro, Small and Medium Enterprises Development Act, 2006 (27 of 2006), along with the amount of the payment made to the supplier beyond the appointed day during each accounting year;	-	-
Interest due and payable for the period of delay in making payment (which has been paid but beyond the appointed day during the year) but without adding the interest specified under the Micro, Small and Medium Enterprises Development Act, 2006;	-	-
The amount of interest accrued and remaining unpaid at the end of the accounting year	2.86	-
Further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductible expenditure under section 23 of the Micro, Small and Medium Enterprises Development Act, 2006.	-	-

### 33. SHARE BASED PAYMENTS

#### (i) Details of the employee share based plan of the Company:

- a) The ESOP titled as Future Supply Chain Solutions Limited Employees Stock Option Plan 2017 ("FSC ESOP 2017") was approved by the Board on August 5, 2017 and by the Shareholders on August 8, 2017. FSC ESOP 2017 was also ratified by the Shareholders in terms of Regulation 12(3) of SEBI (Share Based Employee Benefits) Regulations, 2014 at the annual general meeting held on August 22, 2018. In aggregate, 4,00,000 options were covered under the FSC ESOP 2017 for 4,00,000 equity shares of ₹ 10 each.

During the year 2017-18, the Nomination and Remuneration Committee ("NRC") of the Company granted 2,83,763 options under the FSC ESOP 2017 to certain directors and employees of the Company. The options granted are convertible into equal number of equity shares. The exercise price of each option is ₹ 350 (including ₹ 340 as share premium)

The options granted shall vest over a period of 3 years from the date of the grant in the manner specified in the resolution passed by the NRC while granting the options. Accordingly, such options may be exercised within 3 years from date of vesting.

- b) The following share-based payment arrangements were in existence during the previous year:

Option scheme	Number of Options Granted	Grant date	Expiry date	Exercise price (₹)	Fair value at grant date (₹)
FSC ESOP 2017	2,83,763	November 14, 2017	Note-1 below	350.00	599.00

**Note-1** The options granted shall vest over a period of 3 years from the date of the grant in the manner specified in the resolution passed by the NRC while granting the options. Accordingly, these options may be exercised within 3 years from date of vesting.

- (ii) Options were priced using a Black Scholes option pricing model. Expected volatility is based on the historical share price volatility over the past 1 year:

Inputs	FSC ESOP 2017
Expected volatility (%)	25.26
Option life (Years)	2.50-4.50
Dividend yield (%)	0.00
Risk-free interest rate (Average)	6.75% - 7.01%

## Notes to the Financial Statements (Contd.)

### (iii) Movement in share options during the year

The following reconciles the share options outstanding at the beginning and end of the year:

Particulars	As at March 31, 2019		As at March 31, 2018	
	Number of options	Weighted average exercise price (₹)	Number of options	Weighted average exercise price (₹)
Balance at beginning of year	2,69,700	350	-	-
Granted during the year	-	-	2,83,763	350
Exercised during the year	24,875	350	-	-
Cancelled during the year	5,625	350	14,063	350
Balance at end of year	2,39,200	350	2,69,700	350

### (iv) Share options exercised during the year

The following share options were exercised during the year:

Option scheme	Number exercised	Exercise date	Share price at exercise date (₹)
FSC ESOP 2017	15,875	January 24, 2019	657.00
FSC ESOP 2017	9,000	March 19, 2019	593.95

### (v) Share options outstanding at the end of the year

The share options outstanding at the end of the year had a weighted average remaining contractual life of 1,483 days (2017-18: 1,799 days).

Out of the ESOPs outstanding, the number of options exercisable are as under:

Particulars	As at March 31, 2019	As at March 31, 2018
FSC ESOP 2017	27,940	-

### (vi) The expenses recognised for employee services received during the year is shown in the following table:

Particulars	(₹ in Lakh)	
	Year ended March 31, 2019	Year ended March 31, 2018
Expenses arising from equity settled share based payment transactions	371.80	179.44

## 34. EARNINGS PER SHARE

Particulars	Year ended March 31, 2019	Year ended March 31, 2018
Basic earnings per share		
From continuing operations	24.06	22.87
From discontinued operations	(7.79)	(15.12)
Total basic earnings per share	16.27	7.75

**Notes to the Financial Statements (Contd.)**

Particulars	Year ended March 31, 2019	Year ended March 31, 2018
Diluted earnings per share		
From continuing operations	24.03	22.86
From discontinued operations	(7.79)	(15.11)
Total diluted earnings per share	16.24	7.75

Particulars	Year ended March 31, 2019	Year ended March 31, 2018
Profit for the year from continuing operations (₹ in Lakh)	9,638.08	9,029.86
Weighted average number of equity shares outstanding during the year for Basic EPS	4,00,59,473	3,94,85,345
Add: Weighted Average number of equity shares on account of Employee Stock Options outstanding	57,042	9,174
Weighted average number of equity shares outstanding during the year for Diluted EPS	4,01,16,515	3,94,94,519
Earnings per share of ₹10/- each from continuing operations		
- Basic (in ₹)	24.06	22.87
- Diluted(in ₹)	24.03	22.86

**35. LEASE**

The Company has entered into operating lease arrangements for its warehouses, office premises etc. These leasing arrangements, which are non-cancellable, range between 3 months and 12 years generally or longer and are usually renewable by mutual consent on mutually agreeable terms. The aggregate lease rents payable are charged as "Rent" under Cost of Logistics Services amounting to ₹ 12,095.26 Lakh (2017-18 : ₹ 9,097.75 Lakh). Lease Rent payable not later than one year is ₹ 6,618.43 Lakh (2017-18: ₹ 2,954.47 Lakh), payable later than one year but not later than five year is ₹ 12,663.45 Lakh (2017-18: ₹ 7,279.04 Lakh) and payable later than five years is ₹ 3,077.23 Lakh (2017-18: ₹ 1,517.67 Lakh).

**36. SECURITY CLAUSE IN RESPECT TO SECURED BORROWINGS.****A. Short Term Borrowing**

Nil (2017-18: Nil) is secured by (a) first pari-passu charge on current assets of the Company (b) second pari-passu charge on fixed assets (c) secured by personal guarantee of a Director.

**B. Long Term Borrowing**

During the year, the Company has issued and allotted 19,900 secured, rated, redeemable and non convertible debentures (NCDs) of ₹ 1 Lakh each aggregating to ₹ 19,900 Lakh on a private placement basis. The NCDs have been listed on Wholesale Debt Market segment of BSE Limited. The NCDs are secured by maintaining an overall minimum asset cover/ security cover of 1.25 times on net block of fixed assets on first pari passu basis on the outstanding amount. The NCDs were issued in Series I and Series II of ₹ 9,900 Lakh and ₹ 10,000 Lakh with tenure of 3 and 4 years from date of allotment, respectively. The NCDs carry an interest @10.15% payable annually and on redemption. The redemption dates for Series I & Series II are September 26, 2021 and September 26, 2022, respectively. Amount repayable includes principal sum of ₹ 9,900 Lakh in 2021-22 and ₹ 10,000 Lakh in 2022-23,

## Notes to the Financial Statements (Contd.)

along with interest payment of ₹ 2,020 Lakh in 2019-20, ₹ 2,020 Lakh in 2020-21, ₹ 2,020 Lakh in 2021-22 and ₹ 1,015 Lakh in 2022-23.

The Company has taken a term loan of ₹ 1,216 lakh from Yes Bank Limited. The same is secured by way of first pari-passu charge on entire fixed assets (excluding land) and second pari passu charge on current assets along with personal undertaking of Kishore Biyani. Amount repayable is ₹ 304 Lakh each in 2020-21, 2021-22, 2022-23 and 2023-24. Rate of interest is 0.55% over and above 6 month MCLR and will be reset semi-annually and every half year thereafter. Interest shall be paid monthly.

### 37. EMPLOYEE BENEFIT PLANS

#### Defined Contribution Plan

Amount recognised as an expenses and included in Schedule 25 under the "Contribution to Provident and Other Funds" of Statement of Profit and Loss ₹ 282.02 Lakh (2017-18: ₹ 153.11 Lakh).

#### Defined Benefit Plan – Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested, it is payable to employee on retirement or on termination of employment. The gratuity benefit payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefit are met by the Company. In case of death while in service, the gratuity is payable irrespective of vesting. The Company's obligation towards Gratuity is a Defined Benefit plan and is not funded.

The plan typically exposes the Company to actuarial risks such as: interest rate risk, longevity risk and salary risk.

#### Interest risk

A decrease in the Government bond interest rate will increase the plan liability.

#### Longevity Risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

#### Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at March 31, 2019 by M/s. KP Actuaries and Consultants. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

As per Ind AS 19, the disclosures as defined in the Accounting Standard are given below:

#### Change in Present Value of Defined Benefit Obligation

Particulars	(₹ in Lakh)			
	Gratuity (Unfunded)		Leave Encashment	
	As at March 31, 2019	As at March 31, 2018	As at March 31, 2019	As at March 31, 2018

Withdrawal rate (per annum)	1%	1%	1%	1%
Normal retirement age	58 Years	58 Years	58 Years	58 Years

## Notes to the Financial Statements (Contd.)

### Sensitivity analysis: Gratuity

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible change of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity is given below:

Particulars	(₹ in Lakh)	
	As at March 31, 2019	As at March 31, 2018
Defined Benefit Obligation (Base)	268.26	238.69

Particulars	(₹ in Lakh)			
	As at March 31, 2019		As at March 31, 2018	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	306.61	236.11	281.54	221.67
Salary Growth rate (- / + 1%)	235.79	306.52	221.66	281.14
Attrition rate (- / + 50% of attrition rates)	264.30	271.92	254.08	245.67
Mortality rate (- / + 10% of mortality rates)	267.94	268.57	248.79	249.33

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumption may be correlated.

### 38. FINANCIAL INSTRUMENTS

All categories of financial assets and financial liabilities are measured at amortised cost.

### 39. BUSINESS COMBINATION

During the year, the Board of Directors of the Company had approved a Scheme of Arrangement under Sections 230-232 read with Section 66 of the Companies Act, 2013 ("Scheme") between the Company and its wholly owned subsidiary Vulcan Express Private Limited ("Vulcan") and their respective Shareholders and Creditors. The Scheme received all the requisite approvals and has been given effect to in the books with effect from the appointed date as mentioned in the Scheme. The Scheme became effective on December 14, 2018.

The Scheme envisages demerger of "Fulfilment Business Undertaking" and "Last Mile Delivery Business Undertaking" of Vulcan and vest into the Company on October 1, 2016 on a going concern basis. In view of Vulcan being the wholly owned subsidiary of the Company, no consideration was proposed to be paid for the arrangements embodied in the Scheme.

#### Assets acquired and liabilities recognised on the appointed date under pooling of interest method:

Particulars	(₹ in Lakh)
<b>Current assets</b>	
Cash and cash equivalents	523.82
Trade and other receivables	2,914.24
Other Current Assets	1,410.45

Property, plant and equipment	5,565.03

## Notes to the Financial Statements (Contd.)

Particulars	(₹ in Lakh)
Capital work in progress	1,221.12
Intangible Assets	132.61
Other Non-Current Assets	809.64
<b>Current liabilities</b>	
Borrowings	9,140.00
Trade and other payables	5,247.96
Other Current Liabilities and Provisions	713.15
<b>Non-current liabilities</b>	
Other Non Current Liabilities	64.98
<b>Other Equity</b>	(2,589.18)

### 40. ASSET CLASSIFIED AS HELD FOR SALE AND DISCONTINUED OPERATIONS

The Board of Directors of the Company at its meeting held on February 7, 2019, approved sale of Last Mile Delivery Business ("Division") of the Company on a Slump Sale basis to Leanbox Logistics Solutions Private Limited ("Leanbox"), an Associate company. The transaction is expected to be completed in 2019-20. Consideration of slump sale would be settled by allotment of shares to the Company by Leanbox thereby making it a subsidiary of the Company.

Assets and Liabilities of this division are accordingly classified as held for sale and no impairment loss is recognised. The major classes of assets and liabilities of the division at the end of the reporting period are as follows:

#### (i) Assets of business held for sale and Liabilities associated

Particulars	(₹ in Lakh)
	As at March 31, 2019
Assets related to business	3,626.55
Liabilities associated with assets held for sale	2,684.11

Particulars	(₹ in Lakh)
	As at March 31, 2019
Property, Plant And Equipment	564.95
Intangible Assets	90.10
Other Financial Assets	214.62
Trade Receivables	2,093.23
Cash and Cash Equivalent	658.20
Other Current Assets	5.45
<b>Assets of business classified as held for sale</b>	<b>3,626.55</b>
Provisions	120.97
Trade Payables	2,473.82
Other Current Financial Liabilities	89.32
<b>Liabilities associated with assets held for sale</b>	<b>2,684.11</b>

## Notes to the Financial Statements (Contd.)

### (ii) Analysis of Profit and Loss from discontinued operations

Particulars	(₹ in Lakh)	
	Year ended March 31, 2019	Year ended March 31, 2018
Revenue	11,270.52	9,801.46
Other Income	20.43	115.72
Total Revenue	11,290.95	9,917.18
Cost of Logistics Services	10,924.72	10,041.34
Employee Benefits Expense	1,885.33	2,984.65
Depreciation and Amortisation Expense	341.32	363.95
Finance Costs	176.69	728.98
Other Expenses	1,085.25	1,768.64
Total Expense	14,413.31	15,887.56
Profit before tax	(3,122.36)	(5,970.38)
Attributable income Tax Expense	-	-
Loss from discontinued operations	(3,122.36)	(5,970.38)

### (iii) Cash flows from discontinued operations

The cash from operation activity for discontinued operation is ₹ (2,214.62) Lakh for 2018-19 and the same is financed from internal accruals.

The cash flow investing and financing activity for discontinued operation is Nil for 2018-19

41. The current tax expenses for the year can be reconciled to the accounting profit as follows:

Particulars	(₹ in Lakh)	
	Year ended March 31, 2019	Year ended March 31, 2018
Profit before tax from continuing operations	9,638.08	9,029.86
Loss before tax from discontinued operations	(3,122.36)	(5,970.38)
Profit for the year	6,515.72	3,059.48
Income tax expenses calculated at 34.94% (2017-18 : 34.61%)	2,276.85	1,058.82
Effect of allowance to the extent of income tax expenses	(2,276.85)	(1,058.82)
Current tax expenses recognised in the Statement of Profit and Loss	-	-

42. The Company is engaged only in Logistics services in India and there are no separate reportable business and geographical segments under Ind AS 108 relating to operating segments.

43. As required under clause (4) of Section 186 of the Companies Act 2013, the Company had made an investment of Nil (2017-18: ₹ 6,312.26 Lakh) and given an Inter Corporate Deposit (ICD) of ₹ 50.00 Lakh (2017-18: Nil) during the year. The interest rate on ICD is 12.5% p.a. and is given for general corporate purpose for a period of 1 year.

As required under Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 the Company has an outstanding loan amount of ₹ 50.00 Lakh (2017-18: Nil) given to Leanbox Logistics Solutions Private Limited (Associate company). Maximum Loan amount outstanding is ₹ 50.00 Lakh (2017-18: Nil).

### 44. APPROVAL OF FINANCIAL STATEMENT

# Independent Auditors' Report

To the Members of **Future Supply Chain Solutions Limited**  
**Report on the Audit of the Consolidated Financial Statements**

## OPINION

We have audited the accompanying Consolidated Financial Statements of **Future Supply Chain Solutions Limited**, ("the Company") and its subsidiaries and associate ( the Company and its subsidiaries together referred to as "the Group") which comprise the Consolidated Balance Sheet as at March 31, 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2019, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

## BASIS FOR OPINION

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

## KEY AUDIT MATTERS

Key audit matters ('KAM') are those matters that, in our professional judgement, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	Auditor's Response
1. Revenue Recognition: Accuracy of recognition, measurement, presentation and disclosures of revenue and other related balances in view of adoption of IND AS 115 " Revenue from Contracts with Customers" (new revenue accounting standard)	Principal Audit Procedures We assessed the Group's process to identify the impact of adoption of the new revenue accounting standard. Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:  Evaluated the design of internal controls relating to implementation of the new revenue accounting standard.

## Independent Auditors' Report (Contd.)

Key audit matter	Auditor's Response
	<ul style="list-style-type: none"> <li> Selected a sample of continuing and new contracts and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving enquiry and observation, reperformance and inspection of evidence in respect of operation of these controls.</li> <li> Tested the relevant information technology systems access and change management controls relating to contracts and related information used in recording and disclosing revenue in accordance with the new revenue accounting standard.</li> <li> Selected a sample of continuing and new contracts and performed the following procedures:               <ul style="list-style-type: none"> <li> Read, analysed and identified the distinct performance obligations in these contracts.</li> <li> Compared these performance obligations with that identified and recorded by the Company.</li> <li> Performed analytical procedures for reasonableness of revenues.</li> </ul> </li> </ul>
<p>2. Disclosure of related party transactions: Due to high volume of business transactions with related parties during the year ended March 31, 2019, the matter pertaining to completeness of disclosures of related party transactions at arm's length price is considered as key audit matter.</p>	<p>Principal Audit Procedures</p> <ul style="list-style-type: none"> <li> Assessed the procedures adopted by the management in order to establish arm's length price.</li> <li> Obtaining an understanding of the Group's procedures in identification of related parties and process followed for ensuring completeness of accounting and disclosures of related party transactions and balances.</li> <li> Reading the statutory records and books of records to identify related party transactions and audit committee approvals for related party transactions.</li> <li> Verification of balance confirmations received from related parties and testing the transaction amounts and closing balances.</li> </ul>

### INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual report. but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Independent Auditors' Report (Contd.)

### MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, the respective board of the Companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high

level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

-  Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
-  Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
-  Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
-  Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's

## Independent Auditors' Report (Contd.)

report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

 Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would

reasonably be expected to outweigh the public interest benefits of such communication.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS:

1. As required by section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account;
  - d. In our opinion, the aforesaid Consolidated Financial Statements comply with Ind AS specified under Section 133 of the Act, read with relevant rule issued there under.
  - e. On the basis of written representations received from the Directors as on March 31, 2019, and taken on record by the Board of Directors of the Company and its Subsidiaries incorporated in India and the reports of the Statutory Auditors of its subsidiary companies incorporated in India, none of the directors of the Group Companies is disqualified as on March 31, 2019, from being appointed as a director in terms of Section 164 (2) of the Act.
  - f. With respect to the adequacy of Internal financial controls over financial reporting of the company and the operating effectiveness of such control, refer to our separate report in "**Annexure A**" which is based on the auditor's report of the Company and its Subsidiary Companies incorporated in India.

## Independent Auditors' Report (Contd.)

Our report express an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial control over financial reporting.

- g. With respect to the other matters to be included in the Auditor's Report in accordance with requirement of section 197(16) of the Act, as amended:
  - i. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanation given to us:

- i. The Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the Group.
- ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts, which were required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary company and associate company.

## Annexure - A to the Auditors' Report

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the Consolidated Financial Statements of the Company as of the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of **Future Supply Chain Solutions Limited** ("the Company") and its Subsidiary companies, which are companies incorporated in India, as of that date.

#### MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Board of Directors of the Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal

financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India.

#### MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated

## Annexure - A to the Auditors' Report (Contd.)

Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Financial Statements.

### LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### OPINION

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# Notes to the Consolidated Financial Statements

## 1. COMPANY OVERVIEW

Future Supply Chain Solutions Limited (the "Company") is a public company domiciled in India and incorporated on March 8, 2006. The Equity Shares of the Company are listed on the BSE Limited and the National Stock Exchange of India Limited.

The Company is an integrated and IT enabled end-to-end Supply Chain and Logistics Company with capabilities in handling Modern Warehousing, Express Logistics, Cold Chain Logistics etc. The Company mainly caters to corporates in Food & Beverages, Lifestyle, Consumer Durables & Electronics, Automotive & Engineering, Home & Furniture, Healthcare, General Merchandise and E-Commerce sectors etc. Each category has a distinct supply chain requirements that needs customised solutions. The Company has been a pioneer and leader in modernising logistics and supply chain in India by having implemented cutting-edge technology and contemporary supply chain management practices through implementation of global best practices, indigenised and best adapted for Indian conditions. The Company has its registered office at Mumbai, Maharashtra, India.

## 2. REVISED INDIAN ACCOUNTING STANDARD ("IND AS") ISSUED BUT NOT EFFECTIVE

On March 30, 2019, the Ministry of Corporate Affairs (MCA) notified Ind AS 116, 'Leases' as part of the Companies (Indian Accounting Standards) Amendment Rules, 2019. Ind AS 116 replaces existing standard on leases i.e. Ind AS 17, Leases with effect from accounting periods beginning on or after April 1, 2019. It eliminates the classification of leases as either finance leases or operating leases for a lessee as required by Ind AS 17. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its

obligation to make lease payments. The standard also requires enhanced disclosures requirements for lessees. Requirements with regard to lessor accounting are substantially similar to accounting requirements contained in Ind AS 17.

The Group's operating leases mainly relate to Warehouses and Office Premises which are on lease terms of up to 20 years. The Group is currently in the process of evaluating the impact, this standard will have on its Financial Statements.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### 3.1. Statement of Compliance

The Consolidated Financial Statements comply in all material aspects with Ind AS notified under Section 133 of the Companies Act, 2013, Companies (Indian Accounting Standards) Rules, 2015 and other applicable laws.

### 3.2. Basis of Preparation and Presentation

These Financial Statements are prepared in accordance with Ind AS under the historical cost convention on the accrual basis except for certain financial instruments, which are measured at fair values at the end of each reporting period.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purposes in these Financial Statements is

## Notes to the Consolidated Financial Statements (Contd.)

determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 'Share-based payment', leasing transactions that are within the scope of Ind AS 17 'Leases', and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 'Inventories' or value in use in Ind AS 36 'Impairment of Assets'.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

-  Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
-  Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
-  Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

### 3.3. Basis of Consolidation

The Consolidated Financial Statements incorporate the Financial Statements of the Company and entities controlled by the Company and its subsidiary (together referred to as the "Group"). Control is achieved when the Group:

-  has power over the investee;
-  is exposed, or has rights, to variable returns from its involvement with the investee; and
-  has the ability to use its power to affect its returns.

The Group reassesses whether or not it

controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

-  the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
-  Potential voting rights held by the Group, other vote holders or other parties;
-  rights arising from other contractual arrangements; and
-  any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the Consolidated Statement of Profit and Loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Group and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

## Notes to the Consolidated Financial Statements (Contd.)

All intra Group assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

### **Changes in the Group's ownership interests in existing subsidiaries**

Changes in the Group's ownership interests in subsidiary that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Group.

When the Group loses control of a subsidiary, a gain or loss is recognised in Consolidated Statement of Profit and Loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests.

### **Investments in Associates and Joint Ventures**

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates or joint ventures are incorporated

in these Consolidated Financial Statements using the equity method of accounting. Under the equity method, an investment in an associate or a joint venture is initially recognised in the Consolidated Balance Sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. Distributions received from an associate or a joint venture reduce the carrying amount of the investment. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture, the Group discontinues recognising its share of further losses.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

After application of the equity method of accounting, the Group determines whether there is any objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in an associate or a joint venture and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary to recognise impairment loss with respect to the Group's investment in an associate or a joint venture.

## Notes to the Consolidated Financial Statements (Contd.)

The Group discontinues the use of the equity method from the date when the investment ceases to be an associate or a joint venture, or when the investment is classified as held for sale. When the Group retains an interest in the former associate or joint venture and the retained interest is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with Ind AS 109. The difference between the carrying amount of the associate or joint venture at the date the equity method was discontinued, and the fair value of any retained

interest and any proceeds from disposing of a part interest in the associate or joint venture is included in the determination of the gain or loss on disposal of the associate or joint venture.

When a Group entity transacts with an associate or a joint venture of the Group, profits and losses resulting from the transactions with the associate or joint venture are recognised in the Group's Consolidated Financial Statements only to the extent of interests in the associate or joint venture that are not related to the Group.

The Consolidated Financial Statements of the Group comprises Financial Statement of Future Supply Chain Solutions Limited and the following companies:

Name of the Company	Relationship	Country of Incorporation	Principle Activity	Proportion of ownership interest and voting power held by the Company	
				As at March 31, 2019	As at March 31, 2018
Vulcan Express Private Limited	Subsidiary	INDIA	Logistics Services	100%	100%
Leanbox Logistics Solutions Private Limited	Associate	INDIA	Logistics Services	50%	50%

### 3.4. Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the assets to its working condition for the intended use. Subsequent costs are included in the assets carrying amount or recognised as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the Group and cost of the item can be measured reliably.

Costs directly attributable to acquisition are capitalised until the property, plant and equipment are ready for use, as intended by the management.

The carrying amount of any component

accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Consolidated Statement of Profit and Loss during the reporting period in which they are incurred.

Group depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows:

Assets	Useful Life
Plant and Equipments	15 years
Office Equipments	5 years
Furniture and Fixtures	10 years
Electrical Installations	10 years
Vehicles	6 years
Computers	3 years
Leasehold Improvements	Lease term

The residual values estimated useful lives and methods of depreciation of property, plant and

## Notes to the Consolidated Financial Statements (Contd.)

equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Consolidated Statement of Profit and Loss.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital Work-In-Progress'.

### 3.5. Intangible Assets

Intangible assets are stated at acquisition cost and other cost incurred, which is attributable to preparing the asset for its intended use, less accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on straight line basis over their estimated useful economic life. The estimated useful lives of intangible assets are as follows:

Assets	Useful Life
Softwares	6 years
Exclusive Business Rights	10 years

An item of Intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Consolidated Statement of Profit and Loss when the asset is derecognised.

The residual values estimated useful lives and methods of amortisation of Intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

### 3.6. Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

#### The Group as lessor

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Group's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

#### The Group as lessee

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

### 3.7. Financial Instruments

#### 3.7.(i) Initial recognition

Financial assets and financial liabilities

## Notes to the Consolidated Financial Statements (Contd.)

are recognised when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Consolidated Statement of Profit and Loss.

### 3.7.(ii) Subsequent measurement

#### a. Non-derivative financial instruments

##### (i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly

discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

##### (ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Group has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Group has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognised in other comprehensive income.

## Notes to the Consolidated Financial Statements (Contd.)

### (iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

### (iv) Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method, except for contingent consideration recognised in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

#### b. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

#### c. Compound instruments

The component parts of compound instruments issued by the Group are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Group's own equity instruments is an equity instrument.

At the date of issue, the fair value of

the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recorded as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible instrument, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in Consolidated Statement of Profit and Loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible instruments are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible instrument using the effective interest method.

## Notes to the Consolidated Financial Statements (Contd.)

### 3.7.(iii) Derecognition of financial instruments

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset.

A financial liability (or a part of a financial liability) is derecognised from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

### 3.8. Foreign Currency

#### Functional currency

The functional currency of the Group is the Indian Rupee ("₹").

#### i. Initial recognition

In preparing the Financial Statement of the Group, transactions in currencies other than the companies' functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

#### ii. Conversion

- a. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Consolidated Statement of Profit and Loss.
- b. Non-monetary items, if any are measured in terms of historical cost denominated in a foreign currency, are reported in Indian Rupee using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

#### iii. Exchange differences

The Group accounts for exchange differences arising on translation/

settlement of foreign currency monetary items as below:

- a. Realised gains and losses on settlement of foreign currency transactions are recognised in the Consolidated Statement of Profit and Loss.
- b. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Consolidated Statement of Profit and Loss.

### 3.9. Borrowing Costs

Borrowing costs, directly attributable to the acquisition, construction or production of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are charged in the period they occur in the Consolidated Statement of Profit and Loss.

### 3.10. Revenue Recognition

Revenue is recognised to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Revenue recognition prescribed in five-step model:

Step 1: Identify the contract(s) with a customer – Contracts may be written, oral or implied by customary business practices, but revenue can be recognised only on those contracts that are enforceable and have commercial substance.

Step 2: Identify the separate performance obligations in the contract – Performance obligations are explicitly or implicitly promised goods or services in a contract as well those arising from customary business practices.

## Notes to the Consolidated Financial Statements (Contd.)

An entity needs to identify performance obligations which are distinct.

Step 3: Determine the transaction price – The transaction price is the amount of consideration to which an entity expects to be entitled. It includes variable consideration, impact of significant financing components, fair value of non-cash consideration and impact of consideration payable to the customer.

Step 4: Allocate the transaction price to the separate performance obligations – The standard requires allocation of the total contract price to the various performance obligations based on their relative stand-alone selling prices, with limited exceptions.

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation – Revenue recognition can occur either over time or at a point in time. Revenue recognition for a performance obligation occurs over time only if it meets one of the three prescribed criteria.

### Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

### 3.11. Current versus Non-Current Classification

An asset is considered as current when it is:

-  Expected to be realised or intended to be sold or consumed in normal operating cycle, or
-  Expected to be realised within twelve months after the reporting period, or
-  Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as current when it is:

-  Expected to be settled in normal operating cycle, or
-  Due to be settled within twelve months after the reporting period, or
-  There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

### 3.12. Employee Benefits

Retirement benefit costs and termination benefits

#### i. Defined Contribution Plan:

Group's contributions paid/payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognised in the Consolidated Statement of Profit and Loss.

#### ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance Sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

Past service cost is recognised in Consolidated Statement of Profit and Loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period

## Notes to the Consolidated Financial Statements (Contd.)

to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

-  service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
-  net interest expense or income; and
-  Re-measurement

The Group presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'.

Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

### Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, performance incentives and similar benefits other than compensated absences in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of compensated absences are measured on the basis of actuarial valuation as on the balance sheet date.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash

outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

### 3.13. Taxation

#### Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Consolidated Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

#### Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in

## Notes to the Consolidated Financial Statements (Contd.)

the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

### Current and deferred tax for the year

Current and deferred tax are recognised in Consolidated Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

### 3.14. Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### 3.15. Provisions, Contingent liabilities & Contingent assets

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain

that reimbursement will be received and the amount of the receivable can be measured reliably.

### Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

### 3.16. Impairment

#### a. Financial assets

The Group recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through Consolidated Statement of Profit and Loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the

## Notes to the Consolidated Financial Statements (Contd.)

12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in the Consolidated Statement of Profit and Loss.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

### b. Non-financial assets

#### **Intangible assets and property, plant and equipment**

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognised in the Consolidated Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable

amount of the asset. An impairment loss is reversed in the Consolidated Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

### 3.17. Share-based payment arrangements

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Consolidated Statement of Profit and Loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

### 3.18. Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related

## Notes to the Consolidated Financial Statements (Contd.)

costs are generally recognised in Consolidated Statement of Profit and Loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 'Income Taxes' ("Ind AS 12") and Ind AS 19 'Employee Benefits' ("Ind AS 19") respectively.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

In case of a bargain purchase, before recognising a gain in respect thereof, the Group determines where there exists clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. Thereafter, the Group reassesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and recognises any additional assets or liabilities that are identified in that reassessment. The Group then reviews the procedures used to measure the amounts that Ind AS requires for the purposes of calculating the bargain purchase.

If the gain remains after this reassessment and review, the Group recognises it in other comprehensive income and accumulates the same in equity as capital reserve. If there does not exist clear evidence of the underlying reasons for classifying the business combination as a bargain purchase, the Group recognises the gain, after reassessing and reviewing (as described above), directly in equity as capital reserve.

When a business combination is achieved in

stages, the Group's previously held equity interest in the acquiree is remeasured to its acquisition-date fair value and the resulting gain or loss, if any, is recognised in the Consolidated Statement of Profit and Loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to Consolidated Statement of Profit and Loss where such treatment would be appropriate if that interest were disposed off.

Contingent liabilities acquired in a business combination are initially measured at fair value at the acquisition date. At the end of subsequent reporting periods, such contingent liabilities are measured at the higher of the amount that would be recognised in accordance with Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets' ("Ind AS 37") and the amount initially recognised less cumulative amortisation recognised in accordance with Ind AS 18 'Revenue' ("Ind AS 18").

### 3.19. Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on weighted average basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

### 3.20. Key sources of estimation uncertainty and critical accounting judgments

In the course of applying the accounting policies, the Group is required to make judgments, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in

## Notes to the Consolidated Financial Statements (Contd.)

the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

**a. Useful lives of property, plant and equipment**

Management reviews the useful lives of property, plant and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. Accordingly, depreciable lives are reviewed annually using the best information available to the management.

**b. Impairment of property, plant and equipment**

Determining whether the property, plant and equipment are impaired requires an estimate in the value in use of cash generating units. It requires to estimate the future cash flows expected to arise from the cash generating units and a suitable discount rate in order to calculate present value. When the actual cash flows are less than expected, a material impairment loss may arise.

**c. Provisions, liabilities and contingencies**

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past events that can reasonably be estimated. The timing of recognition requires application of judgment to existing facts and circumstances which may be subject to change.

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. Potential liabilities that are possible but not probable of an outflow of resources embodying economic benefits are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognised.

### 3.21. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

Employee Stock Option Outstanding	475.14	179.44
<b>Total Other Equity</b>	<b>50,211.53</b>	<b>44,023.03</b>

### 16.1 Description of Reserves

#### Capital Reserve

Capital reserve is created for excess of fair value of assets taken and liabilities assumed over the consideration transferred pursuant to acquisition of subsidiary.

## Notes to the Consolidated Financial Statements (Contd.)

### Securities Premium

This reserve is created to transfer a sum equal to the aggregate amount of the premium received on shares issued as per the applicable provisions of the Companies Act, 2013.

### Debenture Redemption Reserve

The Companies Act, 2013 requires that where a Company issues debentures, it shall create a Debenture Redemption Reserve out of the profits of the Company available for payment of dividend. The Company is required to maintain a Debenture Redemption Reserve of 25% of the value of debentures issued, either by a public issue or on a private placement basis. The amounts credited to the Debenture Redemption Reserve cannot be utilised by the Company except to redeem debentures.

### Employee Stock Option Outstanding

This reserve relates to share options granted by the Company to its employees and directors under ESOP. Further information about share-based payments to employees is set out in Note no.33.

### Retained Earnings

This represents the surplus/ (deficit) of the Consolidated Statement of Profit and Loss. The amount that can be distributed by the Company as dividend to its equity shareholders is determined based on the separate Financial Statements of the Company and also considering the requirements of the Companies Act, 2013.

## Notes to the Consolidated Financial Statements (Contd.)

### 28. FINANCIAL RISK MANAGEMENT

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's financial risk management policy is set by the Board of Directors.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including loans and borrowings, foreign currency receivables and payables.

The Group manages market risk through treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures and borrowing strategies.

#### Capital Management

The Group manages its capital to ensure that Group will be able to continue as going concern while maximising the return to shareholders by striking a balance between debt and equity. The capital structure of the Group consists of net debt (total debt offset by cash and bank balances) and equity of the Group (comprising issued capital, reserves, retained earnings). The Group is not subject to any externally imposed capital requirements except financial covenants agreed with lenders.

In order to optimise capital allocation, the review of capital employed is done considering the amount of capital required to fund capacity expansion, increased working capital commensurate with increase in size of business and also fund investments in new ventures which will drive future growth. The Chief Financial Officer ("CFO") reviews the capital structure of the Group at regular interval. As part of this review, the CFO considers the cost of capital and the risks associated with each class of capital. The Group has a target Debt to Equity Ratio of 1:1 determined as the proportion of net debt to equity. The Group had net debt to equity of 0.17x as on March 31, 2019 (March 31, 2018: Nil)

#### Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group is not exposed to significant interest rate risk as at the respective reporting dates.

#### Foreign Currency Risk

The Group's exposure to exchange fluctuation risk is insignificant for its purchase from overseas suppliers in various foreign currencies.

The following table analyses foreign currency risk from financial instruments as of:

Trade Payable	As at March 31, 2019	As at March 31, 2018
In USD	38,079	12,993
₹ in Lakh	26.40	8.46
Conversion date of USD	March 31, 2019	March 31, 2018

## Notes to the Consolidated Financial Statements (Contd.)

### Foreign exchange risk sensitivity:

The Group analyses a 10% variation (sensitivity) in the rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% change in foreign currency rates.

A positive number below indicates an increase in profit and negative number below indicates a decrease in profit. Following is the analysis of change in profit where the Indian Rupee strengthens and weakens by 10% against the relevant currency:

Particulars	(₹ in Lakh)			
	Year ended March 31, 2019		Year ended March 31, 2018	
	10% strengthen	10% weakening	10% strengthen	10% weakening
USD	(2.64)	2.64	(0.85)	0.85

In management's opinion, the sensitivity analysis is not representative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

### Credit Risk

Credit risk refers to the risk of default on its obligation by the counter party resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹ 36,957.71 Lakh and ₹ 25,961.10 Lakh as of March 31, 2019 and March 31, 2018 respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Group uses expected credit loss model to assess the impairment loss or gain. The Group uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Group's historical experience for customers.

The average credit period on sale of services is 30 to 90 days. No interest is charged on trade receivables.

### Credit Risk Exposure

Movement in expected credit loss:

Particulars	(₹ in Lakh)	
	As at March 31, 2019	As at March 31, 2018
Opening balance	745.24	419.33
Movement in expected credit loss	136.48	325.91
<b>Closing balance</b>	<b>881.72</b>	<b>745.24</b>

Credit risk on cash and cash equivalents is limited as the Group generally invests in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies.

### Liquidity Risk

The Group's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Group believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

## Notes to the Consolidated Financial Statements (Contd.)

As of March 31, 2019, the Group had a working capital of ₹ 15,353.60 Lakh including cash and cash equivalent of ₹ 12,366.75 Lakh and current investment of ₹ 0.70 Lakh.

As of March 31, 2018, the Group had a working capital of ₹ 10,411.62 Lakh including cash and cash equivalent of ₹ 7,861.63 Lakh and current investment of ₹ 0.70 Lakh.

### 29. CONTINGENT LIABILITIES NOT PROVIDED FOR:

Disputed Service tax demand ₹ 391.80 Lakh (2017-18: ₹ 391.80 Lakh)

### 30. Estimated amounts of contracts remaining to be executed on capital account: ₹ 3,755.18 Lakh (net of advances) (2017-18: ₹ 1,927.95 Lakh)

### 31. The information as required to be disclosed under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified based on information available with the Group.

Particulars	(₹ in Lakh)	
	As at March 31, 2019	As at March 31, 2018
Principal amount due to suppliers registered under the MSMED Act and remaining unpaid as at period end	166.83	-
Interest due to suppliers registered under the MSMED Act and remaining unpaid as at period end	2.86	-
Interest paid by the buyer in terms of section 16 of the Micro, Small and Medium Enterprises Development Act, 2006 (27 of 2006), along with the amount of the payment made to the supplier beyond the appointed day during each accounting year;	-	-
Interest due and payable for the period of delay in making payment (which has been paid but beyond the appointed day during the year) but without adding the interest specified under the Micro, Small and Medium Enterprises Development Act, 2006;	-	-
The amount of interest accrued and remaining unpaid at the end of the accounting year	2.86	-
Further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductible expenditure under section 23 of the Micro, Small and Medium Enterprises Development Act, 2006.	-	-

### 33. SHARE BASED PAYMENTS

#### (i) Details of the employee share based plan of the Group:

- a) The ESOP titled as Future Supply Chain Solutions Limited Employees Stock Option Plan 2017 ("FSC ESOP 2017") was approved by the Board on August 5, 2017 and by the Shareholders on August 8, 2017. FSC ESOP 2017 was also ratified by the Shareholders in terms of Regulation 12(3) of SEBI (Share Based Employee Benefits) Regulations, 2014 at the annual general meeting held on August 22, 2018. In aggregate 4,00,000 options are covered under the FSC ESOP 2017 for 4,00,000 equity shares of ₹ 10 each.

During the year 2017-18, the Nomination and Remuneration Committee ("NRC") of the Group granted 2,83,763 options under the FSC ESOP 2017 to certain directors and employees of the Group. The options granted are convertible into equal number of equity shares. The exercise price of each option is ₹ 350 (including ₹ 340 as share premium).

The options granted shall vest over a period of 3 years from the date of the grant in the manner specified in the resolution passed by the NRC while granting the options. Accordingly, such options may be exercised within 3 years from date of vesting.

- b) The following share-based payment arrangements were in existence during the previous year:

Option scheme	Number of Options Granted	Grant date	Expiry date	Exercise price (₹)	Fair value at grant date (₹)
FSC ESOP 2017	2,83,763	November 14, 2017	Note-1 below	350.00	599.00

**Note-1** The options granted shall vest over a period of 3 years from the date of the grant in the manner specified in the resolution passed by the NRC while granting the options. Accordingly, these options may be exercised within 3 years from date of vesting.

- (ii) Options were priced using a Black Scholes option pricing model. Expected volatility is based on the historical share price volatility over the past 1 year:

Inputs	FSC ESOP 2017
Expected volatility (%)	25.26
Option life (Years)	2.50-4.50
Dividend yield (%)	0.00
Risk-free interest rate (Average)	6.75% - 7.01%

- (iii) Movement in share options during the year

The following reconciles the share options outstanding at the beginning and end of the year:

Particulars	As at March 31, 2019		As at March 31, 2018	
	Number of options	Weighted average exercise price (₹)	Number of options	Weighted average exercise price (₹)
Balance at beginning of year	2,69,700	350	-	-
Granted during the year	-	-	2,83,763	350
Exercised during the year	24,875	350	-	-
Cancelled during the year	5,625	350	14,063	350
Balance at end of year	2,39,200	350	2,69,700	350

## Notes to the Consolidated Financial Statements (Contd.)

### (iv) Share options exercised during the year

The following share options were exercised during the year:

Option Scheme	Number exercised	Exercise date	Share price at exercise date (₹)
FSC ESOP 2017	15,875	January 24, 2019	657.00
FSC ESOP 2017	9,000	March 19, 2019	593.95

### (v) Share options outstanding at the end of the year

The share options outstanding at the end of the year had a weighted average remaining contractual life of 1,483 days (2017-18: 1,799 days).

Out of the ESOPs outstanding, the number of options exercisable are as under:

Particulars	As at March 31, 2019	As at March 31, 2018
FSC ESOP 2017	27,940	-

### (vi) The expenses recognised for employee services received during the year is shown in the following table:

Particulars	(₹ in Lakh)	
	Year ended March 31, 2019	Year ended March 31, 2018
Expenses arising from equity settled share based payment transactions	371.80	(61.03)

## 34. EARNINGS PER SHARE

Particulars	Year ended March 31, 2019	Year ended March 31, 2018
Profit for the year (₹ in Lakh)	6,153.00	3,047.19
Weighted average number of equity shares outstanding during the year for Basic EPS	4,00,59,473	3,94,85,345
Add: Weighted Average number of equity shares on account of Employee Stock Options outstanding	57,042	9,174
Weighted average number of equity shares outstanding during the year for Diluted EPS	4,01,16,515	3,94,94,519
Earnings per share of ₹ 10/- each		
- Basic (in ₹)	15.36	7.72
- Diluted (in ₹)	15.34	7.72

## 35. LEASE

The Group has entered into operating lease arrangements for its warehouses, office premises etc. These leasing arrangements, which are non-cancellable, range between 3 months and 12 years generally or longer and are usually renewable by mutual consent on mutually agreeable terms. The aggregate lease rents payable are charged as "Rent" under Cost of Logistics Services amounting to ₹ 13,042.94 Lakh (2017-18: ₹ 10,325.65 Lakh). Lease Rent payable not later than one year is ₹ 6,618.43 Lakh (2017-18: ₹ 2,960.57 Lakh), payable later than one year but not later than five year is ₹ 12,663.45 Lakh (2017-18: ₹ 7,279.04 Lakh) and payable later than five years is ₹ 3,077.23 Lakh (2017-18: ₹ 1,517.67 Lakh)

## Notes to the Consolidated Financial Statements (Contd.)

### 36. SECURITY CLAUSE IN RESPECT TO SECURED BORROWINGS

#### A. Short Term Borrowing

Nil (2017-18: Nil) is secured by (a) first pari-passu charge on current assets of the Group (b) second pari-passu charge on fixed assets (c) Secured by personal guarantee of a director.

#### B. Long Term Borrowing

During the year, the Company issued and allotted 19,900 secured, rated, redeemable and non convertible debentures (NCDs) of ₹ 1 Lakh each aggregating to ₹ 19,900 Lakh on a private placement basis. The NCDs have been listed on Wholesale Debt Market segment of BSE Limited. The NCDs are secured by maintaining an overall minimum asset cover/security cover of 1.25 times on net block of fixed assets on first pari passu basis on the outstanding amount. The NCDs were issued in Series I and Series II of ₹ 9,900 Lakh and ₹ 10,000 Lakh each with tenure of 3 and 4 years from date of allotment, respectively. The NCDs carry an interest @10.15% payable annually and on redemption. The redemption dates for Series I & Series II are September 26, 2021 and September 26, 2022, respectively.

Amount repayable includes principal sum of ₹ 9,900 Lakh in 2021-22 and ₹ 10,000 Lakh in 2022-23 along with interest payment of ₹ 2,020 Lakh in 2019-20, ₹ 2,020 Lakh in 2020-21, ₹ 2,020 Lakh in 2021-22 and ₹ 1,015 Lakh in 2022-23.

The Company has taken a term loan of ₹ 1,216 Lakh from Yes Bank Limited. The same is secured by way of first pari-passu charge on entire fixed assets (excluding land) and second pari passu charge on current assets along with personal undertaking of Kishore Biyani.

Amount repayable is ₹ 304 Lakh each in 2020-21, 2021-22, 2022-23 and 2023-24. Rate of interest is 0.55% over and above 6 month MCLR and will be reset semi-annually and every half year thereafter. Interest shall be paid monthly.

### 37. EMPLOYEE BENEFIT PLANS

#### Defined Contribution Plan

Amount recognised as an expenses and included in Schedule 27 under the "Contribution to Provident and Other Funds" of Consolidated Statement of Profit and Loss ₹ 399.33 Lakh (2017-18: ₹ 338.25 Lakh).

#### Defined Benefit Plan – Gratuity

The Group operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the payment of Gratuity Act, 1972 or the Group scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested, it is payable to employee on retirement or on termination of employment. The gratuity benefit payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefit are met by the Group. In case of death while in service, the gratuity is payable irrespective of vesting. The Group's obligation towards Gratuity is a Defined Benefit plan and is not funded.

The plan typically exposes the Group to actuarial risks such as: interest rate risk, longevity risk and salary risk.

#### Interest risk

A decrease in the Government bond interest rate will increase the plan liability.

#### Longevity Risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

## Notes to the Consolidated Financial Statements (Contd.)

### Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at March 31, 2019 by M/s. KP Actuaries and Consultants. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

As per Ind AS 19, the disclosures as defined in the Accounting Standard are given below:

### Change in Present Value of Defined Benefit Obligation

Particulars	(₹ in Lakh)			
	Gratuity (Unfunded)		Leave Encashment	
	As at March 31, 2019	As at March 31, 2018	As at March 31, 2019	As at March 31, 2018
Present value of obligation at the beginning of the year	314.20	254.59	173.72	152.13
Current service cost	77.54	83.90	110.27	63.82
Interest cost	24.48	18.99	13.54	11.31
Remeasurement-Actuarial (gain) / loss	(62.05)	(25.68)	(66.85)	89.28
Past service cost	-	5.68	-	-
Benefits paid by Group	(39.56)	(27.96)	(39.21)	(143.72)
On account of business combination	-	4.68	-	0.90
<b>Present value of obligation at the end of the year</b>	<b>314.61</b>	<b>314.20</b>	<b>191.47</b>	<b>173.72</b>

### Change in Fair Value of Plan Assets

Particulars	(₹ in Lakh)	
	Gratuity (Funded)	
	As at March 31, 2019	As at March 31, 2018
Fair value of plan assets at the beginning of the year	3.20	2.98
Investment Income	0.25	0.22
<b>Fair value of plan assets at the end of the year</b>	<b>3.45</b>	<b>3.20</b>

### Net Defined Benefit Liability / (Assets)

Particulars	(₹ in Lakh)	
	As at March 31, 2019	As at March 31, 2018
Defined benefit obligation	314.61	314.20
Fair value of plan assets	(3.45)	(3.20)
Surplus / (Deficit)	311.16	311.00
<b>Net defined benefit liability / (assets)</b>	<b>311.16</b>	<b>311.00</b>

### Expenses recognised in Consolidated Statement of Profit and Loss

Particulars	(₹ in Lakh)			
	Gratuity (Unfunded)		Leave Encashment	
	Year ended March 31, 2019	Year ended March 31, 2018	Year ended March 31, 2019	Year ended March 31, 2018
Current service cost	77.54	83.90	110.27	63.82
Past service cost	-	5.68	-	-
Net interest on the net defined benefit liability / asset	24.24	18.77	13.54	11.31
Remeasurement on (gain) / loss	-	-	(66.85)	89.28
<b>Total expenses recognised in Consolidated Statement of Profit and Loss</b>	<b>101.78</b>	<b>108.35</b>	<b>56.96</b>	<b>164.41</b>

## Notes to the Consolidated Financial Statements (Contd.)

### Re-measurement Effects recognised in Other Comprehensive Income (OCI)

(₹ in Lakh)

Particulars	Year ended March 31, 2019	Year ended March 31, 2018
Actuarial (gains) / loss	(62.05)	(25.68)
(Return) / loss on plan assets excluding amounts included in the net interest on the net defined benefit liability / (asset)	-	-
<b>Total (gain) / loss included in OCI</b>	<b>(62.05)</b>	<b>(25.68)</b>

### Financial Assumptions used for the purpose of the actuarial valuations were as follows:

	As at March 31, 2019	As at March 31, 2018	As at March 31, 2019	As at March 31, 2018
Discounted rate (per annum)	7.70%	7.80%	7.70%	7.80%
Expected rate of future salary increase	5%	5%	5%	5%
Mortality rate (% of IALM 06-08)	100%	100%	100%	100%
Withdrawal rate (per annum)	1%	1%	1%	1%
Normal retirement age	58 Years	58 Years	58 Years	58 Years

### Sensitivity analysis: Gratuity

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible change of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity is given below :

(₹ in Lakh)

Particulars	As at March 31, 2019	As at March 31, 2018
Defined Benefit Obligation (Base)	314.61	314.20

(₹ in Lakh)

Particulars	As at March 31, 2019		As at March 31, 2018	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	306.61	236.11	281.54	221.67
Salary Growth rate (- / + 1%)	235.79	306.52	221.66	281.14
Attrition rate (- / + 50% of attrition rates)	264.30	271.92	254.08	245.67
Mortality rate (- / + 10% of mortality rates)	267.94	268.57	248.79	249.33

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumption may be correlated.

### 38. FINANCIAL INSTRUMENTS

All categories of financial assets and financial liabilities are measured at amortised cost.

## Notes to the Consolidated Financial Statements (Contd.)

### 39. BUSINESS COMBINATION

During the year, the Board of Directors of the Company had approved a Scheme of Arrangement under section 230-232 read with Section 66 of the Companies Act, 2013 ("Scheme") between the Company and its wholly owned subsidiary Vulcan Express Private Limited ("Vulcan") and their respective Shareholders and Creditors. The Scheme received all the requisite approvals and has been given effect to in the books with effect from the appointed date as mentioned in the Scheme. The Scheme became effective on December 14, 2018.

The Scheme envisages demerger of "Fulfilment Business Undertaking" and "Last Mile Delivery Business Undertaking" of Vulcan and vest into the Company on October 1, 2016 on a going concern basis. In view of Vulcan being the wholly owned subsidiary of the Company, no consideration was proposed to be paid for the arrangements embodied in the Scheme.

#### Assets acquired and liabilities recognised on the appointed date under pooling of interest method:

Particulars	(₹ in Lakh)
<b>Current assets</b>	
Cash and cash equivalents	523.82
Trade and other receivables	2,914.24
Other Current Assets	1,410.45
<b>Non-current assets</b>	
Property, Plant and Equipment	5,565.03
Capital work in progress	1,221.12
Intangible Assets	132.61
Other Non-Current Assets	809.64
<b>Current liabilities</b>	
Borrowings	9,140.00
Trade and other payables	5,247.96
Other Current Liabilities and Provisions	713.15
<b>Non-current liabilities</b>	
Other Non Current Liabilities	64.98
<b>Other Equity</b>	(2,589.18)

40. The Group is engaged only in Logistics services in India and there are no separate reportable business and geographical segments under Ind AS 108 relating to operating segments.

### 41. APPROVAL OF FINANCIAL STATEMENT

1. Company overview and significant accounting policies

1.1 Company overview

Futurebazaar India Limited ('the Company') is a public company domiciled in India. Futurebazaar is a very own online arm of Future Group. The Company is engaged in the business of Gift Voucher, retail trading internet business. The Company also operates on B2B (Business to Business) models where they sell its products to corporate customers.

1.2 Basis of preparation of financial statements

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. The Ind AS are prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

1.3 Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

1.4 Revenue recognition

Revenue is recognised on a fair value basis to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

Sale of goods

Revenue from sale of goods is recognised, when significant risks and rewards of ownership have been transferred to the buyer and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. It also includes excise duty and excludes GST (Goods and Service Tax). It is measured at fair value of consideration received or receivable, net of returns and allowances.

Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

1.5 Income tax

Income tax comprises current and deferred income tax. It is recognized in profit or loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent there is reasonable certainty that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set-off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

**FUTUREBAZAAR INDIA LIMITED.**

**Notes to Financials Statements for the Year Ended March 31, 2020**

**1.6 Provisions**

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

Provisions is recognized when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

**1.7 Foreign currency transactions**

Foreign currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the balance sheet date. The gains or losses resulting from such translations are included in net profit in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction. Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

**1.8 Earnings per share**

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period:

For the purpose of calculating diluted earnings per share the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

**1.9 Employee benefits**

Short term employee benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss for the period in which the related service is rendered.

Post-employment and other long term employee benefits are recognised as an expense in the Statement of Profit and Loss for the period in which the employee has rendered services. The expense is recognised at the present value of the amounts payable determined using actuarial valuation techniques. Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income.

**1.10 Cash flow statements**

Cash Flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non cash nature, any deferrals or accruals of past or future operating cash flows and item of income and expenses associated with investing or financing cash flows. The cash flows from Operating, Financing and Investing are segregated.

**1.11 Inventories**

Inventories of traded goods are valued at lower of cost or net realizable value. Cost includes cost of purchase and other cost incurred in bringing the inventory to their present location and condition. Cost of inventories is determined based on moving weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

1.12. Segment reporting

Identification of segments

The Company is exclusively engaged in e-commerce activity on B2B (Business to Business) models where they sell its products to corporate customers. The e-commerce business is considered to constitute one single primary segment in the context of Accounting Standard 17 on Segmental Reporting issued by the Institute of Chartered Accountants of India. There are no geographical reportable segments since the Company sells goods to the customers in the Indian market only and does not distinguish any reportable regions within India.

1.13 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of twelve months or less, which are subject to an insignificant risk of changes in value.

1.14 Current versus non-current

An asset is considered as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

1.15 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

1.16 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

1.17 Financial Instruments

**Initial recognition and measurement.**

The Company recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are recognised on the trade date.

**Subsequent measurement**

a. Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

c. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

d. Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

**Derecognition of financial instruments**

The company derecognizes a financial asset when the contractual right to receive the cash flows from the financial asset expire or it transfers the financial asset.

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or expires.

17 Financial Risk Management

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables, and financial guarantee contracts. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Company is exposed to market risk, credit risk and liquidity risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

*Market Risk*

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include receivables, payables, loans, borrowings and deposits.

*Interest Rate Risk*

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to any interest rate risk as at the reporting dates.

*Credit Risk*

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments.

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to Rs 4.73 Lakhs and Rs 4.06 Lakhs as of March 31, 2020 and March 31, 2019 respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has always been managed by the company through credit approvals, establishing credit limits and continuously monitoring the credit-worthiness of customers to which the company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the company uses expected credit loss model to assess the impairment loss or gain. The company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit-risk factors and the company's historical experience for customers.

Credit risk on cash and cash equivalents is limited as we generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit-rating agencies.

*Liquidity Risk*

The company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at a reasonable price. Typically the company ensures that it has sufficient cash on demand to meet expected operational expenses and servicing of financial obligations.

	(Rs In Lakhs)	
	March 31, 2020	March 31, 2019
Trade payables	179.28	157.91

18 Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, convertible preference shares, share premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Company's capital management is to maximise the shareholder value. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2020 and March 31, 2019.

	(Rs In Lakhs)	
	March 31, 2020	March 31, 2019

Maharashtra Value Added Tax	199.85	2008-09
Central Sales Tax Act	37.61	2012-13

20 Going Concern

The financial statements of the Company have been prepared on the basis of going concern. However having regard to the fact there are significant accumulated losses, the ability of the company to continue as a going concern is significantly dependent on the improvement of the Company's future operations and financial support from the holding company. The Holding Company has confirmed that necessary financial support will be provided as required.

## **INDEPENDENT AUDITOR'S REPORT**

To the Members of  
**FUTUREBAZAAR INDIA LIMITED**

### **Report on the Audit of the Financial Statements**

#### **Opinion**

We have audited the accompanying financial statements of FUTUREBAZAAR INDIA LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March 2020, the Statement of Profit and Loss, Statement of changes in equity, Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in

evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "**Annexure B**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- (c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account
- (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:  
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 19A to the financial statements;
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

## **ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT**

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of FUTUREBAZAAR INDIA LIMITED of even date)

### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **FUTUREBAZAAR INDIA LIMITED** (“the Company”) as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor’s Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

## **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## **ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT**

(Referred to in paragraph 1 under '**Report on Other Legal and Regulatory Requirements**' section of our report to the Members of FUTUREBAZAAR India Limited of even date)

- i. According to the information and explanations given to us and the records examined by us, the company does not have any Fixed Assets. Therefore, clause 3 (i) of the Order is not applicable to the company.
- ii. The Company is in the business of trading of Gift Vouchers and does not have any physical inventories. Accordingly, reporting under clause 3 (ii) of the Order is not applicable to the Company.
- iii. According to the information and explanations given to us, the Company has not granted any loan, secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore reporting under clause 3 (iii) of the Order is not applicable to the company.
- iv. In our opinion and according to the information and explanations given to us, the Company has not granted any loans and made any investments. Therefore clause 3 (iv) of the Order is not applicable to the company.
- v. The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2020 and therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
- vi. The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Thus reporting under clause 3(vi) of the order is not applicable to the Company.
- vii. (a) According to the information and explanation given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of accounts in respect of undisputed statutory dues including, provident fund, Employees' state insurance, Income tax, Sales Tax, Service Tax, Value Added Tax, cess and other material statutory dues, as applicable, have been regularly deposited during the year by the company with the appropriate authorities.  
  
(b) According to the information and explanation provided to us, there are no material dues of income tax, service tax, which have not been deposited with appropriate authorities on account of any dispute.

However, according to information and explanation given to us, the following dues of Central Sales Tax and Value Added Tax have not been deposited by the Company on account of disputes:

<b>Nature of Statute</b>	<b>Nature of Dues</b>	<b>Amount (INR)</b>	<b>Period to which the amount pertains</b>	<b>Forum where pending</b>
Central Sales Tax, 1956	CST	13,36,594	2006-07	Deputy Commissioner of Sales Tax (Appeals)
Maharashtra Value Added Tax Act, 2002	MVAT	84,71,574	2006-07	Deputy Commissioner of Sales Tax (Appeals)
Maharashtra Value Added Tax Act, 2002	MVAT	2,24,50,862	2007-08	Deputy Commissioner of Sales Tax (Appeals)
Central Sales Tax, 1956	CST	1,03,32,971	2007-08	Deputy Commissioner of Sales Tax (Appeals)
Maharashtra Value Added Tax Act, 2002	MVAT	1,99,89,409	2008-09	Deputy Commissioner of Sales Tax (Appeals)
Central Sales Tax, 1956	CST	3,20,54,330	2008-09	Deputy Commissioner of Sales Tax (Appeals)
Central Sales Tax, 1956	CST	37,60,616	2012-13	Deputy Commissioner of Sales Tax (Appeals)

- viii. The Company has not taken any loans or borrowings from financial institutions, banks and government or has not issued any debentures. Hence reporting under clause 3 (viii) of the Order is not applicable to the Company.
- ix. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause 3 (ix) of the Order is not applicable to the Company.
- x. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- xi. According to the information and explanations given to us, the Company has not paid/ provided any managerial remuneration during the year. Therefore clause 3 (xi) of the Order is not applicable to the company.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable to the Company.
- xiii. In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

- xiv. During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures and hence reporting under clause 3 (xiv) of the Order is not applicable to the Company.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

**Independent Auditor's Report**

To,

The members of

**Report on the Audit of the Financial Statements of Acute Retail Infra Private Limited**

**Opinion**

We have audited the financial statements of Acute Retail Infra Private Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2020, the Statement of Profit for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and its **Profit** for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of Management and those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we are give the statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
  - (a). We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b). In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books and proper return adequate for the purpose of our audit have been received.
  - (c). The Balance Sheet, Statement of Profit and Loss dealt with by this Report are in agreement with the books of account and with the returns received
  - (d). In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - (e). On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164(2) of the Act.

- (f). With respect to the adequacy of the internal financial controls with reference to the financial statements of the Company and the operating effectiveness of such controls, This Report are applicable to the company.
- (g). As per information and explanations given to us, since the Company is a private company, the provisions of section 197 of the Act, related to the managerial remuneration, are not applicable to the company.
- (h). With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial Statements.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There are no amounts required to be transferred, to the Investor Education and Protection Fund by the Company.

## NOTES TO THE FINANCIAL STATEMENT

### I Significant Accounting Policies

#### A General

Financial statements have been prepared in accordance with Generally Accepted Accounting Principles in India (Indian GAAP) under the historical cost convention on an accrual basis in compliance with all material aspects of the Accounting Standards (AS) notified under Section 133 of the Companies Act, 2013 read together with the paragraph 7 of the Companies (Accounts) Rules 2014.

#### B Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affects the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of financial statements and reported amounts of revenue and expenses for that year. Actual results could differ from those estimates. Any revision to accounting estimates is recognized prospectively.

#### C Tangible Fixed Assets and Depreciation

Tangible fixed assets are stated at cost, less accumulated depreciation and impairment loss, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Depreciation is provided pro rata for the period of use on straight line basis as per the useful life of the assets prescribed under Schedule II of the Companies Act, 2013.

#### D Accounting for Taxes on Income

Provision for taxation comprises of current tax and deferred tax.

Current tax represents tax on Profits for the current year as determined as per the provisions of the Income Tax Act, 1961.

The deferred tax for timing differences between the book and tax profits for the year are accounted based on tax rates in force and tax laws that have been enacted or substantively enacted as of the balance sheet date. Deferred tax assets arising from timing differences, are recognized to the extent there is reasonable / virtual certainty that these would be realized in future and are reviewed for the appropriateness of their respective carrying values at each balance sheet date.

#### E Operating Cycle:

Assets and Liabilities have been classified in to current and Non-Current based on the Operating Cycle.

#### F Revenue Recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be

#### G Accounting for Provisions and Contingent Liabilities

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

#### H Leases

Lease where the lessor effectively retains substantially all the risk and benefits of ownership of the leased term are classified as operating leases

#### I Borrowing Costs

Borrowing costs, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use, are capitalized as part of the cost of the respective asset. All other borrowing costs are charged in the period they occur in the Statement of Profit and Loss.

**"Annexure A" to the Independent Auditors' Report**

Referred to in paragraph 1 under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the financial statements of the **Acute Retail Infra Private Limited Company** for the year ended March 31, 2020:

- 1) (a) As per our opinion the Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;  
(b) The Fixed Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed asset has been physically verified by the management during the year and no material discrepancies between the books records and the physical fixed assets have been noticed.  
(c) The title deeds of immovable properties are held in the name of the company.
- 2) As Per information and explanation given to us, there are no inventory as on the balance sheet date, the provisions of this clause are not applicable to the company and hence not comment upon it.
- 3) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (C) of the Order are not applicable to the Company and hence not commented upon.
- 4) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 In respect of loans, investments, guarantees, and security.
- 5) The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- 6) As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the company.

- 7) (a) According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company has been generally regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, Value added Tax, Cess and any other statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2020 for a period of more than six months from the date on when they become payable.
- b) According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, value added tax outstanding on account of any dispute.
- 8) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of dues to banks of Financial Institution or government and The Company does not have any borrowings by way of debentures.
- 9) Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term Loans. Accordingly, the provisions of clause 3 (ix) of the Order are not applicable to the Company and hence not commented upon.
- 10) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year.
- 11) Based upon the audit procedures performed and the information and explanations given by the management, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act;
- 12) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 4 (xii) of the Order are not applicable to the Company.
- 13) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- 14) Based upon the audit procedures performed and the information and explanations given by the management, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of clause 3 (xiv) of the Order are not applicable to the Company and hence not commented upon.

- 15) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.
- 16) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company and hence not commented upon.

## Independent Auditor's Report

To the Members of  
**Basuti Sales and Trading Private Limited**

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of **Basuti Sales and Trading Private Limited** ("the Company"), which comprise the balance sheet as at 31 March 2020, and the statement of profit and loss and statement of cash flows for the year ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, and its Profit and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

#### Responsibility of Management and Those Charged with Governance for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors is also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, Under section 143 (3)(i) of the Companies Act, 2013, we are responsible for expressing our opinion on whether the company has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

### **Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

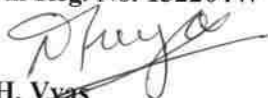

#### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The balance sheet, the statement of profit and loss, and the statement of cash flows dealt with by this Report are in agreement with the books of account.
  - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act., read with rule 7 of the Companies (Accounts) Rules, 2014.
  - e) On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting

#### Report on Other Legal and Regulatory Requirements (Continued)

- g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company does not have any pending litigations which would impact its financial position.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31<sup>st</sup> March, 2020.

## Annexure A to the Independent Auditors' Report

(Referred to in Paragraph 1 under "Report on other legal and regulatory requirements" section of our report to the Members of **Basuti Sales And Trading Private Limited** of even date)

The Annexure referred to in independent Auditor's Report to the Members of the company on the financial statements for the year ended 31<sup>st</sup> March 2020, we report that:

### i. Fixed Assets

- (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) Fixed assets have been physically verified by the management during the year and no material discrepancies were identified on such verification.
- (c) The title deeds of immovable properties recorded as fixed assets in the books of account of the Company are held in the name of the Company.

### ii. Inventory

According to the information and explanation given to us, the company has no inventory during the year. Hence Clause (ii) of CARO 2016 is not applicable.

- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnership or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore clause 3(iii)(a)(b)(c) of the Order is not applicable.
- iv. In our opinion and according to the information and explanations given to us, provisions of section 185 and 186 of the Companies Act 2013 in respect of loans to directors including entities in which they are interested and in respect of loans and advances given, investments made and, guarantees, and securities given have been complied with by the Company.
- v. The Company has not accepted any deposits from the public.
- vi. To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under clause 148 (1) of the Act, for the services of the Company.

### vii. Statutory Dues

- a. The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, income-tax, goods and service tax, cess and other material statutory dues applicable to it.
- b. According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, income-tax, service tax, good and service tax, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- viii. In our opinion and according to the information and explanation given to us, the company has not defaulted in repayment of loans or borrowings to financial institution, bank, government or dues to debenture holders.
- ix. Based upon the audit procedures performed and the information and explanations given to us money raised during the year has been applied by the Company for the purposes for which that was raised.

- x. Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no fraud by the Company or no fraud on the Company by the officers and employees of the Company has been noticed or reported during the year.
- xi. According to the information and explanation given to us and on the basis of our examination of relevant records, no managerial remunerations were paid or provided by the Company during the year under audit.
- xii. In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the Order are not applicable to the Company and hence not commented upon.
- xiii. According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- xiv. According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) of the Order are not applicable to the company and, not commented upon.
- xv. According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of Companies Act, 2013.
- xvi. According to the information and explanations given by the management, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

## Annexure B to the Independent Auditors' Report

**Re: Basuti Sales And Trading Private Limited ('the Company')**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Basuti Sales And Trading Private Limited (the Company)** as of 31<sup>st</sup> March 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the company considering the essential components of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**1. SIGNIFICANT ACCOUNTING POLICIES :**

**1.1 Basis of preparation of financial statements**

The financial statements of the company have been prepared in accordance with generally accepted accounting principle in India (Indian GAAP). The company has prepared these financial statements to comply in all material respect with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006, (as amended) and the relevant provision of the Companies Act, 2013 read with general circular 8/2014 Dated 4 April 2014, issued by the Ministry of Corporate Affairs. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of financial statement are consistent with those of previous year, The Company's management believes that the Company will continue to operate as a going concern and meet all its liabilities as they fall due for payment, based on the letter of support received from one of the principal shareholder confirming that they would continue to provide support, financial or otherwise, to ensure that the Company continues to operate as a going concern and meet all its liabilities as they fall due for payment.

**1.2 Revenue recognition**

Revenue is recognized to the extent that is probable that the economic benefits will flow to the Company and the revenue can be reliably

**1.3 Taxation**

Tax expense comprises current income tax (i.e. amount of tax for the period determined in accordance with the income tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written up to reflect the amount that is reasonably / virtually certain (as the case may be) to be realized.

**1.4 Provisions**

Provision is recognized when the enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates.

**1.5 Earning Per Share (EPS)**

Basic and Diluted earnings per share are calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

2 SHARE CAPITAL

Particulars	31st March 2020	31st March 2019
<b>Authorised Capital</b>		
10000 Equity Shares of Rs 10/- each	1,00,000	1,00,000

17 **Dues to Micro Small and Medium Enterprises**

There are no dues to Micro, Small and Medium Enterprises as defined under "The Micro, Small and Medium Enterprises Development Act, 2006" as at March 31, 2020. This information has been determined to the extent such parties have been identified to the basis of the information available with the Company.

- 18 In the opinion of the Board, the current assets, Loans and advances are approximately of value stated, if realised in ordinary course of the business. The provisions for all known liabilities are adequate and not in excess of the amount considered reasonably necessary.
- 19 Some of the balances in Loans and advances are subject to confirmations, reconciliations and adjustments if any, which in the opinion of management will not be significant and would be carried out when settled.
- 20 The Company is primarily engaged in the business of sale of goods and services, which in terms of Accounting Standard 17 "Segment Reporting" constitutes a single reporting segment

### **Independent Auditor's Report**

To The Members of **M/s. Brattle Foods Private Limited**

Report on the Audit of the Financial Statements

#### **Opinion**

We have audited the accompanying financial statements of **M/s. Brattle Foods Private Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss and the Statement of Cash Flows ended on that date, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 143 (10) of the Act read with the relevant Rules, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibilities for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including cash flows of the Company in accordance with the Accounting Standards and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.

d) In our opinion, the aforesaid financial statements comply with Accounting Standards specified under Section 143 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has no pending litigation hence no impact of pending litigations on its financial position in its financial statements.
- ii. The Company does not need to make provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts, as it does not deal in such contracts;
- iii. There is not required to be transferred, to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

**Brattle Foods Private Limited**

**CIN. U15490MH2010PTC281788**

**Significant Accounting Policies and Notes on accounts to Financial Statements for the year ended on 31st March 2020**

**NOTE 1:- SIGNIFICANT ACCOUNTING POLICIES**

**1.1 Company Overview**

Brattle Foods Private Limited ('the Company') is a private limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956 on 08th February 2010. The company is engaged in the business of running cold storages & warehouses and caters its services in domestic markets.

**1.2 Basis of Preparation**

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting) Rules, 2014 and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year except as specifically stated otherwise.

**1.3 Use of Estimate**

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

**1.4 Revenue Recognition**

Revenue is recognized when the company has fulfilled its contractual obligations to a customer and has obtained the right to receive consideration with no uncertainty in the ultimate collections, typically when services are rendered or the work is completed in accordance with contractual terms with a customer. The specific revenue recognition policies are as under:

- i) Revenue from services are recorded net of Service Tax. Revenue from services are recognized on accrual basis.
- ii) Revenue from interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

**1.5 Taxes on Income**

Tax expenses comprises of current tax and deferred tax.

Current tax is determined as the amount of tax payable in respect of the taxable income for the year. The provision for current income-tax is recorded based on assessable income and tax rate applicable to the relevant assessment year.

Deferred income-tax reflects the impact of current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax asset to the extent it pertains to unabsorbed business loss/ depreciation is recognized only to the extent that there is virtual certainty of realization based on convincing evidence, as evaluated on a case to case basis.

Minimum Alternate Tax (MAT) paid in a year is charged to the statement of Profit & Loss as Current Tax. The company recognizes MAT credit available as an Asset only to the extent there is convincing evidence that the company will pay normal Income Tax during the specified period i.e. the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an Asset in accordance with the Guidance note on Accounting for credit available in respect of Minimum Alternate Tax under the Income Tax Act, 1961, the said Asset is created by way of credit to the statement of Profit & loss & shown as "MAT Credit Entitlement". The company reviews the "MAT Credit Entitlement" asset at each reporting date & writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the sufficient period.

#### 1.6 Fixed assets

Fixed assets are stated at cost less accumulated depreciation and impairment losses (if any). Cost comprises the purchase price and any cost of bringing the asset to its working condition for its intended use. When an asset is scrapped or otherwise disposed off, the cost and related accumulated depreciation are removed from the books of account and resultant profit or loss, (if any), is reflected in the Statement of Profit or Loss. Project under commissioning and other assets under erection, installation are shown under capital work in progress and are carried at cost, comprising direct cost and related incidental expenses.

#### 1.7 Depreciation and amortisation

Depreciation on all assets, except intangible assets & leasehold improvement has been calculated on written down value basis and in accordance with, method and useful life prescribed in Schedule II of the Companies Act, 2013.

Intangible assets includes computer software which are amortised on written down basis over the useful life as per law and valid management discretion.

Leasehold improvements are amortised over the lower of the lease period or remaining useful life of the leasehold improvements.

#### 1.8 Leases

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Lease rental income has been recognised as per contract entered into and being equalised rent over the period no equalisation reserve has been made. As decided by management, this is systematic basis which is more representative of time pattern in which benefit derived from the use of the asset is diminished.

#### 1.9 Accounting for Provisions and Contingent Liabilities

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

#### 1.10 Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Long-term investments are carried at cost. Cost includes interest. Provision for diminution is made to recognize a decline, other than temporary in value of long term investments and is determined separately for each individual investment.

#### 1.11 Employee Benefits

The Statutory enactments relating to payment of Provident Fund, ESIC and Gratuity to employees are not applicable to the company. The company does not have any scheme for retirement benefits for its employee and as such no provision towards retirement benefits to employees is considered necessary.

#### 1.12 Earning per share

Basic earning per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders after tax by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profits or loss attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

## **ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT**

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **M/s. Brattle Foods Private Limited** of even date)

### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **M/s. Brattle Foods Private Limited** (the "Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting of the risks of material misstatement of the financial statements, whether due to fraud or error.

### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

## Annexure: B to the Independent Auditor's Report

The annexure referred to in our Independent Auditor's Report to the member of Brattle Foods Private Limited for the year ended march 31<sup>st</sup>, March 2020

1.
  - A. According to information and explanations given to us, the Company has maintained proper records of fixed assets during the year.
  - B. The Fixed Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed asset has been physically verified by the management during the year and no material discrepancies between the books records and the physical fixed assets have been noticed.
  - C. The title deeds of immovable properties are held in the name of the company.
2. According to information and explanations given to us, there was no inventory with the company during the year under consideration. Accordingly this clause of the order is not applicable to the company.
3. The Company has not granted any long term loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause iii (a) to (c) of the Order are not applicable to the Company and hence not commented upon.
4. In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013; In respect of loans, investments, guarantees, and security.
5. The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable to the Company.
6. As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the company.
7.
  - a. According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company has been generally regular in depositing undisputed statutory dues including, Income-Tax, GST, Service Tax, Value added Tax, Cess and any other statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at the year-end for a period of more than six months from the date on when they become payable.
  - b. According to the information and explanation given to us, there are no dues of income tax, GST, service tax, duty of customs, duty of excise, value added tax outstanding on account of any dispute.
8. In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of any long term loans or borrowings from financial institutions, Banks or government.

- 9 Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised money by way of initial public offer or further public offer including debt instruments and term Loans. Accordingly, the provisions of clause (ix) of the Order are not applicable to the Company.
- 10 Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year.
- 11 Based upon the audit procedures performed and the information and explanations given by the management, appointment & managerial remuneration paid or provided during the year under review is as per limits prescribed under section 197 of the Companies act 2013 as applicable.
- 12 In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause (xii) of the Order are not applicable to the Company.
- 13 In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- 14 Based upon the audit procedures performed and the information and explanations given by the management, the company has not made preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of clause (xiv) of the Order are not applicable to the Company.
- 15 Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause (xv) of the Order are not applicable to the Company.
- 16 In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause (xvi) of the Order are not applicable to the Company and hence not commented upon.

**B) - Terms and rights attached to all class of shares**

**a) Terms/rights attached to equity shares**

The company has only one class of equity shares having a par value of Rs 10/- each. Each holder of equity share is entitled to one vote per share. In the event of liquidation of the company, holders of equity shares will be entitled to receive any of the remaining assets of the Company after settling all liabilities. The distribution will be in proportion to the number of equity shares held by the share holders.

**b) Terms and rights attached to Compulsory convertible preference shares (CCPS)**

1) Each Series A Shares shall be issued at a par value of Rs20 (Rupees Twenty) and shall be carrying voting rights in the same manner as each Equity Share.

2) Subject to applicable Laws, each of the Series A Shares shall be preference shares and shall be entitled to a cumulative fixed dividend at the rate of 0.0001% per annum. The dividend on Series A Shares shall be cumulative and shall accrue annually.

3) Each Series A Shares shall, at any time within 20 (twenty) years from the date of issuance of such Series A Shares, be compulsorily convertible into such number of Equity Shares at such price including premium ("Series A Conversion Price") and at such ratio ("Series A Conversion Ratio"), such that post conversion of Series A Shares, the person holding Series A Shares ("Series A Shareholder") receives such number of Equity Shares which are in the ratio of 1:1 with the number of Series A Shares held by such person prior to conversion, subject to the Conversion Mechanism as defined in Shareholder Agreement.

22	Earning Per Share	As at													
		31st March, 2020	31st March, 2019												
	Profit attributable to Equity Shareholders	(19,86,43,502)	(7,89,50,002)												
	Weighted Average of Equity shares	92,24,172	92,24,172												
	Nominal Value per share	10	10												
	Basic Earnings Per Share	(21.54)	(8.56)												
	Diluted Earnings Per Share	(21.54)	(8.56)												
	Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.														
	Diluted earning per share is computed by adjusting the number of shares used for basic EPS with the weighted average number of shares that could have been issued on the conversion of all dilutive potential equity shares.														
23	<b>Segment Reporting :</b>														
	The Company's business is organised into one business segment, namely warehousing and cold storage of food products. ## **Independent Auditor's Report**

To the Members of

**Chirag Operating lease company private Limited**

**Report on the Audit of the Financial Statements**

### **Opinion**

We have audited the financial statements of **Chirag Operating lease company private Limited** ("the Company"), which comprise the balance sheet as at 31 March 2020, and the statement of profit and loss and statement of cash flows for the year ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, and its Profit and its cash flows for the year ended on that date.

### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

### **Responsibility of Management and Those Charged with Governance for the Financial Statements**

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors is also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, Under section 143 (3)(i) of the Companies Act, 2013, we are responsible for expressing our opinion on whether the company has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

**Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The balance sheet, the statement of profit and loss, and the statement of cash flows dealt with by this Report are in agreement with the books of account.
  - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act., read with rule 7 of the Companies (Accounts) Rules, 2014.
  - e) On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting

**Harshil Shah & Company,**  
Chartered Accountants

**Report on Other Legal and Regulatory Requirements (Continued)**

- g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31<sup>st</sup> March, 2020.

### **Annexure A to the Independent Auditors' Report**

(Referred to in Paragraph 1 under "Report on other legal and regulatory requirements" section of our report to the Members of **Chirag Operating lease company private Limited** of even date)

The Annexure referred to in independent Auditor's Report to the Members of the company on the financial statements for the year ended 31<sup>st</sup> March 2020, we report that:

#### **i. Fixed Assets**

- (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) Fixed assets have been physically verified by the management during the year and no material discrepancies were identified on such verification.
- (c) The title deeds of immovable properties recorded as fixed assets in the books of account of the Company are held in the name of the Company.

#### **ii. Inventory**

According to the information and explanation given to us, the company has no inventory during the year. Hence Clause (ii) of CARO 2016 is not applicable.

- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnership or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore clause 3(iii)(a)(b)(c) of the Order is not applicable.
- iv. In our opinion and according to the information and explanations given to us, provisions of section 185 and 186 of the Companies Act 2013 in respect of loans to directors including entities in which they are interested and in respect of loans and advances given, investments made and, guarantees, and securities given have been complied with by the Company.
- v. The Company has not accepted any deposits from the public.
- vi. To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under clause 148 (1) of the Act, for the services of the Company.

#### **vii. Statutory Dues**

- a. The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, income-tax, goods and service tax, cess and other material statutory dues applicable to it.

**Harshil Shah & Company,**  
Chartered Accountants

- b. According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, income-tax, service tax, good and service tax, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable. .
- viii. In our opinion and according to the information and explanation given to us, the company has not defaulted in repayment of loans or borrowings to financial institution, bank, government or dues to debenture holders.
- ix. Based upon the audit procedures performed and the information and explanations given to us money raised during the year has been applied by the Company for the purposes for which that was raised.
- x. Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no fraud by the Company or no fraud on the Company by the officers and employees of the Company has been noticed or reported during the year.
- xi. According to the information and explanation given to us and on the basis of our examination of relevant records, no managerial remunerations were paid or provided by the Company during the year under audit.
- xii. In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the Order are not applicable to the Company and hence not commented upon.
- xiii. According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- xiv. According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) of the Order are not applicable to the company and, not commented upon.
- xv. According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of Companies Act, 2013.
- xvi. According to the information and explanations given by the management, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

## **Annexure B to the Independent Auditors' Report**

### **Re: Chirag Operating lease company private Limited ('the Company') Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Chirag Operating lease company private Limited (the Company)** as of 31<sup>st</sup> March 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the company considering the essential components of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

**Harshil Shah & Company,**  
Chartered Accountants

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financing Reporting issued by the Institute of Chartered Accountants of India.

**CHIRAG OPERATING LEASE COMPANY PRIVATE LIMITED**  
**CIN. U71200MH2014PTC255886**  
**Notes to Financial Statement for the Year ended 31st March 2020**

**Note No. 1 Significant Accounting Policies**

- a **Basis of Preparation of Financial Statements**
- i These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis . GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014.
- b **Use of Estimates:**
- i The presentation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affects the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of financial statements and reported amounts of revenue and expenses for that year. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively.
- c **Borrowing Cost**
- i Borrowing Costs attributable to acquisition and construction of qualifying assets are capitalised as a part of the cost of such asset up to the date when such asset is ready for its intended use. Other borrowing costs are charged to the statement of Profit and Loss.
- d **Impairment of Assets**
- i The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognised in the Statement of Profit and Loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.
- e **Accounting for Provisions and Contingent Liabilities**
- i The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.
- f **Employee Benefits**
- i The Statutory enactments relating to payment of Provident Fund, ESIC and Gratuity to employees are not applicable to the company. The company does not have any scheme for retirement benefits for its employee and as such no provision towards retirement benefits to employees is considered necessary.
- g **Taxes on Income**
- i Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax resulting from timing difference between taxable incomes and accounting income is accounted for using the tax rates and laws that have been enacted or substantially enacted as on the balance sheet date. The deferred tax asset is recognized and carried forward only to the extent that there is a reasonable certainty that the assets will be realized in future.

**Independent Auditors' Report**

To the Members of  
**HARE KRISHNA OPERATING LEASE PRIVATE LIMITED**

**Report on the Financial Statements**

We have audited the accompanying financial statements of **HARE KRISHNA OPERATING LEASE PRIVATE LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss for the year then ended and a summary of significant accounting policies and other explanatory information.

**Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provision of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on financial statements.

### Opinion

In our opinion and to the best of information and according to the explanation given to us, the financial statements give the information required by the Act in the manner so required and give true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of company as at March 31, 2020, its profit and loss for the year ended on that date.

### Report on Other Legal and Regulatory Requirements.

1. As required by the Companies ( Auditor's Report ) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
  - c. The Balance Sheet, the Statement of Profit and Loss dealt with by this Report are in agreement with the books of account;
  - d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
  - e. On the basis of written representations received from the Directors as on March 31, 2020, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020, from being appointed as a director in terms of Section 164 (2) of the Act.

- f. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanation given to us:
- i. The Company does not have any pending litigations which would impact its financial position.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There were no amounts, which were required to be transferred, to the Investor Education and Protection Fund by the Company.

## Annexure - A to the Auditors' Report

The Annexure referred to in Independent Auditors' Report to the members of the **HARE KRISHNA OPEARTING LEASE PRIVATE LIMITED** on the financial statements for the year ended March 31, 2020, we report that:

- (i) The Company do not have any fixed assets, hence the requirements of clause (i) of paragraph 3 of the said order is not applicable to the company.
- (ii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore paragraph 3(iii) of the Order is not applicable.
- (iii) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans and investments made.
- (iv) The Company has not accepted any deposits from the public.
- (v) To the best of our knowledge and as explained, the Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any of the products of the Company.
- (vi) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including, Provident Fund, Employees' State Insurance, custom duty, Income-tax, Sales-tax, Service-tax, Value Added Tax, cess and other material statutory dues, as applicable, have been regularly deposited during the year by the company with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of income tax, service tax, cess and other material statutory dues were in arrears as at 31 March 2020 for a period of more than six months from the date they became payable.  
  
(b) According to the information and explanations given to us, there are no dues of income tax, Sales tax which have not been deposited on account of dispute.
- (vii) Based on our audit procedures and on the basis of information and explanation given by the management, we are of the opinion that the company has not defaulted in repayment of loans or borrowings from any financial institution, banks, government and debenture holders during the year.
- (viii) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Therefore, paragraph 3 (ix) of the Order is not applicable.
- (ix) To the best of our knowledge and belief and according to the information and explanations given to us, no fraud by the Company was noticed or reported during the year, although there were some instances of fraud on the Company noticed by the Management, the amounts whereof were not

material in the context of the size of the Company and the nature of its business and the amounts were adequately provided for.

- (x) According to the information and explanations given to us and based on our examination of the records of the company, no excess managerial remuneration has been paid/ provided during the year.
- (xi) In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Therefore, paragraph 3(xii) of the Order is not applicable.
- (xii) According to the information and explanations give to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any private placement of optionally convertible debentures during the year.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Therefore, paragraph 3(xv) of the Order is not applicable.
- (xv) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

**HARE KRISHNA OPERATING LEASE PVT LTD**

**For the period 01/04/2019 to 31/03/2020**

**SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS**

**NOTE A:- SIGNIFICANT ACCOUNTING POLICIES**

**A.1 Change in Accounting policy**

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, (as amended) and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year except as specifically stated otherwise.

**A.2 Taxes on Income**

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax resulting from timing difference between taxable incomes and accounting income is accounted for using the tax rates and laws that have been enacted or substantially enacted as on the balance sheet date. The deferred tax asset is recognized and carried forward only to the extent that there is a reasonable certainty that the assets will be realized in future.

**A.3 Revenue Recognition**

Sales are recorded net of sales return, trade discounts, Sales Tax and VAT. Revenue from sale of goods is recognized when significant risk and rewards of ownership are transferred to the customers.

Revenue from interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

**A.4 Provisions and Contingent Liabilities**

A provision is recognized if, as a result of a past event, the Company has a present legal obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

**A.5 Earning Per Share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

**A.6 Investments**

Long-term investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments.

### Independent Auditor's Report

To the Members of  
**Nice Texcot Trading & Agency Private Limited**

#### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of **Nice Texcot Trading & Agency Private Limited** ("the Company"), which comprise the balance sheet as at 31 March 2020, and the statement of profit and loss and statement of cash flows for the year ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, and its loss and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

#### Responsibility of Management and Those Charged with Governance for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and cash flows of the Company in accordance with the accounting

principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors is also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, Under section 143 (3)(1) of the Companies Act, 2013, we are responsible for expressing our opinion on whether the company has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

### **Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The balance sheet, the statement of profit and loss, and the statement of cash flows dealt with by this Report are in agreement with the books of account.
  - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act., read with rule 7 of the Companies (Accounts) Rules, 2014.
  - e) On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting

**Report on Other Legal and Regulatory Requirements (Continued)**

- g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31<sup>st</sup> March, 2020.

## Annexure A to the Independent Auditors' Report

(Referred to in Paragraph I under "Report on other legal and regulatory requirements" section of our report to the Members of **Nice Textcot Trading & Agency Private Limited** of even date)

The Annexure referred to in independent Auditor's Report to the Members of the company on the financial statements for the year ended 31<sup>st</sup> March 2020, we report that:

### i. Fixed Assets

According to the information and explanation given to us, the company has no Fixed Assets during the year. Hence Clause (i) of CARO 2016 is not applicable.

### ii. Inventory

According to the information and explanation given to us, the company has no inventory during the year. Hence Clause (ii) of CARO 2016 is not applicable.

iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnership or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore clause 3(iii)(a)(b)(c) of the Order is not applicable.

iv. In our opinion and according to the information and explanations given to us, provisions of section 185 and 186 of the Companies Act 2013 in respect of loans to directors including entities in which they are interested and in respect of loans and advances given, investments made and, guarantees, and securities given have been complied with by the Company.

v. The Company has not accepted any deposits from the public.

vi. To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under clause 148 (1) of the Act, for the services of the Company.

### vii. Statutory Dues

a. The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, income-tax, goods and service tax, cess and other material statutory dues applicable to it.

b. According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, income-tax, service tax, good and service tax, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

- viii. In our opinion and according to the information and explanation given to us, the company has not defaulted in repayment of loans or borrowings to financial institution, bank, government or dues to debenture holders.
- ix. According to the information and explanations given by the management, the Company has not raised any money by way of initial public offer or further public offer or by way of term loan.
- x. Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no fraud by the Company or no fraud on the Company by the officers and employees of the Company has been noticed or reported during the year.
- xi. According to the information and explanation given to us and on the basis of our examination of relevant records, no managerial remunerations were paid or provided by the Company during the year under audit.
- xii. In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xii) of the Order are not applicable to the Company and hence not commented upon.
- xiii. According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- xiv. According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) of the Order are not applicable to the company and, not commented upon.
- xv. According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in section 192 of Companies Act, 2013.
- xvi. According to the information and explanations given by the management, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

## Annexure B to the Independent Auditors' Report

**Re: Nice Texcot Trading & Agency Private Limited**  
**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Nice Texcot Trading & Agency Private Limited (the Company)** as of 31<sup>st</sup> March 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the company considering the essential components of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financing Reporting issued by the Institute of Chartered Accountants of India.

**1. SIGNIFICANT ACCOUNTING POLICIES :**

**1.1 Basis of preparation of financial statements**

The financial statements of the company have been prepared in accordance with generally accepted accounting principle in India (Indian GAAP). The company has prepared these financial statements to comply in all material respect with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006, (as amended) and the relevant provision of the Companies Act, 2013 read with general circular 8/2014 Dated 4 April 2014, issued by the Ministry of Corporate Affairs. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of financial statement are consistent with those of previous year, The Company's management believes that the Company will continue to operate as a going concern and meet all its liabilities as they fall due for payment, based on the letter of support received from one of the principal shareholder confirming that they would continue to provide support, financial or otherwise, to ensure that the Company continues to operate as a going concern and meet all its liabilities as they fall due for payment.

**1.2 Revenue recognition**

Revenue is recognized to the extent that is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

**Sale of Goods**

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods.

**Interest**

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

**1.3 Taxation**

Tax expense comprises current income tax (i.e. amount of tax for the period determined in accordance with the income tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written up to reflect the amount that is reasonably / virtually certain (as the case may be) to be realized.

**1.4 Provisions**

Provision is recognized when the enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on management estimate required to settle the obligation at the balance sheet date.

These are reviewed at each balance sheet date and adjusted to reflect the current management estimates.

**1.5 Earning Per Share (EPS)**

Basic and Diluted earnings per share are calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

**NICE TEXTCOT TRADING & AGENCY PRIVATE LIMITED**  
**NOTES FORMING PART OF THE FINANCIAL STATEMENTS**

The Ordinary Equity Shares of the Company, having par value of Rs.10/- each is entitled to one Vote per member in case of voting by show of hands and one vote per Ordinary Shares held in case of Voting by poll/ballot. Each holder of Ordinary Share is also entitled to normal dividend as may declared by the Company. In the event of liquidation of Company, the holders of equity shares will be entitled to receive remaining assets of the company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholder.

**(d) Note on Merger**

"Pursuant to the Scheme of Amalgamation of Agrim Multilink Sales and Trading Private Limited and Altogether Trading Private Limited and Ghughuti Trading Private Limited and Parinam Logistic Private Limited and Tyag Logistic Advisors Private Limited and Vrushika Mercantile and Trading Private Limited (Transferor Companies) with the Company ('the Scheme') under Sections 230 to 232 of the Companies Act, 2013, Transferor Companies have been amalgamated with the Company with effect from the Appointed Date (as defined in the Scheme) i.e. 1st April, 2018. The said Scheme has been sanctioned by the Hon'ble National Company Law Tribunal, Mumbai Bench ('NCLT') vide its order dated May 30, 2019 and made effective upon filing of the orders of the NCLT with the Registrar of Companies on July 22, 2019. Pursuant to the Scheme of Amalgamation, the authorised share capital of the Company shall stand increased by INR 6,00,000 and revised authorized share capital of the Company shall be INR 7,00,000.

Pursuant to the Scheme, all the assets and liabilities of the Transferor Companies as on the Appointed Date have been transferred to and vested in the Company. Since the Transferor Companies are wholly owned subsidiary of the Company, no shares shall be issued as a consideration pursuant to amalgamation to the Transferor Companies."

## Independent Auditor's Report

To the Members of M/s. NISHTA MALL MANAGEMENT COMPANY PRIVATE LIMITED

Report on the Standalone Financial Statements

### Opinion

We have audited the standalone financial statements of M/s. NISHTA MALL MANAGEMENT COMPANY PRIVATE LIMITED ("the Company"), which comprise the balance sheet as at 31st March 2020, and the statement of Profit and Loss, (statement of changes in equity) and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and profit/loss, (changes in equity) and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## Management's Responsibility for the Standalone Financial Statements

---

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

---

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

## Other Matter

---

Nil

## Report on Other Legal and Regulatory Requirements

---

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of accounts.
- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) Report on the Internal Financial Controls under Clause (1) of Sub-section 3 of section 143 of the companies Act, 2013 ("the Act") is Not applicable to Company.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

NIL

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:  
The Company does not have any pending litigations which would impact its financial position.
- i) The Company did not have any Long-term contracts including derivatives contracts for which there were any material foreseeable losses.
- ii) There is no amount required to be transferred, to the Investor Education and Protection Fund by the company

## ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

The annexure referred to in our Independent Auditor's Report to the member of NISHTA MALL MANAGEMENT COMPANY PRIVATE LIMITED for the year ended march 31<sup>st</sup>, March 2020.

- 1) In respect of the Company's fixed assets:
  - a. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
  - b. The Fixed Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed asset has been physically verified by the management during the year and no material discrepancies between the books records and the physical fixed assets have been noticed.
  - c. The title deeds of immovable properties are held in the name of the company.
- 2) Since no inventories are maintained by the company the said clause is not applicable.
- 3) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (c) of the Order are not applicable to the Company and hence not commented upon.
- 4) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013; In respect of loans, investments, guarantees, and security.
- 5) The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- 6) As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the company.

- 7) According to information and explanations given to us and on the basis of our examination of the books of account, and records:
- a. the Company has been generally regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, Value added Tax, Cess and any other statutory dues with the appropriate authorities.
  - b. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2020 for a period of more than six months from the date on when they become payable.
  - c. According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, value added tax outstanding on account of any dispute.
- 8) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of dues to banks or financial institution.
- 9) Based upon the audit procedures performed and the information and explanations given by the management, the company has raised moneys by way of term Loans. The amount so raised has been utilized as per the purpose mentioned in sanction letter.
- 10) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year.
- 11) Based upon the audit procedures performed and the information and explanations given by the management, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act;
- 12) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 4 (xii) of the Order are not applicable to the Company.
- 13) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- 14) Based upon the audit procedures performed and the information and explanations given by the management, the company has not made preferential allotment of shares during the year under review Accordingly, the provisions of clause 3 (xiv) of the Order are not applicable to the Company and hence not commented upon.

- 15) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.
- 16) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company and hence not commented upon.

## **ANNEXURE B TO THE AUDITOR'S REPORT**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s NISHTA MALL MANAGEMENT COMPANY PRIVATE LIMITED (the Company) as of 31<sup>st</sup> March 2020 in conjunction with our audit of the standalone financial statements of the company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conduct our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") and Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute Of Chartered Accountants Of India. Those Standards and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that Profit and Loss of the company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of Inherent Limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2020, based on internal control over financial reporting criteria established by the company considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by Institute of Chartered Accountants of India.

**Note - A**

**Notes to Accounts for the year ended March 31, 2020**

CIN. U70100MH2004PTC148033

**1. Accounting Policies:**

**(a) Basis for Preparation of Financial Statements:**

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared under the historical cost convention on an accrual basis. The accounting policies have been consistently applied by the Company.

**(b) Use of Estimates:**

The presentation of Financial Statements is in conformity with the generally accepted accounting principles (GAAP) requires the Management to make estimates and assumptions that affect the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between actual results and estimates are recognized in the period in which the results are known or materialize.

Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to the accounting estimates is recognized prospectively in the current and future periods.

**(c) Investments:**

**(i) Recognition and Measurement**

Investments that are intended to be held for more than a year, from the date of acquisition, are classified as long-term investments and are carried at cost. However, provision for diminution in value of investments is made to recognize a decline, other than temporary, in the value of the investments. Investments other than long-term investments being current investments are valued at cost or fair value whichever is lower, determined on an individual basis.

**(ii) Presentation and Disclosure**

Investments, which are readily realizable and intended to be held for not more than one year from balance sheet date, are classified as current investments. All other investments are classified as non-current investments.

**(d) Capital Work-in-Progress**

Expenditure during the construction/ pre-operative period is included under Capital Work-in-Progress and the same is allocated to the respective fixed assets on the completion of their construction.

Capital works in progress includes following costs:

-Land Cost

Pre-operative expenses prior to start commercial operation such as:

-Interest on borrowing cost

-Management Consultancy Fees

-Administrative Expenses

(e) **Provision for Current and Deferred Tax**

Provision for current tax is made after taking in to consideration benefits admissible under the provisions of the Income tax Act, 1961.

Deferred tax resulting from "Timing Difference" between Book and Taxable profit is accounted for using the tax rates & laws that have been enacted or substantively enacted on the balance sheet date. The Deferred tax assets is recognized and carried forward only to the extent that there is virtual certainty supported by convincing evidence that the asset will be realized in future.

Net outstanding balance in deferred tax account is recognized as Deferred Tax Liabilities / Asset.

The Deferred tax account is used solely for reversing timing difference as and when crystalized

(f) **Provisions, Contingent Liabilities and Contingent Assets:**

A provision is recognized when the Company has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provision are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

(g) **Revenue Recognition:**

Revenue is recognized to the extent that is probable that the economic benefit will flow to the Company and revenue can be reliably measured.

Interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

(h) **Borrowing Cost:**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Capitalization of borrowing cost is suspended during the extended period in which active development is interrupted.

(i) **Taxation:**

i. Tax expense comprises of current and deferred tax. Current Tax is determined at the amount of tax payable in respect of taxable income for the period as per Income-Tax Act, 1961, based on the enacted Tax Regulations. Deferred Tax Assets and Liabilities are recognized for the future tax consequences of timing differences between the book profit and tax profit. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty, except for carried forward losses and unabsorbed depreciation which is recognized based on virtual certainty, that the assets will be realized in future. Deferred Tax Assets and Liabilities are measured using substantively enacted tax rates. The effect on Deferred Tax Assets and Liabilities of a change in tax rates is recognized in the Statement of Profit & Loss in the period of substantive enactment of the change. Deferred tax assets are reviewed as at each balance sheet date and are appropriately adjusted to reflect the amount that is reasonably or virtually certain to be realized.

(j) **Earnings Per Share:**

Earnings per share is calculated by dividing the net profit or loss after tax for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is calculated by dividing the net profit or loss after tax for the year attributable to the equity shareholders of the Company by weighted average number of equity shares determined by assuming conversion on exercise of conversion rights for all potential dilutive equity shares.

(k) **Cash and cash equivalents**

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

2. **Scheme of Amalgamation**

- (a) "Pursuant to the Scheme of Amalgamation of Nishta Mall Management Company Private Limited and Genuine Asset Operators Private Limited ("Transferor Company No.1") and Ritsika Business Ventures Private Limited ("Transferor Company No. 2") with the Company ("the Scheme") under Sections 230 to 232 of the Companies Act, 2013, Transferor Companies shall get amalgamated with the Company with effect from the Appointed Date (as defined in the Scheme) i.e. 1st January, 2018. The said scheme has been approved vide order dated 27-09-2018 by Hon'ble National Company Law Tribunal, Mumbai Bench ('NCLT'). The Scheme shall be made effective upon filing of the orders of the NCLT with the Registrar of Companies.
- (b) Pursuant to the Scheme, all the assets and liabilities of the Transferor Companies as on the Appointed Date have been transferred to and vested in the Company. As a consideration for the merger of the Transferor Companies shall issue 34,785 equity shares of INR 10/- each, fully paid up to the shareholders of Genuine Asset Operators Private Limited and Ritsika Business Ventures Private Limited as per the Scheme."
- (c) The Company has accounted for the amalgamation of Genuine Asset Operators Private Limited and Ritsika Business Ventures Private Limited in its books of account with effect from the appointed date as per AS 14.
- (d) In accordance with the Scheme; (a) All assets, liabilities and reserves in the books of Genuine Asset Operators Private Limited and Ritsika Business Ventures Private Limited has been transferred to the Company at their respective carrying values as on the Appointed Date. (b) The excess, in the value of net assets and reserves to be vested in the Company, has been credited to the 'Capital Reserve Account'.

**Related Party Disclosure**  
 As per accounting standard 18 Related Party Disclosure issued by the institute of Chartered Accountant of India. The company has entered in the normal course of business with the related parties as per details below.  
 Note : Related Party Relationship is identified by the management of the company and relied upon by the auditors.

Name of Related Parties	Relationship	Nature of Transaction	Amount
Anil Laxminarayan Biyani	Director	NIL	NIL
Alok B Tiwary	Director	NIL	NIL

**NOTE : 2.21**  
**Segment Reporting**  
 The Company is exclusively engaged in providing business center services during the year. The business segment constitutes one single primary segment in the context of Accounting Standard 17 on Segmental Reporting issued by the Institute of Chartered Accountants of India. There are no geographical reportable segments since the Company provides business centre services in the Indian market only and does not distinguish any reportable regions within India.

**NOTE : 2.22**  
**Deferred Taxation:**  
 The company has not recognised any deferred tax assets following the concept of prudence.

**NOTE : 2.23**  
**Micro and Small Enterprises**  
 There are no Sundry creditors as on Balance sheet date that are duly registered under Micro and Small Enterprises in view of Section 22 of the MSMEDA Act 2006.

**NOTE : 2.24**

In the opinion of the Board, current assets, loans and advances have a value of at least equal to the amounts shown in the Balance Sheet, if realised in the ordinary course of the business. The provision for all the known liabilities is adequate and not in excess of the amount reasonably necessary.

**NOTE : 2.25**

The Company has considered the possible effect that may result from the pandemic relating to covid-19 on the carrying amounts of receivables and other current assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as of the date of approval of these financial statements has used internal information and based on the current estimates, the company expects that the carrying amount of the receivables and other current assets will be recovered. The impact of covid-19 on the company's financial statements may differ from that estimated as at the date of approval of these financial statements.

**NOTE : 2.26**

Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.

**Independent Auditor's Report**

To  
The Members of  
**Ojas Tradelease & Mall Management Private Limited,**

**Report on the Financial Statements**

**Qualified Opinion**

We have audited the accompanying financial statements of **Ojas Tradelease & Mall Management Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss for the year, the Cash Flow Statement for the year ended, and a summary of significant accounting policies and other explanatory information.

**Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances,

## SIGMAC & CO

Chartered Accountants

---

but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

### **Basis for Qualified Opinion**

1. Attention is invited to note no 1 to the Notes regarding the financial statements being prepared on a going concern basis, notwithstanding the fact that the Company's net worth is eroded (Negative Net worth as at March 31, 2020 Rs. 1,73,50,19,674/- lacs)
2. Refer note no. 10 regarding Non current investment of Rs. 94,55,16,000/- to 2 companies, net worth of one of the company to whom investment made of Rs 18,04,66,000/- have been eroded significantly, investment value has been reduced to that extend.
3. Refer note no. 9 regarding Long term loans and advances given of Rs. 54,79,66,296/- are subject confirmation and reconciliation.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in paragraphs 1 to 4 of the Basis for Qualified Opinion paragraph, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2020;
- b) in the case of the Statement of Profit and Loss, of the **Loss** for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

### **Report on Other Legal and Regulatory Requirements:**

1. Statement required, on matters specified in paragraph 3 and 4 of the Companies (Auditor's Report) Order, 2017 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:-
  - a. We have sought and, except for the matters described in the Basis for Qualified Opinion paragraph, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b. Except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

**S I G M A C & C O**  
**Chartered Accountants**

---

- c. The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- e. The matter described in the Basis for Qualified Opinion paragraph above, in our opinion, may have an adverse effect on the functioning of the Company and going concern;
- f. On the basis of written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act;
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i) The Company does not have any pending litigations which would impact its financial position;
  - ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

**“Annexure A” to the Independent Auditor’s Report on the Standalone Financial Statements of Ojas Tradelease & Mall Management Private Limited:**

Referred to in paragraph 1 under the heading ‘Report on Other Legal & Regulatory Requirement’ of our report of even date to the financial statements of the Company for the year ended March 31, 2020:

- i)
  - a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
  - b) The Fixed Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed asset has been physically verified by the management during the year and no material discrepancies between the books records and the physical fixed assets have been noticed;
  - c) The title deeds of immovable properties are held in the name of the company.
- ii) The Company does not have any physical inventory. Accordingly, the provisions of clause 3 (ii) (a) and (b) of the Order are not applicable to the Company and hence not commented upon.
- iii) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (c) of the Order are not applicable to the Company and hence not commented upon.
- iv) In our opinion and according to the information and explanations given to us, provisions of section 185 and 186 of the Companies Act, 2013 in respect of loans, investments, guarantees, and security are subject to compliance.
- v) The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- vi) As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the company.

**S I G M A C & C O**  
**Chartered Accountants**

---

vii)

a) According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company has been generally

regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, Value added Tax, Cess and any other statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2019 for a period of more than six months from the date on when they become payable.

b) According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, value added tax outstanding on account of any dispute except income tax Demand of Rs. **1714.86** lakh pending before CIT and Service tax Demand of Rs. **186.53 lakh**.

viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of dues to banks. The Company has not taken any loan either from financial institutions or from the government and has not issued any debentures.

ix) Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term Loans. Accordingly, the provisions of clause 3 (ix) of the Order are not applicable to the Company and hence not commented upon.

x) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year.

xi) The Company being a private limited company the provisions of section 197 read with Schedule V of the Companies Act, 2013 regarding managerial remuneration are not applicable to it. Accordingly, the provisions of clause 3(xi) of the Order are not applicable to the Company.

xii) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 4 (xii) of the Order are not applicable to the Company.

xiii) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.

xiv) Based upon the audit procedures performed and the information and explanations

**S I G M A C & C O**  
**Chartered Accountants**

---

given by the management, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of clause 3 (xiv) of the Order are not applicable to the Company and hence not commented upon.

- xv) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.
- xvi) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company and hence not commented upon.
-

## NOTES FORMING PART OF THE FINANCIAL STATEMENT

### I Significant Accounting Policies

#### A General

The financial statements of the company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention.

#### B Use of Estimates

Preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in differences between the actual results and estimates which are recognised in future period.

#### C Tangible Fixed Assets

Tangible fixed assets are stated at cost, less accumulated depreciation and impairment loss, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Depreciation is provided pro rata for the period of use on straight line basis as per the useful life of the assets prescribed under Schedule II of the Companies Act, 2013.

#### D Income Taxes

Tax expense includes provision for current tax and deferred tax. Provision for current tax is made on the basis of estimated taxable income for the current accounting year in accordance with the provisions of the Income Tax Act, 1961. Deferred tax resulting from "timing difference" between taxable and accounting income is accounted for using the tax rates and laws that are enacted as at the Balance Sheet date. Deferred tax assets arising from timing differences, are recognised to the extent there is reasonable / virtual certainty that these would be realized in future and are reviewed for the appropriateness of their respective carrying values at each balance sheet date.

Minimum Alternative Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in the guidance note issued by Institute of Chartered Accountants of India ('ICAI'), the said asset is created by way of a credit to the Statement of Profit and Loss. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

The deferred tax for timing differences between the book and tax profits for the year are accounted based on tax rates in force and tax laws that have been enacted or substantively enacted as of the balance sheet date. Deferred tax assets arising from timing differences, are recognised to the extent there is reasonable / virtual certainty that these would be realized in future and are reviewed for the appropriateness of their respective carrying values at each balance sheet date.

#### E Operating Cycle:

Assets and Liabilities have been classified in to current and Non-Current based on the Operating Cycle.

#### F Revenue Recognition:

- (i) Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Sales are recognised when significant risk and rewards of ownership of the goods have passed to the buyer which coincides with delivery and are recorded net of trade discounts VAT /GST.
- (ii) Revenue from services are recognised as they are rendered based on agreements/arrangements with the concerned parties and recognised net of GST.
- (iii) Interest income is recognised on time proportion basis taking into account the amount outstanding and the applicable rate.

#### G Provisions, Contingent Liabilities, Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognised, but are disclosed in the notes. Contingent Assets are neither recognised nor disclosed in the financial statements.

#### H Leases

Lease where the lessor effectively retains substantially all the risk and rewards of ownership of the leased term are classified as operating leases.

#### I Borrowing Costs

Borrowing costs, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use, are capitalized as part of the cost of the respective asset. All other borrowing costs are charged in the period they occur in the Statement of Profit and Loss.

#### J Merger Treatment

Under the pooling of interests method, the assets, liabilities and reserves of the transferor company are recorded by the transferee company at their existing carrying amounts and difference if any is transferred to capital reserve account

## Independent Auditor's Report

To the Members of M/s. PRECISION REALTY DEVELOPERS PRIVATE LIMITED

Report on the Standalone Financial Statements

### Opinion

We have audited the standalone financial statements of M/s. PRECISION REALTY DEVELOPERS PRIVATE LIMITED ("the Company"), which comprise the balance sheet as at 31st March 2020, and the statement of Profit and Loss, (statement of changes in equity) and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and profit/loss, (changes in equity) and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## Management's Responsibility for the Standalone Financial Statements

---

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

---

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

## Other Matter

---

Nil

## Report on Other Legal and Regulatory Requirements

---

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of accounts.

- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) Report on the Internal Financial Controls under Clause (1) of Sub-section 3 of section 143 of the companies Act, 2013 ("the Act") is Not applicable to Company.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: NIL
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

The Company does not have any pending litigations which would impact its financial position.

- i) The Company did not have any Long-term contracts including derivatives contracts for which there were any material foreseeable losses.
- ii) There is no amount required to be transferred, to the Investor Education and Protection Fund by the company

## ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

The annexure referred to in our Independent Auditor's Report to the member of M/s PRECISION REALTY DEVELOPERS PRIVATE LIMITED for the year ended March 31st, March 2020.

- 1) In respect of the Company's fixed assets:
  - a. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
  - b. The Fixed Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed asset has been physically verified by the management during the year and no material discrepancies between the books records and the physical fixed assets have been noticed.
  - c. The title deeds of immovable properties are held in the name of the company.
- 2) Since no inventories are maintained by the company the said clause is not applicable.
- 3) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (c) of the Order are not applicable to the Company and hence not commented upon.
- 4) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013; In respect of loans, investments, guarantees, and security.
- 5) The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- 6) As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the company.

- 7) According to information and explanations given to us and on the basis of our examination of the books of account, and records:
- a. the Company has been generally regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, Value added Tax, Cess and any other statutory dues with the appropriate authorities.
  - b. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2019 for a period of more than six months from the date on when they become payable.
  - c. According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, value added tax outstanding on account of any dispute.
- 8) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of dues to banks or financial institution.
- 9) Based upon the audit procedures performed and the information and explanations given by the management, the company has raised moneys by way of term Loans. The amount so raised has been utilized as per the purpose mentioned in sanction letter.
- 10) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year.
- 11) Based upon the audit procedures performed and the information and explanations given by the management, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act;
- 12) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 4 (xii) of the Order are not applicable to the Company.
- 13) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- 14) Based upon the audit procedures performed and the information and explanations given by the management, the company has not made preferential allotment of shares during the year under review Accordingly, the provisions of clause 3 (xiv) of the Order are not applicable to the Company and hence not commented upon.
- 15) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.

- 16) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company and hence not commented upon.

## **ANNEXURE B TO THE AUDITOR'S REPORT**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s PRECISION REALTY DEVELOPERS PRIVATE LIMITED (the Company) as of 31<sup>st</sup> March 2020 in conjunction with our audit of the standalone financial statements of the company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conduct our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") and Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute Of Chartered Accountants Of India. Those Standards and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that Profit and Loss of the company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of Inherent Limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2020, based on internal control over financial reporting criteria established by the company considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by Institute of Chartered Accountants of India.

(Company Secretary)

1. Accounting Policies:

(a) Basis for Preparation of Financial Statements:

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared under the historical cost convention on an accrual basis. The accounting policies have been consistently applied by the Company.

(b) Use of Estimates:

The presentation of Financial Statements is in conformity with the generally accepted accounting principles (GAAP) requires the Management to make estimates and assumptions that affect the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between actual results and estimates are recognized in the period in which the results are known or materialize.

Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to the accounting estimates is recognized prospectively in the current and future periods.

(c) Investments:

(i) Recognition and Measurement

Investments that are intended to be held for more than a year, from the date of acquisition, are classified as long-term investments and are carried at cost. However, provision for diminution in value of investments is made to recognize a decline, other than temporary, in the value of the investments. Investments other than long-term investments being current investments are valued at cost or fair value whichever is lower, determined on an individual basis.

(ii) Presentation and Disclosure

Investments, which are readily realizable and intended to be held for not more than one year from balance sheet date, are classified as current investments. All other investments are classified as non-current investments.

(d) Capital Work-in-Progress

Expenditure during the construction/ pre-operative period is included under Capital Work-in-Progress and the same is allocated to the respective fixed assets on the completion of their construction.

Capital works in progress includes following costs :

-Land Cost

Pre-operative expenses prior to start commercial operation such as:

-Interest on borrowing cost

-Management Consultancy Fees

-Administrative Expenses

(e) Provision for Current and Deferred Tax

Provision for current tax is made after taking in to consideration benefits admissible under the provisions of the Income tax Act, 1961.

Deferred tax resulting from "Timing Difference" between Block and Taxable profit is accounted for using the tax rates & laws that have been enacted or substantively enacted on the balance sheet date. The Deferred tax assets is recognized and carried forward only to the extent that there is virtual certainty supported by convincing evidence that the asset will be realized in future.

Net outstanding balance in Deferred tax account is recognized as Deferred tax liabilities / asset.

The Deferred tax account is used solely for reversing timing difference as and when crystalized

(f) Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognized when the Company has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provision are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

(g) Revenue Recognition:

Revenue is recognized to the extent that is probable that the economic benefit will flow to the Company and revenue can be reliably measured.

Interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

(h) Borrowing Cost:

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Capitalization of borrowing cost is suspended during the extended period in which active development is interrupted.

(i) Taxation:

i. Tax expense comprises of current and deferred tax. Current Tax is determined at the amount of tax payable in respect of taxable income for the period as per Income-Tax Act, 1961, based on the enacted Tax Regulations.

Deferred Tax Assets and Liabilities are recognized for the future tax consequences of timing differences between the book profit and tax profit. Deferred tax assets are recognized and carried forward only to the extent that there is a

reasonable certainty, except for carried forward losses and unabsorbed depreciation which is recognized based on virtual certainty, that the assets will be realized in future. Deferred Tax Assets and Liabilities are measured using substantively enacted tax rates. The effect on Deferred Tax Assets and Liabilities of a change in tax rates is recognized in the Statement of Profit & Loss in the period of substantive enactment of the change. Deferred tax assets are reviewed as at each balance sheet date and are appropriately adjusted to reflect the amount that is reasonably or virtually certain to be realized.

(j) **Earnings Per Share:**

Earnings per share is calculated by dividing the net profit or loss after tax for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is calculated by dividing the net profit or loss after tax for the year attributable to the equity shareholders of the Company by weighted average number of equity shares determined by assuming conversion on exercise of conversion rights for all potential dilutive equity shares.

(k) **Cash and cash equivalents**

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

**2. Scheme of Amalgamation**

- (a) "Pursuant to the Scheme of Amalgamation of Precision Realty Developers Pvt Ltd and Kaa Vee Retail Infra Pvt Ltd (Transferor Company) with the Company ('the Scheme') under Sections 230 to 232 of the Companies Act, 2013, Transferor Companies shall get amalgamated with the Company with effect from the Appointed Date (as defined in the Scheme) i.e. 1st April, 2017. The said scheme has been approved vide order dated 08-05-2019 by Hon'ble National Company Law Tribunal, Mumbai Bench ('NCLT'). The Scheme shall be made effective upon filing of the orders of the NCLT with the Registrar of Companies. Pursuant to the Scheme of Amalgamation, the authorized share capital of the Company shall stand increased by INR 83,599,300 and revised authorized share capital of the Company shall be INR 33,35,99,300. The same shall be updated in the records of the Registrar of Companies upon approval of the requisite forms to be filed with the Registrar of Companies.
- (b) Pursuant to the Scheme, all the assets and liabilities of the Transferor Companies as on the Appointed Date have been transferred to and vested in the Company. As a consideration for the merger of the Transferor Companies shall issue 83,59,930 equity shares of INR 10/- each, fully paid up to the shareholders of Kaa Vee Retail Infra Pvt Ltd as per the Scheme."
- (c) The Company has accounted for the amalgamation of Kaa Vee Retail Infra Pvt Ltd in its books of account with effect from the appointed date as per AS 14.
- (d) In accordance with the Scheme; (a) All assets, liabilities and reserves in the books of Kaa Vee Retail Infra Pvt Ltd has been transferred to the Company at their respective carrying values as on the Appointed Date. (b) The excess, in the value of net assets and reserves to be vested in the Company, has been credited to the 'Capital Reserve Account'.

**Independent Auditor's Report**

**To the Members of M/s. Rivaaz Trade Ventures Private Limited**  
**Report on the audit of Financial Statements**

**Opinion**

We have audited the accompanying financial statements of **M/s. Rivaaz Trade Ventures Private Limited ("the Company")** which comprises the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss, (statement of changes in equity) and statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2020, and profit/loss, changes in equity and its Cash Flows for the year ended on that date.

**Basis of Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Information other than the Financial Statements and Auditor's Report thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### **Responsibility of Management for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls. However, as per notification number G.S.R. 583(E) dated 13th June 2017 issued by the Government of India, amending the notification number G.S.R. 464(E) dated 5th June 2015, reporting on adequate internal financial controls system in place and the operating effectiveness of such controls, is not applicable on private companies satisfying certain conditions. The Company is satisfying the conditions mentioned therein and hence such report is not applicable to the company.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c. The Balance Sheet, the Statement of Profit and Loss and its cash flows dealt with by this Report are in agreement with the books of account.
- d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e. On the basis of the written representations received from the directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

## **ANNEXURE-B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF RIVAAZ TRADE VENTURES PRIVATE LIMITED**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of RIVAAZ TRADE VENTURES PRIVATE LIMITED ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance

with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India

**NOTES FORMING PART OF THE FINANCIAL STATEMENT AS ON & FOR THE YEAR ENDED ON 31ST MARCH 2020**

**Note : 25**

1) The balances in accounts of certain trade receivables, trade payables and loan and advances given/ taken are subject to confirmation, and consequent reconciliations. Adjustments in this respect in the opinion of the management are not likely to be material and would be carried out as and when ascertained.

2) In the opinion of the management, current assets and current liabilities have a value on realisation in the ordinary course of business at the amount at which they are stated.

**Note : 26 Micro, Small and Medium Enterprises**

The Company did not have any transactions with Industrial undertakings registered under the Micro, Small and Medium Enterprises Development Act 2006, during the year ended March 31, 2020 and March 31, 2019 hence there are no amounts due to such undertakings. The identification of units is based on the management's knowledge of their status.

**Note : 27**

Contingent liabilities & commitments to the extent not provided for in the financials are Nil (PY: Nil).

**Note : 28**

Deferred taxes are recognized for all timing differences of the current year and unreversed timing differences of earlier years. Since there is no such transactions leading to timing difference during the current year as well as previous year, no deferred tax asset or liability as required by AS-22 "Accounting for Taxes on Income", issued by the ICAI, is recognized.

**Note : 29**

The previous year figures have been reclassified/regrouped wherever considered necessary to conform with current year's classification.

**RIVAAZ TRADE VENTURES PRIVATE LIMITED**  
**NOTES FORMING PART OF THE FINANCIAL STATEMENT AS ON & FOR THE YEAR ENDED ON 31ST MARCH 2020**

CIN. U74999MH2012PTC232339

**Note 1 Significant Accounting Policies**

**a Basis of Preparation of financial statements**

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014.

**b Use of Estimates:**

The presentation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affects the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of financial statements and reported amounts of revenue and expenses for that year. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively.

**c Revenue Recognition:**

- i Revenue from sales is recognised on dispatch of material and when risk and reward are transferred to the buyer.
- ii Dividend income is recognized when the Company's right to receive dividend is established.
- iii Revenue from sale of shares is recognised on the basis of broker's contract note.

**d Borrowing Cost**

Borrowing Costs attributable to acquisition and construction of qualifying assets are capitalised as a part of the cost of such asset up to the date when such asset is ready for its intended use. Other borrowing costs are charged to the statement of Profit and Loss.

**e Accounting for Provisions and Contingent Liabilities**

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

**f Employee Benefits**

The Statutory enactments relating to payment of Provident Fund, ESIC and Gratuity to employees are not applicable to the company. The company does not have any scheme for retirement benefits for its employee and as such no provision towards retirement benefits to employees is considered necessary.

**g Inventories**

Inventories are valued at cost or net realizable value whichever is lower. Cost of inventories comprises of all cost of purchases and other cost incurred in bringing the inventories to their present location and condition.

**h Taxes on Income**

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax resulting from timing difference between taxable incomes and accounting income is accounted for using the tax rates and laws that have been enacted or substantially enacted as on the balance sheet date. The deferred tax asset is recognized and carried forward only to the extent that there is a reasonable certainty that the assets will be realized in future.

Minimum Alternate Tax (MAT) paid in a year is charged to the statement of Profit & Loss as Current Tax. The company recognizes MAT credit available as an Asset only to the extent there is convincing evidence that the company will pay normal Income Tax during the specified period i.e. the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an Asset in accordance with the Guidance note on Accounting for credit available in respect of Minimum Alternate Tax under the Income Tax Act, 1961, the said Asset is created by way of credit to the statement of Profit & loss & shown as "MAT Credit Entitlement". The company reviews the "MAT Credit Entitlement" asset at each reporting date & writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the sufficient period.

**i Investments**

Investments that are readily realized and intended to be held for not more than a year are classified as current investment. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

**j Contingent Liability**

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized, but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

**Independent Auditors' Report**

To the Members of  
**Syntex Trading & Agency Private Limited**

**Report on the audit of Financial Statements**

We have audited the accompanying financial statements of **Syntex Trading & Agency Private Limited (BESPL)** ("the Company") which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement for the year then ended, Statement of changes in equity for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statement").

**Management's Responsibility for the financial statements**

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Companies Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provision of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making

those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on financial statements.

### **Opinion**

In our opinion and to the best of information and according to the explanation given to us, financial statements give the information required by the Act in the manner so required and give true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of company as at March 31, 2020, its profit and its cash flow and changes in equity for the year ended on that date.

### **Report on Other Legal and Regulatory Requirements.**

1. As required by the Companies ( Auditor's Report ) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
  - c. The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
  - d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.
  - e. On the basis of written representations received from the Directors as on March 31, 2020, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020, from being appointed as a director in terms of Section 164 (2) of the Act.
  - f. With respect to the adequacy of Internal financial controls over financial reporting of the company and the operating effectiveness of such control, refer to our separate report in "Annexure B" and

g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanation given to us:

- i. The Company does not have any pending litigations which would impact its financial position in its financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts, which were required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. The company has provided requisite disclosures in its financial statements as to holdings and these are in accordance with the books of accounts maintained by the company.

## Annexure - A to the Auditors' Report

The Annexure referred to in Independent Auditors' Report to the members of the **Syntex Trading & Agency Private Limited** on financial statements for the year ended March 31, 2020, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.  
  
(b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner over a period of years. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.  
  
(c) According to the information provided to us, the company does not own any immovable property.
- (ii) The company is dealing with IT Support services, hence company did not have inventory. Thus company paragraph 3(ii) of the order is not applicable.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore paragraph 3(iii) of the Order is not applicable.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans and investments made.
- (v) The Company has not accepted any deposits from the public. Thus para 3(v) of the Order is not applicable to the company.
- (vi) To the best of our knowledge and as explained, the Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any of the products of the Company.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues material statutory dues (to the extent applicable), have been regularly deposited during the year by the company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of income tax, service tax, cess and other material statutory dues were in arrears as at 31 March 2018 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues of income tax, Sales tax which have not been deposited on account of dispute.

- (viii) Based on our audit procedures and on the basis of information and explanation given by the management, we are of the opinion that the company has not defaulted in repayment of loans or borrowings from any financial institution, banks, government and debenture holders during the year.
- (ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Therefore, paragraph 3 (ix) of the Order is not applicable.
- (x) To the best of our knowledge and belief and according to the information and explanations given to us, no fraud by the Company was noticed or reported during the year, although there were some instances of fraud on the Company noticed by the Management, the amounts whereof were not material in the context of the size of the Company and the nature of its business and the amounts were adequately provided for.
- (xi) According to the information and explanations given to us and based on our examination of the records of the company, no excess managerial remuneration has been paid/ provided during the year.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Therefore, paragraph 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations give to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in financial statements as required by the applicable accounting standards.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any private placement of optionally convertible debentures during the year.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Therefore, paragraph 3(xv) of the Order is not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

## **Annexure - B to the Auditors' Report**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Syntex Trading & Agency Private Limited** ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

### NOTE A:- SIGNIFICANT ACCOUNTING POLICIES

#### A-1 General

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under section 133 of the Companies Act, 2013 read together with the paragraph 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year except as specifically stated otherwise.

#### A-2 Taxes on Income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Deferred tax resulting from timing difference between taxable incomes and accounting income is accounted for using the tax rates and laws that have been enacted or substantially enacted as on the balance sheet date. The deferred tax asset is recognized and carried forward only to the extent that there is a reasonable certainty that the assets will be realized in future.

Minimum Alternative Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in the guidance note issued by Institute of Chartered Accountants of India ('ICAI'), the said asset is created by way of a credit to the Statement of Profit and Loss. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

#### A-3 Use of Estimate

Preparation of financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in differences between the actual results and estimates which are recognized in future period.

#### A-4 Provisions and Contingent Liabilities

A provision is recognized if, as a result of a past event, the Company has a present legal obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

#### A-5 Earning Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

#### A-6 Investments

Long-term investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments.

#### A-8 Revenue Recognition

Sales are recorded net of sales return, trade discounts, Sales Tax and VAT. Revenue from sale of goods is recognized when significant risk and rewards of ownership are transferred to the customers. Revenue from interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. Dividend income is recognized when the Company's right to receive dividend is established.

#### A-9 Inventory

Stock is valued at cost or net realizable value whichever is lower. Cost includes purchase cost and direct expenses and indirect expenses incurred in bringing the inventories to their present location and condition. Purchase costs of trading goods are valued on FIFO basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

#### A-10 Borrowing Costs

Borrowing costs, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use, are capitalized as part of the cost of the respective asset. All other borrowing costs are charged in the period they occur in the Statement of Profit and Loss.

#### A-11 Leases

Lease where the lessor effectively retains substantially all the risk and rewards of ownership of the leased term are classified as operating leases.

#### A-12 Tangible Fixed Assets

Tangible fixed assets are stated at cost, less accumulated depreciation and impairment loss, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

**Note 2 - Share Capital**

## Independent Auditor's Report

To the Members of M/s. **TAQUITO LEASE OPERATORS PRIVATE LIMITED**

Report on the Standalone Financial Statements

### Opinion

We have audited the standalone financial statements of M/s. **TAQUITO LEASE OPERATORS PRIVATE LIMITED** ("the Company"), which comprise the balance sheet as at 31st March 2020, and the statement of Profit and Loss, (statement of changes in equity) and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and profit/loss, (changes in equity) and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters except;

### Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and

detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

#### Other Matter

Nil

#### Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of accounts.
- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) Report on the Internal Financial Controls under Clause (1) of Sub-section 3 of section 143 of the companies Act, 2013 ("the Act") is Not applicable to Company.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

NIL

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

The Company does not have any pending litigations which would impact its financial position.

- i) The Company did not have any Long-term contracts including derivatives contracts for which there were any material foreseeable losses.
- ii) There is no amount required to be transferred, to the Investor Education and Protection Fund by the company

## ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

The annexure referred to in our Independent Auditor's Report to the member of TAQUITO LEASE OPERATORS PRIVATE LIMITED for the year ended march 31<sup>st</sup>, March 2020.

- 1)
  - a. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
  - b. The Fixed Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed asset has been physically verified by the management during the year and no material discrepancies between the books records and the physical fixed assets have been noticed.
  - c. The title deeds of immovable properties are held in the name of the company.
- 2)
  - a. Since the company does not have any inventory the said clause is not applicable.
- 3)
  - a. The terms and conditions of the grant of such loan are not prejudicial to the company's interest.
  - b. The schedule of repayment of principal and payment of interest has been stipulated and the repayments and receipts are regular.
  - c. No amount is overdue for more than 90 days.
- 4) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013; In respect of loans, investments, guarantees, and security.
- 5) The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- 6) As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the company.

- 7)
- a. According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company has been generally regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, Value added Tax, Cess and any other statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2020 for a period of more than six months from the date on when they become payable.
  - b. According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, value added tax outstanding on account of any dispute.
- 8) In our opinion and according to the information and explanations given to us, the Company has availed loans from body corporates. However, the Company has not defaulted in the repayment of dues to body corporates.
- 9) Based upon the audit procedures performed and the information and explanations given by the management, the company has raised moneys by way of Non- Convertible Debentures - Punjab National bank. The NCDs is secured by first charge by way of Hypothecation on Movable Fixed Assets of the company and Personal Guarantee of Directors of Lessee Company. Term Loans from Banks are Repayable as follows: Rs 191.25 Crores in FY 2023-24, Rs 63.75 Lakhs in FY 2024-25.
- 10) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year.
- 11) Based upon the audit procedures performed and the information and explanations given by the management, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act;
- 12) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 4 (xii) of the Order are not applicable to the Company.
- 13) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- 14) Based upon the audit procedures performed and the information and explanations given by the management, the company has made preferential allotment or private placement of shares during the year under review. The amount has been utilized for the purpose for which the funds were raised.

- 15) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.
- 16) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company and hence not commented upon.

## **ANNEXURE B TO THE AUDITOR'S REPORT**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s TAQUITO LEASE OPERATORS PRIVATE LIMITED (the Company) as of 31<sup>st</sup> March 2020 in conjunction with our audit of the standalone financial statements of the company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conduct our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") and Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute Of Chartered Accountants Of India. Those Standards and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that Profit and Loss of the company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of Inherent Limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2020, based on internal control over financial reporting criteria established by the company considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by Institute of Chartered Accountants of India.

TAQUITO LEASE OPERATORS PRIVATE LIMITED

[CIN - U70103MH2012PTC231662]

Notes forming part of the Financial Statements for the year ended 31st March 2020

**1 Overview of the Company**

Taquito Lease Operators Private Limited is a Private incorporated on 30 May 2012. It is classified as Non-govt company and is registered at Registrar of Companies, Mumbai. It is involved in Real estate activities with own or leased property.

**2 Significant Accounting Policies**

**a. Basis of Preparation**

**i. Compliance with Ind AS**

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are prepared as per Ind AS for the financial year ended 31-03-2020 and comparable statement of previous year ended 31-03-2019 has been drawn as per Ind AS

**ii. Historical cost convention**

The financial statements have been prepared on a historical cost basis, except certain financial assets and liabilities that is measured at fair value.

**iii. Use of Estimates**

The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumption. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statements and reported amounts of revenue and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note no. 1 (II). Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate change in estimates are made as management become aware of change in circumstances surrounding the estimates. Change in estimates are reflected in the financial statements in the period in which changes are made and if material, their effect are disclosed in the notes to the financial statements.

**b. Significant Accounting Policies**

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all the periods presented in the financial statements.

**i. Revenue recognition**

Revenue from services rendered is recognized as the service is performed based on agreements/ arrangement with concerned parties. The Company recognizes revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Company's activities as described below. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

**ii. Impairment of Assets**

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables

**iii. Provisions, contingent Liability and Contingent Assets**

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable ("more likely than not") that it is required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the estimated cash flows to settle the present obligation, its carrying amount is the present value of those cash flows. The discount rate used is a pre-tax rate that reflects current market assessments of the time value of money in that jurisdiction and the risks specific to the liability.

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognised because it is not possible that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Company discloses the existence of contingent liabilities in Notes to Financial Statements.

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognised though are disclosed, where an inflow of economic benefits is probable.

**iv. Trade receivable**

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. If the receivable is expected to be collected within a period of 12 months or less from the reporting date (or in the normal operating cycle of the business, if longer), they are classified as current assets otherwise as non-current assets.

**v. Financial Instruments**

All financial assets are recognised on trade date when the purchase of a financial asset is under a contract whose term requires delivery of the financial asset within the timeframe established by the market concerned. Financial assets are initially measured at fair value, plus transaction costs, except for those financial assets which are classified as at fair value through profit or loss (FVTPL) at inception. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value.

**vi. Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less. For the purposes of the Cash Flow Statement, cash and cash equivalents is as defined above, net of outstanding bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

**vii. Borrowings**

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses). Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

**viii. Trade and other payables:**

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

**ix. Borrowing cost**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Transaction costs in respect of long-term borrowings are amortised over the tenor of respective loans using effective interest method. All other borrowing costs are expensed in the period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings on qualifying assets is deducted from the borrowing costs eligible for capitalization.

**x. Income Taxes**

**Current tax**

Income tax expenses is recognized in the statement of profit and loss except to the extent that it relates to item recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current period and prior period is recognized at the amount of expected to be paid or recovered from tax authorities, using the tax rate and tax laws that have been enacted or substantively enacted by the Balance sheet date.

Minimum Alternative Tax (MAT) is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

**Deferred tax**

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax base of assets and liabilities and their carrying amount in the financial statements. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realised in future, however where there is unabsorbed depreciation or carry forward losses, deferred tax asset are recognized only if there is virtual certainty of realisation of such assets. Deferred tax asset are reviewed at each balance sheet date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

**xi. Earning per equity shares**

Basic earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares during the period is adjusted for events including bonus issue, bonus element in right issue to existing shareholders, share split, and reverse share split (consolidation of shares), if any. For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of equity shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

**xii. Investment Properties**

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Land is carried at cost. Investment properties are depreciated using the straight-line method over their estimated useful lives.

**xiii. Segment Reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

**xiv. Property, plant and equipment**

All items of property, plant and equipment are stated at historical cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as separate assets, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

**Depreciation & Amortization**

Depreciation on Fixed Assets is provided to the extent of depreciable amount on Residual value Method, based on internal assessment and independent technical evaluation done by the Management expert which are equal to life prescribed under Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets.

Gains and losses on disposals are determined by comparing net disposal proceeds with carrying amount of the asset. These are included in profit or loss within other income. Assets costing less than or equal to Rs. 5,000 are fully depreciated pro-rata from date of acquisition.

**xv. Rounding of amounts**

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

**TAQUITTO LEASE OPERATORS PRIVATE LIMITED**  
[CIN - U70103MH2012PTC231662]

Notes forming part of the Financial Statements for the year ended 31st March 2020

**16 Fair value measurements**

**a. Financial instruments by category**

	31-Mar-20 Amortisedcost	31-Mar-19 Amortisedcost
<b>Financial assets</b>		
Trade receivables	18.02	2,770.19
Cash and cash equivalents	1.96	308.53
Inventory	-	-
Other Current assets	8.05	-
<b>Total financial assets</b>	<b>28.04</b>	<b>3,078.72</b>
<b>Financial liabilities</b>		
Other Current Liabilities	1.10	26.72
Trade payables	11,192.43	17,292.32
<b>Total financial liabilities</b>	<b>11,193.54</b>	<b>17,319.03</b>

**b. Fair value hierarchy**

No financial instruments are recognised and measured at fair value for which fair values are determined using the judgements and estimates.

During the year there are no financial instruments which are measured at Level 1 and Level 2 category.

The fair value of financial instruments referred above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The categories used are as follows :

Level 1: This hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between the levels during the year.

**Valuation processes :**

For level 3 financial instruments the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

The carrying amounts of all financial assets and liabilities are considered to be the same as their fair values.

**TAQUITO LEASE OPERATORS PRIVATE LIMITED**

[CIN - U70103MH2012PTC231662]

Notes forming part of the Financial Statements for the year ended 31st March 2020

**17 Financial risk management**

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Company's senior management has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company has constituted a Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The key risks and mitigating actions are also placed before the Audit Committee of the Company. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

**a. Management of Liquidity Risk:**

Liquidity risk is the risk that the company will face in meeting its obligations associated with its financial liabilities. The company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions. A material and sustained shortfall in our cash flow could undermine the company's credit rating and impair investor confidence.

The following table shows the maturity analysis of the company's financial liabilities based on contractually agreed undiscounted cash flows as at the balancesheet date:

Particulars	Less than 1 year	1 to 5 years	More than 5 years	Total	Carrying Amount
Borrowings		25,244.95	-	25,244.95	25,244.95
Trade payable	11,192	-	-	11,192.43	11,192.43

**b. Management of Market risks**

Market risks comprises of:

- price risk; and
- interest rate risk

The company does not designate any fixed rate financial assets as fair value through profit and loss nor at fair value through OCI. Therefore company is not exposed to any interest rate risks. Similarly company does not have any financial instrument which is exposed to change in price.

**c. Management of Credit Risks**

Credit risk is the risk of financial loss to the company if a customer or counter-party fails to meet its contractual obligations.

Trade receivables

Concentrations of credit risk with respect to trade receivables are limited, due to the company's customer base being large and diverse and also on account of member's deposits kept by the company as collateral which can be utilised in case of member default. All trade receivables are reviewed and assessed for default on a quarterly basis.

Our historical experience of collecting receivables, supported by the level of default, is that credit risk is low.

Company is not exposed to any other credit risks.

**d. Capital Management**

The company considers the following components of its Balance Sheet to be managed capital:

Total equity as shown in the balance sheet includes retained profit and share capital.

The company aim to manages its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The capital structure of the company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. company is not subject to financial covenants in any of its significant financing agreements.

The management monitors the return on capital as well as the level of dividends to shareholders.

## Independent Auditor's Report

To the Members of M/s. **UNIQUE MALLS PRIVATE LIMITED**

Report on the Standalone Financial Statements

### Opinion

We have audited the standalone financial statements of M/s. **UNIQUE MALLS PRIVATE LIMITED** ("the Company"), which comprise the balance sheet as at 31st March 2020, and the statement of Profit and Loss, (statement of changes in equity) and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and profit/loss, (changes in equity) and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters except;

## Management's Responsibility for the Standalone Financial Statements

---

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

---

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

## Other Matter

---

Nil

## Report on Other Legal and Regulatory Requirements

---

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of accounts.

- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) Report on the Internal Financial Controls under Clause (1) of Sub-section 3 of section 143 of the companies Act, 2013 ("the Act") is Not applicable to Company.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

NIL

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:  
The Company does not have any pending litigations which would impact its financial position.
- i) The Company did not have any Long-term contracts including derivatives contracts for which there were any material foreseeable losses.
- ii) There is no amount required to be transferred, to the Investor Education and Protection Fund by the company

## ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

The annexure referred to in our Independent Auditor's Report to the member of M/s UNIQUE MALLS PRIVATE LIMITED for the year ended march 31<sup>st</sup>, March 2020.

- 1)
  - a. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
  - b. The Fixed Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed asset has been physically verified by the management during the year and no material discrepancies between the books records and the physical fixed assets have been noticed.
  - c. The title deeds of immovable properties are held in the name of the company.
- 2)
  - a. Since the company does not have any inventory the said clause is not applicable.
- 3) The Company has granted loans, secured or unsecured to companies covered in the Register maintained under section 189 of the Act.
  - a. The terms and conditions of the grant of such loan are not prejudicial to the company's interest.
  - b. The schedule of repayment of principal and payment of interest has been stipulated and the repayments and receipts are regular.
  - c. No amount is overdue for more than 90 days.
- 4) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013; In respect of loans, investments, guarantees, and security.
- 5) The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- 6) As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the company.

7)

a. According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company has been generally regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, Value added Tax, Cess and any other statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2020 for a period of more than six months from the date on when they become payable.

b. According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, value added tax outstanding on account of any dispute.

8) In our opinion and according to the information and explanations given to us, the Company has availed loans from body corporates. However, the Company has not defaulted in the repayment of dues to body corporates.

9) Based upon the audit procedures performed and the information and explanations given by the management, the company has raised moneys by way of term Loans. The amount so raised has been utilized as per the purpose mentioned in sanction letter.

10) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year.

11) Based upon the audit procedures performed and the information and explanations given by the management, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act;

12) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 4 (xii) of the Order are not applicable to the Company.

13) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.

14) Based upon the audit procedures performed and the information and explanations given by the management, the company has made preferential allotment or private placement of shares during the year under review. The amount has been utilized for the purpose for which the funds were raised.

- 15) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.
- 16) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company and hence not commented upon.

## **ANNEXURE B TO THE AUDITOR'S REPORT**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s **TAQUITO LEASE OPERATORS PRIVATE LIMITED** (the Company) as of 31<sup>st</sup> March 2020 in conjunction with our audit of the standalone financial statements of the company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conduct our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") and Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute Of Chartered Accountants Of India. Those Standards and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that Profit and Loss of the company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of Inherent Limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

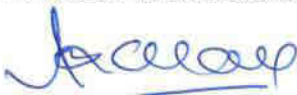

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2020, based on internal control over financial reporting criteria established by the company considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by Institute of Chartered Accountants of India.

UNIQUE MALLS PRIVATE LIMITED

Notes forming part of the Financial Statements for the year ended 31st March 2020

1 Significant Accounting Policies

a. Basis of Preparation

i. Compliance with Ind AS

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are prepared as per Ind AS for the financial year ended 31-03-2020 and comparable statement of previous year ended 31-03-2019 has been drawn as per Ind AS

ii. Historical cost convention

The financial statements have been prepared on a historical cost basis, except certain financial assets and liabilities that is measured at fair value.

iii. Use of Estimates

The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumption. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of financial statements and reported amounts of revenue and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note no. 1 (II). Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate change in estimates are made as management become aware of change in circumstances surrounding the estimates. Change in estimates are reflected in the financial statements in the period in which changes are made and if material, their effect are disclosed in the notes to the financial statements.

b. Significant Accounting Policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all the periods presented in the financial statements.

i. Revenue recognition

Revenue from services rendered is recognized as the service is performed based on agreements/ arrangement with concerned parties. The Company recognizes revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Company's activities as described below. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

ii. Impairment of Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables

iii. Provisions, contingent Liability and Contingent Assets

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable ("more likely than not") that it is required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the estimated cash flows to settle the present obligation, its carrying amount is the present value of those cash flows. The discount rate used is a pre-tax rate that reflects current market assessments of the time value of money in that jurisdiction and the risks specific to the liability.

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognised because it is not possible that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Company discloses the existence of contingent liabilities in Notes to Financial Statements.

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognised though are disclosed, where an inflow of economic benefits is probable.

iv. Trade receivable

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. If the receivable is expected to be collected within a period of 12 months or less from the reporting date (or in the normal operating cycle of the business, if longer), they are classified as current assets otherwise as non-current assets.

v. Financial Instruments

All financial assets are recognised on trade date when the purchase of a financial asset is under a contract whose term requires delivery of the financial asset within the timeframe established by the market concerned. Financial assets are initially measured at fair value, plus transaction costs, except for those financial assets which are classified as at fair value through profit or loss (FVTPL) at inception. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value.

**vi. Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less.

For the purposes of the Cash Flow Statement, cash and cash equivalents is as defined above, net of outstanding bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

**vii. Borrowings**

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/ (losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

**viii. Trade and other payables:**

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

**ix. Borrowing cost**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Transaction costs in respect of long-term borrowings are amortised over the tenor of respective loans using effective interest method. All other borrowing costs are expensed in the period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings on qualifying assets is deducted from the borrowing costs eligible for capitalization.

**x. Income Taxes**

**Current tax**

Income tax expenses is recognized in the statement of profit and loss except to the extent that it relates to item recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current period and prior period is recognized at the amount of expected to be paid or recovered from tax authorities, using the tax rate and tax laws that have been enacted or substantively enacted by the Balance sheet date.

Minimum Alternative Tax (MAT) is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

**Deferred tax**

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax base of assets and liabilities and their carrying amount in the financial statements. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realised in future, however where there is unabsorbed depreciation or carry forward losses, deferred tax asset are recognized only if there is virtual certainty of realisation of such assets. Deferred tax asset are reviewed at each balance sheet date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

**xi. Earning per equity shares**

Basic earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares during the period is adjusted for events including bonus issue, bonus element in right issue to existing shareholders, share split, and reverse share split (consolidation of shares), if any. For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of equity shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

**xii. Investment Properties**

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised. Land is carried at cost. Investment properties are depreciated using the straight-line method over their estimated useful lives.

**xiii. Segment Reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

**xiv. Property, plant and equipment**

All items of property, plant and equipment are stated at historical cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as separate assets, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

**Depreciation & Amortization**

Depreciation on Fixed Assets is provided to the extent of depreciable amount on Residual value Method, based on internal assessment and independent technical evaluation done by the Management expert which are equal to life prescribed under Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets.

Gains and losses on disposals are determined by comparing net disposal proceeds with carrying amount of the asset. These are included in profit or loss within other income. Assets costing less than or equal to Rs. 5,000 are fully depreciated pro-rata from date of acquisition.

**xv. Rounding of amounts**

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

Encl: as above

## NOTICE

Notice is hereby given that the Thirty-First Annual General Meeting (“**AGM**”) of the Company will be held at Rangaswar, Fourth Floor, Y. B. Chavan Centre, Gen. Jagannath Bhosale Marg, Mumbai – 400 021 on Tuesday, July 30, 2019 at 04:30 P.M. to transact the following business:

### ORDINARY BUSINESS:

1. To receive, consider and adopt the Standalone and Consolidated Audited Financial Statements of the Company for the Financial Year ended March 31, 2019 together with the reports of the Board of Directors and of Auditors thereon;
2. To appoint a Director in place of Mr. Vijay Biyani (DIN: 00005827), who retires by rotation and being eligible, offers himself for re-appointment;

### SPECIAL BUSINESS:

3. **Approval for payment of remuneration to Mr. Vijay Biyani, Managing Director of the Company in terms of regulation 17(6) (e) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.**

To consider and if thought fit, to pass, the following resolution as **Special Resolution**:

“**RESOLVED THAT** pursuant to regulation 17(6)(e) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time (“**Listing Regulations**”) and provisions of Sections 196, 197, 198 and other applicable provisions of the Companies Act, 2013 (“**the Act**”) and the rules made thereunder (including any statutory modification or re-enactment thereof) read with Schedule- V of the Act, consent of the Members of the Company be and is hereby accorded for payment of remuneration to Mr. Vijay Biyani (DIN: 00005827), Managing Director of the Company at such terms and conditions as approved by Members in their Annual General Meeting held on August 29, 2017 even if the annual remuneration payable to Mr. Vijay Biyani exceeds 2.5 per cent of the net profits of the Company or the aggregate annual remuneration to all Executive Directors exceeds 5 per cent of the net profits of the Company in any year during the remaining tenure of his appointment.”

**RESOLVED FURTHER THAT** all the existing terms and conditions of remuneration including salary, perquisites and commission as per special resolution passed in Annual General Meeting held on August 29, 2017 shall remain unchanged.

**RESOLVED FURTHER THAT** the approval of Members shall be valid only till the expiry of the existing term of Mr. Vijay Biyani, Managing Director of the Company.

**RESOLVED FURTHER THAT** the Board be and is hereby authorised to do and perform all such acts, deeds, matters or things as may be considered necessary, appropriate, expedient or desirable to give effect to above resolution.”

4. **Appointment of Mr. Haresh Chawla (DIN: 00029828) as a Director of the Company.**

To consider and if thought fit, to pass, the following resolution as an **Ordinary Resolution**:

“**RESOLVED THAT** pursuant to the provisions of Sections 149, 150 and 152 read with Schedule IV and other applicable provisions, if any, of the Companies Act, 2013 (“**the Act**”) and Companies (Appointment and Qualifications of Directors) Rules, 2014 (“**the Rules**”) (including any statutory modification(s), amendment(s), clarification(s), re-enactment(s) or substitution(s) thereof for the time being in force), Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (including any modification(s) thereof or supplement(s) thereto) (“**Listing Regulations**”) and subject to such other approvals, permissions and sanctions, as may be required, Mr. Haresh Chawla (DIN: 00029828), who was appointed as an Additional Director and designated as Independent Director of the Company by the Board of Directors at their Meeting held on March 28, 2019 and who holds office upto the date of ensuing AGM and in respect of whom the Company has received a Notice in writing under Section 160 of the Act from a Member proposing his candidature for the office of Director, the Consent of Members of the Company be and is hereby accorded to appoint Mr. Haresh Chawla as an Independent Director of the Company for a period of 5 (Five) years with effect from March 28, 2019 and who shall not be liable to retire by rotation.

**RESOLVED FURTHER THAT** anyone of the Directors or the Company Secretary of the Company be and is hereby authorised to do all such acts, matters, deeds and things as may be necessary, expedient or desirable to give effect to the above resolution including filing of necessary forms/returns with the Registrar of Companies, Ministry of Corporate Affairs and/or other regulatory authorities from time to time.”

5. **Re-appointment of Mr. V. K. Chopra (DIN: 02103940) as an Independent Director of the Company.**

To consider and if thought fit, to pass, the following resolution as **Special Resolution**:

**“RESOLVED THAT** pursuant to the provisions of Sections 149 and 152 read with Schedule IV and any other applicable provisions, if any, of the Companies Act, 2013 (**“the Act”**) and Companies (Appointment and Qualifications of Directors) Rules, 2014 (**“the Rules”**) (including any statutory modification(s), amendment(s), clarification(s), re-enactment(s) or substitution(s) thereof for the time being in force), Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (including any modification(s) thereof or supplement(s) thereto) (**“Listing Regulations”**) and subject to such other approvals, permissions and sanctions, as may be required and pursuant to recommendation of the Nomination and Remuneration Committee and as agreed to by the Board of Directors of the Company (hereinafter referred to as **“the Board”** which term shall deem to include the Nomination and Remuneration Committee or any other Committee constituted or to be constituted to exercise the powers including the powers conferred under this resolution) in their meeting held on June 24, 2019, the approval of the Members of the Company be and is hereby accorded for re-appointment of Mr. V. K. Chopra (DIN: 02103940) as an Independent Director of the Company whose current tenure is expiring on August 01, 2019 and in respect of whom the Company has received a notice in writing from a Member proposing his candidature for the office of Director pursuant to Section 160 of the Act and whose term shall not be subject to retirement by rotation and who shall hold office with effect from August 02, 2019 upto March 05, 2021.

**RESOLVED FURTHER THAT** anyone of the Directors or the Company Secretary of the Company be and is hereby authorised to do all such acts, matters, deeds and things as may be necessary, expedient or desirable to give effect to the above resolution including filing of necessary forms/returns with the Registrar of Companies, Ministry of Corporate Affairs and/or other regulatory authorities from time to time.”

6. **Re-appointment of Ms. Bala Despande (DIN: 00020130) as an Independent Director of the Company.**

To consider and if thought fit, to pass, the following resolution as **Special Resolution**:

**“RESOLVED THAT** pursuant to the provisions of Sections 149 and 152 read with Schedule IV and any other applicable provisions, if any, of the Companies Act, 2013 (**“the Act”**) and Companies (Appointment and Qualifications of Directors) Rules, 2014 (**“the Rules”**) (including any statutory modification(s), amendment(s), clarification(s), re-enactment(s) or substitution(s) thereof for the time being in force), Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (including any modification(s) thereof or supplement(s) thereto) (**“Listing Regulations”**) and subject to such other approvals, permissions and sanctions, as may be required and pursuant to recommendation of the Nomination and Remuneration Committee and as agreed to by the Board of Directors of the Company (hereinafter referred to as **“the Board”** which term shall deem to include the Nomination and Remuneration Committee or any other Committee constituted or to be constituted to exercise the powers including the powers conferred under this resolution) in their meeting held on June 24, 2019, the approval of the Members of the Company be and is hereby accorded for re-appointment of Ms. Bala Despande (DIN: 00020130) as an Independent Director of the Company whose current tenure is expiring on August 01, 2019 and in respect of whom the Company has received a notice in writing from a Member proposing his candidature for the office of Director pursuant to Section 160 of the Act and whose term shall not be subject to retirement by rotation and who shall hold office with effect from August 02, 2019 upto August 01, 2024.

**RESOLVED FURTHER THAT** anyone of the Directors or the Company Secretary of the Company be and is hereby authorised to do all such acts, matters, deeds and things as may be necessary, expedient or desirable to give effect to the above resolution including filing of necessary forms/returns with the Registrar of Companies, Ministry of Corporate Affairs and/or other regulatory authorities from time to time.”

7. **Re-appointment of Mr. Dinesh Maheshwari as Executive Director & Chief Financial Officer of the Company and payment of remuneration thereof**

To consider and if thought fit, to pass, the following resolution as a **Special Resolution**:

**“RESOLVED THAT** pursuant to provisions of Sections 196, 197, 198, 203 and any other applicable provisions of the Companies Act, 2013 (**“the Act”**) read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 (**“the Rules”**) and Schedule V to the Act (including any statutory modification(s), amendment(s), clarification(s), or re-enactment(s) or substitution(s) thereof for the time being in force), the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 including any modification(s) thereof or supplements thereto (**“Listing Regulations”**) and subject to the Articles of Association of the Company and subject to the approval of the Central Government, if required and such other approvals, permissions and sanctions, as may be required and subject to such conditions and modifications, as may be imposed or prescribed by any of the authorities while granting such approvals, permissions and sanctions and as recommended by Nomination and Remuneration Committee and agreed to by Board of Directors of the Company (hereinafter referred to as **“the Board”** which term shall deem to include the Nomination and Remuneration Committee or any other Committee constituted or to be constituted to exercise the powers including the powers conferred under this resolution), the consent of the Members of the Company be and is hereby accorded for re-

appointment of Mr. Dinesh Maheshwari (DIN: 00088451) as an Executive Director & Chief Financial Officer of the Company for a period of 3 (three) years with effect from May 04, 2019 at remuneration payable and on such terms and conditions as stipulated in the statement annexed to this Notice.

**RESOLVED FURTHER THAT** the stock options already granted to Mr. Dinesh Maheshwari in his capacity as Chief Financial Officer shall continue to remain granted and shall vest as per original vesting schedule or as amended by the Company for any Corporate Actions.

**RESOLVED FURTHER THAT** pursuant to the provisions of Section 197 of the Act read with Schedule V of the Act, where in any Financial Year during the currency of the tenure of the Executive Director & Chief Financial Officer, the Company has no profits or its profits are inadequate, the Company may pay to the Executive Director & Chief Financial Officer, the remuneration as mentioned in the Explanatory Statement, as the minimum remuneration for the aforesaid period, by way of salary, perquisites and other allowances and benefits and subject to receipt of the requisite approvals, if any.

**RESOLVED FURTHER THAT** the Board be and is hereby authorised to vary, amend, modify or revise from time to time the terms of remuneration specified above from time to time to the extent the Board of Directors may deem appropriate, provided that such variation or increase, as the case may be, is within the overall limits specified under the relevant provisions of the Act and/or any other competent authority.

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised to do all such acts, matters, deeds and things as may be necessary to give effect to the above resolution including filing of necessary forms with the Registrar of Companies, Ministry of Corporate Affairs, Mumbai, Maharashtra or with Central Government in connection with such appointment and payment of remuneration and to seek approvals and settle any questions, difficulties or doubts that may arise in this regard without further referring to the Members of the Company."

#### **8. Issue of Securities on Private Placement Basis.**

To consider and if thought fit, to pass, the following resolution as a **Special Resolution**:

**"RESOLVED THAT** pursuant to the provisions of Sections 42, 71 and other applicable provisions, if any, of the Companies Act, 2013 ("**the Act**") read with Companies (Prospectus and Allotment of Securities) Rules, 2014 and the Companies (Share Capital and Debentures) Rules, 2014 and such other rules made thereunder (including any statutory modification(s), amendment(s), clarification(s), or re-enactment(s) or substitution(s) thereof for the time being in force), the provisions of the Memorandum and Articles of Association of the Company, the Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 as amended, the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time ("**Listing Regulations**") and any other rules, regulations, guidelines, notifications, circulars and clarifications issued by the Government of India, Ministry of Corporate Affairs, Reserve Bank of India, Securities and Exchange Board of India ("**SEBI**") and subject to necessary approvals, permissions, sanctions and consents as may be required from any government and/or regulatory authorities including from BSE Limited and/or National Stock Exchange India Limited ("**Stock Exchange**") and subject to such approvals, permissions, sanctions and consents as may be necessary and on such terms and conditions (including any alterations, modifications, corrections, changes and variations, if any, that may be stipulated while granting such approvals, permissions, sanctions and consents as the case may be) by any regulatory authorities which may be agreed to and/or accepted by the Board of Directors of the Company (hereinafter referred to as "**Board**" which term shall be deemed to include any duly constituted/ to be constituted Committee of Directors thereof to exercise its powers including powers conferred under this resolution) and subject to any other alterations, modifications, conditions, corrections, changes and variations that may be decided by the Board in its absolute discretion, the approval of Members of the Company be and is hereby accorded to Board to create, offer, issue and allot at an appropriate time, in one or more tranches, the Secured/ Unsecured/ Redeemable Non-Convertible Debentures ("**NCDs**") including but not limited to subordinate debentures, bonds, and/or other debt securities on a private placement basis during the period of One (1) year from the date of passing of this Resolution by the Members, for an aggregate amount not exceeding ₹ 900 Crore (Rupees Nine Hundred Crore only) to such person(s), including one or more company(ies), bodies corporate(s), statutory corporations, commercial banks, trusts, lending agencies, financial institutions, insurance companies, mutual funds, pension/provident funds and individual as the case may be or such other person(s)/bodies corporate or organisation and on such terms and conditions as may be decided by the Board within the overall borrowing limits as approved by the Members from time to time and on such terms and conditions as the Board may, in its absolute discretion think fit and without requiring any further approval or consent from the Members in this connection.

**RESOLVED FURTHER THAT** the Board be and is hereby authorised to take all necessary actions and to do and perform all such acts, deeds, matters and things as the Board may, in its absolute discretion, deem necessary, desirable, incidental or expedient for such purpose, including without limitation to vary, modify or alter any of the relevant terms and conditions, size of the issue of any tranche within overall limit approved by Members, the class of investors or subscribers to whom NCDs proposed to be issued, time of issue, number and/or value of securities to be offered, issue price, tenor, interest rate, premium/discount and further authorised to finalise/modify any other related agreements, addendum, memoranda,

deeds, documents, writings, undertaking, guarantee, indemnity etc., to be executed and amendments/modifications thereto, provide any clarifications related to issue and allotment of NCDs, listing of NCDs on Stock Exchanges, making of application to relevant depository(ies) for admission of NCDs as appropriate and further authorised to register all such agreements, documents, instruments and writings as deemed necessary including providing of private placement offer letter, information memorandum, disclosure documents, signing of debenture subscription agreement, debenture trust deed and any other deeds, documents, writings as may be required in connection with the offering(s), issuance(s) and/or allotment of NCDs on a private placement basis (including documents in connection with appointment of agencies, intermediaries and advisors), utilisation of the issue proceeds and further to authorise all such persons as may be necessary in connection therewith and incidental thereto as the Board in its absolute discretion deem fit, with further power to settle all questions, difficulties or doubts that may arise in this regard, without being required to seek any further consent or approval of the Members or otherwise to the end and intent that they shall be deemed to have given their approval thereto expressly by the authority of this resolution and the decision of the Board shall be final and conclusive.

**RESOLVED FURTHER THAT** the Board be and is hereby authorised to delegate all or any of the powers herein conferred to any Committee of the Board or any Director(s) or Officer(s) or authorised signatory/ies of the Company and to generally do all such acts, deeds and things as may be required in connection with the aforesaid resolution including execution of any documents on behalf of the Company and to represent the Company before any governmental or regulatory authorities and to appoint/engage any registrar, depositories, professionals, advisors, bankers, consultants and advocates and to finalise their fees/charges and also to enter into and execute all such arrangements, agreements, memoranda, documents etc. with such agencies and further authorised to make requisite filing with concerned regulatory/government authorities/depository(ies), Stock Exchanges and/or any other regulatory authorities to give effect to this resolution and further to take all others steps which may be incidental, consequential, relevant or ancillary in this connection.

**RESOLVED FURTHER THAT** all action(s) taken by the Board or Committee(s) thereof or by any Director(s) or Officer(s) or any other authorised signatory/ies of the Company in connection with any matter(s) referred to or contemplated in any of the foregoing resolution be and are hereby approved, ratified and confirmed in all respects."

**9. Approval of Future Enterprises Limited Employee Stock Option Plan, 2019 and Grant of Employee Stock Options/Restricted Stock Units to the employees of the Company thereunder.**

To consider and if thought fit, to pass, the following resolution as a **Special Resolution**:

**"RESOLVED THAT** pursuant to the provisions of Section 62(1)(b) and all other applicable provisions, if any, of the Companies Act, 2013 (**"the Act"**) read with rules framed there under (including any statutory modification(s) or re-enactment(s) thereof for the time being in force), Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended from time to time (**"SEBI SBEB Regulations"**) and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time (**"Listing Regulations"**), the Memorandum and Articles of Association of the Company and subject to such other approvals, permissions and sanctions as may be necessary and subject to such conditions and modifications as may be prescribed or imposed while granting such approvals, permissions and sanctions which may be accepted by the Board of Directors of the Company (hereinafter referred to as the **"Board"** which term shall be deemed to include Nomination and Remuneration Committee and/or any other Committee constituted or to be constituted by the Board to exercise its powers including the powers conferred under this resolution), the approval and consent of the Members of the Company be and is hereby accorded respectively to introduce the Future Enterprises Limited Employee Stock Option Plan, 2019 (hereinafter referred to as the **"FEL ESOP 2019"/ "Plan"**) the salient features of which are provided in the statement annexed to this Notice and further to authorise the Board to create, offer and grant from time to time, in aggregate, upto 1,36,00,000 (One Crore Thirty Six Lakh) Employee Stock Options (**"ESOP"**)/ Restricted Stock Units (**"RSU"**) (collectively known as **"Stock Options"**) to the permanent employees whether working in or outside India including Directors of the Company whether whole time or not (excluding Promoter(s) or person belonging to the Promoter Group of the Company, Independent Directors and Directors holding directly or indirectly more than 10% of the outstanding equity shares of the Company) (hereinafter referred to as an **"Eligible Employee(s)"**) and as may be decided by the Board under the Plan which shall be exercisable into not more than 1,36,00,000 (One Crore Thirty Six Lakh) fully paid-up equity shares of the Company of face value of ₹ 2/- each (Rupees Two each) through Future Enterprises Limited Employee Welfare Trust (hereinafter referred to as **"Trust"**) set-up by the Company under FEL ESOP 2015 or directly through primary issuance by the Company, at such price or prices, in one or more tranches and on such terms and conditions, as may be determined by the Board in accordance with the provisions of the Plan, SEBI SBEB Regulations and in due compliance with other applicable laws and regulations.

**RESOLVED FURTHER THAT** all actions taken and/or incidental and ancillary things done by the Board in connection with above are hereby specifically approved and ratified.

**RESOLVED FURTHER THAT** the Board be and is hereby further authorised to issue and allot equity shares upon exercise of Stock Options from time to time in accordance with the Plan and such equity shares shall rank *pari passu* in all respects with the existing equity shares of the Company.

**RESOLVED FURTHER THAT** the number of Stock Options that may be granted to the Eligible Employee(s), in any financial year and in aggregate under the Plan shall be less than 1% of the issued equity share capital (excluding outstanding warrants and conversions) of the Company.

**RESOLVED FURTHER THAT** in case of occurrence of any corporate action(s) such as rights issues, bonus issues, change in capital structure, merger and/or sale of division/undertaking or any other re-organisation in the Company, if any additional equity shares are required to be issued by the Company to the Members ("**Additional Shares**"), the ceiling as aforesaid of 1,36,00,000 (One Crore Thirty Six Lakh) Stock Options and equity shares respectively to be issued and allotted shall be deemed to be increased in proportion of such Additional Shares issued to facilitate fair and reasonable adjustment.

**RESOLVED FURTHER THAT** in case the equity shares of the Company are either sub-divided or consolidated, then the number of shares to be allotted and the price of acquisition payable by the option grantees under the Plan shall automatically stand increased or reduced, as the case may be, in the same proportion as the present face value of ₹ 2/- (Rupees Two) per equity share bears to the revised face value of the equity shares of the Company after such sub-division or consolidation, without affecting any other rights or obligations of the Stock options grantees.

**RESOLVED FURTHER THAT** the Company shall conform to the accounting policies prescribed from time to time under the SEBI SBEB Regulations and any other applicable laws and regulations to the extent relevant and applicable to the FEL ESOP 2019.

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised to take necessary steps for listing of the equity shares allotted under the FEL ESOP 2019 on the Stock Exchanges, where the equity shares of the Company are listed as per the provisions of the Listing Regulations with the concerned Stock Exchanges and other applicable laws, guidelines, rules and regulations.

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised at any time to modify, change, vary, alter, amend, suspend or terminate the FEL ESOP 2019 subject to the compliance with the applicable laws and regulations and to do all such acts, deeds, matters and things as it may in its absolute discretion deem fit for such purpose and also to settle any issues, questions, difficulties or doubts that may arise in this regard without being required to seek any further consent or approval of the Members of the Company and further to execute all such documents, writings and to give such directions and/or instructions as may be necessary or expedient to give effect to such modification, change, variation, alteration, amendment, suspension or termination of the FEL ESOP 2019 and do all other things incidental and ancillary thereof.

**RESOLVED FURTHER THAT** the Board be and is hereby further authorised to do all such acts, deeds and things, as it may in its absolute discretion, deem necessary including authorising or directing the trust to appoint merchant bankers, brokers, solicitors, registrars, advertisement agency, compliance officer, investors service centre and other advisors, consultants or representatives, being incidental to the effective implementation and administration of FEL ESOP 2019 and also to submit applications to the appropriate authorities, parties and the institutions for their requisite approvals and to initiate all necessary actions for the preparation and issue of public announcement and filing of public announcement, if required, with the SEBI/Stock Exchange(s) and all other documents required to be filed in the above connection and to settle all such questions or difficulties whatsoever which may arise and take all such steps and decisions in this regard.

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised to nominate and appoint one or more persons to represent the Company for carrying out any or all of the activities that the Board is authorised to do for the purpose of giving effect to this resolution."

**10. Grant of Employee Stock Options/Restricted Stock Units to the employee of the Subsidiary Company(ies) of the Company under Future Enterprises Limited Employee Stock Option Plan, 2019.**

To consider and if thought fit, to pass, the following resolution as a **Special Resolution**:

**"RESOLVED THAT** pursuant to the provisions of Section 62(1)(b) and all other applicable provisions, if any, of the Companies Act, 2013 ("**the Act**") read with rules framed there under (including any statutory modification(s) or re-enactment(s) thereof for the time being in force), Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 as amended from time to time ("**SEBI SBEB Regulations**") and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time ("**Listing Regulations**") the Memorandum and Articles of Association of the Company and subject to such other approvals, permissions and sanctions as may be necessary and subject to such conditions and modifications as may be prescribed or imposed while granting such approvals, permissions and sanctions, which may be accepted by the Board of Directors of the Company (hereinafter referred to as the "**Board**" which term shall deem to include Nomination and Remuneration Committee and/or any other committee constituted or to be constituted by the Board to exercise its powers including the powers conferred under this resolution), the approval and consent of the Members of the Company be and is hereby accorded respectively to create, offer and grant from time to time 1,36,00,000 (One Crore Thirty Six Lakh) Employee Stock Options ("**ESOP**")/Restricted Stock Units ("**RSU**") (collectively known as "**Stock Options**"), within the overall ceiling of 1,36,00,000 (One Crore Thirty Six Lakh) equity shares under the Future Enterprise Limited Employee Stock Option Plan, 2019 (hereinafter referred to as the "**FEL ESOP 2019**") and the issue and allotment of which is placed before the Members for their approval under the resolution no 9 to the permanent employees whether working in or outside India including Directors of the Company, whether whole time or not (other than Promoter(s) or belonging to the Promoter Group of the Company, Independent Directors and Directors holding directly or indirectly more than 10% of the outstanding equity shares of the Company) of any existing and future subsidiary company(ies) of the Company whether in or outside India (hereinafter referred to as an "**Eligible Employee(s)**") and as may be decided solely by the Board under FEL ESOP 2019 and which shall be exercisable into not more than 1,36,00,000 (One

Crore Thirty Six Lakh) fully paid-up equity shares of the Company in aggregate of face value of ₹ 2/- (Rupees Two each), through Future Enterprises Limited Employee Welfare Trust (hereinafter referred to as "Trust") set-up by the Company under FEL ESOP 2015 or directly through primary issuance by the Company, at such price or prices, in one or more tranches and on such terms and conditions, as may be determined by the Board in accordance with the provisions of the Plan, SEBI SBEB Regulations and in due compliance with other applicable laws and regulations.

**RESOLVED FURTHER THAT** all actions taken and incidental and ancillary things done by the Board in connection with the above are hereby specifically approved and ratified.

**RESOLVED FURTHER THAT** the Board be and is hereby further authorised to issue and allot equity shares upon exercise of Stock Options from time to time in accordance with the Plan and such equity shares shall rank *pari passu* in all respects with the existing equity shares of the Company.

**RESOLVED FURTHER THAT** the number of Stock Options that may be granted to any Eligible Employee(s) of the subsidiary company(ies), in any financial year and in aggregate under the Plan shall be less than 1% of the issued equity share capital (excluding outstanding warrants and conversions) of the Company.

**RESOLVED FURTHER THAT** in case of occurrence of corporate action(s) such as rights issues, bonus issues, change in capital structure, merger and/or sale of division/undertaking or other re-organisation in the Company, if any additional equity shares are required to be issued by the Company to the Members ("**Additional Shares**"), the ceiling as aforesaid of 1,36,00,000 (One Crore Thirty Six Lakh) Stock Options and equity shares respectively to be issued and allotted shall be deemed to be increased in proportion of such Additional Shares issued to facilitate making a fair and reasonable adjustment.

**RESOLVED FURTHER THAT** in case the equity shares of the Company are either sub-divided or consolidated, then the number of shares to be allotted and the price of acquisition payable by the option grantees under the Plan shall automatically stand increased or reduced, as the case may be, in the same proportion as the present face value of ₹ 2/- (Rupees Two) per equity share bears to the revised face value of the equity shares of the Company after such sub-division or consolidation, without affecting any other rights or obligations of the option grantees.

**RESOLVED FURTHER THAT** the Company shall conform to the accounting policies prescribed from time to time under the SEBI SBEB Regulations and any other applicable laws and regulations to the extent relevant and applicable to the FEL ESOP 2019.

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised to take necessary steps for listing of the equity shares allotted under the FEL ESOP 2019 on the Stock Exchanges, where the equity shares of the Company are listed as per the provisions of the Listing Regulations with the concerned Stock Exchanges and other applicable laws, guidelines, rules and regulations.

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised at any time to modify, change, vary, alter, amend, suspend or terminate the FEL ESOP 2019 subject to the compliance with the applicable laws and regulations and to do all such acts, deeds, matters and things as it may in its absolute discretion deem fit, for such purpose and also to settle any issues, questions, difficulties or doubts that may arise in this regard without being required to seek any further consent or approval of the Members of the Company and further to execute all such documents, writings and to give such directions and/or instructions as may be necessary or expedient to give effect to such modification, change, variation, alteration, amendment, suspension or termination of the FEL ESOP 2019 and do all other things incidental and ancillary thereof.

**RESOLVED FURTHER THAT** the Board be and is hereby further authorised to do all such acts, deeds and things, as may be in its absolute discretion, deem necessary including authorizing or directing the Trust to appoint Merchant Bankers, Brokers, Solicitors, Registrars, Advertisement Agency, Compliance Officer, Investors Service Centre and other Advisors, Consultants or Representatives, being incidental to the effective implementation and administration of FEL ESOP 2019 and also to submit applications to the appropriate Authorities, Parties and the Institutions for their requisite approvals as also to initiate all necessary actions for the preparation and issue of public announcement and filing of public announcement, if required, with the SEBI/Stock Exchange(s), and all other documents required to be filed in the above connection and to settle all such questions or difficulties whatsoever which may arise and take all such steps and decisions in this regard.

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised to nominate and appoint one or more persons to represent the Company for carrying out any or all of the activities that the Board is authorised to do for the purpose of giving effect to this resolution."

**11. Grant of Employee Stock Options/Restricted Stock Units to the Employees of Company and that of the Subsidiary Company(ies) by way of secondary acquisition under Future Enterprises Limited Employee Stock Option Plan, 2019**

To consider and if thought fit, to pass, the following resolution as a **Special Resolution**:

**"RESOLVED THAT** pursuant to the provisions of Section 62(1)(b) and all other applicable provisions of the Companies Act, 2013 ("**the Act**") read with rules framed there under (including any statutory modification(s) or re-enactment(s) thereof for the time being in force), Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended from time to time ("**SEBI SBEB Regulations**") and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time ("**Listing Regulations**"), the Memorandum

and Articles of Association of the Company and subject to such other approvals, permissions and sanctions as may be necessary and subject to such conditions and modifications as may be prescribed or imposed while granting such approvals, permissions and sanctions which may be accepted by the Board of Directors of the Company (hereinafter referred to as the "**Board**" which term shall deem to include Nomination and Remuneration Committee and/or any other committee constituted or to be constituted by the Board to exercise its powers including the powers conferred under this resolution) and further to the approval and consent of the Members of the Company accorded to the Future Enterprises Limited Employee Stock Option Plan, 2019 (hereinafter referred to as the "**FEL ESOP 2019**" / "**Plan**") for creation, offer and grant from time to time upto 1,36,00,000 (One Crore Thirty Six Lakh) Employee Stock Options ("**ESOP**")/Restricted Stock Units ("**RSU**") (collectively known as "**Stock Options**") to the Eligible Employees of the Company and/or its present or future subsidiary(ies) vide Resolution no. 9 and 10 of this Notice, the approval and consent of the Members of the Company be and is hereby also accorded for secondary acquisition of shares for implementation and execution of Plan upto the fullest extent of limits prescribed thereunder and that mentioned under the SEBI SBEB Regulations and as may be decided by Board from time to time exercisable into not more than 1,36,00,000 (One Crore Thirty Six Lakh) fully paid-up equity shares of the Company of face value of ₹ 2/- each (Rupees Two each) through an Future Enterprises Limited Employee Welfare Trust (hereinafter referred to as "**Trust**") set-up by the Company under FEL ESOP 2015, at such price or prices, in one or more tranches and on such terms and conditions, as may be determined by the Board subject to that secondary acquisition by the trust in any financial year shall not exceed 2% (Two Percent) of the paid-up equity share capital of the Company as at the end of previous financial year, more particularly, in accordance with the provisions of the Plan, SEBI SBEB Regulations and in due compliance with other applicable laws and regulations.

**RESOLVED FURTHER THAT** in the event of expansion of share capital of the Company arising due to any corporate action(s) including by way of preferential allotment of shares or qualified institutions placement, the limits set hereunder prescribed for secondary acquisition shall accordingly apply to such increased capital, in proportion of such expanded share capital, subject to the Company shall adhere to the cap prescribed under sub-regulation (11) of regulation 3 of the SEBI SBEB Regulations.

**RESOLVED FURTHER THAT** in case of occurrence of any corporate action(s) such as rights issues, bonus issues, change in capital structure, merger and/or sale of division/undertaking or other re-organisation, and others, if any additional equity shares are required to be issued by the Company to the Members ("**Additional Shares**"), the ceiling as aforesaid of 1,36,00,000 (One Crore Thirty Six Lakh) Stock Options and equity shares respectively to be issued and allotted shall be deemed to increase in proportion of such additional shares issued to facilitate making a fair and reasonable adjustment.

**RESOLVED FURTHER THAT** in case the equity shares of the Company are either sub-divided or consolidated, then the number of shares to be allotted and the price of acquisition payable by the option grantees under the Plan shall automatically stand increased or reduced, as the case may be, in the same proportion as the present face value of ₹ 2/- (Rupees Two) per equity share bears to the revised face value of the equity shares of the Company after such sub-division or consolidation, without affecting any other rights or obligations of the option grantees.

**RESOLVED FURTHER THAT** the Company shall conform to the accounting policies prescribed from time to time under the SEBI SBEB Regulations and any other applicable laws and regulations to the extent relevant and applicable to the FEL ESOP 2019.

**RESOLVED FURTHER THAT** the total Stock Options to be created, offered and granted and further conversion in shares on exercise of Stock Options, whether acquired through primary or secondary acquisition shall not exceed 1,36,00,000 (One Crore Thirty Six Lakh) shares or such expanded number of ESOPs/RSU/Shares due to any corporate action(s).

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised at any time to modify, change, vary, alter, amend, suspend or terminate the FEL ESOP 2019 subject to the compliance with the applicable laws and regulations and to do all such acts, deeds, matters and things as it may in its absolute discretion deem fit, for such purpose and also to settle any issues, questions, difficulties or doubts that may arise in this regard without being required to seek any further consent or approval of the Members and further to execute all such documents, writings and to give such directions and/or instructions as may be necessary or expedient to give effect to such modification, change, variation, alteration, amendment, suspension or termination of the FEL ESOP 2019 and do all other things incidental and ancillary thereof.

**RESOLVED FURTHER THAT** the Board be and is hereby further authorised to do all such acts, deeds and things, as it may in its absolute discretion, deem necessary including authorizing or directing the Trust to appoint merchant bankers, brokers, solicitors, registrars, advertisement agency, compliance officer, investors service centre and other advisors, consultants or representatives, being incidental to the effective implementation and administration of FEL ESOP 2019 as also to prefer applications to the appropriate authorities, parties and the institutions for their requisite approvals as also to initiate all necessary actions for the preparation and issue of public announcement and filing of public announcement, if required, with the SEBI/Stock Exchange(s) and all other documents required to be filed in the above connection and to settle all such questions or difficulties whatsoever which may arise and take all such steps and decisions in this regard.

**RESOLVED FURTHER THAT** the Board be and is hereby also authorised to nominate and appoint one or more persons to represent the Company for carrying out any or all of the activities that the Board is authorised to do for the purpose of giving effect to this resolution."

## 12. Approval of Trust Route for implementations of Future Enterprises Limited Employee Stock Option Plan, 2019.

To consider and if thought fit, to pass, the following resolution as a **Special Resolution**:

**“RESOLVED THAT** pursuant to the provisions of Section 62(1)(b) and all other applicable provisions, if any, of the Companies Act, 2013 (**“the Act”**) read with rules framed there under (including any statutory modification(s) or re-enactment(s) thereof for the time being in force), Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 as amended from time to time (**“SEBI SBEB Regulations”**) and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time (**“Listing Regulations”**) the Memorandum and Articles of Association of the Company and subject to such other approvals, permissions and sanctions as may be necessary and subject to such conditions and modifications as may be prescribed or imposed while granting such approvals, permissions and sanctions, which may be accepted by the Board of Directors of the Company (hereinafter referred to as the **“Board”**) which term shall deemed to include Nomination and Remuneration Committee and/or any other committee constituted or to be constituted by the Board to exercise its powers including the powers conferred by this resolution), the approval and consent of the Members of the Company be and is hereby accorded to the Board to implement Future Enterprises Limited Employee Stock Option Plan, 2019 (hereinafter referred to as the **“FEL ESOP 2019”/ “Plan”**) through an Future Enterprises Limited Employee Welfare Trust (hereinafter referred to as **“Trust”**) set-up under FEL ESOP 2015 and the Trust to subscribe, acquire, purchase, hold and deal in equity shares of the Company for the purpose of implementation of **FEL ESOP 2019** or any other employee stock plan or share based employee benefit plan which may be introduced by the Company from time to time (hereinafter referred to as **“Employees Benefit Plan”**) or for any other purpose(s) as contemplated herein and in due compliance with the provisions of the SEBI SBEB Regulations, Act (including rules framed thereunder) and other applicable laws and regulations.

**RESOLVED FURTHER THAT** the Company shall confirm to the accounting policies prescribed from time to time under SEBI SBEB Regulation and any other applicable laws and regulations to the extent relevant and applicable to the FEL ESOP 2019.

**RESOLVED FURTHER THAT** the Board be and is hereby authorised on behalf of the Company to do all such acts, deeds, matters and things as it may in its absolute discretion deem expedient and to settle any questions, difficulties or doubts that may arise with respect to the above matter without requiring the Board to secure any further consent or approval of the Members and the Board be and is hereby further authorised to nominate one or more representatives of the Company to execute such further deeds, documents and writings that may be considered necessary and to carry out any or all activities that the Board is empowered to do for the purpose of giving effect to this resolution.”

## 13. Provision of money by the Company for purchase of its own shares by the trust/trustees for the benefit of employees under Future Enterprises Limited Employee Stock Option Plan, 2019.

To consider and if thought fit, to pass, the following resolution as a **Special Resolution**:

**“RESOLVED THAT** pursuant to the provisions of Section 62(1)(b), 67 and all other applicable provisions, if any, of the Companies Act, 2013 (**“the Act”**) read with Rule 16 of the Companies (Share Capital and Debentures) Rules, 2015 as amended from time to time (**“the Rules”**) (including any statutory modification(s) or re-enactment(s) thereof for the time being in force), Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 as amended from time to time (**“SEBI SBEB Regulations”**) and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time (**“Listing Regulations”**), the Memorandum and Articles of Association of the Company and subject to such other approvals, permissions and sanctions as may be necessary and subject to such conditions and modifications as may be prescribed or imposed while granting such approvals, permissions and sanctions which may be accepted by the Board of Directors of the Company (hereinafter referred to as the **“Board”**) which term shall be deemed to include the Nomination and Remuneration and/or any other committee constituted or to be constituted by the Board to exercise its powers including the powers conferred under this resolution), the consent of the Members of the Company be and is hereby accorded to the Board to grant loan, to provide guarantee or security in connection with a loan granted or to be granted to the Future Enterprises Limited Employee Welfare Trust (hereinafter referred to as **“Trust”**) set-up by the Company under FEL ESOP 2015, in one or more tranches, for the purpose of subscription and/or purchase of equity shares of the Company, in one or more tranches, subject to the ceiling of number of equity shares as prescribed under Future Enterprises Limited Employee Stock Option Plan, 2019 (hereinafter referred to as the **“FEL ESOP 2019”/ “Plan”**) or any other employee/plan or share based employee benefit plan which may be introduced by the Company from time to time (hereinafter referred to as **“Employee Benefit Plan(s)”**) but the value of shares so purchased or subscribed in the aggregate together with the money provided by the Company shall not exceed 5% (five per cent) of the aggregate of paid up capital and free reserves of the Company and such equity shares shall be dealt in line with the contemplated objectives of the Plan or for any other purpose(s) as permitted under and in due compliance with the provisions of the SEBI SBEB Regulations, the Act and rules made thereunder and other applicable laws and regulations.

**RESOLVED FURTHER THAT** any loan provided by the Company shall be repayable to and recoverable by the Company from time to time during the term of the FEL ESOP 2019 and/or Employee Benefit Plan as the case may be subject to exercise price being paid by the employees on exercise of Employee Stock Options or Restrictive Stock Unit under the respective Employee Benefit Plan.

**RESOLVED FURTHER THAT** the Trust shall not deal in derivatives and shall undertake transactions as permitted under SEBI SBEB Regulations.

**RESOLVED FURTHER THAT** the Trustees of the Trust shall not vote in respect of the shares held by such Trust.

**RESOLVED FURTHER THAT** for the purposes of disclosures to the stock exchange, the shareholding of the Trust shall be shown as non-promoter and non-public shareholding.

**RESOLVED FURTHER THAT** the Trustees of the Trust shall ensure compliance of the provisions of the SEBI SBEB Regulations, rules and all other applicable laws at all times in connection with dealing with the shares of the Company including but not limited to maintenance of proper books of account, records and documents as prescribed."

#### **14. Approval for entering into Material Related Party Transaction(s).**

To consider and if thought fit, to pass, the following resolution as an **Ordinary Resolution**:

**"RESOLVED THAT** in partial modification of the earlier resolution(s) passed by the Members of the Company and pursuant to the provisions of Section 188 and other applicable provisions of the Companies Act, 2013 ("**the Act**") read along with the Companies (Meetings of Board and its Powers) Rules, 2014 ("**the Rules**") (including any statutory modification(s), amendment(s), clarification(s), substitution(s) or re-enactment(s) thereof for the time being in force), the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time ("**Listing Regulation**"), the provisions of the Memorandum and Articles of Association of the Company and the applicable rules, guidelines and circulars issued by the concerned statutory or regulatory authorities from time to time and as agreed to by Board of Directors of the Company (hereinafter referred to as "**the Board**" which term shall include the Audit Committee of the Board or any Director or Official of the Company), the consent of the Members of the Company be and is hereby accorded to the Material Related Party Transactions as entered/ to be entered into by the Company during the financial year 2019-20, as set out in the statement annexed in this Notice.

**RESOLVED FURTHER THAT** the Board be and is hereby authorised to do and perform all such acts, deeds, matters and things, as may be required or deemed necessary or incidental thereto and to settle and finalise all issues that may arise in this regard, without further referring to the Members of the Company, including without limitation, negotiation, finalising and executing of necessary agreements, undertakings, memorandum, deeds, documents and such other papers or writings as may be deemed necessary or expedient in its own discretion and in the best interest of the Company and to delegate all or any of its powers herein conferred to the Committee of Directors and/or any Director(s)/Officer(s) of the Company, to give effect to this resolution."

#### **NOTES**

- 1. A MEMBER ENTITLED TO ATTEND AND VOTE AT THE MEETING IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE ON A POLL INSTEAD OF HIMSELF/HERSELF AND THE PROXY NEED NOT BE A MEMBER OF THE COMPANY.** A person can act as proxy on behalf of Members not exceeding fifty (50) and holding in aggregate not more than 10% (ten percent) of the total share capital of the Company carrying voting rights. In case a proxy is proposed to be appointed by a Member holding more than 10% (ten percent) of the total share capital of the Company carrying voting rights, then such proxy shall not act as a proxy for any other Member.  
  
The instrument of Proxy in order to be effective should be deposited at the Registered Office of the Company, duly completed, signed and stamped not less than 48 (Forty Eight) hours before the time for holding the Meeting. Proxies submitted on the behalf of limited companies, societies, etc. must be supported by appropriate resolution/authority, as applicable, issued by the Member organisation. Proxy in the prescribed Form No. MGT-11 is enclosed herewith.
2. Pursuant to Section 113 of the Act and Rules framed thereunder, the Corporate Members intending to send their authorised representatives to attend the AGM are requested to send to the Company, a certified copy of the Board Resolution or Power of Attorney, if any, authorising their representative(s) to attend and vote, on their behalf, at the AGM.
3. The Statement pursuant to Section 102 of the Companies Act, 2013 ("**the Act**"), relating to the Special Business to be transacted at the AGM is annexed thereto.
4. Information as required under Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("**Listing Regulations**") and the Secretarial Standard on General Meetings ("**SS-2**") issued by the Institute of Company Secretaries of India ("**ICSI**"), in respect of the Director seeking appointment/re-appointment/change in terms of remuneration at the Annual General Meeting ("**AGM**") is annexed hereto as Annexure – I and forms part of the notice. Moreover, the information required to be given under Schedule – V of the Act is also annexed hereto as Annexure – II.
5. **Voting on Resolution:** All resolution would be voted through electronic means or by Polling Papers at the Meeting by the Members who have not exercised their vote through electronic means. In voting by electronic means or by Polling Papers as the case may be, each Class B (Series 1) Shareholder shall be entitled to three votes for every four Class B (Series 1) Shares held and there shall be no vote entitlement for less than 4 Class B Shares held and any fractional voting right entitlement arising out of Class B Shares held in excess of multiple of 4 ignored for voting right entitlement and each Equity shareholder shall be entitled to one vote for every equity share held.

6. The Register of Directors, Key Managerial Personnel(s) and their shareholding maintained under Section 170 of the Act along with other Statutory Registers as required under the provisions of Act, will be available for inspection by the Members at the AGM.
7. Members are requested to send all communications to our Registrar and Share Transfer Agent (R & T Agent) at the following address:

**LINK INTIME INDIA PRIVATE LIMITED**

C - 101, Embassy 247, LBS Marg, Vikhroli (West), Mumbai - 400 083

Phone No. +91 22 49186270; Fax No. +91 22 49186060;

Email ID : [rnt.helpdesk@linkintime.co.in](mailto:rnt.helpdesk@linkintime.co.in)

Website: [www.linkintime.co.in](http://www.linkintime.co.in)

8. Members are requested to send their queries with regard to the Accounts at least 7 (Seven) days in advance to the Registered Office of the Company.
9. Members/Proxies are requested to bring the Attendance Slips duly filled in and copy of the Annual Report to the Meeting.
10. Pursuant to Sections 124 and 125 of the Companies Act, 2013, read with the IEPF Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ('IEPF Rules') dividend that are unpaid/unclaimed for a period of seven years from the date it became due for payment are required to be transferred by the Company to the Investor Education and Protection Fund ("IEPF"). Further, share in respect of such dividend which have not been claimed for a period of seven consecutive years are also required to be transferred to the demat account of IEPF Authority. In the interest of the Members, the Company sent periodical reminders to the Members to claim their dividend in order to avoid transfer of dividend/shares to IEPF Authority. The details of unclaimed dividend and Members whose share are required to be transferred to the IEPF Authority, are uploaded on the Company's web link <http://felindia.in/investors/shares-transferred-to-IEPF.aspx>.

In light of the provisions stated in above point, the Company has transferred to IEPF the amount of ₹ 8,17,975 unclaimed dividend of the year 2010-11, of the Company outstanding for seven consecutive years. Further, 55,879 Equity Shares and 5,416 Class B (Series 1) Shares of the Company have also been transferred to the demat account of IEPF Authority.

11. The Members who have to claim dividend and/or shares that are transferred to demat account of IEPF Authority may claim the same from IEPF Authority by submitting an online application in the prescribed Form No. IEPF-5 available on the website [www.iepf.gov.in](http://www.iepf.gov.in) and sending physical copy of the same, duly signed to the Company, along with requisite documents enumerated in the Form No. IEPF-5. No claims shall lie against the Company in respect of the dividend/shares so transferred.
12. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any Member as soon as possible. Members are also advised not to leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified.
13. Members can avail themselves the facility of nomination in respect of shares held by them in physical form pursuant to the provisions of Section 72 of the Act. Members desiring to avail themselves of this facility may send their nominations in the prescribed Form No. SH-13 duly filled in to the Company's R & T Agents. Members holding shares in electronic form may contact their respective Depository Participants for availing this facility.
14. Electronic copy of the Annual Report for 2018-19 and Notice of AGM *inter-alia* indicating the process and manner of e-voting along with Proxy Form and Attendance Slip is being sent to all the Members, who's e-mail addresses are registered with the Company/Depository Participant(s) for communication purposes unless any Member has requested for a hard copy of the same. For Members who have not registered their Email address, physical copies of the Annual Report for 2018-19 and Notice of AGM of the Company *inter-alia* indicating the process and manner of e-voting along with Proxy Form and Attendance Slip is being sent in the permitted mode. Members holding both, Equity Shares and Class B (Series 1) Shares are being sent only one copy of the Annual Report and Notice. Further, copies of the Annual Report will not be distributed at the AGM and Members are requested to bring their copies to the Meeting.
15. Members who have not registered their e-mail ID so far are requested to register the same for receiving all communication including Annual Report, Notices, Circulars, etc. from the Company in electronic form.
16. Members may also note that, the Notice of the AGM and the Annual Report for 2018-19 will also be available on the Company's website [www.felindia.in](http://www.felindia.in) for their download. The physical copies of the aforesaid documents will also be available at the Company's Registered Office for inspection during normal business hours on (09.00 A.M. to 05.00 P.M.) on all working days upto and including the date of the AGM of the Company. Even after registering for e-communication, Members are entitled to receive such communication in physical form, upon making a request for the same, by post, free of cost. For any communication, the Members may also send requests to the Company's investor relations e-mail id: [investorrelations@futuregroup.in](mailto:investorrelations@futuregroup.in).

17. Voting through Electronic Means

I. In compliance with provisions of Section 108 of the Act and Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended from time to time and Regulation 44 of the Listing Regulations and Secretarial Standard on General Meetings (“SS-2”) issued by the ICSI as amended from time to time, the Company is pleased to provide its Members the facility to exercise their rights to vote on the resolutions proposed to be considered at the AGM by electronic means and business may be transacted through e-voting Services. The facility of casting the votes by the Members using an electronic voting system from a place other than venue of the AGM (“Remote e-voting”) will be provided by National Securities Depository Limited (“NSDL”).

- i) The Notice of the AGM shall be placed on the website of the Company [www.felindia.in](http://www.felindia.in) and on the website of NSDL [www.evoting.nsdl.com](http://www.evoting.nsdl.com).
- ii) The facility for voting through Polling Paper shall be made available at the AGM.
- iii) Members attending the meeting who have not cast their vote by remote e-voting shall be able to exercise their right at the meeting through Polling Paper.
- iv) The Members who have casted their vote by remote e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their vote again.
- v) The remote e-voting period commences on Friday, July 26, 2019 (09:00 A.M.) and ends on Monday, July 29, 2019 (05:00 PM). During this period Member of the Company, holding shares either in physical form or in dematerialised form, as on the cut-off date of July 23, 2019, may cast their vote electronically. The e-voting module shall be disabled by NSDL for voting thereafter. Once the vote on a resolution is cast by the Member, the Member shall not be allowed to change it subsequently.
- vi) The instructions for remote e-voting are as under:

Step 1: Log-in to NSDL e-voting system at <https://www.evoting.nsdl.com/>

Step 2: Cast your vote electronically on NSDL e-voting system.

**Details on Step 1 is mentioned below:**

How to Log-in to NSDL e-voting website?

- A. Visit the e-voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a Personal Computer or on a mobile.
- B. Once the home page of e-voting system is launched, click on the icon “Login” which is available under “Member” section.
- C. A new screen will open. You will have to enter your User ID, your Password and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDEAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-voting and you can proceed to Step 2 i.e. Cast your vote electronically.

D. Your User ID details are given below :

Manner of Holding Shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
a) For Members who hold shares in demat account with NSDL.	8 Character DP ID followed by 8 Digit Client ID For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.
b) For Members who hold shares in demat account with CDSL.	16 Digit Beneficiary ID For example if your Beneficiary ID is 12***** then your user ID is 12*****.
c) For Members holding shares in Physical Form.	EVEN Number followed by Folio Number registered with the Company For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***

E. Your password details are given below:

- a) If you are already registered for e-voting, then you can use your existing password to login and cast your vote.
- b) If you are using NSDL e-voting system for the first time, you will need to retrieve the “initial password” which was communicated to you. Once you retrieve your “initial password”, you need to enter the “initial password” and the system will force you to change your password.

- c) How to retrieve your “initial password”?
  - i) If your email ID is registered in your demat account or with the Company, your “initial password” is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your “User ID” and your “initial password”.
  - ii) Your email ID is not registered, your “initial password” is communicated to you on your postal address.
- F. If you are unable to retrieve or have not received the “initial password” or have forgotten your password:
  - a) Click on “Forgot User Details/Password?” (If you are holding shares in your demat account with NSDL or CDSL) option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com).
  - b) “Physical User Reset Password?” (If you are holding shares in physical mode) option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com).
  - c) If you are still unable to get the password by aforesaid two options, you can send a request at [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in) mentioning your demat account number/folio number, your PAN, your name and your registered address.
  - d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
- G. After entering your password, tick on Agree to “Terms and Conditions” by selecting on the check box.
- H. Now, you will have to click on “Login” button.
- I. After you click on the “Login” button, Home page of e-Voting will open.

**Details on Step 2 is given below:**

How to cast your vote electronically on NSDL e-voting system?

- a. After successful login at Step 1, you will be able to see the Home page of e-voting. Click on e-voting. Then, click on Active Voting Cycles.
- b. After click on Active Voting Cycles, you will be able to see all the companies “EVEN” in which you are holding shares and whose voting cycle is in active status.
- c. Select “EVEN” of Company for which you wish to cast your vote.
- d. Now you are ready for e-voting as the Voting page opens.
- e. Cast your vote by selecting appropriate options i.e. assent or dissent, verify or modify the number of shares for which you wish to cast your vote and click on “Submit” and also “Confirm” when prompted.
- f. Upon confirmation, the message “Vote Cast Successfully” will be displayed.
- g. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
- h. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

**General Guidelines for Member**

1. Institutional Member (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/ JPG Format) of the relevant Board Resolution/ Authority letter etc. with attested specimen signature of the duly authorised signatory(ies) who are authorised to vote, to the Scrutiniser by e-mail to [bhattivirendra1945@yahoo.co.in](mailto:bhattivirendra1945@yahoo.co.in) with a copy marked to [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in).
  2. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the “Forgot User Details/Password?” or “Physical User Reset Password?” option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com) to reset the password.
  3. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Member and e-voting user manual for Member available at the download section of [www.evoting.nsdl.com](http://www.evoting.nsdl.com) or call on toll free no.: 1800-222-990 or send a request at [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in).
- II. The voting rights of Members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date i.e. July 23, 2019.
  - III. Any person, who acquires shares of the Company and become Member of the Company after dispatch of the notice and holding shares as of the cut-off date i.e. July 23, 2019, may obtain the login ID and password by sending a request at [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in) or call on toll free no.:1800-222-990 or Issuer/R & T Agent.

However, if you are already registered with NSDL for e-voting, then you can use your existing user ID and password/PIN for casting your vote. If you forgot your password, you can reset your password by using “Forgot User Details/Password” option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com) or contact NSDL at the toll free no.: 1800-222-990.

- IV. A person, whose name is recorded in the register of Members or in the register of beneficial owners maintained by the depositories as on the cut-off date only shall be entitled to avail the facility of remote e-voting, as well as voting at the meeting through polling paper.
- V. Mr. Virendra Bhatt, Practicing Company Secretary (Membership No. 1157, Certificate of Practice No. 124) has been appointed as the Scrutiniser to scrutinise the remote e-voting process and votes cast through Polling Paper at the AGM in a fair and transparent manner.
- VI. The Chairman of the Meeting shall, at the AGM, at the end of discussion on the resolutions on which voting is to be held, allow voting with the assistance of scrutiniser, by use of "Polling Paper" for all those Members who are present at the AGM but have not cast their votes by availing the remote e-voting facility.
- VII. The Scrutiniser shall after the conclusion of voting at the AGM, will first count the votes cast at the AGM and thereafter unblock the votes cast through remote e-voting in the presence of at least 2 (Two) witnesses not in the employment of the Company and shall make, not later than 48 (Forty Eight) hours of the conclusion of the AGM, a consolidated scrutiniser's report of the total votes cast in favour or against, if any, to the Chairman or a person authorised by him/her in writing, who shall countersign the same and declare the result of the voting forthwith.
- VIII. The Results declared along with the report of the scrutiniser shall be placed on the website of the Company [www.felindia.in](http://www.felindia.in) and on the website of NSDL [www.evoting.nsdl.com](http://www.evoting.nsdl.com) after the declaration of result by the Chairman/ Director or any person authorised by him in writing, of the meeting. The result shall also be forwarded to Stock Exchanges.
18. The Securities and Exchange Board of India ("SEBI") has made it mandatory for all companies to use the bank account details furnished by the Depositories for any payment (including dividend) through Electronic Clearing Service ("ECS") to investors. In the absence of ECS facility, companies shall mandatorily print the bank account details of the investors on such payment instruments. Members are encouraged to avail ECS facility and requested to update bank account details in the prescribed form to their respective Depository Participant(s) and/or the Company's R & T Agents.
19. Members are requested to intimate changes, if any, pertaining to their name, postal address, e-mail ID, telephone/mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their respective Depository Participant(s) in case the shares are held in electronic form and to the Company's R & T Agents in case the shares are held in physical form.
20. In terms of the Listing Regulations, securities of listed companies can only be transferred in dematerialised form with effect from April 01, 2019, except in case of transmission or transposition of securities. In view of the above, Members are advised to dematerialise shares held by them in physical form.
21. The requirement to place the matter relating to ratification of appointment of Statutory Auditors by Members at every Annual General Meeting is done away with as per Section 40 of Companies (Amendment) Act, 2017 vide notification dated May 07, 2018 issued by Ministry of Corporate Affairs. Accordingly, no resolution was proposed for ratification of appointment of M/s. DMKH & Co., Chartered Accountants, who are the Statutory Auditors of the Company and were appointed at the 29th Annual General Meeting held on August 29, 2017. Further they have confirmed that they are eligible in terms of Section 141 of Act to continue as Statutory Auditors' of the Company. The details of remuneration paid to Auditors is provided in the Corporate Governance Report and Annual Accounts for the year ended March 31, 2019.
22. The route map of the venue of the AGM is enclosed herewith. The prominent landmark near the venue is Mantralaya, Mumbai.

## STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

### ITEM NO. 2 and 3

Mr. Vijay Biyani, (DIN: 00005827) who retires by rotation and being eligible, offers himself for re-appointment.

Mr. Vijay Biyani is a part of Promoter Group and was Whole-time Director of our Company since September 26, 2009 till his re-designation as Managing Director w.e.f. May 04, 2016. Further, he was re-appointment as Managing Director for a period of 3 (Three) years w.e.f. September 26, 2017. He has over 35 years of experience in the field of manufacturing, marketing of readymade garments and retail, and is known as pioneer of organised retail in India.

Moreover, as per the provisions of Regulation 17(6)(e) of SEBI (Listing Obligations and Disclosure Requirement) Regulation, 2015 ("**Listing Regulations**") as amended from time to time, the fees or compensation payable to Executive Directors who are promoters or members of the promoter group shall require approval of Members of the Company if the annual remuneration payable to such Executive Director exceeds rupees 5 crore or 2.5 per cent of the net profits of the Company, whichever is higher; or where there is more than one such Director, the aggregate annual remuneration to such Directors exceeds 5 per cent of the net profits of the Listed Entity. In case of our Company, individual managerial remuneration though is less than ₹ 5 crore but may exceed 2.5 percent and/or 5 percent thresholds, as the case may be.

In the Annual General Meeting held on August 29, 2017, the remuneration payable to Mr. Vijay Biyani was revised and approved by the Members of the Company by way of Special Resolution. However, in order to comply with the requirement of amended Listing Regulations and on recommendation of Nomination and Remuneration Committee and as agreed to by Board of Directors in their meeting held on May 27, 2019, the consent of Members of the Company is sought by way Special Resolution for payment of remuneration to Mr. Vijay Biyani as per the terms and conditions already approved notwithstanding that such remuneration exceeds the limits prescribed in Regulation 17(6)(e) of the Listing Regulations.

A brief profile of Mr. Vijay Biyani including nature of his expertise, as required under Regulation 36 of Listing Regulations and Secretarial Standard on General Meetings ("**SS-2**") is provided in the Annexure - I to this Notice. Further, additional information as required under Schedule V to the Act is provided in the Annexure - II to this Notice and also forms part of the Statement.

None of the Directors except Mr. Vijay Biyani himself and Mr. Kishore Biyani as his relative, is concerned or interested in the resolution. None of the other Directors, Key Managerial Personnel and their relatives are, in any way, concerned or interested in the resolution.

### ITEM NO. 4

The Board of Directors of the Company on recommendation of the Nomination and Remuneration Committee, has appointed Mr. Haresh Chawla (DIN: 00029828) as an Additional Director and designated as an Independent Director in their Meeting held on March 28, 2019.

In terms of provisions of Section 160 of the Companies Act, 2013 ("**the Act**"), read with relevant rules thereto, the Company has received notice in writing from a Member of the Company, signifying its intention to propose his appointment as an 'Independent Director' of the Company.

Mr. Haresh Chawla holds a MBA from IIM Calcutta, and B.Tech. from IIT Mumbai. Mr. Haresh Chawla is a Partner at True North, one of India's most experienced and respected private equity funds, with over \$ 2.0 billion under management. At True North, he focuses on investments in the food and consumer sectors where he identifies and helps transform mid-size businesses.

He is best known though for his leadership in transforming the Network18 Group into a formidable media network. Under his watch as Founding CEO, Network 18 became India's fastest growing Media and Entertainment network. His career at Network18 spanned 12 years, and he grew revenues from \$3 million in 1999 to over \$500 million in 2012 with over 11 television services including Colors, CNBC-TV18, CNN-IBN, MTV, Nickelodeon.

Mr. Chawla has also been keenly engaged in the consumer internet revolution in India from the early nineties. He is credited with building some of India's largest, most well-known internet businesses like Money control, Bookmyshow, Yatra, Firstpost and Homeshop18. Today, he continues to invest and mentor several internet and consumer start-ups.

The Company has received necessary consent and declaration from Mr. Haresh Chawla to act as a Director of the Company and confirmation that he is not disqualified from being appointed as Director of the Company and is not debarred from holding office of Director by virtue of any order of Securities and Exchange Board of India or any other authority. Mr. Haresh Chawla has also confirmed that he meets the criteria of Independence as prescribed under section 149(6) of the Act and Regulation 16 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("**Listing Regulations**"). In the opinion of the Board, he fulfils the conditions specified in the Act and is Independent of the management.

Brief Profile of Mr. Haresh Chawla, including nature of his expertise as required under Regulation 36 of the Listing Regulations and Secretarial Standard on General Meetings ("**SS-2**") is attached as Annexure – I to this Notice.

The Board of Directors recommends this Ordinary Resolution for the approval of Members of the Company.

Except Mr. Haresh Chawla being an appointee and his relatives, none of other Directors, Key Managerial Personnel(s) of the Company and their respective relatives are in anyway, concerned or interested, financially or otherwise, in passing of this Resolution.

#### **ITEM NO. 5**

Pursuant to the provisions of Section 149 and 152 read with Schedule IV and other applicable provisions, if any, of the Companies Act, 2013 ("**the Act**") and rules framed thereunder, Mr. V. K. Chopra was appointed as an Independent Director of the Company for a period of 5 (Five) consecutive years at the 26th Annual General Meeting of the Company held on August 02, 2014 till August 01, 2019.

Mr. V. K. Chopra is a fellow member of the Institute of Chartered Accountants of India (ICAI) by profession and is a Certified Associate of Indian Institute of Bankers (CAIIB). He has over 36 years of experience in the banking industry. He was Executive Director of Oriental Bank of Commerce and Chairman and Managing Director of SIDBI and Corporation Bank. His last assignment was with SEBI as Whole-time Member. He is on the Board of the Company since July 24, 2008 as an Independent Director. He has vast experience in banking and finance. He is the Chairman of the Board and became Chairman of the Audit Committee with effect from March 29, 2019. He is also member in Nomination and Remuneration Committee of the Company. As on date he does not hold by himself or for any other person on a beneficial basis any shares in the Company.

As per the recommendation of the Nomination and Remuneration Committee and approval of the Board of Directors in their respective meetings held on June 24, 2019 and subject to the approval of Members at ensuing Annual General Meeting and based on his skills, rich experience, knowledge, contributions, continued valuable guidance to the management made by him during his tenure and outcome of performance evaluation of the Independent Directors, the approval of the Members of the Company be and is hereby sought for re-appointment of Mr. V. K. Chopra as an Independent Director on the Board of Company for the second term with effect from August 02, 2019 upto March 05, 2021.

The Company has also received necessary declaration from Mr. V. K. Chopra confirming the criteria of Independence as prescribed under Section 149(6) of the Act and Regulation 16 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("**Listing Regulations**"). The Company has also received declaration from Mr. V. K. Chopra under Section 164 of the Act that he is not disqualified from being appointed as Director. In the opinion of the Board, he fulfils the conditions specified in the Act and is Independent of the management.

In terms of Section 160 of the Act, the Company has received a notice in writing from a Member proposing the candidature of Mr. V. K. Chopra for the office of Director of the Company.

Brief Profile of Mr. V. K. Chopra, including nature of his expertise as required under Regulation 36 of the Listing Regulations and Secretarial Standard on General Meetings ("**SS-2**") is attached as Annexure – I to this Notice.

The Board considers that his continued association would be of immense benefit to the Company and it is desirable to continue to avail the services of Mr. V. K. Chopra as an Independent Director. Accordingly, consent of the Members is sought by way of Special Resolution as set out in Item No. 5 of the Notice for re-appointment of Mr. V. K. Chopra as an Independent Director of the Company.

Except Mr. V. K. Chopra being an appointee and his relatives, none of the other Directors, Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

#### **ITEM NO. 6**

Pursuant to the provisions of Section 149 and 152 read with Schedule IV and other applicable provisions, if any, of the Companies Act, 2013 ("**the Act**") and rules framed thereunder, Ms. Bala Despande was appointed as an Independent Director of the Company for a period of 5 (Five) consecutive years at the 26th Annual General Meeting of the Company held on August 02, 2014 till August 01, 2019.

Ms. Bala Despande holds a bachelor's and master's degree in Arts from the University of Mumbai. She also holds a master's degree in Management Studies from Jamnalal Bajaj Institute of Management Studies, Mumbai. She has over 28 years of experience in management. She has multi industry exposure and has worked with ICICI venture Funds Management Company Limited, Best Foods and Imperial Chemical Industries. She is on the Board of Future Supply Chain Solutions Limited. She is a Chairperson of Corporate Social Responsibility Committee and member of the Audit, Nomination and Remuneration Committee of the Board. As on date she does not hold by herself or for any other person on a beneficial basis any shares in the Company.

As per the recommendation of the Nomination and Remuneration Committee and approval of the Board of Directors in their respective meetings held on June 24, 2019 and subject to the approval of Members at ensuing Annual General Meeting and based on her skills, rich experience, knowledge, contributions, continued valuable guidance to the management made by her during her tenure and outcome of performance evaluation of the Independent Directors, the approval of the Members of the Company be and is hereby sought for re-appointment of Ms. Bala Despande as an Independent Director on the Board of Company for the second term with effect from August 02, 2019 upto August 01, 2024.

The Company has also received necessary declaration from Ms. Bala Despande confirming the criteria of Independence as prescribed under Section 149(6) of the Act and Regulation 16 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("**Listing Regulations**"). The Company has also received declaration from Ms. Bala Despande under Section 164 of the Act that she is not disqualified from being appointed as Director. In the opinion of the Board, she fulfils the conditions specified in the Act and is Independent of the management.

In terms of Section 160 of the Act, the Company has received a notice in writing from a Member proposing the candidature of Ms. Bala Despande for the office of Director of the Company.

Brief Profile of Ms. Bala Deshpande, including nature of her expertise as required under Regulation 36 of the Listing Regulations and Secretarial Standard on General Meetings ("**SS-2**") is attached as Annexure – I to this Notice.

The Board considers that her continued association would be of immense benefit to the Company and it is desirable to continue to avail the services of Ms. Bala Despande as an Independent Director. Accordingly, consent of the Members is sought by way of Special Resolution as set out in Item No. 6 of the Notice for re-appointment of Ms. Bala Despande as an Independent Director of the Company.

Except Ms. Bala Despande being an appointee and her relatives, none of the other Directors, Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

#### **ITEM NO. 7**

Pursuant to the approval granted by Board of Directors and Members, Mr. Dinesh Maheshwari was appointed as Executive Director & Chief Financial Officer of the Company for a period of 3 (three) years with effect from May 04, 2016 up till May 03, 2019.

Mr. Dinesh Maheshwari, aged 50 years, is a qualified Chartered Accountant. He possess more than 21 years of rich post qualification experience in finance and taxation. He is associated with the Group since December 2004 and has worked with other corporate houses viz. S. R. Batliboi & Co., IIT Capital Services Ltd. and Mukwano Industries Limited. He has represented Retail Industry on various topics of public interest in different forums. He has strong domain knowledge of Finance, Accounts, Taxation and Corporate Restructuring, Risk Management System and process implementation, mergers and amalgamations, takeover of business enterprises, raising capital through innovative financial products, commercial functions and a very good leader with strong relationship with stakeholders and employees. With his rich experience in the retail and finance field, he would be a valuable asset for the Company in his role as an Executive Director & Chief Financial Officer.

Accordingly, the Nomination and Remuneration Committee recommended and the Board of Directors approved in their respective meetings held on March 28, 2019, the re-appointment of Mr. Dinesh Maheshwari (DIN: 00088451) as an Executive Director & Chief Financial Officer of the Company for a period of 3 (three) years with effect from May 04, 2019 and the payment of remuneration on terms and conditions as stipulated below subject to the approval of the Members in the ensuing General Meeting:

#### **Remuneration:**

Total Remuneration during this tenure shall be in the scale of ₹ 2.25 crore to ₹ 4.00 crore per annum which includes basic salary, taxable perquisites, performance bonus and other allowances but excluding perquisites to the extent exempted under the Income-tax Act, 1961.

#### **Other Terms and Conditions:**

- Perquisites: Subject to overall ceiling as aforesaid, the Executive Director & Chief Financial Officer shall have liberty to opt for such other allowances, perquisites and incentive as he deems fit including house rent allowance, medical reimbursement, leave travel concession for self and family, club fees, use of Company provided cars and such other allowances, benefits, amenities and facilities etc., as per the Company's Rules or as may be agreed to between the Board of Directors and the Executive Director & Chief Financial Officer;
- The Executive Director & Chief Financial Officer will also be a Member of the Group Medical and Personal Accident Insurance policies of the Company;
- In addition to the perquisites referred above, he will also be eligible to the following perquisites, which shall not be included in the computation of the ceiling on remuneration as exempted perquisites:
  - ❖ Contribution to provident fund, superannuation fund or annuity fund to the extent these either singly or put together are not taxable under the Income-tax Act, 1961;
  - ❖ Gratuity payable at a rate not exceeding half a month's salary for each completed year of service;
  - ❖ Encashment of leave at the end of the tenure; and
  - ❖ Reimbursement of expenses incurred for the business of the Company.

- It shall further be noted that on the exercise of stock options already granted to and vested by Mr. Dinesh Maheshwari, such exercise shall be considered as additional remuneration and will not counted in the foregoing remuneration.

Subject to the applicable provisions of the Act, perquisites and allowances shall be evaluated as per Income Tax Rules, 1962 wherever applicable, and at cost, in the absence of any such rules.

A brief profile of Mr. Dinesh Maheshwari, including nature of his expertise, as required under Regulation 36 of Listing Regulations and Secretarial Standard on General Meetings ("**SS-2**") is provided in the Annexure - I to this Notice. Further, additional information as required under Schedule V to the Act, is provided in the Annexure - II to this Notice and also forms part of the Statement.

Mr. Dinesh Maheshwari being appointee and his relatives shall be deemed to be concerned or interested in the resolution to the extent of appointment and payment of remuneration to him under this resolution. None of the other Directors, Key Managerial Personnel(s) of the Company and their respective relatives are, in any way, concerned or interested, financially or otherwise, in the passing of this Resolution(s).

The Board of Directors recommends this resolution for your consideration and approval as a Special Resolution.

#### **ITEM NO. 8**

The Company has obtained approval for issue of Non-Convertible Debentures (NCDs) of ₹ 1500 crore in June 2018 to meet its requirements of improving debt maturity profile, reduction of overall cost of debt, Capex requirements and other general corporate purposes. As per Section 42 of the Companies Act, 2013 ("**the Act**") and Rule 14(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014, the said approval was valid for a period of 12 months and would expire on June 30, 2019. The Company had issued NCDs of only ₹ 950 crore in pursuant to aforesaid approval. On analysis of the present debt profile, it was felt that the Company can further replace few of its current or near-term maturity debts as well as some more high cost debts with fresh mobilisation of funds. Further, fresh funds would proposed to be utilised for expansion /capex programme and as well as for general corporate purposes for the coming year. In view of the funds requirements for capex expansion as well as continuous process to rationalise its debt maturity profile while ensuring reduction in overall finance cost and improving debt service coverage ratio, it was proposed to renew the aforesaid approval for the balance unavailed portion of the NCDs and take some additional approval for the proposed CAPEX and general corporate purposes for an aggregate amount upto ₹ 900 crore. This may also help the Company to improve its balance sheet and credit profile and hence capability to obtain credit facilities at better terms and reasonable rate of interest.

Accordingly, consent of the Members is therefore sought in connection with the aforesaid issue of Non-Convertible Debentures/ bonds from time to time and they are requested to authorise the Board (including any Committee of the Board) for fresh issue of Non-Convertible Debentures on private placement basis upto ₹ 900 crore as stipulated above, in one or more tranches, during the period of one year from the date of passing of this Resolution and within the overall borrowing limits of the Company, as approved by the Members from time to time.

Accordingly, the Board recommends the Special Resolution set forth in Item No. 8 of the Notice for approval of the Members.

None of the Directors, Key Managerial Personnel(s) of the Company and their respective relatives are concerned or interested, financially or otherwise, in the passing of the proposed Resolution.

#### **ITEM NO. 9, 10 and 11**

The success of the Company's objectives is largely determined by the quality of its work force and their commitment to achieve Company's objectives. It is recognised that not only good employment opportunities but also additional motivating mechanisms are needed to incentivise employees and aligning their interest with the interest of the Company.

Members are requested to note that in recognition of the aforesaid objective, the Company has approved and implemented the following employee stock options plans, from time to time:

- i) Future Enterprises Limited Employee Stock Option Plan, 2012 ("**FEL ESOP 2012**");
- ii) Future Enterprises Limited Employee Stock Option Plan, 2015 ("**FEL ESOP 2015**").

Members are further requested to note that the Board of Directors considers it appropriate to introduce the Future Enterprises Limited Employee Stock Option Plan, 2019 ("**FEL ESOP 2019**" / "**Plan**") to the Eligible Employees of the Company and that of its Subsidiary Company(ies) as stated in resolution and point no. 3 below, and accordingly, as may be decided by the Board of Directors or Nomination and Remuneration Committee thereof from time to time.

Your Directors seeks approval of the Members in respect of FEL ESOP 2019 and for grant of Employee Stock Options ("**ESOP**")/ Restricted Stock Units ("**RSU**") (collectively known as "**Stock Options**") to the Eligible Employees of the Company and that of its Subsidiary Company(ies) in due compliance with Companies, Act, 2013 ("**the Act**") including any rules framed thereunder,

Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 as amended from time to time (“SEBI SBEB Regulations”) and other applicable laws and regulations.

Pursuant to Regulation 6 and Regulation 14 of the SEBI SBEB Regulations and the requirements enumerated by the SEBI through the circular no. CIR/CFD/POLICY CELL/2/2015 dated June 16, 2015, the key details of FEL ESOP 2019 are set out below:

**1. Brief description of the FEL ESOP 2019:**

Equity based compensation is considered to be an integral part of employee compensation across sectors which enables alignment of personal goals of the employees with organisational objectives by participating in the ownership of the Company through share based compensation scheme/ plan. Your Company believes in rewarding its employees including Directors of the Company as well as that of the Subsidiary Company(ies) for their continuous hard work, dedication and support, which has led the Company and the Subsidiary Company(ies) on the growth path. The Company intends to implement FEL ESOP 2019 with a view to attract and retain key talents working with the Company and its Subsidiary Company(ies) by way of rewarding their performance and to motivate them to contribute to the overall corporate growth and profitability.

**2. Total number of Stock Options to be granted:**

1,36,00,000 (One Crore Thirty Six Lakh) Stock Options will be available for grant to the Eligible Employees of the Company and that of its Subsidiary Company(ies) under FEL ESOP 2019, in one or more tranches, exercisable into not more than 1,36,00,000 (One Crore Thirty Six Lakh) equity shares of face value of ₹ 2/- each fully paid-up. In normal course, the Stock Option pool should be equivalent to 3% of the paid up capital of the Company.

Vested Stock Options lapsed due to non-exercise and/or unvested Stock Options that get cancelled due to resignation/ termination of the employees or otherwise, will be available for being re-granted at a future date. The Committee will be authorised to re-grant such lapsed/cancelled options as per the provisions of FEL ESOP 2019.

The SEBI SBEB Regulations require that in case of occurrence of any corporate action(s) such as rights issues, bonus issues, merger and sale of division and others, a fair and reasonable adjustment needs to be made to the Stock Options granted. Accordingly, if any additional equity shares are required to be issued pursuant to such corporate action, the above ceiling of Stock Options or equity shares shall be deemed to increase in proportion of such additional equity shares issued subject to compliance of the SEBI SBEB Regulations.

**3. Identification of classes of employees entitled to participate in FEL ESOP 2019**

❖ **Following are the class/classes of employees entitled to participate in FEL ESOP 2019:**

- a) Permanent employees of the Company who has been working in or outside India;
- b) Non-independent and non-promoter Directors of the Company; and
- c) Permanent employees, Non-independent and non-promoter Directors of the Subsidiary Company(ies) in India or outside India.

❖ **Following are the class/classes of employees not eligible to participate in FEL ESOP 2019:**

- a) an employee who is a Promoter or belongs to the Promoter Group;
- b) a Director who either by himself or through his relatives or through any body corporate, directly or indirectly holds more than 10% of the outstanding Equity Shares of the Company; and
- c) an Independent Director within the meaning of the Act.
- d) a Director belonging to Promoter Group.

**4. Transferability of Stock Options :**

The Stock Options granted to an employee shall not be transferable to any person and shall not be pledged, hypothecated, mortgaged or otherwise alienated in any manner. However, in the event of the death of the Stock Options holder, while in employment, the right to exercise all the Stock Options granted to him till such date shall be transferred to his legal heirs or nominees within the period as may be prescribed under FEL ESOP 2019. Moreover, in case employee suffers a permanent incapacity while in employment, all the options granted to him as on the date of permanent incapacitation, shall vest in him on that day.

**5. Appraisal process for determining the eligibility of employees under FEL ESOP 2019:**

The appraisal process for determining the eligibility of the employees will be decided by the Board or Committee and will be based on criteria, such as role/criticality of the employee, length of service with the Company, work performance,

technical knowledge, managerial level, future potential and such other criteria that may be determined by the Board or the Committee, as applicable as its sole discretion.

The Board or the Committee may decide to extend the benefits of the Plan to new entrants or to the existing employees on such basis as it may deem fit, in accordance with applicable law.

**6. Requirements of vesting and period of vesting:**

The Board or Committee may, at its discretion, may lay down certain criteria including, but not limited to, the performance metrics on the achievement of which the granted Stock Options would vest and which may be specified in the respective grant letters or the vesting letters to be issued in this regard. The detailed terms and conditions relating to such criteria for vesting, the period over which and proportion in which the Stock Options vest would be subject to the minimum and maximum vesting period are specified below:

**Vesting period for ESOP:** The Options would vest not earlier than one year and not later than such period from the date of grant of Options as may be determined by the Committee/Board. The vesting schedule (i.e. exact proportion in which and the exact period over which the Options would vest) would be determined by the Board or Committee, subject to the minimum vesting period of one year from the date of grant of Options. Moreover, the Options granted under the Plan shall vest, in one or more tranches.

**Vesting Period for RSU:** The RSU would vest not earlier than one year and not later than such other period from the date of grant of RSU, as may be determined by the Committee/Board. The vesting schedule (i.e. exact proportion in which and the exact period over which the RSU would vest) would be determined by the Board or Committee, subject to the minimum vesting period of one year from the date of grant of RSU. The RSU granted under the Plan shall vest, in one or more tranches.

**7. Maximum period within which the Stock Options shall be vested:**

Stock Options granted under FEL ESOP 2019 would vest in accordance with the terms of each grant, subject to maximum period of 3 years from the date of grant of such Stock Options.

**8. Exercise price or pricing formula:**

**Exercise price for ESOP:** The Equity Shares may be issued at such price that the Board or Committee may determine on the date of such grant of the Options under the Plan and specified in the relevant grant documents provided that the exercise price per Option shall not be less than the face value of the equity share and shall not exceed market price of the equity share of the Company as on date of grant of Option and which may be decided by the Board/Committee.

**Exercise price for RSU:** The Equity Shares may be issued at such price that the Board or Committee may determine on the date of such grant of the RSU under the Plan and specified in the relevant grant documents provided that the exercise price per RSU shall not be less than the face value of the equity share and shall not exceed market price of the equity share of the Company as on date of grant of RSU and which may be decided by the Board/Committee.

Market price in this context refers to the meaning assigned to it under the SEBI SBEB Regulations.

The Committee can give cashless exercise of Stock Options, if required, to the employees and shall provide necessary procedures and/or mechanism for exercising such options subject to applicable laws, rules and regulations.

**9. Exercise period and the process of Exercise:**

The exercise period would commence from the date of vesting and will expire on completion of 3 (Three) years from the date of vesting of Stock Options or such other period as may be determined by the Board/Committee and subject to such other terms and conditions as may be stipulated by the Board/Committee.

The vested Stock Option will be exercisable by the employees through a written application to the Trust or Company accompanied by payment of exercise price in such manner and on execution of such documents, as may be prescribed by the Board or Committee from time to time. The Stock Options will lapse if not exercised within specified exercise period.

In case of cashless system of exercise of vested Stock Options, the Board or Committee shall be entitled to specify such procedures and/or mechanisms for the Shares to be dealt with thereon as may be necessary and the same shall be binding on the Stock Options grantees.

**10. Maximum number of Stock Options to be issued per employee and in aggregate:**

The number of Stock Options that may be granted to any Eligible Employee of the Company or of its Subsidiary Company under the Plan, in any financial year and in aggregate under the FEL ESOP 2019 shall be less than 1% of the Issued Equity Share Capital (excluding outstanding warrants and conversions) of the Company.

**11. Compliance with the applicable Accounting Standards and Disclosure Policies:**

The Company shall comply with 'Guidance Note on Accounting for Employee Share-based Payments' (Guidance Note) or relevant Accounting Standards as may be prescribed by the Institute of Chartered Accountants of India (ICAI) from time to time, including the disclosure requirements prescribed therein and those prescribed by the concerned authorities from time to time.

**12. Method of Stock Options Valuation:**

To calculate the employee compensation cost, the Company shall use the Intrinsic Value method for valuation of the Stock Options granted. The difference between the employee compensation cost so computed and the employee compensation cost that shall have been recognised if it had used the fair value of the Stock Options and the impact of this difference on profits and on Earning Per Share (EPS) of the Company shall also be disclosed in the Directors' Report.

**13. Conditions under which options or RSU vested to the employees shall lapse:**

The Options not exercised within the Exercise Period shall lapse and the Option Grantee shall have no right over such lapsed or cancelled options. In case of retirement of employee, the employee may exercise the Options within six months from the date of retirement, failing which, the vested Options shall lapse. In case of death of employee, nominee, if appointed or successor/legal heir on producing the documents proving the succession, may exercise the option granted within six months from the date of death of the Employee or such further time as the Committee may permit in its absolute discretion, failing which, the Options shall lapse. In case the employee gets terminated, he / she can exercise the vested option within three months from the date of termination, failing which, the Options shall lapse.

**14. Specified time period within which the employee shall exercise the vested options or RSU in the event of a proposed termination of employment or resignation of employee:**

All vested options to lapse in case of termination due to misconduct or on moral turpitude grounds and in case of termination due to any cause other than due to misconduct or breach of company policies/terms of employment, within three months from date of termination.

**15. Primary/Secondary Route:**

The Board or Committee shall decide on exploring the option for issuance of shares upon exercise, either by way of primary issue or by way of secondary acquisition, however, subject to adherence with applicable laws and regulations as prevailing and in force from time to time.

**16. Implementation and Administration:**

The Plan shall be implemented and administered through the Board of Directors or the Committee of the Company as applicable within the approved framework mentioned therein.

**17. The amount of loan to be provided for the implementation of Plan by the Company to the trust, its tenure, utilisation, repayment terms:**

The Board or Committee shall decide from time to time, amount of loan to be provided for the implementation of Plan by the Company to the trust, including its tenure, utilisation, repayment terms, etc. However, such amount of loan shall not exceed the limit provided under SEBI SBEB Regulations.

**18. Maximum percentage of secondary acquisition (subject to the limits specified under the SEBI SBEB Regulations) that can be made by the trust for the purposes of the FEL Plan 2019:**

The Board or Committee shall decide the maximum percentage of secondary acquisition that can be made by the trust however, the value of such acquisition, at any point of time, shall not exceed the limits provided under SEBI SBEB Regulations.

**19. Other Terms:**

The Board or the Committee of the Company shall have the absolute authority to vary or modify the terms of Plan to meet any regulatory requirements in accordance with the regulations and guidelines prescribed by the Securities and Exchange Board of India, including terms of SEBI SBEB Regulations or other regulations that may be issued by any appropriate authority, from time to time unless such variation, modification or alteration is detrimental to the interest of the employees who have been granted stock options under the Plan.

In terms of provisions of Section 62(1)(b) and all other applicable provisions, if any, of the Act, consent of the Members is being sought by way of a Special Resolution(s) set out at Item No. 9, Item No. 10 and Item No. 11 of this Notice.

Mr. Dinesh Maheshwari and his relatives, shall be deemed to be concerned or interested in the aforesaid resolution(s) as possible future beneficiary of any grant made to him under FEL ESOP 2019. None of the other Directors, Key Managerial Personnel of the Company and their respective relatives are, in any way, concerned or interested, financially or otherwise, in the passing of this Resolution.

Your Directors recommend the Resolution(s) proposed at Item No. 9, Item No. 10 and Item No. 11 of this Notice for your approval.

## ITEM NO. 12

The Company intends to implement Future Enterprises Limited Employee Stock Option Plan 2019 ("FEL ESOP 2019"/ "Plan") with a view to attract and retain key talents working with the Company and its Subsidiary Company(ies). Your Company contemplates implementation of the Plan through an Employee Welfare Trust viz. Future Enterprises Limited Employees Welfare Trust ("Trust") route with a view to efficiently manage the Plan and if required to enable cashless exercise of vested options. FEL ESOP 2019 envisages primary issue of 1,36,00,000 (One Crore Thirty Six Lakh) equity shares within the term of the Plan. The Company also contemplates to manage any future employee stock option plan or restricted stock units or share based employee benefit plan which may be introduced from time to time through trust route.

The Board of Directors of the Company have at their meeting on March 28, 2019 approved FEL ESOP 2019, envisaging aforesaid number of equity shares.

In term of the provisions of relevant Regulation of the SEBI SBEB Regulations, consent of the Members is being sought by way of a Special Resolution set out at Item No.12 of this Notice.

Mr. Dinesh Maheshwari and his relatives, shall be deemed to be concerned or interested in the aforesaid resolution(s) as possible future beneficiary of any grant made to him under FEL ESOP 2019. None of the other Directors, Key Managerial Personnel of the Company and their respective relatives are, in any way, concerned or interested, financially or otherwise, in the passing of this Resolution.

Your Directors recommend the resolution proposed at Item No. 12 of this Notice for your approval.

## ITEM NO. 13

The Company intends to implement Future Enterprises Limited Employee Stock Option Plan, 2019 ("FEL ESOP 2019"/ "Plan") with a view to attract and retain key talents working with the Company and its Subsidiary Company(ies) by primary issue of equity shares and through trust route for its implementation. The SEBI SBEB Regulations permits trust route for implementation of Plan.

The Board passed a resolution to set-up an Employee Welfare Trust viz. Future Enterprises Limited Employees Welfare Trust ("Trust") and approved the proposal for sanction of loan by the Company to the Trust. This proposed money provided by the Company to the Trust together with value of equity shares purchased or subscribed by the Trust in aggregate shall be within the statutory limit of 5% (five per cent) of the aggregate of paid-up share capital and free reserves, as prescribed under SEBI SBEB Regulations read with Rule 16 of the Companies (Share Capital and Debenture) Rules, 2014 ("Companies Rules").

**Particulars in respect of the Trust as required under SEBI SBEB Regulations and Companies Rules are as follows:**

**a) The class/classes of employees for whose benefit, the Plan is being implemented and money is being provided for purchase and subscription of shares:**

The Plan was being implemented and money being provided for purchase and subscription of shares for the benefit of employees within the meaning of the Plan. The class/classes of employee who are eligible subject to selection by the Board/ Nomination and Remuneration Committee ("Committee") are as follows:

❖ **Following are the class/classes of employees entitled to participate in FEL ESOP 2019:**

- a) Permanent employees of the Company who has been working in or outside India;
- b) Non-independent and non-promoter Directors of the Company; and
- c) Permanent employees and Non-independent and Non-Promoter Directors of the Subsidiary Company(ies) in India or outside India or of a holding company of the Company.

❖ **Following are the class/classes of employees not eligible entitle to participate in FEL ESOP 2019:**

- a) an employee who is a Promoter or belongs to the Promoter Group;
- b) a Director who either by himself or through his relatives or through any body corporate, directly or indirectly holds more than 10% of the outstanding Equity Shares of the Company; and
- c) an Independent Director within the meaning of the Act.
- d) a Director belonging to Promoter Group.

**b) The particulars of the trustee or employees in whose favour such shares are to be registered:**

It was contemplated that one or more of the designated trustees should acquire and hold the Shares in due compliance of the relevant provisions of SEBI SBEB Regulations and other applicable laws. The Trustees should transfer the shares in favour of the employees on exercise of the Stock Options after realisation of exercise price and applicable income tax.

**c) The particulars of trust and name, address, occupation and nationality of trustees and their relationship with the promoters, directors or key managerial personnel, if any:**

An Irrevocable Trust is set up with the name Future Enterprises Limited Employees Welfare Trust having its registered office at knowledge house, Shyam Nagar, Off. Jogeshwari - Vikhroli Link Road, Jogeshwari (East), Mumbai - 400 060. The trustees are appointed by Board and committee thereof in compliance with applicable provisions of Companies Act, 2013 and SEBI SBEB Regulations.

A person shall not be appointed as a trustee to hold shares if he is a director, key managerial personnel or promoter of the Company or associate company or any relative of such director, key managerial personnel or promoter or beneficially holds 10% or more of the paid up share capital of the Company.

**d) Any interest of Key Managerial Personnel, Directors or Promoters in such Plan or trust and effect thereof:**

The Directors who are promoters of the Company are not eligible to be covered under the Plan. However, Directors other than Independent Director and/or key managerial personnel, may be covered or interested under the Plan but only to the extent of stock options as may granted to them, if any, under the Plan and in due compliance with the SEBI SBEB Regulations.

**e) The detailed particulars of benefits which will accrue to the employees from the implementation of the Plan:**

The eligible employees should be granted Stock Options under the Plan which would vest subject to vesting conditions prescribed by the Committee. After vesting and on exercise of the Stock Options, the Trust/ Trustees should transfer corresponding number of equity shares to the employees. The employees may deal in the shares by way of selling/holding or otherwise deal in their absolute discretion subject to applicable laws and regulations immediately after exercise or may hold and sell after a definite period of time at his/ her discretion. The employees would get the benefit on sell of shares depending on sale price of such Shares. In case of cashless system of exercise of vested Stock Options, the Committee should be entitled to specify such procedures and/or mechanisms for the equity shares to be dealt with thereon as may be necessary and the same should be binding on the Stock Options grantees.

**f) The details about who will exercise and how the voting rights in respect of the shares to be purchased under the Plan will be exercised:**

As per SEBI SBEB Regulations, the trustees should not vote in respect of equity shares held in the Trust. In these circumstances, the voting rights can be exercised by an employee only when the equity shares are transferred to them after due process of exercise of options.

In term of the provisions of Regulation 3(8) of the SEBI SBEB Regulations read with Rule 16 of the Companies Rules, consent of the Members is being sought by way of a Special Resolution set out at Item No. 13 of this Notice.

Your Directors recommend the Resolution proposed at Item No. 13 of this Notice for your approval.

Mr. Dinesh Maheshwari and his relatives, shall be deemed to be concerned or interested in the aforesaid resolution as possible future beneficiary of any grant made to him under FEL ESOP 2019. None of the other Directors, Key Managerial Personnel of the Company and their respective relatives are, in any way, concerned or interested, financially or otherwise, in the passing of this Resolution.

**ITEM NO. 14**

The Company is entering into a related party transaction(s) with Future Retail Limited ("FRL") for Purchase/Sale of Goods and Services, Lease Rental and Service Charges, Purchase and Sale of Capital Goods and other services. FRL is engaged in retail industry and operates India's most popular hypermarket and retail formats such as Big Bazaar, fbb, Food Bazaar, Fashion at Big Bazaar (fbb), Easyday, Foodhall, Hypercity and many more.

Furthermore, the Company is also entering into related party transaction(s) with Future Lifestyle Fashions Limited ("FLFL") for sale, purchase and supply of goods and assets and availing or rendering of any services. FLFL is the flagship fashion business of Future Group. Moreover, it owns and market leading brands through their in-house retail chains viz. Central and Brand Factory, exclusive brand outlets (EBOs) and other multi-brand outlets (MBOs)

These transactions were approved by Audit Committee and the Board of Directors from time to time and further are at arm's length basis and in the ordinary course of business and in line with Company's Policy on Related Party Transactions.

Further, the approval of Members is required if as per the provisions of Section 188 (1) of the Act read with relevant rules framed thereunder, the amount of transaction exceed the threshold limit provided therein and/or if as per Regulation 23 of Listing

Regulations, transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds ten percent of the annual consolidated turnover of the Company. Accordingly, the approval of Members is sought for following transactions.

Pursuant to the requirements prescribed under the Companies (Meetings of the Board and its Powers) Rules, 2014 as amended from time to time, the details in relation to such transactions with related parties, are as under:

<b>Nature of Transactions as per Section 188 of the Companies Act, 2013</b>	<b>Name of the Related Party</b>	<b>Name of Director or Key Managerial Personnel who is related, if any</b>	<b>Nature of Relationship</b>	<b>Nature, Material Terms, particulars of the contract or arrangement</b>	<b>Monetary Value of transactions</b>	<b>Any other information relevant or important for the Members to take decision on the proposed resolution</b>

Particulars	Mr. Vijay Biyani	Mr. Dinesh Maheshwari
<b>Recognition and Awards</b>	-	-
<b>Job Profile and his suitability</b>	Mr. Vijay Biyani being the Managing Director, has been entrusted with substantial powers of management subject to the supervision of the Board of Directors of the Company.  Furthermore, pursuant to Regulation 36 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standards on General Meetings ("SS-2"), his brief profile justifying his suitability is given in Annexure – I of this Notice.	Mr. Dinesh Maheshwari being Executive Director & Chief Financial Officer of the Company, is an active member in the Board of the Company.  Furthermore, pursuant to Regulation 36 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standards on General Meetings ("SS-2"), his brief profile justifying his suitability is given in Annexure – I of this Notice.
<b>Past Remuneration</b>	During the year 2018-19, Mr. Vijay Biyani was paid a remuneration of ₹ 3.18 crore from the Company.	During the year 2018-19, Mr. Dinesh Maheshwari was paid a remuneration of ₹ 2.42 crore from the Company.
<b>Remuneration Proposed</b>	As approved in the general meeting held on August 29, 2017 and as stated in the resolution no. 3 of this Notice.	As stated in the resolution no. 7 of this Notice.
<b>Pecuniary relationship directly or indirectly with the Company, or relationship with the managerial personnel(s), if any</b>	Mr. Vijay Biyani is part of Promoters/Promoter Group, which holds in aggregate 50.20 % (as on March 31, 2019) of Equity Share capital and 72.22 % (as on March 31, 2019) of Class B (Series 1) Share capital of the Company.  Mr. Vijay Biyani is brother of Mr. Kishore Biyani, who is the Vice-Chairman and Non-executive Director of the Company.	Besides the present and proposed remuneration, Mr. Dinesh Maheshwari does not have any other pecuniary relationship with the Company or any of its managerial personnel(s).

**Comparative remuneration profile with respect to industry, size of company, profile of the position and person:**

The remuneration proposed are commensurate with their experience, size of the Company, their position and are also lower compared to the industrial standards for the similar position in a company.

**III. Other Information:**

**1. Reasons of Loss or inadequate profits:**

During the year 2018-19, the Company has posted a net profit after tax of ₹ 24.02 crore. Moreover, the Company is making continuous efforts to have better profitability in the coming years.

**2. Steps taken or proposed to be taken for improvement:**

The Company is in line of business of retail infrastructure provider together with established businesses of manufacturing and trading. During the year, the Company also entered into new line of business of compiling and analysing customer and consumption data in retail and service industry and also in offering various product and services to prospective and identified customers. Further, the Company has a very strong and valuable portfolio of the investments in various support services as well as other customer centric businesses. The Company has also worked to reduce its overall finance cost to create a stable revenue model to ensure payment of committed liabilities as well as funding of future capex requirements.

Further various realignment and divestment initiatives ensured reduced debt burden on the Company resulting in overall reduction in finance cost. Further, the Company would also be considering divestment of its certain investments (in part/full) which would further enable better value creation for its stakeholders and ensure better profitability.

**3. Expected increase in productivity and profits in measurable terms:**

The Company is concentrating on its businesses, viz. manufacturing and trading. In trading, the Company is in process of creating a fashion hub, catering to the requirements of various retailers in the fashion segment. Company will also be starting compilation and analyses of customer and consumption data in retail and service industry and provide various products and services to prospective and identified customers. It will be difficult to analyse the expected increase in productivity and profits in measurable terms. However, management is committed to ensure increase in profitability by reducing overall operating and finance cost while creating revenue streams in addition to the existing ones. The Company would also be reviewing its activities to ensure optimum utilisation of various resources to give better productivity and profitability.

With proposed reduction in overall debt, the Company would also be able to raise further debts at better terms and reduced costs, which would help in improving profitability of the Company. The Company is also aiming at reducing overall debt, due to various divestment proposals from various non-core investments.

#### **IV. Disclosures:**

The details of remuneration paid to all Directors along with relevant details are provided in the Corporate Governance Report which forms part of the Annual Report. As required the details of remuneration proposed to be paid to the Managing Director and Executive Director is provided in respective resolutions read with respective statements as provided above. The above resolution and statement annexed to this Notice (together with Annexure thereto) shall be construed to be memorandum setting out the terms of the appointment as specified under Section 190 of the Companies Act, 2013

# Vice-Chairman's Message

Dear Stakeholders,

We are pleased to share with you the Annual Report for the financial year 2018-19. Your Company posted a total income on consolidated basis of ₹ 6,064.96 crore, a growth of 14.7% and a net profit of ₹ 175.44 crore at the end of this financial year. Your Company owns and operates through its subsidiaries and associated businesses, some of the fundamental blocks that help run the extensive consumption ecosystem of Future Group.

Among the key businesses housed within your Company are critical functions like design, sourcing and manufacturing of its apparel business, creation and maintenance of the retail infrastructure network and the supply chain, warehousing, fulfilment network for the entire retail business of Future Group through its step down subsidiary, Future Supply Chain Solutions Limited. In addition, the Company owns substantial stakes in an office supplies business, various other group companies and two insurance joint ventures in life and general insurance space along with Italy's Generali Group. Extensive managerial skills, strategic acumen and

prudent resource allocation are crucial aspects of the business. The core business of the Company is engaged in owning, investing, operating and maintenance of the retail infrastructure that runs some of India's most popular retail brands such as Big Bazaar, fbb, Foodhall, easyday Club, among others. In addition, the Company operates two textile mills in joint venture with National Textile Corporation and also handles the design sourcing and manufacturing of millions of units of garments that are sold through these retail networks. The Company has been investing in these activities to keep them in line with the rapid rise in Future Group's retail businesses.

Future Supply Chain Solutions Limited (FSC) is a leading third-party supply chain solutions specialist and logistics service provider that caters to Future Group as well as a large number of blue-chip companies engaged in the consumption space. The business showed strong momentum with the addition of 12 new client acquisitions during the year including companies like Benetton, Wrogn, Voltbek Home Appliances (a Voltas JV), JK Helene Curtis and Tilda. Warehouse space

managed by FSC increased by 3.08 million sq. ft. to 7.66 million sq. ft. during the year and the business posted revenues of ₹ 1,112.8 crore and net profit of ₹ 65.2 crore, a growth of 113% year on year. Technology continued to remain at the forefront of its operations with the ethos of agility, authenticity and customer centricity at the heart of the business.

During the year FSC launched 'India Food Grid' project that will eventually have 38 integrated food distribution centres connected with a seamless network. FMCG and food brands can now enter the grid from anywhere in the country and benefit from improved supply chain efficiencies, reduced wastages and better inventory management.

In the life insurance business, gross written premium crossed the ₹ 1,000 crores mark for the first time in a fiscal year, ending at ₹ 1,243 crores. The Company now covers 793,070 lives. The general insurance business distributed over 1.8 million policies through the year. The general insurance business introduced a number of new policies such as Future Varistha Bima, a tailor

made product for senior citizens, Future Vector Care - a benefit product which Insures against vector - borne diseases and Shubh Yatra Group - a travel insurance policy that covers even daily commuters. Both the general and life insurance companies pioneered a WhatsApp based policy delivery platform - making them among the first in the country.

Digital technology is now at the heart of every business and your Company is making new investments in complimenting its play in physical infrastructure with digital networks that help grow the consumption ecosystem of Future Group. The scale and scope of the consumption play in India is vast and the Company will continue to prudently invest resources in building a stronger role in the sector. We thank you for being part of this journey and look forward to your continued support and encouragement.

Rewrite Rules, Retain Values.

Kishore Biyani

# Completing the Cycle

## Manufacturing and Sourcing

The Company has developed extensive expertise and infrastructure that supports the growing fashion business of Future Group's wide portfolio of fashion brands and some of the country's leading retail chains including Big Bazaar, fbb, Central and Brand Factory. The Company has a specialised apparel design, merchandising and sourcing team, coupled with an in-house manufacturing facility at Tarapur in Maharashtra and at Bengaluru in Karnataka and through its joint venture companies, Apollo Design Apparel Park and Goldmohur Design and Apparel Park, located in the heart of Mumbai.

Some of the key brands sourced and manufactured across the above units include menswear brands like DJ&C, Buffalo, Knighthood, womenswear brands like Srishti and shyla and kidswear brand, Pink & Blue.

The sourcing relationships of the Company extend to over 300 small, medium and large enterprises across the country and also include specialised and handicraft-driven sectors like weavers in Benaras and Bhagalpur, printing units in Jaipur, Ikkat weavers in Andhra Pradesh, kantha embroidery workers in West Bengal and weavers in Salem and Erode. The Company's specialised fashion designers and merchandisers work closely with these enterprises in developing unique products that create a distinct market for the product brands and attract shoppers at the leading fashion retail chains. The Company is continuously upgrading its infrastructure, knowledge base and sourcing and manufacturing network to support the fast growing fashion business across Future Group's retail chains.

With presence across logistics, design, sourcing, manufacturing and insurance, the company is well placed to benefit from India's growing consumption economy.

## Insurance

The Company owns substantial stakes in two insurance companies - life and general insurance, along with the Generali Group, the largest insurer in Europe. During the year the life insurance company launched three new products, opened 14 new branch offices taking total number of branches to 117 and added 7,098 new agents, ending the fiscal year at 12,669 agents. It also empanelled 9 new distribution partners including American Express Banking Corp, and Religare Broking and won the coveted Microsoft AI award for best use of technology to enhance customer engagement. In the life insurance business gross written premium crossed the ₹ 1,000 crores mark for the first time in a fiscal year, ending at ₹ 1,243 crores. The company's settlement ratio has improved and number of complaints reduced by

45%. The Net Promoter Score, a crucial indicator of customer satisfaction, increased from 1.9 in March 2018 to 12.3. The company now covers 793,070 lives.

The general insurance business introduced a number of new policies such as Future Varistha Bima, a tailor made product for senior citizens, Future Vector Care - a benefit product which Insures against vector-borne diseases and Shubh Yatra Group - a travel insurance policy that covers even daily commuters.

The company distributed over 1.8 million policies through the year. Both the general and life insurance companies pioneered a WhatsApp based policy delivery platform - making them among the first in the country.

Future Supply Chain's National Distribution Centre is located in MIHAN, Nagpur

## Supply Chain Solutions

The Company owns a substantial stake in Future Supply Chain Solutions Limited (FSC) through its subsidiary company. A listed entity, FSC is building upon its strong capabilities in consumer business supply chain services around the ethos of agility, authenticity and customer centricity.

During the year the company launched 'India Food Grid' project that will eventually have 38 integrated food distribution centres connected

with a seamless network. FMCG and food brands can enter the grid from anywhere in the country and benefit from improved supply chain efficiencies, reduced wastages and better inventory management.

During the year it added around 3.08 million square feet of warehousing capacity, taking the total capacity to over 7.66 million square feet. The expansion was supported by strong

The National Distribution Centre is heavily automated with conveyor belts and sorting machines

revenue visibility through addition of several prestigious clients including Benetton, Wrogn, Voltbek Home Appliances (a Voltas JV), JK Helene Curtis, Tilda Limited among others. It also continued to serve existing clients, such as Pepperfry, Snapdeal, TTK Prestige Limited, Reckitt Benckiser, Kellogg, Mondelez, Wildcraft, Pepe Jeans, and many more.

Technology continued to remain at the forefront of its operations. During 2018-19, it implemented

new tech-features like Voice Pick and inbound automation that would lead to notable productivity improvements. The company is also evaluating robotic arms and additional automation that will enhance productivity levels. It is in the process of launching an integrated real-time logistics platform that would bring all stakeholders in the value chain on to a common platform, a move that will provide it with a strong competitive advantage.

## MANAGEMENT DISCUSSION AND ANALYSIS

Indian economy has emerged as fastest growing economy in the world. As part of Indian economy, the retail industry has emerged as one of the most dynamic and fast-paced industries. Retail Industry accounts for over 10 per cent of the country's Gross Domestic Product (GDP) and also accounts for about 8 per cent of the employment. Retail Industry has been one of the main contributors of this fastest growing economy. The Company being associated with the retail industry and having a niche area of operations, continues to receive the corresponding benefit of this growth in terms of increase in the business and prospective business growth in coming years from capex requirements of the retail businesses. Future Group's experience in modern retail, helps it to take positive and calculated expansion plans, which in turn requires support from the Company in form of infrastructure support. Further the Company also had its foray in manufacturing and trading of fashion garments, which enables it to reap additional benefits of retail growth. The Company continues to enjoy the first mover advantage in field of providing the retail infrastructure assets as well as creating fashion hub for retail entities with support of insight and vast experience of the human capital of the Company with regard to the managing and forecasting retail businesses and consumption patterns to optimise its capex spend and manufacturing as well as trading operations. The Company continues to provide the advantage of its experience to its clients in terms of minimal setup cost of efficient infrastructure and fashion garments and at the same time provide the best customer experience at stores setup with its infrastructure in various formats. The Company initiative to increase its manufacturing footprint and widen its fashion vendor network enabled it to provide wider range of fashion products to its client retail entities. Further the Company would continue to review all its investments and is pleased to inform that all the active investee companies have started reporting profits. This would ensure the accretion in valuation of investments made by the Company. Further the Company is also proposing to take benefit of its position to acquire the consumption data and use its analytics capabilities to add one more revenue stream. Further the Company's efforts to optimise its overall finance cost and improve debt maturity profile are continue and giving desired results. Further while engaging in various activities, the Company also emphasis upon the customer centric approach being part of the retail industry, where the customer is the most important constituent of this industry.

### Operational Overview

The Company's activities related to providing the retail infrastructure for various retail formats of the Group, and

having large portfolio of assets which has already been put to use, enables the continuous revenue stream in form of assets rentals. Further the expertise knowledge to handle such large portfolio of assets and support being given for creation of new stores on turn key basis considering the best in class customer experience at optimised costs and space utilisation employing the technological upgradations, enables overall reduction in costs of capex on per store basis, giving benefits to the retail entities in reduced rentals per new store. Further the Company also ensures the replacement of the obsolete assets to safeguard the products as well as customers from any unwarranted losses/incidents. As a responsible corporate citizen, the Company also ensures maximum utilisation of more greener and environment friendly products in its infrastructure setup.

Being a first mover and having vast experience in predicting trends, the Company has been able to get a fully capacity order book for its manufacturing and trading operations. With increase in retail consumption and a major portion of the retail consumption now being on fashion requirements, the Company is taking multiple initiatives to strengthen its fashion business. With addition of one more manufacturing centre and widening the vendor base the Company was able to serve the more variety of the fashion garment demand of the ultimate customers through the retail entities to whom it supplies the fashion products. The procurement team and design team ensures that the Company order book is full and earns a reasonable profitability by optimising the cost of production and procurement of fashion garments.

The majority of the investments of the Company in various active investee companies, have now matured and started showing positive results. The management team at the Company level keeps a watch on operations and management of these investee companies and guide them for any specialised requirements in various fields. The overall positive outlook of economy also plays important role in improved valuation of these investee companies. The Company would continue to consider divestment of matured investments and have given mandates for such investments to the consultants. At appropriate time the divestment decisions would be considered for any investments to improve overall stakeholders valuation.

### Customer and Marketing Overview

Though the direct customer segment of the Company has reduced considerably due to its B2B nature of activities, the ultimate demand would depend upon the Company's insight about the choice and taste of the ultimate customers of these retail formats and in ensuring their

comfort and selection preferences for shopping and products. The Company continues to research about the retail customers' preferences while shopping as well as its taste with regard to various fashion needs.

The Company is also considering other business activities, which may be aligned and undertaken with its present activities and add additional revenue streams. At present the Company is scaling up its manufacturing and trading operations. For retail infrastructure provider business, the Company is considering various options, including reaching out to other retail operations as well as to consider providing expertise and consultancy services for minimising the setup costs while ensuring the optimum space utilisation and best in class shopping experience.

As explained above, with the support of the management expertise of the Company, its investee companies are doing better and adding to its profitability or reducing the losses by minimising the operating costs. This would help in better valuation of the investee companies and at the same time reduce the funding requirements. Further, the Company may consider the divestment opportunity of certain business, which have been fully nurtured and have willing investors.

### Awards & Recognition

The Group as well as the Company had been recognised and awarded for its various initiatives in the retail sector from time to time. The Company now being part of the B2B business initiative, there is no specific categories in which it would be recognised and awarded as in past. However, the various initiatives of the Company, are helping the other retail formats of the Group to compete for various award categories and get recognitions as in past. The Future Group ethos "rewrite rules, retain values" would continue to ensure that the Company continue to serve the retail sector and in specific the ultimate retail customer with objective to give them a shopping experience which shall improve continuously.

### Competition

The new areas of operations of the Company do not really have any direct competition. However, the Company need to consider the competition its immediate customers face, viz. retail formats and provide them the better competitive edge over and above other retail formats, which Company is successfully doing by providing the best turnkey solutions for setting up new retail stores and ensuring the minimised cost of operations as well as the best in class shopping experience for the ultimate retail customers of its retail formats. The insight of the customer and the shopping India, give the Company edge to provide such solutions and the fashion offerings to its retail formats, which help them to stand out of the competition for its

final offerings and the setup. The Company do have some competition from the NBFCs and other entities providing the operating equipment / fixed assets on lease basis, however, being the ready availability of the business from the various retail formats in the Group, the Company have a ready market for its retail infrastructure provider business, as long as the Company provide these services at arms' length to these retail formats. Further, the same retail formats also provide ready market for the Company's manufacturing and the trading business activities in the fashion segment. The Company also has the advantage of the large scale operations and hence is in position to provide most competitive rate to various retail formats for the fashion products supplied by the Company. The Company is now also considering the provisions of these services outside the group as well. These initiatives with other benefits at Company side will enable it to counter the competition.

### Human Resource Initiatives

The Company has one of the best human capital in retail sector and can boast about its strong domain knowledge. The Company ensures the continuous updation of its human capital to keep it abreast of the technological and behavioural changes in retail sector and corresponding changes it need to make for the provision of its services to retail sector. The human capital, pertaining to the designing and manufacturing and trading side, keep a close watch on the changing fashion trends to make necessary changes in the production plan and the procurements of the products to ensure that latest products are available to its purchasers and ultimate retail customers.

The Company also ensures the career development of individual employees by identifying the key resources and impart training for improvement of skills and the leadership qualities. The Company continues to have retention plans in form of the selective option grants and other methods of performance and role review.

### Business Outlook

Retail Industry has been one of the major contributors, in the economic growth of the country. Further the consumption section as expected is about to have exponential growth as the per capital income is increasing and major component of the increased per capita income is being spent for fashion and leisure activities. Thus the highest beneficiary of the incremental growth would continue to be retail sector and would also enable the Company to reap same benefit being part of the retail support sector and one of the larger fashion garment consolidator and provider. Further the Company may also get the benefit of the data aggregator and analytics services it propose to provide to its client retail entities and ultimate customers.

Further the investee business of the Company would also get the better business opportunities of the overall economic growth of the country and improve their respective valuation as well. Divestment of any such investee businesses would give better overall cash flow for the Company and enable it to reduce overall debt of the Company.

As explained above the Company continued to put all efforts to reduce overall debt burden and finance cost by improving the overall debt profile through acquisition of debts at better negotiated rate of return and at the same time also ensuring the improved maturity profile of debt to ease burden on the cashflow of the Company. As stated above, the Company would be having further avenue to reduce the overall debt by placing its divestments of the investee companies at appropriate time at a value which would be in best interest of the Company.

The Care Ratings Limited (CARE), rating for Long Term borrowings as well as Long Term Non-Convertible Debentures to CARE AA- Stable (Double A Minus; Outlook: Stable) as of March 31, 2019.

### Risks and Threats

The state of external environment, including factors like interest rates, inflation, and growth in economic activity and job creation and consumer sentiment continues to be the biggest source of threat as well as opportunity for the Company. Any slowdown in the economic activity in the country, significant job losses or high rates of inflation can severely impact the consumption and therefore growth of the Company. Other external factors, including a steep rise in interest rates or drastic changes in the policy or regulatory environment can pose financial challenge for the Company. However, the continued steps taken by the Company to deleverage its balance sheet, reducing its reliance on the debt funds, improving its debt maturity profile and thereby reducing stress on its cash flow, improved business efficiency reducing overall operating cost. We shall also note that at this time, we do not anticipate any major adverse change in macroeconomic factors.

The set controls and defined responsibilities at each level of management require evaluation of the various existing risks and new expected risks at an early stage and immediate action plan to mitigate such risks. Further the authorities given at each management level ensures implementation and execution of such action plan with minimised risk. Further, use of information technology for implementation as well as regular review and evaluation of such risks and risk mitigation action plan by management ensures minimisation of such risks.

### Internal controls and their adequacy

The Company had identified the key risks and control process to mitigate the same. Further the Company continues this process of Enterprise Risk Management as a continuing process, in order to identify the new risks and to define and establish the control process to mitigate the identified risks. Further the Internal Control Framework for financial reporting, organization structure, documented authorities & procedures and internal controls are being reviewed by internal audit team on continuous basis and any issues arising out of the said audit are addressed appropriately. The Company is continuously upgrading its internal control systems by measuring state of controls at various locations. Controls in SAP, an ERP system have been strengthened with help of review conducted by Ernst & Young.

The Audit Committee, comprising independent directors is involved in regular review of financial and risk management policies, significant audit findings, the adequacy of internal controls and compliance with the accounting standards.

### Review of Financial Performance of the Company for the year under review.

**Sales:** The Company's Sales and Other Operating Income has increased from ₹4,184.80 crore in previous twelve months to ₹4,565.64 crore with YOY growth of 9.10 % for the financial year ended March 31, 2019.

**Profit Before Tax:** Profit Before Tax (including exceptional items) of the Company for financial year ended March 31, 2019 stood at ₹ 2.24 crore as compared to Loss before tax of ₹ 18.64 crore during the previous twelve months.

**Interest:** Interest & Financial charges outflow has Increased from ₹ 568.41 crore incurred in previous twelve months of 2017-18 to ₹ 577.92 crore for financial year ended March 31, 2019. The Increase in interest and financial charges is due to increase of borrowings. The interest & financial charges cover for financial year ended March 31, 2019 under review is 2.33 times as compared to 2.20 times in the previous twelve months.

**Net Profit:** Net Profit (including exceptional items) of the Company for financial year ended March 31, 2019 stood at ₹ 24.02 crore as compared to Net Loss of ₹ 12.19 crore in the previous twelve months with increase of ₹ 36.21 crore over the previous twelve months.

- There were no events relating to non-exercising of voting rights in respect of shares purchased directly by employees under a scheme pursuant to Section 67(3) of the Act read with Rule 16(4) of Companies (Share Capital and Debentures) Rules, 2014;
- None of Managing Director or the Whole-time Directors of the Company is in receipt of any remuneration or commission from any of its subsidiary companies;
- Maintenance of cost records and requirement of cost audit as prescribed under the provisions of Section 148(1) of the Act are not applicable for the business activities carried out by the Company.

#### **ACKNOWLEDGEMENT**

Your Directors would like to thank and place on record their appreciation for the support and co-operation provided to your Company by its Shareholders, Future Group entities, and in particular, their employees, bankers and regulatory authorities. Your Directors would also like to place on record their appreciation for the efforts put in by employees of the Company during the year.

For and on behalf of the Board of Directors

Place: Mumbai  
Date : June 24, 2019

**V. K. Chopra**  
Chairman

## ANNEXURE I

### DIVIDEND DISTRIBUTION POLICY

#### Company's philosophy:

Future Enterprises strives to ensure and preserve stakeholders' value and work towards enhancing net worth of the Company as well as overall stakeholders' value. While achieving the above objective, the Company also ensures protecting the interest of all stakeholders, including the society at large.

Future Enterprises looks upon good Corporate Governance practices as a key driver of sustainable corporate growth and long term stakeholder value creation. Good Corporate Governance Practices enable a Company to attract high quality financial and human capital. In turn, these resources are leveraged to maximise long-term stakeholder value, while preserving the interests of multiple stakeholders, including the society at large. Our Dividend philosophy is in line with the above principles.

Our dividend pay-out ratio would be ranging from 25% to 60% of the earned profits for the year, after adjusting any carried forward losses. Dividend payout ratio would be reviewed every three year and would be based upon profitability and retained earnings and would be further subject to business requirements and general economic conditions. The Company will attempt to maintain a consistent dividend record to reward shareholders.

#### Declaration of Dividend:

In line with the philosophy described above, the Board reviews the operating performance every quarter and shall strive to distribute optimum and appropriate level of profits in the form of interim / final dividend, from time to time. All dividend are subject to statutory regulations and approvals, as applicable. Overall, the dividend payout in each year will depend upon business performance, investment requirements of the annual operating plan for the year and any other strategic priorities identified by the Company.

#### Per share basis:

The dividend will be declared on per share basis only.

#### Circumstances under which the shareholders of the listed entities may not expect dividend:

The Board may choose not to recommend a dividend, if there are important strategic priorities which require large investments that would deplete the company's cash reserves or uncertainties in the business performance in the near to medium term.

#### Financial parameters considered while declaring dividend:

The financial parameters that may be considered before declaring dividend are profitability, cash flow, obligations, taxation policy, past dividend rates and future growth and profitability outlook of the company.

#### Internal and external factors considered while declaring dividend:

The Board leads the strategic management of the company on behalf of the Shareholders, exercise supervision through direction and control and appoints various committees to handle specific areas of responsibilities. In this endeavour, the Board reviews various types of information provided to it which has a bearing on declaring dividend.

Key internal and external factors are listed below (not exhaustive):

#### Internal:

- Annual operating plans, budgets, updates
- Capital budgets
- Quarterly and Annual results
- Investments including Mergers and Acquisitions (M&A)
- Strategic updates / financial decisions
- Funding arrangements
- Any other matter / risks

#### External:

- Macro-economic environment
- Competition
- Legislations impacting business
- Statutory restrictions
- Changes in accounting policies and applicable standards
- Client related risks

Any other matter / risks apprehended by the Board

#### Usage of retained earnings:

Retained earnings would be used to further the company's business priorities. If there are excess reserves beyond the medium to long term business requirements, the retained earnings would be distributed to shareholders via Dividends or other means as permitted by applicable regulations.

#### Parameters that are adopted with regard to various classes of shares:

The Company would ensure compliance with statutory guidelines, terms and conditions of issue of shares of specific class and provisions contained in Article of Association. To the extent permitted, the Company would aim for highest level of transparency and equitable treatment of all investors to all shareholders.

3	Mr. Vishal Kapoor	-	5,25,000
4	Mr. Rajesh Kalyani	-	5,25,000
5	Mr. Deepak Tanna (KMP)	-	5,25,000
6	Mr. Anuraag Agarwal	-	12,00,000
7.	Mr. Hardeep Singh	-	5,00,000
III	Identified employees who were granted option, during any one year equal to or exceeding 1% of the issued capital (excluding outstanding warrants and conversions) of the Company at the time of grants:-		
	None		

## H. Method and Assumptions used to estimate the fair value of options granted during the year

The fair value has been calculated using the Black Scholes Option Pricing model

The Assumptions used in the model are as follows

	FEL ESOP 2012	FEL ESOP 2015
Risk Free Interest Rate	-	7.72% and 7.20%
Expected Life	-	3.65 years
Expected Volatility	-	44.03% and 43.75%
Expected Dividend	-	0
Price of underlying shares in the market at the time of Option grant (in ₹)		
Stock Price	Average price on NSE Limited on the date of grant has been considered.	
Volatility	Volatility was calculated using standard deviation of daily change in stock price. The historical period taken into account match the expected life of the option.	
Risk-free rate of return	The risk-free interest rate being considered for the calculation is the interest rate applicable for a maturity equal to the expected life of the options based on the zero coupon yield curve for Government Securities	
Exercise Price	Exercise Price of each specific grant has been considered	
Time to Maturity	Time to Maturity / Expected Life of options is the period for which the Company expects the options to be live	
Expected Dividend Yield	Expected dividend yield has been calculated as an average of dividend yields for five financial years preceding the date of the grant.	

## I. Details of the Company's Employees' Welfare Trust:

The details *inter-alia*, in connection with transactions made by the Trust meant for the purpose of administering the Future Enterprises Limited Employee Stock Option Plan - 2012 and 2015 are as under:

### i. General Information of the Trust

Name of the Trust	Future Enterprises Limited Employees' Welfare Trust
Details of the Trustee(s)	Milestone Trusteeship Services Private Limited
Amount of loan disbursed by Company / any Company in the group, during the year	Nil
Amount of loan outstanding (repayable to Company / any Company in the group) as at the end of the year	Nil
Amount of loan, if any, taken from any other source for which Company / any Company in the group has provided any security or guarantee	Nil
Any other contribution made to the Trust during the year	Nil

ii. Brief details of transactions in shares by the Trust : None

iii. In case of secondary acquisition of shares by the Trust : None

For and on behalf of the Board of Directors

Place: Mumbai  
Date : June 24, 2019

**V. K. Chopra**  
Chairman

## ANNEXURE III

### FORM MGT-9

## ANNEXURE V

### Form No. MR-3

#### SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2019

**[Pursuant to Regulation 24A of SEBI (Listing Regulations and Disclosure Requirement) Regulation, 2015 and Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]**

To,  
The Members,  
**Future Enterprises Limited**

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Future Enterprises Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provides me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's statutory registers, papers, minute books, forms and returns filed with the Registrar of Companies and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2019, has prima facie complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the Statutory Registers, papers, minute books, forms and returns filed with the ROC and other records maintained by the Company for the financial year ended on March 31, 2019 according to the provisions of:

- (i) The Companies Act, 2013 ("the Act") and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ("SCRA") and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there;
- (v) The following Regulations and Guidelines prescribed under Securities and Exchange Board of India Act, 1992 ("SEBI Act"):-
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
  - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulation, 2015;
  - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
  - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
  - (e) The Securities and Exchange Board of India (Issue and listing of Debt securities) Regulations, 2008;

Though the following laws are prescribed in the format of Secretarial Audit Report by the Government, the same were not applicable to the Company for the financial year ended March 31, 2019:-

- (a) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Act and dealing with client;
- (b) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
- (c) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;
- (vi) Based on the representation given by the Management of the Company, it is observed that there are no such laws which are specifically applicable to the industry in which the Company operates.
- (vii) I have also examined compliance with the applicable provisions of the following:
  - (a) Secretarial Standards issued by the Institute of Company Secretaries of India;
  - (b) SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review, I am in opinion that the Company has prima facie complied with the applicable provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above.

I further report that I rely on statutory auditor's reports in relation to Financial Statement and accuracy of financial figures for Sales Tax, Value Added tax, Goods and Service Tax Act, ESIC, Provident fund as disclosed under financial statements, Accounting Standards and note on foreign currency transactions during my audit period.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

I further report that as per the information provided by the Company, adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on agenda items before the meeting and for meaningful participation at the meeting.

I further report that as per the minutes of the meetings, majority decisions of the Board were unanimous and no dissenting views were found as a part of the minutes.

I further report that there are prima facie adequate systems & processes in the Company commensurate with the size & operations of the Company to monitor & ensure compliance with applicable laws, rules, regulations & guidelines.

I further report that during the period under review, as per the information provided by the Company, prima facie there were no instances of transaction by the designated persons in the securities of the Company during the closure of window.

I further report that during the audit period:

(a) There were instances of:

1. Issuance and Redemption of Non- Convertible Debentures;
2. Allotment of shares under Employee Stock Option scheme;
3. Major decisions taken by the Members in pursuance to Section 186 of the Act which would have major bearing on the Company's affairs;
4. Acceptance of Deposit from members of the Company and / or public.

(b) There were no instances of:

1. Buy- back of securities / Preferential issue of shares;
2. Foreign Technical Collaborations;
3. Public / Rights issue of shares;
4. Merger / reconstruction etc;
5. Reclassification of shares capital;
6. Change of name pursuant to the Scheme of De-merger;

I further report that:

1. Maintenance of Secretarial record is the responsibility of the Management of the Company. My responsibility is to express an opinion on these Secretarial Records based on my audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in the Secretarial records. I believe that the processes and practices, I followed provide a reasonable basis for my opinion.
3. Wherever required, I have obtained the Management representation about the compliance of Laws, Rules and Regulations and happening of events etc.
4. The compliance of the provisions of Corporate and other applicable Laws, Rules, Regulations, Standards is the responsibility of the Management. My examination was limited to the verification of procedures on test basis.
5. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor the efficacy or effectiveness with which the Management has conducted the affairs of the Company.

## CORPORATE GOVERNANCE REPORT

### COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

*Corporate Governance indicates transparency, accountability and reliability of any organisation.*

*One of the core missions of your organisation is to achieve excellence in all spheres, be it profitability, growth in market share, superior quality of products and services to the satisfaction of the stakeholders through an efficient and effective code of governance.*

*We aim at providing fairness, clarity and transparency in all our dealings and increasing the value of all stakeholders of the Company.*

Your Company, in line with the above, taken various initiatives to further strengthen the corporate governance practices and adopted various codes / policies, pursuant to the Companies Act, 2013 ("**the Act**"), and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time ("**Listing Regulations**").

During the financial year under review, the Company has complied with all the applicable provisions of the Listing Regulations.

### BOARD OF DIRECTORS

#### Code of Conduct

The Company has laid down a Code of Conduct ("**Code**") for the Board Members and Senior Management Personnel ("**Specified Persons**") of the Company. The Company has also adopted code of conduct for Independent Directors as prescribed under Schedule IV of the Act. The Code aims at ensuring consistent standards of conduct and ethical business practices across the Company.

All the Specified Persons have affirmed compliance with this Code. A declaration signed by the Chairman and Managing Director to this effect is attached at the end of this Report. This Code has also been hosted on the Company's website [www.felindia.in](http://www.felindia.in).

#### Composition of the Board

The composition of the Board of Directors ("the Board") is in compliance with the requirement of the Act and Regulation 17 and 17A of the Listing Regulations.

In terms of the provisions of Regulation 17 of the Listing Regulations, the Board is required to have at least one third of the members of the Board as Independent Directors, if Chairman is a Non-Executive Director. Accordingly, the Company's present Board comprises of 7 (seven) Directors out of which 2 (two) are Executive Director, 1 (one) is Non-Executive Director and 4 (four) are Independent Director which includes 1 (one) Women Independent Director.

None of the Directors on the Board are serving as an Independent Director in more than 7 (seven)/ 3 (three) Listed entities, as specified in Regulation 17A of the Listing Regulations. Further, the maximum tenure of Independent Directors are in line with provisions of Section 149 (10) and (11) of the Act and Rules made thereunder.

As per Regulation 26 of Listing Regulations, none of the Directors on the Board is a Member in more than 10 (ten) Committees and/or Chairman in more than 5 (five) Committees, across all public companies in which he/she is a Director.

#### **Familiarisation Programme of Independent Director:**

The familiarisation programme for Independent Directors of Company aims at familiarising them with the overall structure of the Company, their roles, rights, responsibilities therein, nature of the industry in which the Company operates, business model of the Company, etc., in order to provide them with better understanding of the business and operations of the Company. Details of familiarisation programme imparted to Independent Directors is available at website of the Company at [https://felindia.in/pdf/Details\\_of\\_Familiarisation\\_Programs\\_Imparted\\_to\\_Independent\\_Directors.pdf](https://felindia.in/pdf/Details_of_Familiarisation_Programs_Imparted_to_Independent_Directors.pdf).

#### **Skill / Expertise / Competence of the Board of Directors**

The performance of the Board, Independent Directors and Committees of the Board are evaluated annually by circulating separate evaluation templates to the respective Directors facilitating them to provide their feedbacks for each of evaluation criteria. The criteria for evaluation has been determined by the Nomination and Remuneration Committee which inter-alia includes preparation and participation in the meetings, personality and conduct, quality of value added, etc. Below are certain skills and competencies as identified by the Board which are elemental for the effective functioning of the Board and Company and which are possessed by the Board. The skills and competencies have been classified in three categories:

- **Governance:** Administrative, Business understanding, Financial Performance, Investment, Leadership, Management, Overall business experience, Planning, Policy Development, Risk & Compliance oversight, Strategic, Taxation and Vision;
- **Industry specific:** Vendor Management, Business Development, Technology, Marketing & Communications and Operational efficacy
- **Personal attributes and qualities:** Leadership, Effective Communication, Honesty, commitment, Professionalism and Independence

#### **Declaration of Independence of Independent Director:**

As per Section 149(6) of the Act and Regulation 16(1)(b) and 25 of Listing Regulations, the Company has received necessary declarations from all the Independent Directors confirming that they meet the criteria of independence laid down under the foregoing provisions.

The Board confirms that in terms of provisions of Regulation 17(10) of Listing Regulations as amended by SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018, the Independent Directors of the Company fulfil the conditions specified in Listing Regulations and are independent from the management of the Company.

#### **Reason of Resignation of an Independent Director:**

During the year under the review, Mr. S. Doreswamy, resigned from the position of Independent Director of the Company w.e.f. March 28, 2019 owing solely to compelling personal factors. Consequently, he also ceased to be Member/Chairman of the various Committees of the Board in which he was a Member / Chairman. It has been confirmed that there are no other material reasons for his resignation.

# Mr. V. K. Chopra was appointed as Chairman of the Committee w.e.f. March 29, 2019.

The Committee's composition meets with the requirements of Section 177 of the Act and Regulation 18 of the Listing Regulations.

## Terms of Reference

The terms of reference are reviewed from time to time by the Board in line with the changes introduced by regulatory authorities. The Committee has been mandated to comply with the requirements as specified in Part C of Schedule II of the Listing Regulations and the provisions of section 177 of the Act.

**Role of the Audit Committee *inter-alia* includes the following:**

- 1) Oversight of the company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible;
- 2) Recommendation for appointment, remuneration and terms of appointment of auditors of the company;
- 3) Approval of payment to statutory auditors for any other services rendered by the statutory auditors;
- 4) Reviewing, with the management, the annual financial statements and auditors' report thereon before submission to the Board for approval, with particular reference to:
  - a. Matters required to be included in the Directors' Responsibility Statement to be included in the Board's Report in terms of clause (c) of sub-section 3 of section 134 of the Act;
  - b. Changes, if any, in accounting policies and practices and reasons for the same;
  - c. Major accounting entries involving estimates based on the exercise of judgment by management;
  - d. Significant adjustments made in the financial statements arising out of audit findings;
  - e. Compliance with listing and other legal requirements relating to financial statements;
  - f. Disclosure of any related party transactions;
  - g. Modified opinion(s) in the draft audit report;
- 5) Reviewing, with the management, the quarterly financial statements before submission to the Board for approval;
- 6) Reviewing, with the management, the statement of uses / application of funds raised through an issue (public issue, rights issue, preferential issue, etc.), the statement of funds utilised for purposes other than those stated in the offer document / prospectus / notice and the report submitted by the monitoring agency monitoring the utilisation of proceeds of a public or rights issue, and making appropriate recommendations to the Board to take up steps in this matter;
- 7) Review and monitor the auditor's independence and performance, and effectiveness of audit process;
- 8) Approval or any subsequent modification of transactions of the company with related parties;
- 9) Scrutiny of inter-corporate loans and investments;
- 10) Valuation of undertakings or assets of the company, wherever it is necessary;
- 11) Evaluation of internal financial controls and risk management systems;
- 12) Reviewing, with the management, performance of statutory and internal auditors, adequacy of the internal control systems;
- 13) Reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;
- 14) Discussion with internal auditors of any significant findings and follow up there on;
- 15) Reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the Board;
- 16) Discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern;
- 17) To look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividend) and creditors;
- 18) To review the functioning of the Whistle Blower mechanism;
- 19) Approval of appointment of chief financial officer after assessing the qualifications, experience and background, etc. of the candidate;
- 20) Carrying out any other function as is mentioned in the terms of reference of the Audit Committee.
- 21) Reviewing the utilisation of loans and/ or advances from/investment by the holding company in the subsidiary exceeding rupees 100 crore or 10% of the asset size of the subsidiary, whichever is lower including existing loans / advances / investments existing as on the date of coming into force of this provision.

## Reviewing of the following information

1. Management discussion and analysis of financial condition and results of operations;
2. Statement of significant related party transactions (as defined by the Audit Committee), submitted by management;
3. Management letters / letters of internal control weaknesses issued by the statutory auditors;
4. Internal audit reports relating to internal control weaknesses;
5. The appointment, removal and terms of remuneration of the Chief internal auditor shall be subject to review by the Audit Committee; and
6. Statement of deviations:
  - a) quarterly statement of deviation(s) including report of monitoring agency, if applicable, submitted to stock exchange(s) in terms of Regulation 32(1) of the Listing Regulations.
  - b) annual statement of funds utilised for purposes other than those stated in the offer document/prospectus/ notice in terms of Regulation 32(7) of the Listing Regulations.

## NOMINATION & REMUNERATION COMMITTEE

The Nomination and Remuneration Committee of the Company comprised of 4 (four) Directors, all of them are Independent Directors. Mr. Anil Harish is the Chairman of the Committee.

During the year under review, 4 (Four) meetings of the Nomination and Remuneration Committee were held on May 25, 2018, August 13, 2018, February 05, 2019 and March 28, 2019.

The Composition of the Nomination & Remuneration Committee and the attendance of the Chairman/Members at the above meetings are as under:

Sr. No.	Name of Director	Designation	No. of Meetings	
			Held	Attended
1	Mr. Anil Harish	Independent Director / Chairman	4	4
2	Mr. V. K. Chopra	Independent Director / Member	4	4
3	Ms. Bala Deshpande	Independent Director / Member	4	4
4	Mr. S. Doreswamy*	Independent Director / Member	4	3
5.	Mr. Haresh Chawla**	Independent Director / Member	0	0

\* Mr. S. Doreswamy has resigned from the position of Independent Director of the Company and consequently ceased to be a Member of the Committee w.e.f. March 28, 2019.

\*\* Mr. Haresh Chawla was inducted as a Member of the Committee w.e.f. March 28, 2019.

## Terms of Reference

The terms of reference are reviewed from time to time by the Board and the Committee has been mandated to comply with the requirements as specified in Part D of the Schedule II of the Listing Regulations, the provisions of section 178 of the Act and Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 (including corresponding provisions of Securities and Exchange Board of India (Share Based Employee Benefits) Regulation, 2014) as may be applicable.

The role of the Nomination and Remuneration Committee *inter-alia* includes the following:

1. To formulate the criteria for determining qualifications, positive attributes and independence of a Director and recommend to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees;
2. To formulate the criteria for evaluation of performance of Independent Directors and the Board;
3. To devise a policy on Board diversity;
4. To Identify persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, and recommend to the Board their appointment and removal;
5. Whether to extend or continue the term of appointment of the Independent Director, on the basis of the report of performance evaluation of Independent Director;
6. To recommend to the board, all remuneration, in whatever form, payable to senior management.

7. To establish and from time to time review the policy for ESOP, ESOS and recommend the grants to be made of options under ESOP / ESOS; and
8. To review Company's remuneration and human resources policy.

#### Performance evaluation criteria for Independent Directors

The Company has also devised a process for performance evaluation of Independent Directors, the Board, Committees and other individual Directors. The Independent Directors were evaluated on the criteria such as engagement, leadership, analytical, quality of decision-making, interaction, integrity, governance, responsibility towards stakeholders, etc.

### REMUNERATION OF DIRECTORS

#### Remuneration Policy

The Company believes that human resource is the key for the continuous growth and development of the Company. The Company's Remuneration Policy is designed to attract, retain and motivate employees by offering appropriate remuneration packages and retiral benefits and also rewarding performance of key employees by offering employee stock options to contribute and participate in the overall corporate growth, profitability and financial success of the organisation. The Remuneration Policy is in consonance with the existing industry practice.

#### Remuneration Policy for Executive Directors

The Company pays remuneration by way of salary, benefits, perquisites and allowances (fixed component) and commission or performance bonus (variable component) to its Managing Director / Executive Director, as approved by the Board and the Members of the Company. In determining the remuneration package of the Executive Directors, the Nomination and Remuneration Committee ("**NRC**") evaluates the remuneration paid by comparable organisation and thereafter makes its recommendation to the Board. Annual increments are decided by the NRC within the scale of remuneration approved by the Members of the Company. NRC also reviews and decides the quantum of commission or performance bonus payable to the Managing Director / Executive Director as per terms of appointment and based on the performance of the individual as well as the Company. Performance criteria for Managing Director / Executive Director, entitled for Commission or Performance Bonus are determined by NRC.

#### Criteria of making payments to Non-Executive Directors

The eligible Non-Executive Directors may be paid commission upto an aggregate maximum of 1% of the net profits of the Company as specifically computed for this purpose and as may be approved by Board of Directors of the Company. The criteria of making payments to Non-Executive Directors cover, *inter-alia*, number of meetings attended, Chairmanship of Committees of the Board, time spent in deliberations with the senior management on operational matters other than at meetings and contribution at the Board/Committee(s) levels. The Company also reimburse the out-of-pocket expenses incurred by the directors for attending the meetings.

Non-Executive Directors are paid sitting fees for attending any Meeting of the Board and Committee of the Board including meeting of Independent Directors, as decided from time to time by the Board. The Members of Corporate Social Responsibility Committee have voluntarily waived the acceptance of sitting fees for attending the Meeting of the Committee.

#### Remuneration to Managing Director / Executive Director

Remuneration to Managing Director / Executive Director for the year ended March 31, 2019:

Name of Managing Director / Executive Director	Salary	Performance Bonus / Commission	Company's Contribution to Funds	Perquisites and allowances*	Total	Total Contract Period	Notice period in months	Stock Options granted

\* Mr. S. Doreswamy has resigned from the position of Independent Director of the Company and consequently ceased to be a Chairman and Member of the Committee w.e.f. March 28, 2019.

\*\* Mr. Haresh Chawla was inducted as a Chairman and Member of the Committee w.e.f. March 28, 2019.

## Terms of reference of the Committee

The terms of reference of the Stakeholders' Relationship Committee *inter-alia* includes the following:

- To resolve the grievances of security holders of the Company including complaints related to transfer / transmission of shares, non-receipt of annual report, non-receipt of declared dividends, issue of new / duplicate certificates, general meetings etc.
- To review measures taken for effective exercise of voting rights by shareholders.
- To review the adherence of service standards adopted by the Company in respect of various services being rendered by the Registrar & Share Transfer Agent.
- To review various measures and initiatives taken by the Company for reducing the quantum of unclaimed dividends and ensuring timely receipt of dividend warrants / annual reports / statutory notices by the shareholders of the Company.
- To determine on behalf of the Board the Company's policy on serving the stakeholders in line with best corporate governance norms;
- To periodically review stakeholders' grievance mechanism of the Company;
- The Committee is also authorised to:
  - i. Investigate any activity within its terms of reference;
  - ii. Seek any information from any employee of the Company;
  - iii. Obtain outside legal or independent professional advice. Such advisors may attend meetings, if necessary; and
  - iv. Incur such reasonable expenditure, as it deems necessary.

With a view to expedite the process of share transfers, necessary authority has been delegated to the Share Transfer Committee.

## SHARE TRANSFER COMMITTEE

The Share Transfer Committee comprises of 3 (Three) Directors, Mr. Kishore Biyani, Mr. Vijay Biyani and Mr. Dinesh Maheshwari. The Share Transfer Committee meets as and when required to consider the transfer proposals and attend to Investors' grievances, transmission of shares, split, consolidation, issue of duplicate share certificate, dematerialisation and rematerialisation of shares.

### Investors' Grievance Redressal

During the year under review, 22 complaints were received from the Investors and all of them were attended to and resolved promptly. As on March 31, 2019 there was no complaint pending from our end.

### Compliance Officer

Mr. Deepak Tanna, Company Secretary of the Company is the Compliance Officer of the Company.

### Share Transfer System

The Equity and Class B (Series 1) shares of the Company are listed on both the Stock Exchange i.e. BSE Limited and National Stock Exchange of India Limited and are available for trading in dematerialised mode only. Shares sent for transfer in physical form, if any, are registered and returned within a period of fifteen days from the date of receipt of the documents provided the documents are valid and complete in all respects. With a view to expedite the process of such transfers, the transfer related matters are delegated to Stakeholders Relationship Committee of the Company.

The Shareholders are requested to take note that pursuant to the respective notification issued by Ministry of Corporate Affairs, BSE Limited and National Stock Exchange of India Limited, transfer of shares held in physical mode is not permissible with effect from April 01, 2019. In view of this, investors are advised and recommended to dematerialise the security of the Company held by them at earliest to avoid any delay for transfer.

### Code of Conduct for Regulating, Monitoring and Reporting of Trading by Designated Persons

The Company's Code of Conduct for regulating, monitoring and reporting of trading by Designated Persons as adopted by the Company, inter-alia, prohibits dealing in the securities of the Company by Designated Persons while in possession of unpublished price sensitive information in relation to the Company. This Code has been revised in line with the SEBI (Prohibition of Insider Trading) (Amendment) Regulations, 2018.

### Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information

The Board has also laid down the Code of Practices and Procedure for Fair Disclosure of Unpublished Price Sensitive Information ("**Code of Fair Disclosures**") in accordance with the provisions of SEBI (Prohibition of Insider Trading) Regulations, 2015, as amended, with a view to regulate communication of unpublished price sensitive information for any purpose other than the legitimate purpose as defined under the said Code of Fair Disclosures. The Code of Fair Disclosure is hosted on Company's website at the weblink: [https://felindia.in/pdf/UPSI\\_Code.pdf](https://felindia.in/pdf/UPSI_Code.pdf).

## VOTING BY SHAREHOLDERS

The Company provides following facilities to Shareholders in order to enable them to exercise their voting rights on all the resolutions which are placed and proposed in the general meetings:

**E-Voting:** In compliance with the provisions of the Act and Listing Regulations, the Company provides to its Shareholders a facility to exercise their vote on all the resolution(s) proposed to them through electronic means. The Shareholders who are not able to attend general meeting(s) of the Company may use this facility for casting their votes. However, once the votes cast through electronic means, no change shall be allowed to be made in such votes. A notice of general meeting/postal ballot contains the detailed procedure for Shareholders to exercise their voting rights through electronic means.

**Voting at general meeting:** Shareholders may cast their votes at any general meeting of the Company through a polling paper to be provided by the Company at such meeting if they have not exercised their voting rights through e-voting. Voting on any resolution more than once is not permitted. In case shareholders vote by both the means i.e. e-voting as well as through polling paper at the general meeting, then votes cast through remote e-voting will be considered. Further, any shareholder who has exercised his vote through e-voting is also entitled to attend the relevant general meeting but shall not be entitled to vote therein.

**Voting Rights:** As all resolution would be voted through electronic means or by Polling Papers at the Meeting by the Shareholders who have not exercised their vote through electronic means. In voting by electronic means or by Polling Papers as the case may be, each Class B (Series 1) Shareholder shall be entitled to three votes for every four Class B (Series 1) Shares held and there shall be no vote entitlement for less than 4 Class B (Series 1) Shares held and any fractional voting right entitlement arising out of Class B (Series 1) Shares held in excess of multiple of 4 ignored for voting right entitlement and each Equity shareholder shall be entitled to one vote for every equity shares.

## INDEPENDENT DIRECTORS' MEETING

Mr. Vijay Biyani	Managing Director	1	1

The Committee functions in accordance with the terms of reference as specified under the Act, and as may be specified by the Board from time to time, which *inter-alia* includes:

- formulate and recommend to the Board, a Corporate Social Responsibility Policy which shall indicate the activities to be undertaken by the Company as specified in Schedule VII of the Act;
- recommend the amount of expenditure to be incurred on the activities referred to in clause (a); and
- monitor the Corporate Social Responsibility Policy of the Company from time to time.

The disclosures as per Companies (Corporate Social Responsibility Policy) Rules, 2014 is made in prescribed form which is appended to the Director's Report. The Company carries out its CSR activities through 'Sone Ki Chidiya' foundation. The Policy adopted by the Company is available on the website of the Company at a weblink: <https://felindia.in/investors/Policies.html>.

## COMMITTEE OF DIRECTORS

The Committee of Directors comprises of Mr. Kishore Biyani, Non-executive Director, Mr. Vijay Biyani, Managing Director and Mr. Dinesh Maheshwari, Executive Director and Chief Financial Officer of the Company. The Board has delegated powers to the Committee of Directors to carry out various activities for day to day operations of the Company. 14 (Fourteen) meetings of the Committee were held during the financial year 2018-19.

## RISK MANAGEMENT COMMITTEE

During the year under review the provision relating to the Risk Management Committee under Regulation 21 of Listing Regulations was not applicable to our Company. However, for the purpose of better governance, the Company has constituted aforesaid Committee.

The Risk Management Committee comprises of Mr. Kishore Biyani, Non-executive Director, Mr. Vijay Biyani, Managing Director and Mr. Dinesh Maheshwari, Executive Director and Chief Financial Officer of the Company. The Committee functions in accordance with the terms of reference as specified by the Board from time to time, which *inter-alia* includes implementing and monitoring of risk management plan and policy of the Company and specifically cover matters related to cyber security.

## RISK MANAGEMENT

The Company has a well-defined risk management framework in place, which provides an integrated approach for identifying, assessing, mitigating, monitoring and reporting of all risks associated with the business of the Company.

The Audit Committee / Board of Directors periodically review the risk assessment and minimization procedures and ensures that executive management controls risk through means of properly defined framework.

The risk management framework adopted by the Company is discussed in detail in the Management Discussion and Analysis forming part of this Annual Report.

## GENERAL BODY MEETINGS

### Extraordinary General Meeting

During the year under review, no Extraordinary General Meeting was held.

### Postal Ballot

During the year under review, the Company had successfully completed the process of obtaining the approval of its Members through Postal Ballots as per provisions of section 110 and other applicable provisions of the Act read with the Companies (Management and Administration) Rules, 2014 (including any statutory modification or re-enactment thereof) ("the Rules"), there were 2 (Two) Postal Ballot conducted this year. The approval of members obtained through Postal Ballot were pertaining to:

- Issue of Securities on Private Placement Basis;
- Approval for Acceptance of Deposits from Public and Members of the Company;
- Alteration of Object Clause of Memorandum of Association of the Company;
- Alteration of Articles of Association of the Company.

### Voting Pattern and Procedure for Postal Ballot:

1. The Committee of Directors / Board of Directors of the Company at its meetings held on May 25, 2018 and November 26, 2018, has appointed Mr. Virendra Bhatt, Practising Company Secretary, as the Scrutiniser for conducting the postal ballot voting process for both the Postal Ballots;
2. Process for the Postal Ballots were carried out in a fair and transparent manner. The postal ballot forms had been kept under safe custody of Scrutiniser in sealed and tamper proof ballot boxes before commencing the scrutiny of such postal ballot forms;
3. All postal forms received / receivable up to the closure of working hours on June 28, 2018 and December 28, 2018 and time fixed by the Company for receipt of the forms in the postal ballot, had been considered by Scrutiniser in his scrutiny;
4. Envelopes containing postal ballot forms received after June 28, 2018 and December 28, 2018 for the respective postal ballot had not been considered for his scrutiny;
5. The result of the both Postal Ballots were announced on June 30, 2018 and December 29, 2018 at the Registered Office of the Company as per scrutinizer's Report are as under:

### Postal Ballot - I Special Resolution - Issue of Securities on Private Placement Basis

Approval of members (both Equity and Class B (Series 1) Shares) obtained for the following business:

To offer, issue and allot, in one or more tranches Secured / Unsecured / Redeemable Non-convertible Debentures ("NCDs") on private placement basis.

Mode of Voting: Postal Ballot /E-voting

Promoter / Public	No. of shares held		No. of votes polled	% of votes polled on outstanding shares	No. of votes in favour	No. of votes against	% of votes in favour on votes polled	% of votes against on votes polled
	No. of Voting Rights held							
	1	2						
Promoter and Promoter Group	Shares	23,41,97,152	22,70,87,899	100.0000	22,70,87,899	0	100.0000	0.0000
	Voting Rights	22,70,88,007						
Public - Institutions	Shares	2,00,86,895	52,01,184	25.9491	52,01,184	0	100.0000	0.0000
	Voting Rights	2,00,43,785						
Public – Non-Institutions	Shares	23,90,87,700	5,23,82,962	22.1590	5,23,68,961	14,001	99.9733	0.0267
	Voting Rights	23,63,96,285						
Total	Shares	49,33,71,747	28,46,72,145	58.8740	28,46,58,144	14,001	99.9951	0.0049
	Voting Rights	48,35,28,077						

#since the shares includes differential voting rights shares, percentages of votes polled have been derived on the voting rights polled to voting rights held.

### Postal Ballot - II (1) Special Resolution – Approval for Acceptance of Deposits from Public and Members of the Company

Approval of members (both Equity and Class B (Series 1) Shares) obtained for the following business:

To invite / accept / renew from time to time unsecured Deposits from Members of the Company and/or Public.

Category	Mode of Voting	No. of shares held	No. of VR held	No. of votes polled	% of Votes Polled on outstanding shares	No. of Votes – in favour	No. of Votes – Against	% of Votes in favour on votes polled	% of Votes against on votes polled
		[1]		[2]	$\# [3] = \{ [2] / [1] \} \times 100$	[4]	[5]	$[6] = \{ [4] / [2] \} \times 100$	$[7] = \{ [5] / [2] \} \times 100$

### Commodity Price Risk or Foreign Exchange Risk and Hedging activities

The Company does not deal in commodities and hence the disclosure pursuant to SEBI Circular dated November 15, 2018 is not required to be given. The Company is exposed to exchange fluctuation risk for its purchase from overseas suppliers in various foreign currencies. The Company follows established risk management policies including the use of derivatives like foreign exchange forward contracts to hedge exposures to foreign currency risk.

The details of foreign currency exposure are disclosed in Note No. 30 in the Notes forming part of the Financial Statements.

### Transfer of Unclaimed / Unpaid Dividend amount to the Investor Education and Protection Fund (IEPF) :

Pursuant to Sections 124 and 125 of the Act, read with the IEPF Authority (Accounting, Audit, Transfer and Refund Rules, 2016 ("IEPF Rules"), dividend that are unpaid / unclaimed for a period of seven years from the dates it became due for payment are required to be transferred by the Company to the Investor Education and Protection Fund ("IEPF").

Further, share in respect of such dividend which have not been claimed for a period of seven consecutive years are also required to be transferred to the demat account of IEPF Authority. The said requirements does not apply to shares in respect of which there is specific order of Court, Tribunal or Statutory Authority, restraining any transfer of the shares.

In the interest of the shareholders of the Company, the Company send periodical reminders to the shareholders to claim their dividend in order to avoid transfer of dividend / shares to IEPF Authority. Notices in this regard are also published in the newspapers and the details of unclaimed dividend and shareholders whose shares are required to be transferred to the IEPF Authority, are uploaded on the Company's website <https://felindia.in/investors/shares-transferred-to-IEPF.aspx>.

In light of the aforesaid provisions, the Company has during the year, transferred to IEPF the unclaimed dividend, outstanding for seven consecutive years, of the Company. Further, shares of the Company, in respect of which Dividend has not been claimed for seven years or more, have also been transferred to the demat account of IEPF Authority.

The details of unclaimed dividend and shares transferred to IEPF during the year 2018-19 are as follows:

Financial Year	Amount of unclaimed dividend transferred	Number of Equity Shares Transferred	Number of Class B (Series 1) Shares Transferred
2010-11	₹8,17,975/-	55,879	5,416
Fractional Shares	₹1,48,022/-	-	-

The members who have to claim on above dividend and shares may claim the same from IEPF Authority by submitting an online application in the prescribed Form No. IEPF - 5 available on the website [www.iepf.gov.in](http://www.iepf.gov.in) and sending physical copy of the same, duly signed to the Company, along with requisite documents enumerated in the Form No. IEPF - 5. No claims shall lie against the Company in respect of the dividend / shares so transferred.

Given below the dates of declaration of dividend and corresponding dates when unpaid / unclaimed dividend are due for transfer to IEPF:

Financial Year	Date of Declaration	Date of Payment	Date on which dividend will become part of IEPF
31/12/2012	08/05/2013	12/05/2013	13/06/2020
31/03/2014	02/08/2014	06/08/2014	07/09/2021
31/03/2015	26/08/2015	31/08/2015	01/10/2022
31/03/2016	29/08/2016	02/09/2016	03/10/2023
31/03/2017	29/08/2017	02/09/2017	03/10/2024
31/03/2018	N.A.	N.A.	N.A.

Members who have so far not encashed their dividend warrants are requested to write to the Company / Registrar and Share Transfer Agent and claim the same, to avoid transfer to IEPF.

### Unclaimed Shares

None of the equity shares of the Company are lying in the demat suspense account or unclaimed suspense account so the requirement to disclose the details of such shares pursuant to Regulation 34(3) and Schedule V Part F of Listing Regulations doesn't arise.

## DISCLOSURES

### Related Party Transactions

All Related Party Transactions were reviewed / approved by the Audit Committee and were entered into in the ordinary course of business and at arm's length basis. The details of related party transactions are presented in Note No. 34 in Notes forming part of the financial statements for the year ended March 31, 2019. Policy on dealing with related party transactions is available on the website of the Company at the link [http://felindia.in/pdf/Related\\_Party\\_Transaction\\_Policy.pdf](http://felindia.in/pdf/Related_Party_Transaction_Policy.pdf)

### Details of utilization of funds raised through preferential allotment or qualified institutions placement

During the year under review, the Company has not raised funds through preferential allotment or qualified institutions placement so the requirement of mentioning utilization of funds as per Regulation 32(7A) of Listing Regulations does not arise.

### Recommendations of Committee to the Board:

During the year under review, there was no such instance wherein any recommendations from the Committees of the Board were not accepted by the Board of Directors of the Company.

### Total Fees paid to Statutory Auditor for all services rendered by them: (₹in Crore)

Particulars	Amount
Statutory Audit Fees	0.28
Other Expenses	0.04
<b>Total</b>	<b>0.32</b>

### Complaint under Sexual Harassment of Women at Workplace (prevention, Prohibition and Redressal) Act, 2013

Sr. No.	Number of Complaints filed during the financial year	Number of Complaints disposed of during the financial year	Number of Complaints pending as on end of the financial year
NIL			

### Disclosure of Accounting Treatment

During the year under review, the Company followed the applicable Accounting Standards in the preparation of its Financial Statements.

### Management

A Management Discussion and Analysis ("MDA") forms part of this Annual Report.

All members of the Senior Management have confirmed to the Board that there are no material, financial and/or commercial transactions between them and the Company, which could have any potential conflict of interest with the Company at large.

## CEO/CFO Certification

As required under Regulation 17(8) of the Listing Regulations, the Managing Director and the Chief Financial Officer of the Company have certified to the Board regarding the financial statements for the year ended March 31, 2019.

## Certificate of Non-Disqualification of Directors

Pursuant to Regulation 34(3) and Schedule V Para C clause (10)(i) of Listing Regulations, the Company has received certificate from Mr. Virendra Bhatt, Practicing Company Secretary, Secretarial Auditor of the Company certifying that none of the Directors on the Board of the Company have been debarred or disqualified from being appointed or continued as Directors of the Companies by the Securities and Exchange Board of India and / or Ministry of Corporate Affairs or any such statutory authority.

## Subsidiary Companies

The Company does not have any material un-listed subsidiary company as on March 31, 2019. However, the Company has a policy for determining material subsidiaries of the Company, which is available on the website of the Company at the link [http://felindia.in/pdf/Policy\\_For\\_Material\\_Subsiidiary.pdf](http://felindia.in/pdf/Policy_For_Material_Subsiidiary.pdf)

## Details of Non-Compliance

The Company has complied with all the requirements of regulatory authorities. During the last three years, there were no instances of non-compliance by the Company and no penalty or strictures were imposed on the Company by the Stock Exchange or Securities and Exchange Board of India or any statutory authority, on any matter relating to the capital markets.

## Establishment of Whistle Blower Policy/Vigil Mechanism

The Company has established a whistle blower policy/vigil mechanism. This policy aims to provide an avenue for Stakeholders to raise genuine concerns of any violations of legal or regulatory requirements, actual or suspected fraud or violation of the Company's code of conduct and ethical business practices. This Policy *inter-alia* provides a direct access to a Whistle Blower to the Chairman of the Audit Committee. This policy is available on the website of the Company at the link: [https://felindia.in/pdf/Vigil\\_Mechanism.pdf](https://felindia.in/pdf/Vigil_Mechanism.pdf)

The website of the Company contains all relevant information about the Company. The Annual Reports, Shareholding pattern, unaudited quarterly results and all other material information are hosted on this website.

## Compliance with mandatory requirements

Your Company has complied with all the mandatory requirements of the Listing Regulations relating to Corporate Governance.

## Discretionary Requirements (Part E of Schedule II of Listing Regulations):

1. **Chairman of the Board:** At present, Chairman of the Board is an Independent Director. The Company did not maintain a Chairman's office at the Company's expense or reimburse expenses incurred in performance of his duties, during the year under review.
2. **Shareholders' Rights:** Quarterly and half yearly financial results of the Company are furnished to the Stock Exchanges and are also published in the newspapers and uploaded on website of the Company. Hence, half yearly results were not separately sent to shareholders. Significant events are also posted on the Company's website under the Investors Section. The complete Annual Report is sent to every shareholder of the Company.
3. **Modified opinion(s) in audit report:** During the year under review, the Company has unmodified audit opinion on the Company's financial statements. The Company continues to adopt best practices and has ensured a track record of financial statements with unmodified audit opinion.
4. **Reporting of Internal Auditor:** Internal Auditors are invited to the meetings of Audit Committee to make presentation directly to the Committee on their observations during the course of their Internal Audit.

## AUDITORS REPORT ON CORPORATE GOVERNANCE

To,  
The Members of  
Future Enterprises Limited

We have examined the compliance of conditions of Corporate Governance by Future Enterprises Limited ('the Company') for the financial year ended on March 31, 2019 as stipulated in Regulations 17 to 27 and clauses (b) to (i) of sub regulation (2) of regulation 46 and para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations').

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the provisions relating to Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given us, we certify that the Company has complied in all material aspects with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations as applicable.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

- The Company's business activities underwent changes since October 31, 2015 and hence financial numbers and ratios pertaining to period ending March 31, 2016 onwards not comparable with prior periods.
- Financial numbers of the year ended March 31, 2017 onwards are prepared as per IND AS, hence not comparable with previous years.

## INDEPENDENT AUDITORS' REPORT

To  
The Members of  
**FUTURE ENTERPRISES LIMITED**

### Report on the Standalone Financial Statements

#### Opinion

We have audited the standalone Financial Statements of Future Enterprises Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2019, Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash flows for the year then ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and profit and total comprehensive income (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matter to be communicated in our report.

The Key Audit Matter	How the matter was addressed in our Audit
<p>Valuation of Inventory</p> <p>Refer note no. 7 to the accompanying standalone financial statements</p> <p>We identified this matter as key in our audit due to the materiality of the value of inventories, and the numerous SKUs and high volume of movement in the inventory.</p>	<p>Our Procedures included, but were not limited to the following:</p> <ul style="list-style-type: none"> <li>◆ Assessment of the design, implementation and operational effectiveness of the relevant controls in place in the inventory management and measurement process.</li> <li>◆ Evaluation of the inventory costing methodology and valuation policy established by management, including compliance with the applicable accounting standard.</li> <li>◆ Assessment of the inventory costing methodology and valuation policy maintained and applied in the IT system.</li> <li>◆ Assessing the analysis and assessment made by the management with respect to slow moving and obsolete inventory.</li> <li>◆ Verification of the determination of net realizable value on a representative sample basis</li> </ul>
<p>Accounting for Lease Rental Income</p> <p>Lease rental income amounted to Rs. 742.97 Crore for the year ended 31 March 2019, Generally lease revenue is recognised net of discount, in accordance with the terms of lease contracts over the lease term on a straight line basis using a standard IT system. Also there are few lease arrangements where revenue recognition is not subject to straight line basis depending on the nature of the lease arrangements and performance of the lease. There is an inherent risk around the accuracy of the revenue recorded given the complexity of the IT system and impact of the terms of lease agreements to the revenue recognition.</p>	<p>Our audit procedures included considering the appropriateness of the Company's revenue recognition accounting policies and assessing compliance with the policies in terms of the applicable accounting standards. We performed test of controls, assisted by our IT specialists, over revenue recognition with specific focus on whether lease income is recorded over the lease term on a straight line basis or other applicable basis as per the terms of the lease contract. We performed tests of details, on a sample basis, to review the case contracts entered into with the customers to assess whether lease income recorded is as per the contract terms and also to identify any non-standard lease clauses and to assess the appropriateness of the rental income accounting. We assessed the completeness of lease rental income recorded during the year through matching the data used in the revenue recognition to the approved lease agreements with the customers. We also performed detailed substantive analytical procedures of case rental income and the timing of its recognition.</p>

## Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in Management and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholders Information, but does not include the standalone financials statements and our auditors report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and in doing so, consider whether the information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- ◆ Identify and assess the risk of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ◆ Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- ◆ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ◆ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ◆ Evaluate the overall presentation, structure and content of the standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatement in the standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatement in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including and significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we may have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.
  - d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the

Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:
  - In Our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
  - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 40 to the Financial Statements;
    - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
    - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

## ANNEXURE – ‘A’ to the Independent Auditors’ Report

Referred to in Paragraph 1(f) under the heading of “Report on other Legal and Regulatory Requirements” of our report to the members of Future Enterprise Limited of even date

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Future Enterprises Limited (“the Company”) as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

### Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is

sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## ANNEXURE – ‘B’ to the Independent Auditors’ Report

**Referred to in Paragraph 2 under the heading of “Report on other Legal and Regulatory Requirements” of our report to the members of Future Enterprise Limited of even date**

On the basis of such checks as we considered appropriate and in terms of the information and explanations given to us, we report that: -

- i. In respect of companies fixed assets:
  - a) The Company has maintained proper records showing full particulars, including quantitative details and situation of its fixed assets.
  - b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner over a period of three years. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
  - c) According to the information and explanations given to us, the title deeds of immovable properties included in fixed assets are held in the name of the Company.
- ii. a) As explained to us, management has conducted physical verification of inventory at regular intervals during the year.
- b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventory followed by the Management were reasonable and adequate in relation to the size of the Company and nature of its business.
- c) In our opinion and according to the information and explanations given to us, the Company has maintained proper records of its inventories and no material discrepancies were noticed on physical verification.
- iii. According to the information and explanations given to us, the Company has not granted loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties listed in the register maintained under Section 189 of the Companies Act, 2013. Accordingly, the provisions of clauses 3(iii) (a), (b) and (c) of the order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act in respect of grant of loans, making investment and providing guarantees and securities, as applicable.

- v. In respect of deposits accepted, in our opinion and according to the information and explanations given to us, directives issued by the Reserve Bank of India and the provisions of Section 73 to 76 or any other relevant provisions of the Companies Act, 2013, and the rules framed there under, to the extent applicable, have been complied with. We are informed by the management that no order has been passed by the Company Law Board (CLB), National Company Law Tribunal (NCLT) or Reserve Bank of India (RBI) or any Court or any other Tribunal.

vi. The maintenance of cost records has not been specified by the Central Government under Section 148(1) of the companies Act, 2013 for the business activities carried out by the company, thus reporting under clause 3(vi) of the order is not applicable to the Company.

- vii. a) According to information and explanations given to us, the Company has been generally regular in depositing undisputed statutory dues, including Provident Fund, Employees’ State Insurance, Income Tax, Goods and Service Tax, Custom Duty, Cess, Professional Tax and other material statutory dues applicable to it with the appropriate authorities.
- b) According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees’ State Insurance, Income Tax, Goods and Service Tax, Custom Duty, Cess, Professional Tax and other material statutory dues in arrears as at March 31, 2019 for a period of more than six months from the date they became payable except

Name of Statute	Nature of the dues	Amount (in ₹ Crore)	Period to which the amount relates	Forum where dispute is pending
The Income Tax Act, 1961	Income Tax	3.10	A Y 2014-15	Commissioner of Income Tax Appeal
The West Bengal Tax on Entry of Goods Into Local Areas Act 2012	Entry Tax	1.75	FY 2016-17 & 2017-18	Calcutta High Court

- viii. Based on our audit procedures and on the basis of information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of loans or borrowings from banks and debenture holders. The Company has not taken any loans from Government or any Financial Institution.

- ix. Based on audit procedure and on the basis of information and explanation given by the management, we are of the opinion that money raised by Company by way of term loan has been applied for the purpose for which they were raised. The Company did not raise any money by way of Initial Public offer or further public offer.
- x. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the company by its officers or employees has been noticed or reported during the year.
- xi. In our opinion and according to the information and explanations given to us, the company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Companies Act.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Therefore, paragraph 3(xii) of the Order is not applicable.
- xiii. In our opinion and according to the information and explanations given to us, the Company is in compliance with Sections 177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Standalone Financial Statements as required by the applicable accounting standards.
- xiv. During the Year, the company has not made any preferential allotment or private placement of shares fully or partly paid convertible debentures and hence, reporting under clause 3 (xiv) of the Order is not applicable to the Company.
- xv. In Our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

### 1. Company Overview And Significant Accounting Policies

#### 1.1 Company Overview

Future Enterprises Limited (formerly known as Future Retail Limited) ('the Company') is a public Company domiciled in India and incorporated under the provisions of Companies Act, 1956 on October 12, 1987. The Company engaged in the business of manufacturing, trading and leasing of assets.

The Company has its registered office at Mumbai, Maharashtra, India. The Company has its primary listings on the National Stock Exchange of India Limited and BSE Limited.

The financial statements were authorised for issue in accordance with a resolution of the Board of Directors on May 27, 2019.

#### 1.2 Basis of Preparation and Presentation

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. The Ind AS are prescribed under Section 133 of the Companies Act, 2013 (Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

#### 1.3 Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

#### 1.4 Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalised until the property, plant and equipment are ready for use, as intended by management.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit or Loss when the asset is derecognised.

The company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows:

Building	: 30 years
Plant and Equipment	: 5 years
Office Equipment*	: 3 to 6 years
Furniture and Fixture	: 10 years
Electrical Installation and Equipment	: 10 years
Vehicles	: 10 years
Leasehold Improvement*	: Lease term or 15 years, whichever is lower

\*Based on technical evaluation, the management believes that the useful lives as given above best represent the period over which management expects to use these assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Leasehold lands are amortised over the period of lease. Buildings constructed on leasehold land are depreciated based on the useful life specified in Schedule II to the Companies Act, 2013, where the lease period of land is beyond the life of the building.

In other cases, buildings constructed on leasehold lands are amortised over the primary lease period of the lands.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

### 1.5 Intangible Assets

Intangible assets are stated at acquisition cost and other cost incurred, which is attributable to preparing the asset for its intended use, less accumulated amortization and accumulated impairment losses, if any. The cost of intangible assets acquired in a business combination is recorded at fair value on the date of acquisition. The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life not exceeding ten years and assessed for impairment whenever there is an indication that the Intangible assets may be impaired. Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level.

An item of Intangible Asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit or Loss when the asset is derecognised.

The residual values, useful lives and methods of amortisation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

### 1.6 Business Combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Company. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired, liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Business combinations between entities under common control is accounted for at carrying value. Transaction costs that the Company incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

### 1.7 Impairment of Assets

#### (i) Financial Assets

The Company recognizes loss allowances using the expected credit losses (ECL) model for the financial assets which are not fair valued through statement of profit and loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in such case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in statement of profit and loss.

#### (ii) Non-Financial Assets

Intangible Assets and Property, Plant and Equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit to which the asset belongs.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognised for the asset in prior years.

### (iii) Share Capital

#### Ordinary Shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognised as a deduction from equity, net of any tax effects.

## 1.8 Financial instruments

### (i) Initial Recognition and Measurement

The Company recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are recognised on the trade date.

### (ii) Subsequent Measurement

#### a) Non-Derivative Financial Instruments

##### (i) Financial Assets Carried At Amortised Cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### (ii) Financial Assets At Fair Value Through Other Comprehensive Income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognised in other comprehensive income.

##### (iii) Investments in Associates, Joint Venture and Subsidiaries

Investments in Associates, Joint Venture and Subsidiaries are carried at cost.

##### (iv) Financial Assets at Fair Value Through Profit or Loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

##### (v) Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognised in a business combination which is

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

### b) Derivative Financial Instruments

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

### (i) Financial Assets or Liabilities, at Fair Value Through Profit or Loss.

This category has derivative financial assets or liabilities which are not designated as hedges.

Although the company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorised as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognised initially at fair value and attributable transaction costs are recognised in net profit in the Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/ liabilities in this category are presented as current assets/ liabilities if they are either held for trading or are expected to be realised within 12 months after the balance sheet date.

### (ii) Derecognition of Financial Instruments

The company derecognizes a financial asset when the contractual right to receive the cash flows from the financial asset expire or it transfers the financial asset.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires.

## 1.9 Current Versus Non-Current Classification

An asset is considered as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

## 1.10 Measurement of Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Input for the asset or liability that are not based on observable market data (unobservable inputs).

### 1.11 Inventories

Inventories are valued at lower of cost or net realizable value. Inventories of traded goods are valued at lower of cost or net realizable value. Finished Goods and Work-in-Progress include cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Costs of inventories are computed on weighted average basis.

### 1.12 Employee Benefits

Short term employee benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss for the period in which the related service is rendered.

Post-employment and other long term employee benefits are recognised as an expense in the Statement of Profit and Loss for the period in which the employee has rendered services. The expense is recognised at the present value of the amounts payable determined using actuarial valuation techniques. Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognised in other comprehensive income. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognised in other comprehensive income. The effect of any plan amendments are recognised in net profit in the statement of profit and loss.

### 1.13 Share-Based Payment

The Company recognizes compensation expense relating to share-based payments in statement of profit and loss, using fair-value. The estimated fair value of awards is charged to income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding account.

### 1.14 Provisions

A provision is recognised if, as a result of a past event, the company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Provisions for warranty-related costs are recognised when the product is sold or service provided to the customer. Initial recognition is based on historical experience. The initial estimate of warranty-related costs is revised annually.

### 1.15 Revenue recognition

Revenue is recognised on a fair value basis to the extent it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

### (i) Sale of goods

Revenue from sale of goods is recognised, when significant risks and rewards of ownership have been transferred to the buyer and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. It also includes excise duty and excludes value added tax and Goods and service tax (GST). It is measured at fair value of consideration received or receivable, net of returns and allowances.

### (ii) Revenue from Sale of Services

Revenue from Sale of services are recognised as they are rendered based on arrangements with the customers.

### (iii) Lease Income

Lease agreements where the risks and rewards incidental to the ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals are recognised on straight - line basis as per the terms of the agreements in the statement of profit or loss.

### (iv) Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

### (v) Dividend Income

Dividend income is recognised when the Company's right to receive the payment is established.

## 1.16 Foreign Currency Transactions

### (i) Functional Currency

Financial statements of the Company's are presented in Indian Rupees (₹), which is also the functional currency.

### (ii) Transactions and Translations

Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the balance sheet date. The gains or losses resulting from such translations are included in net profit in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction. Transaction gains or losses realised upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gain and losses are presented in the statement of profit and loss on net basis within other gains/ (losses).

## 1.17 Leases

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the statement of profit and loss. Lease management fees, legal charges and other initial direct costs of lease are capitalised.

A leased asset is depreciated on a straight-line basis over the useful life of the asset. However, if there is no reasonable certainty that the company will obtain the ownership by the end of the lease term, the capitalised asset is depreciated on a straight-line basis over the shorter of the estimated useful life of the asset or the lease term.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as Operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

### 1.18 Taxation

Income tax comprises current and deferred income tax. It is recognised in profit or loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in other comprehensive income.

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961.

Deferred income tax assets and liabilities are recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognised as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognised to the extent there is reasonable certainty that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

### 1.19 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the period, are adjusted for the effects of all dilutive potential equity shares.

### 1.20 Borrowing Costs

Borrowing costs, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use, are capitalised as part of the cost of the respective asset. All other borrowing costs are charged in the period they occur in the statement of profit and loss.

### 1.21 Application of new and revised standards

#### **Ind AS 116- Leases:**

On 30th March 2019, the Ministry of Corporate Affairs (MCA) has notified Ind AS 116 Leases, under Companies (Indian Accounting Standards) Amendment Rules, 2019 which is applicable with effect from 1st April, 2019.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lease accounting model for lessee and requires the lessee to recognize right of use assets and lease liabilities for all leases with a term of more than twelve months, unless the underlying asset is low value in nature. Currently, operating lease expenses are charged to the statement of profit and loss. Ind AS 116 substantially carries forward the lessor accounting requirements in IND AS 17.

As per Ind AS 116, the lessee needs to recognise depreciation on rights of use assets and finance costs on lease liabilities in the statement of profit and loss. The lease payments made by the lessee under the lease arrangement will be adjusted against the lease liabilities.

The Company is currently evaluating the impact on account of implementation of Ind AS 116 which might have significant impact on key profit & loss and balance sheet ratio i.e. Earnings before interest, tax, depreciation and amortisation (EBITDA), Asset coverage, debt equity, interest coverage, etc.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

### (ii) Terms/Rights Attached to Equity Shares

The Company has Equity Shares having a par value of ₹ 2/- each at the Balance Sheet Date. Equity Shares have been further classified into Equity Shares carrying normal voting and dividend rights (Ordinary Shares) and Equity Shares carrying differential voting and dividend rights Class B (Series 1) Shares.

Each holder of Ordinary Shares, is entitled to one vote per member in case of voting by show of hands and one vote per Ordinary Shares held in case of voting by poll/ballot. Each holder of Equity Share is also entitled to normal dividend (including interim dividend, if any) as may declared by the Company.

Each holder of Class B (Series 1) Shares, is entitled to one vote per member in case of voting by show of hands and three vote per four Class B (Series 1) shares held in case of voting by poll/ballot. Each holder of Class B (Series 1) Share is also entitled to 2% additional dividend in addition to normal dividend (including interim dividend, if any) as may declared by the Company. Further, the Company may declare dividend only for Class B (Series 1) Share up to 2% without declaring any dividend for Equity Shares.

All other rights would be same for both classes of Equity Shares.

The Company declares and pays dividends in Indian Rupees. The dividend proposed by the Board of Directors is subject to approval of the shareholders in the Annual General Meeting.

In the event of liquidation of company, the holders of equity shares will be entitled to receive remaining assets of the company, after distribution of all preferential amounts. The distributions will be in proportion to the number of equity shares held by shareholder.

### (iii) The Company does not have any holding Company.

### (iv) Shares in the Company held by each shareholder holding more than 5 percent shares and number of Shares held are as under:

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

### 30. Financial Risk Management

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the managing board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including loans and borrowings, foreign currency receivables and payables.

The Company manages market risk through treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures and borrowing strategies.

#### (i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company is not exposed to significant interest rate risk as at the respective reporting dates.

#### (ii) Foreign Currency Risk

The Company is exposed to exchange fluctuation risk for its purchase from overseas suppliers in various foreign currencies.

The Company follows established risk management policies including the use of derivatives like foreign exchange forward contracts to hedge exposures to foreign currency risk.

The following table analyzes foreign currency risk from financial instruments as of:

	(₹ in crore)	
	2018-19	2017-18
Trade Payables	59.19	113.98
Trade Receivables	3.81	3.57

#### (iii) Credit Risk

Credit risk refers to the risk of default on its obligation by the counter party resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹ 533.50 crore and ₹ 488.40 crore as of March 31, 2019 and March 31, 2018 respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has always been managed by the company through credit approvals establishing credit limits and continuously monitoring the credit worthiness of customers to which the company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the company uses expected credit loss model to assess the impairment loss or gain. The company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the company's historical experience for customers.

#### (iv) Liquidity Risk

The company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at a reasonable price. Typically the company ensures that it has sufficient cash on demand to meet expected operational expenses and servicing of financial obligations.

	(₹ in crore)	
	2018-19	2017-18
Borrowings	374.67	346.36
Trade Payables	660.85	485.46
Other Financial Liabilities	394.81	214.50

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

### (v) Financial Instruments Valuation

All financial instruments are initially recognised and subsequently re-measured at fair value as described below:

- The fair value of quoted investment is measured at quoted price or NAV.
- The fair value of the remaining financial instruments is determined using discounted cash flow analysis.
- All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

Fair value measurement hierarchy:

(₹ in crore)

Particulars	As At March 31 2019			As At March 31 2018		
	Carrying Amount	Level of Input used in		Carrying Amount	Level of Input used in	
		Level 1	Level 2		Level 1	Level 2
<b>Financial Assets</b>						
<b>At Amortised Cost</b>						
Trade Receivables	533.50	-	-	488.40	-	-
Cash and Bank Balances	25.91	-	-	37.16	-	-
Loans	199.64	-	-	180.42	-	-
Other Financial Assets	49.93	-	-	10.82	-	-
<b>At FVTOCI</b>						
Investments	102.11	93.07	9.04	74.72	65.73	8.99
<b>Financial Liabilities</b>						
<b>At Amortised Cost</b>						
Borrowings	6,306.47	-	-	5,662.12	-	-
Trade Payables	660.85	-	-	485.46	-	-
Other Financial Liabilities	1,018.17	-	-	772.74	-	-

The financial instruments are categorised into two levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities; and

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly.

### (vi) Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximize the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. In Net debt, the Company includes interest bearing loans and borrowings, trade and other payables less cash and cash equivalents.

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

(₹ in crore)

	March 31, 2019	March 31, 2018
Gross Debt	6,479.15	5,730.87
Trade Payables	660.85	485.46
Other Payables	926.49	708.17
Less: Cash and Cash Equivalents	14.62	19.56
<b>Net Debt</b>	<b>8,051.87</b>	<b>6,904.94</b>
Equity	98.71	98.67
Other Equity	3,859.51	3,811.96
<b>Total Capital</b>	<b>3,958.22</b>	<b>3,910.63</b>
<b>Capital and Net Debt</b>	<b>12,010.09</b>	<b>10,815.57</b>
<b>Gearing Ratio</b>	<b>67.04%</b>	<b>63.84%</b>

In order to achieve this overall objective, the Company's capital management amongst other things aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2019 and March 31, 2018.

### 31. Employee Benefits - Gratuity

Other items giving rise to temporary differences	2.81	3.10
Deferred tax asset / (liability)	(36.86)	(58.64)

### 33. Segment Reporting

Ind AS 108 establishes standards for the way that public business enterprises report information about operating segments and related disclosures about products and services, geographic areas, and major customers. The Company's operations predominantly relate to manufacturing, trading and leasing of assets. Based on the "management approach" as defined in Ind AS 108, the Chief Operating Decision Maker (CODM) evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments. Accordingly, information has been presented both along business segments and geographic segments. The accounting principles used in the preparation of the financial statements are consistently applied to record revenue and expenditure in individual segments, and are as set out in the significant accounting policies.

		(₹ in crore)	
		2018-19	2017-18

### 37. Employee Stock Option Scheme

The company had received approval of the Board and Shareholders for issuance of 1,02,74,989 Equity Shares of ₹ 2 each for offering to eligible employees of the Company under Employee Stock Option Scheme (FEL ESOP 2012 & FEL ESOP 2015). During the year the Company has granted in aggregate 47,45,000 (2018- Nil) options out of which (i) 42,45,000 Options exercisable at a price of ₹21.60 each (ii) 5,00,000 Options exercisable at a price of ₹21.90 each plus all applicable taxes, as may be levied in this regard on the Company. The options to be granted, would vest over a maximum period of 3 years or such other period as may be decided by the Human Resources, Nomination and Remuneration Committee from the date of grant based on specified criteria.

Stock Option activity under the scheme is set out below:

	2018-19		2017-18	
	Number of options	Weighted Average Exercise Price (₹)	Number of options	Weighted Average Exercise Price (₹)
Outstanding at the beginning of the year	13,13,333	2	34,09,757	2
Number of options revised	-	2	-	2
Granted during the year	47,45,000	(21.60 and 21.90)	-	2
Forfeited / cancelled during the year	-	2	-	2
Exercised during the year	2,20,200	2	20,96,424	2
Expired during the year	-	-	-	-
Outstanding at the end of the year	58,38,133	2	13,13,333	2
Exercisable at the end of the year	58,38,133	2	13,13,333	2
Weighted average remaining contractual life of outstanding options (in years)	3.65		2.75	
Weighted average fair value of options granted ₹				
-On August 31, 2015 : ₹ 105.29				
-On November 07, 2016 : ₹ 15.66				
-On November 07, 2016 : ₹ 15.30				
-On December 12, 2016 : ₹ 14.31				
-On August 13, 2018 : ₹ 22.78				
-On February 05, 2019 : ₹ 23.29				

Method and Assumptions used to estimate the fair value of options granted during the previous year:

1. Date of Grant	February 05, 2019	August 13, 2018	November 07, 2016	November 07, 2016	August 31, 2015	August 31, 2015
2. Risk Free Interest Rate	7.20%	7.72%	6.57%	6.41%	7.68%	7.70%
3. Expected Life	3.65	3.65	2.75	Immediate Vesting	2.75	3.00
4. Expected Volatility	43.75%	44.03%	43.12%	47.00%	58.69%	58.78%
5. Dividend Yield	-	-	-	-	0.52%	0.52%
6. Price of the underlying share in market at the time of the option grant (₹)	38.23	37.40	16.64	17.30	115.00	115.00

### 38. Leases

The Company has entered into operating lease arrangements for fixed assets and premises. The future minimum lease rental obligation under non-cancellable operating leases payable not later than one year is ₹1.92 crore (2018: ₹ 13.60 crore), payable later than one year but not later than five year is ₹1.70 crore (2018: ₹ 8.40 crore) .

## NOTES FORMING PART OF THE FINANCIAL STATEMENTS

### 39. Details of dues to Micro, Small And Small Enterprises Development as defined under the MSMED Act, 2006

There are no Micro, Small and Medium Enterprises, to whom the company owes dues which are outstanding for more than 45 days during the year. This information as required to be disclosed under the Micro, Small and Medium Enterprise Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the company.

### 40. Contingent Liabilities

Claims Against the Company Not Acknowledged as Debts, in respect of Income Tax ₹ 3.10 crore (2018: ₹ 0.54 crore), Value Added Tax ₹ 1.75 crore (2018 : ₹1.75 crore), Letter of Credit ₹ 143.06 crore (2018: ₹ 123.17 crore) and Other money for which the Company is Contingently Liable, Bank Guarantees Given ₹ 10 crore, Corporate Guarantees Given ₹ 5,752.00 crore (2018: ₹ 5,753.26 crore).

There are various labour, legal metrology, food adulteration and cases under other miscellaneous acts pending against the Company, the liability of which cannot be ascertained. However, management does not expect significant or material liabilities devolving on the Company.

41. The Hon'ble Supreme Court of India ("SC") by their order dated February 28, 2019, in the case of M/s. Surya Roshani Limited & others v/s EPFO, set out the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purposes of computation of Provident Fund contribution. There are interpretative issues related to the judgement which require clarification. Further Surya Roshni has filed a review petition with hon'ble Supreme Court which is pending for disposal Pending decision on the subject review petition and clarificatory directions from the EPFO, the impact, if any, is not ascertainable and consequently no effect has been given in the accounts.

### 42. Capital and Other Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances) ₹ 87.21 crore (2018: ₹ 95.89 crore).

43. The borrowing cost capitalised during the year ended March 31, 2019 was ₹ 56.47 crore (2018 : ₹46.53 crore).

### 44. Payment to the Auditor

	(₹ in crore)	
	2018-19	2017-18
Statutory Audit Fees	0.28	0.28
Certification & Consultation Fees	0.04	0.02
<b>Total</b>	<b>0.32</b>	<b>0.30</b>

# INDEPENDENT AUDITORS' REPORT

To,  
The Members of  
**FUTURE ENTERPRISES LIMITED**

## Report on the Consolidated Financial Statements

### Opinion

We have audited the accompanying Consolidated Financial Statements of Future Enterprises Limited ("the Company"), its subsidiaries (the Company and its subsidiaries together referred to as "the Group"), associates and Jointly Controlled Entities, which comprise the Consolidated Balance Sheet as at March 31, 2019, the Consolidated Statement of Profit and Loss (including Other comprehensive income), the Consolidated statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, and notes to the Consolidated Financial Statements, including summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates and Jointly Controlled Entities as at March 31, 2019, and consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements Section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, associates and Jointly Controlled Entities, were of most significance in our audit of the consolidated financial statements of the current period.

These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter to be communicated in our report.

The Key Audit Matter	How the matter was addressed in our Audit
<p>Valuation of Inventory Refer note no. 7 to the accompanying Consolidated Financial Statements We identified this matter as key in our audit due to the materiality of the value of inventories, and the numerous SKUs and high volume of movement in the inventory.</p>	<p>Our Procedures included, but were not limited to the following:</p> <ul style="list-style-type: none"><li>• Assessment of the design, implementation and operational effectiveness of the relevant controls in place in the inventory management and measurement process.</li><li>• Evaluation of the inventory costing methodology and valuation policy established by management, including compliance with the applicable accounting standard.</li><li>• Assessment of the inventory costing methodology and valuation policy maintained and applied in the IT system.</li><li>• Assessing the analysis and assessment made by the management with respect to slow moving and obsolete inventory.</li><li>• Verification of the determination of net realizable value on a representative sample basis</li></ul>

The Key Audit Matter	How the matter was addressed in our Audit
<p>Accounting for Lease Rental Income</p> <p>Lease rental income amounted to Rs. 742.97 Crore for the year ended 31 March 2019, Generally lease revenue is recognised net of discount, in accordance with the terms of lease contracts over the lease term on a straight line basis using a standard IT system. Also there are few lease arrangements where revenue recognition is not subject to straight line basis depending on the nature of the lease arrangements and performance of the lease. There is an inherent risk around the accuracy of the revenue recorded given the complexity of the IT system and impact of the terms of lease agreements to the revenue recognition.</p>	<p>Our audit procedures included considering the appropriateness of the Company's revenue recognition accounting policies and assessing compliance with the policies in terms of the applicable accounting standards.</p> <p>We performed test of controls, assisted by our IT specialists, over revenue recognition with specific focus on whether lease income is recorded over the lease term on a straight line basis or other applicable basis as per the terms of the lease contract. We performed tests of details, on a sample basis, to review the case contracts entered into with the customers to assess whether lease income recorded is as per the contract terms and also to identify any non-standard lease clauses and to assess the appropriateness of the rental income accounting. We assessed the completeness of lease rental income recorded during the year through matching the data used in the revenue recognition to the approved lease agreements with the customers. We also performed detailed substantive analytical procedures of case rental income and the timing of its recognition.</p>

### Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate

Governance and Shareholders Information, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matter stated in Section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the Consolidated financial position, Consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its Jointly Controlled Entities and an Associate Company in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the Companies included in the Group and of its Jointly Controlled Entities and an Associate Company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its Jointly Controlled Entities and Associate Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the Companies included in the Group and of its Jointly Controlled Entities and an Associate Company are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group and of its Jointly Controlled Entities and an Associate Company are also responsible for overseeing the Group's financial reporting process.

### **Auditor's Responsibility for the audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company and its subsidiary companies which are incorporated in India and abroad, has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements.

Materiality is the magnitude of misstatement in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatement in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we may have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Other Matters**

We did not audit the Financial Statements of the ten subsidiaries whose Financial Statements reflect total assets of Rs. 1242.98 Crore as at March 31, 2019, total revenues of Rs. 1531.86 Crore for the year ended on that date as considered in the Consolidated Financial Statements. These Financial Statements and the other financial information have been audited by other auditors whose report has been furnished to us by the Management, and our opinion on the consolidated results to the extent they have been derived from such Financial Statements is based solely on the other auditor's report.

The Consolidated Financial Statements also includes the Group's share of profit after tax of 14.47 Crore for the year

ended March 31, 2019, as considered in the Consolidated Financial Statements, in respect of Jointly Controlled Entities, whose financial statement have not been audited by us. These Financial Statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Statement, in so far as it relates to the amounts and other disclosures included in respect of these subsidiaries and associate, and our reporting terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associates, is based solely on the reports of the auditors.

We have relied on the unaudited Financial Statements of two Jointly Controlled Entities whose Financial Statements reflect the Group's share of profit of 6.12 Crore for the year ended on that date. These unaudited Financial Statements are approved by the respective Board of Directors of these Companies and have been furnished to us by the management and our report in so far as it relates to amounts included in respect of this Jointly Controlled Entities are based solely on such approved unaudited Financial Statements.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

#### Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
- b) In our opinion, proper books of accounts as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of accounts maintained for the purpose of preparation of the Consolidated Financial Statements.
- d) In our opinion, the aforesaid Consolidated Financial Statements comply with the IND AS specified under Section 133 of the Act, read with relevant rules issued thereunder.
- e) On the basis of the written representations received from the Directors of the Company as on March 31, 2019 taken on record by the Board of Directors of the Company and the reports of the

statutory auditors of its Subsidiary Companies and Jointly Controlled Entities and associates Companies incorporated in India, None of the Directors of these entities is disqualified as on March 31, 2019 from being appointed as a Director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of internal Financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate report in "Annexure A", which is based on the auditors' reports of the subsidiary companies, associate companies and jointly controlled companies. Our report expresses and unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the Group, its Jointly Controlled Entities and an Associate Company – Refer Note 43 to the Consolidated Financial Statements.
- ii. Provision has been made in the Consolidated Financial Statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company. There were no amounts in case of Subsidiary Companies, Jointly Controlled Entities and Associate Companies which were required to be transferred to Investor Education and Protection Fund.

## Annexure – A to the Independent Auditors' Report

### Report on the Internal Financial Controls Over Financial Reporting under Clause (I) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the Consolidated Financial Statement of Future Enterprises Limited ("The Company") and its subsidiaries (the Company and its subsidiaries together referred to as "the Group") its associates and jointly control entities as at and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of the Holding Company and its Subsidiary Companies, its jointly control entities and associates incorporated in India, as at that date.

### Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Company and its Subsidiary Companies, which are Companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note required that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the Consolidated Financial Statement, whether due to fraud or error.

We believe that the audit evidence obtained by us and the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company, its subsidiaries, associates and jointly controlled entities internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statement for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statement in accordance with generally accepted accounting principles, and that receipts and expenditure of the Company are being made only in accordance with authorization of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

### Inherent Limitation of Internal Financial Controls Over Financial Reporting

Because of the inherent limitation of internal financial controls over financial reporting, including the possibility

of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedure may deteriorate.

### Opinion

In our opinion, the Company and its Subsidiary Companies, which are Companies incorporated in India and abroad have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit

of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountant of India (ICAI).

### Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to Financial Statements of 10 Subsidiary Companies, 6 Joint Ventures entities and 1 Associates are based on the corresponding reports of the auditors of such Companies.

# NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

## 1. Company Overview And Significant Accounting Policies

### 1.1 Overview

Future Enterprises Limited ('the company or parent') is a public company domiciled in India and incorporated under the provisions of Companies Act, 1956 on October 12, 1987. The Company, its Subsidiaries, Joint Ventures and Associate collectively refer to as a 'Group'.

The Group engaged in the business of manufacturing, trading, leasing of assets, logistics services and joint ventures with Life and Non Life Insurance services.

The Group has its registered office at Mumbai, Maharashtra, India. The Group has its primary listings on the National Stock Exchange of India Limited and BSE Limited.

The consolidated financial statements were authorised for issue in accordance with a resolution of the Board of Directors on May 27, 2019.

### 1.2 Basis of Preparation and Presentation

These consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention method on accrual basis except for certain financial instruments which are measured at fair values. The Ind AS are prescribed under Section 133 of the Companies Act, 2013 (Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

### 1.3 Basis of Consolidation

The Group consolidate entities which it owns or controls. The consolidated financial statements comprise the financial statements of the Group, it controlled its subsidiaries, associates and joint venture.

Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The financial statements of the Group companies are consolidated on a line-by-line basis and intra-Group balances and transactions including unrealised gain / loss from such transactions are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the Group, are excluded.

Associates are entities over which the Group has significant influence but not control. Investments in associates and joint ventures are accounted for using the equity method of accounting. The investment is initially recognised at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the acquisition date. The Group's investment in associates and joint ventures includes goodwill identified on acquisition.

### 1.4 Use of Estimates

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenue and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements.

### 1.5 Property, Plant and Equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalised until the property, plant and equipment are ready for use, as intended by management.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit or Loss when the asset is derecognised.

The Group depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows:

Building	: 30 years
Plant and Equipment	: 15 years
Office Equipment*	: 3 to 6 years
Furniture And Fixture	: 10 years
Electrical Installation and Equipment	: 10 years
Vehicles	: 10 years
Leasehold Improvement*	: Lease term or 15 Years, whichever is lower

\*Based on technical evaluation, the management believes that the useful lives as given above best represent the period over which management expects to use these assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Leasehold lands are amortised over the period of lease. Buildings constructed on leasehold land are depreciated based on the useful life specified in Schedule II to the Companies Act, 2013, where the lease period of land is beyond the life of the building.

In other cases, buildings constructed on leasehold lands are amortised over the primary lease period of the lands.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

### 1.6 Intangible Assets

Intangible assets are stated at acquisition cost and other cost incurred, which is attributable to preparing the asset for its intended use, less accumulated amortization and accumulated impairment losses, if any. The cost of intangible assets acquired in a business combination is recorded at fair value on the date of acquisition. The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life not exceeding ten years and assessed for impairment whenever there is an indication that the Intangible assets may be impaired. Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level.

An item of Intangible Asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit or Loss when the asset is derecognised.

The residual values, useful lives and methods of amortisation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

### 1.7 Goodwill

Goodwill on acquisition of Subsidiaries and Joint Ventures is included in intangible assets. Goodwill is not amortized but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

### 1.8 Impairment of Assets

#### (i) Financial Assets

The Group recognizes loss allowances using the expected credit losses (ECL) model for the financial assets which are not fair valued through statement of profit and loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in such case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in statement of profit and loss.

### (ii) Non-Financial Assets

#### (a) Intangible Assets and Property, Plant and Equipment

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognised for the asset in prior years.

## 1.9 Share Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognised as a deduction from equity, net of any tax effects.

## 1.10 Financial instruments

### (i) Initial Recognition and Measurement

The Group recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are recognised on the trade date.

### (ii) Subsequent Measurement

#### a) Non-Derivative Financial Instruments

##### (i) Financial Assets Carried At Amortized Cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### (ii) Financial Assets At Fair Value Through Other Comprehensive Income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Group has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Group has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognised in other comprehensive income.

##### (iii) Investments in Associates and Joint Venture

Investments in Associates and Joint Venture are carried at cost.

##### (iv) Financial Assets at Fair Value Through Profit or Loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

### (v) Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognised in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

### b) Derivative Financial Instruments

The Group holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

#### (i) Financial Assets or Liabilities, at Fair Value Through Profit or Loss.

This category has derivative financial assets or liabilities which are not designated as hedges.

Although the Group believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorised as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognised initially at fair value and attributable transaction costs are recognised in net profit in the Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/ liabilities in this category are presented as current assets/ liabilities if they are either held for trading or are expected to be realised within 12 months after the balance sheet date.

#### (ii) Derecognition of Financial Instruments

The Group derecognises a financial asset when the contractual right to receive the cash flows from the financial asset expire or it transfers the financial asset.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires.

### 1.11 Current Versus Non-Current Classification

An asset is considered as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is considered as current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

### 1.12 Measurement of Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Input for the asset or liability that are not based on observable market data (unobservable inputs).

### 1.13 Inventories

Inventories are valued at lower of cost or net realizable value. Inventories of traded goods are valued at lower of cost or net realizable value. Finished Goods and Work-in-Progress include cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Costs of inventories are computed on weighted average basis.

### 1.14 Employee Benefits

Short term employee benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss for the period in which the related service is rendered.

Post-employment and other long term employee benefits are recognised as an expense in the Statement of Profit and Loss for the period in which the employee has rendered services. The expense is recognised at the present value of the amounts payable determined using actuarial valuation techniques. Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognised in other comprehensive income. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognised in other comprehensive income. The effect of any plan amendments are recognised in the statement of profit and loss.

### 1.15 Share-Based Payment

The Group recognizes compensation expense relating to share-based payments in statement of profit and loss, using fair-value. The estimated fair value of awards is charged to income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding account.

### 1.16 Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Provisions for warranty-related costs are recognised when the product is sold or service provided to the customer. Initial recognition is based on historical experience. The initial estimate of warranty-related costs is revised annually.

### 1.17 Business Combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Company. The cost of acquisition also includes the fair value of any contingent

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

consideration. Identifiable assets acquired, liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Business combinations between entities under common control is accounted for at carrying value. Transaction costs that the Company incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

### 1.18 Revenue recognition

Revenue is recognised on a fair value basis to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured.

(i) Sale of goods

Revenue from sale of goods is recognised, when significant risks and rewards of ownership have been transferred to the buyer and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. It also includes excise duty and excludes value added tax and Goods and Service Tax(GST). It is measured at fair value of consideration received or receivable, net of returns and allowances.

(ii) Revenue from Sale of Services

Revenue from Sale of services are recognised as they are rendered based on arrangements with the customers.

(iii) Lease Income

Lease agreements where the risks and rewards incidental to the ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals are recognised on straight - line basis as per the terms of the agreements in the statement of profit or loss.

(iv) Interest Income

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

(v) Dividend Income

Dividend income is recognised when the Group's right to receive the payment is established.

### 1.19 Foreign Currency Transactions

(i) Functional Currency

Consolidated financial statements of the Group's are presented in Indian Rupees (₹), which is also the functional currency.

(ii) Transactions and Translations

Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the balance sheet date. The gains or losses resulting from such translations are included in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction. Transaction gains or losses realised upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gain and losses are presented in the statement of profit and loss on net basis within other gains/ (losses).

### 1.20 Leases

Finance leases, which effectively transfer to the Group substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the statement of profit and loss. Lease management fees, legal charges and other initial direct costs of lease are capitalised.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

A leased asset is depreciated on a straight-line basis over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain the ownership by the end of the lease term, the capitalised asset is depreciated on a straight-line basis over the shorter of the estimated useful life of the asset or the lease term.

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating lease. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

### 1.21 Taxes on Income

Income tax comprises current and deferred income tax. It is recognised in profit or loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in other comprehensive income.

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961.

Deferred income tax assets and liabilities are recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognised as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognised to the extent there is reasonable certainty that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

### 1.22 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders of the Group by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Group and the weighted average number of shares outstanding during the period, are adjusted for the effects of all dilutive potential equity shares.

### 1.23 Borrowing Costs

Borrowing costs, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use, are capitalised as part of the cost of the respective asset. All other borrowing costs are charged in the period, in which they occur in the statement of profit and loss.

### 1.24 Application of new and revised standards

#### Ind AS 116- Leases:

On 30th March 2019, the Ministry of Corporate Affairs (MCA) has notified Ind AS 116 Leases, under Companies (Indian Accounting Standards) Amendment Rules, 2019 which is applicable with effect from 1st April, 2019.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lease accounting model for lessee and requires the lessee to recognize right of use assets and lease liabilities for all leases with a term of more than twelve months, unless the underlying asset is low value in nature. Currently, operating lease expenses are charged to the statement of profit and loss. Ind AS 116 substantially carries forward the lessor accounting requirements in IND AS 17.

As per Ind AS 116, the lessee needs to recognise depreciation on rights of use assets and finance costs on lease liabilities in the statement of profit and loss. The lease payments made by the lessee under the lease arrangement will be adjusted against the lease liabilities.

The Company is currently evaluating the impact on account of implementation of Ind AS 116 which might have significant impact on key profit & loss and balance sheet ratio i.e. Earnings before interest, tax, depreciation and amortisation (EBITDA), Asset coverage, debt equity, interest coverage, etc.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

### (ii) Terms/Rights Attached to Equity Shares

The Company has Equity Shares having a par value of ₹ 2/- each at the Balance Sheet Date. Equity Shares have been further classified in to Equity Shares carrying normal voting and dividend rights (Ordinary Shares) and Equity Shares carrying differential voting and dividend rights Class B (Series 1) Shares.

Each holder of Ordinary Shares, is entitled to one vote per member in case of voting by show of hands and one vote per Ordinary Shares held in case of voting by poll/ballot. Each holder of Equity Share is also entitled to normal dividend (including interim dividend, if any) as may declared by the company.

Each holder of Class B (Series 1) Shares, is entitled to one vote per member in case of voting by show of hands and three vote per four Class B (Series 1) shares held in case of voting by poll/ballot. Each holder of Class B (Series 1) Share is also entitled to 2% additional dividend in addition to normal dividend (including interim dividend, if any) as may declared by the company. Further, the Company may declare dividend only for Class B (Series 1) Share up to 2% without declaring any dividend for Equity Shares. All other rights would be same for both classes of Equity Shares.

The Company declares and pays dividends in Indian Rupees. The dividend proposed by the Board of Directors is subject to approval of the shareholders in the Annual General Meeting.

In the event of liquidation of company, the holders of equity shares will be entitled to receive remaining assets of the company, after distribution of all preferential amounts. The distributions will be in proportion to the number of equity shares held by shareholder.

### (iii) The Company does not have any holding Company.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

### 35 Financial Risk Management

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's financial risk management policy is set by the managing board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including loans and borrowings, foreign currency receivables and payables.

The Group manage market risk through treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures and borrowing strategies.

#### (i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group is not exposed to significant interest rate risk as at the respective reporting dates.

#### (ii) Foreign Currency Risk

The Group are exposed to exchange fluctuation risk for its purchase from overseas suppliers in various foreign currencies.

The Group follows established risk management policies including the use of derivatives like foreign exchange forward contracts to hedge exposures to foreign currency risk.

The following table analysis foreign currency risk from financial instruments as of:

	(₹ in crore)	
	2018-19	2017-18
Trade Payables	3.30	114.02
Trade Receivables	11.15	3.57

#### (iii) Credit Risk

Credit risk refers to the risk of default on its obligation by the counter party resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹896.15 crore and ₹771.21 crore as of March 31, 2019 and March 31, 2018 respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grant credit terms in the normal course of business. On account of adoption of Ind AS 109, the Group uses expected credit loss model to assess the impairment loss or gain. The Group uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Group's historical experience for customers.

#### (iv) Liquidity Risk

The Group's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at a reasonable price. Typically the Group ensure that it has sufficient cash on demand to meet expected operational expenses and servicing of financial obligations.

	(₹ in crore)	
	2018-19	2017-18
Short-Term Borrowings	392.10	354.56
Trade Payables	985.73	755.64
Other Financial Liabilities	460.51	276.48

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

### (v) Financial Instruments Valuation

All financial instruments are initially recognised and subsequently re-measured at fair value as described below:

- The fair value of quoted investment is measured at quoted price or NAV.
- The fair value of the remaining financial instruments is determined using discounted cash flow analysis.
- All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

Fair value measurement hierarchy:

(₹ in crore)

Particulars	As At March 31, 2019			As At March 31, 2018		
	Carrying Amount	Level of Input used in		Carrying Amount	Level of Input used in	
		Level 1	Level 2		Level 1	Level 2
<b>Financial Assets</b>						
<b>At Amortised Cost</b>						
Trade Receivables	896.15	-	-	777.21	-	-
Cash and Bank Balances	167.47	-	-	132.46	-	-
Loans	230.06	-	-	225.42	-	-
Other Financial Assets	113.51	-	-	23.66	-	-
<b>At FVTOCI</b>						
Investments	102.12	93.08	9.04	84.31	75.28	9.03
<b>Financial Liabilities</b>						
<b>At Amortised Cost</b>						
Borrowings	6,544.75	-	-	5,695.43	-	-
Trade Payables	985.73	-	-	755.64	-	-
Other Financial Liabilities	1,084.77	-	-	836.42	-	-

The financial instruments are categorised into two levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities; and

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

### (vi) Capital Management

For the purpose of the Group capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group capital management is to maximize the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents.

(₹ in crore)

	March 31, 2019	March 31, 2018
Borrowings	6,544.75	5,695.43
Trade Payables	985.73	755.64
Other Payables	1,206.90	863.83
Less: Cash and Cash Equivalents	167.47	132.46
<b>Net Debt</b>	<b>8,569.91</b>	<b>7,182.44</b>
Equity	98.71	98.67
Other Equity	4,173.29	3,936.57
<b>Total Capital</b>	<b>4,272.01</b>	<b>4,035.24</b>
<b>Capital and Net Debt</b>	<b>12,841.92</b>	<b>11,217.68</b>
<b>Gearing Ratio</b>	<b>67%</b>	<b>64%</b>

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2019 and March 31, 2018.

### 36. Deferred Tax Expense

(₹ in crore)

	2018-19	2017-18
Unused Tax Losses	187.07	234.93
Accelerated Depreciation for Tax Purpose	(226.74)	(312.23)
Other items giving rise to temporary differences	2.81	3.13
Deferred tax asset / (liability)	<b>(36.86)</b>	<b>(74.17)</b>

### 37 Segment Reporting

Ind AS 108 establishes standards for the way that public business enterprises report information about operating segments and related disclosures about products and services, geographic areas, and major customers. The Group's operations predominantly relate to manufacturing, trading and leasing of assets. Based on the "management approach" as defined in Ind AS 108, the Chief Operating Decision Maker (CODM) evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments. Accordingly, information has been presented both along business segments and geographic segments. The accounting principles used in the preparation of the financial statements are consistently applied to record revenue and expenditure in individual segments, and are as set out in the significant accounting policies.

(₹ in crore)

## **INDEPENDENT AUDITOR'S REPORT**

**To the Members of RELIANCE RETAIL VENTURES LIMITED**

### **Report on the Audit of Standalone Financial Statements**

#### **Opinion**

We have audited the accompanying Standalone Financial Statements of **Reliance Retail Ventures Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its Profit including Other Comprehensive Income, its Cash Flows and the Statement of Changes in Equity for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing ("SA") specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act, with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the Financial Position, Financial Performance including Other Comprehensive Income, Cash Flows and the Statement Of Changes in Equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of the appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and fair presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
  - c) The Balance Sheet, Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this report are in agreement with the books of account;
  - d) In our opinion, the aforesaid Standalone Financial Statements comply with the accounting standards specified under section 133 of the Act;
  - e) On the basis of written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020, from being appointed as a director in terms of section 164(2) of the Act;
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting with reference to these standalone financial statements;

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rules 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigations which would impact on its financial position.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

**"ANNEXURE A" TO THE INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF RELIANCE RETAIL VENTURES LIMITED**

(Referred to in Paragraph 1 under the heading of "Report on other legal and regulatory requirements" of our report of even date)

- i) As the Company had no Fixed Assets during the year, clause (i) of paragraph 3 of the Order is not applicable to the company.
- ii) As the Company had no Inventories during the year, clause (ii) of paragraph 3 of the Order is not applicable to the Company.
- iii) The Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Consequently, the requirement of clause (iii) (a) to clause (iii) (c) of paragraph 3 of the Order is not applicable to the Company.
- iv) Company has not directly or indirectly advanced loan to the person or given guarantees or securities in connection with the loan taken by persons covered under Section 185 of the Act. Company has complied with the provisions of the section 186 of the Act, in respect of investments, loans, guarantee or security given.
- v) According to the information and explanations given to us, the Company has not accepted any deposits within the meaning of provisions of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Therefore, the clause (v) of paragraph 3 of the Order is not applicable to the Company.
- vi) To the best of our knowledge and explanations given to us, the Central Government has not prescribed the maintenance of cost records under sub section (1) of Section 148 of the Act in respect of the activities undertaken by the Company.
- vii) In respect of Statutory dues :
  - a) According to the records of the Company, undisputed statutory dues including provident fund, employees' state insurance, income tax, goods and service tax, duty of customs, duty of excise, cess and any other statutory dues have been regularly deposited with appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the aforesaid dues, were outstanding as at March 31, 2020 for a period of more than six months from the date they became payable.
  - b) According to the information and explanations given to us, there are no dues of income tax, goods and service tax, duty of customs, duty of excise, cess on account of any dispute, which have not been deposited.
- viii) The Company has not raised loans from financial institutions or banks or government or by issue of debentures and hence clause (viii) of paragraph 3 of the Order is not applicable to the Company.
- ix) The company has not raised money by way of initial public offer or further public offer (including debt instruments) or term Loan and hence clause (ix) of paragraph 3 of the Order is not applicable to the Company.
- x) Based on the audit procedures performed for the purpose of reporting the true and fair view of the standalone financial statements and as per information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.
- xi) Company has not paid any managerial remuneration during the year and hence clause (xi) of paragraph 3 of the Order is not applicable to the Company.

- xii) In our opinion company is not a nidhi company. Therefore, the provisions of clause (xii) of paragraph 3 of the Order are not applicable to the company.
- xiii) In our opinion and according to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Act and their details have been disclosed in the standalone financial statements etc., as required by the applicable accounting standards.
- xiv) In our opinion and according to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year and hence clause (xiv) of paragraph 3 of the Order is not applicable to the company.
- xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transaction with the directors or persons connected with him and covered under section 192 of the Act. Hence, clause (xv) of the paragraph 3 of the Order is not applicable to the Company.
- xvi) To the best of our knowledge and as explained, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

**ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF RELIANCE RETAIL VENTURES LIMITED**

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

**Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Reliance Retail Ventures Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to these standalone financial statements.

**Meaning of Internal Financial Controls Over Financial Reporting With Reference To These Standalone Financial Statements**

A company's internal financial control over financial reporting with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company ; and (3) provide reasonable assurance

regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Financial statements.

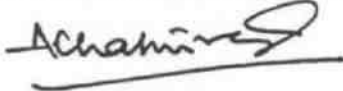

**Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference To These Standalone Financial Statements**

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these standalone financial statements and such internal financial controls over financial reporting with reference to these standalone financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Reliance Retail Ventures Limited  
NOTES TO THE STANDALONE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31ST March 2020

---

**A. CORPORATE INFORMATION**

Reliance Retail Ventures Limited ("the Company") is a public limited company incorporated in India having its registered office and principal place of business at 4<sup>th</sup> floor, Court House, Lokmanya Tilak Marg, Dhobi Talao, Mumbai-400002. The Company's holding Company is Reliance Industries Limited. The Company is engaged in Organised Retail.

**B. SIGNIFICANT ACCOUNTING POLICIES**

**B.1 BASIS OF PREPARATION AND PRESENTATION**

The financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities which have been measured at fair value amount:

The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the Rules notified under the relevant provisions of the Companies Act, 2013.

The Company's financial statements are presented in Indian Rupees (₹), which is also its functional currency.

**B.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**(a) Current and Non-Current Classification**

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current Classification.

An asset is treated as Current when it is –

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least months after the reporting period.

All other assets are classified as non-current.

A liability is current when –

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

**(b) Cash and Cash Equivalent**

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**(c) Provisions**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

**Reliance Retail Ventures Limited**  
**NOTES TO THE STANDALONE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31ST March 2020**

---

**(d) Tax expenses**

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in statement of profit and loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in Equity. In which case, the tax is also recognised in Other Comprehensive Income or Equity.

**- Current tax**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

**- Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

**(e) Revenue recognition**

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangement, because it typically controls the goods or services before transferring them to the customer.

Generally, control is transfer upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue from rendering of services is recognised over time by measuring the progress towards complete satisfaction of performance obligations at the reporting period.

Revenue is measured at the amount of consideration which the company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognized when it becomes unconditional.

The Company provides volume rebates to certain customers once the quantity of products purchased during the period exceeds a threshold specified and also accrues discounts to certain customers based on customary business practices which is derived on the basis of crude price volatility and various market demand – supply situations. Consideration are determined based on its most likely amount

**Contract balances**

**Trade receivables**

A receivable represents the Company's right to an amount of consideration that is unconditional.

**Reliance Retail Ventures Limited**  
**NOTES TO THE STANDALONE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31ST March 2020**

---

**Contract liabilities**

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company.

**Interest income**

Interest income from a financial asset is recognised using effective interest rate method.

**Dividend Income**

Dividend income is recognised when the Company's right to receive the payment has been established.

**(f) Financial Instruments**

**i) Financial Assets**

**A. Initial Recognition and Reasurement:**

All Financial Assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit and Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting.

**B. Subsequent Measurement**

**a) Financial Assets carried at Amortised Cost (AC)**

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

**b) Financial Assets at Fair Value Through Other Comprehensive Income (FVTOCI)**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**c) Financial Assets at Fair Value Through Profit or Loss (FVTPL)**

A Financial Asset which is not classified in any of the above categories are measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

**C. Investment in Subsidiaries, Associates and Joint Ventures**

The Company has accounted for its investments in Subsidiaries, associates and joint venture at cost less impairment loss (if any).

**D. Other Equity Investments**

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. However, dividend on such equity investments are recognized in Statement of Profit and loss when the company's right to receive payment is established.

**E. Impairment of Financial Assets**

**Reliance Retail Ventures Limited**  
**NOTES TO THE STANDALONE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31ST March 2020**

---

In accordance with Ind AS 109, the Company uses "Expected Credit Loss"(ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For Trade Receivables the Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

**ii) Financial Liabilities**

**A. Initial Recognition and Measurement:**

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost.

Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

**B. Subsequent Measurement:**

Financial liabilities are carried at amortized cost using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

**iii) Derivative Financial Instruments**

The company uses various derivative financial instruments such as currency forwards and commodity contracts to mitigate the risk of changes in exchange rates and commodity prices. At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as Financial Assets when the fair value is positive and as Financial Liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss..

**iv) Derecognition of Financial Instruments**

The company derecognizes a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial Liability (or a part of a Financial Liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

**v) Offsetting**

Financial Assets and Financial Liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Reliance Retail Ventures Limited  
NOTES TO THE STANDALONE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31ST March 2020

---

**(g) Earnings per share**

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

**C. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY:**

The preparation of the Company's financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

**a) Recoverability of trade receivable:**

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include assessing the credit worthiness of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

**b) Provisions:**

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

**c) Impairment of Financial Assets:**

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

**d) Estimation uncertainty relating to the global health pandemic on Covid 19:**

The impact of COVID – 19 on the business operations for the Company for the current year 2019-20 is not significant as those were continuing normally until the nationwide lockdown near the end of the year. Management has performed the assessment of the effect of COVID -19 on the recoverability of the value of assets as at the end of the year and liquidity position as well as business activities in the foreseeable future. Based on the assessment, presently there are no significant concerns regarding recoverability of the value of the assets as well as on liquidity and continuity of the business. The impact of COVID – 19 may be different from that estimated as at the date of approval of these financial statements and the Company will continue to monitor any material changes to future economic conditions.

## Reliance Retail Ventures Limited

### Notes to the Standalone Financial Statements for the year ended 31st March, 2020

#### 20 Financial & Derivative Instrument

##### 20.1 Capital Management

The Company being the holding company manages its capital to ensure that it will continue as going concern while maximising the return to stakeholders through prudent investments in subsidiaries and associates. The company manages its capital structure and make adjustment in light of changes in business condition. The overall strategy remains unchanged as compare to last year.

##### 20.2 Financial Instrument

###### Valuation Methodology

All financial instruments are initially recognized and subsequently re-measured at fair value as described below:

Fair value measurement hierarchy:

Particulars	As at 31st March, 2020			As at 31st March, 2019		
	Carrying Amount	Level of Input used in		Carrying Amount	Level of Input used in	
		Level 1	Level 2		Level 1	Level 2
<b>Financial Assets</b>						
<b>At Amortised Cost</b>						
Loans	70 56 32 560	-	-	-	-	-
Cash and Cash Equivalents	3 34 28 980	-	-	2 35 83 113	-	-
Other Financial Assets	8 56 39 510	-	-	16 116	-	-
<b>Financial Liabilities</b>						
<b>At Amortised Cost</b>						
Other Financial Liabilities	70 00 00 000	-	-	-	-	-
Trade Payables	1 10 37 858	-	-	8 97 296	-	-

The financial instruments are categorized into two levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities; and

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

##### 20.3 Financial Risk Management

The Company's activities expose it to credit risk and liquidity risk.

This note explains the sources of risks which the entity is exposed to and how it mitigates that risk.

Risk	Exposure arising from	Measurement	Mitigation
Credit Risk	Cash and cash equivalents, trade receivables, financial assets measured at cost.	Ageing analysis, Credit worthiness	Counterparty credit limits and Dealing with highly rates counterparties as a policy.
Liquidity Risk	Other liabilities.	Ageing analysis, Rolling cash-flow forecasts	Managing the outflow of payments towards liabilities in a timely and scheduled manner.

The company's risk management is carried out by the company as per policies approved by the management. The company identifies, evaluates and mitigates financial risk in close co-operation with its operation team. The company's overall risk management programme focuses on unpredictability of financial markets and seeks to minimise potential adverse effects on the company's financial performance.

###### A) Credit risk

Credit risk is the risk that a customer will fail to pay amounts due causing financial loss to the company. It arises from cash and cash equivalents and principally from credit exposures to customers relating to outstanding receivables.

###### B) Liquidity Risk

Liquidity risk is the risk that suitable sources of funding for the company's business activities may not be available. Management monitors rolling forecasts of the company's liquidity position and cash and cash equivalents on the basis of expected cash flows. Company manages liquidity risk by maintaining adequate reserves and matching maturity profiles of financial assets and financial liabilities.
